JPW MARINE

WHOLESALE MARINE SPECIALISTS

JPW Marine is a national and international importer/wholesaler of all things marine and boating.

Based in Western Australia, the product range is predominantly focused around the recreational power and ski boat market. We hold strong alliances with local retail and OEM businesses throughout Australia. We also stock products which could be used in cross industries that require the high durability and quality the marine industry provides.

We invest heavily in stock to ensure availability and fast delivery, and continually source the most up-to-date products from around the world and make them available to the Australian market. JPW Marine is a strong supporter of the local and national marine and boating industry. As members of the BIA (Boating Industry of Australia), we continue to encourage the local and national industry's growth.

TRADE ONLY SUPPLIERS. Products from the catalogue are available from leading marine retail outlets throughout Western Australia.

Address: 64 Division Street, Welshpool WA 6106

Postal: PO Box 261, Welshpool WA 6986

Ph: (08) 6253 3000

TERMS AND CONDITIONS OF SALE

1. RESERVATION OF TITLE

Refer to 'Terms on Application for Credit Facility'.

Note: The changes in government legislation to the PPSA Act 2009.

All customers on 30-day credit facility are obliged to be aware that JPW Marine has the right to register their business under this legislation.

2. DELIVERY AND INSURANCE

All delivery costs are at PURCHASER'S EXPENSE. We do not insure, so all goods are at the purchasers risk from time of leaving our warehouse.

3. CUSTOMER ORDERS

1. Once we receive your order you will sent an order confirmation by email.
2. A copy of the final invoice will be emailed as soon as your order is ready for dispatch.
3. Orders will be sent with delivery note unless other arrangements are made.

4. BACK ORDERS

1. Back orders will be noted on delivery note and invoice.
2. Good will be held for dispatch with the next order or sent per customer's instructions.
3. It is the customer's responsibility for costs of freight on all orders including back orders.

5. RETURNS / CLAIMS

Claims for short deliveries or goods received in a defective condition must be made within 7 days of receipt of goods. Goods returned to us must be adequately packed, dispatched at the expense and risk of the sender to our warehouse for approval and must be accompanied by details of invoice number and date on which such goods were charged. A handling charge of 15% will apply to all returns except valid warranty returns and goods supplied by us in error. GOODS SUPPLIED ON INDENT OR NON STOCK LINES SUPPLIED TO SPECIAL ORDER CANNOT BE CREDITED UNDER ANY CIRCUMSTANCES.

6. COPYRIGHT

No part of this catalogue may be reproduced in whole or in part without the written permission of JPW MARINE Pty Ltd. Copyright 2022 JPW MARINE Pty Ltd. ABN 7165039521

7. GENERAL NOTICE

Due to the ever changing marine industry, product sizes and specifications may change from time to time, and/ or upgraded models or new products may be released to replace old models. We have endeavoured to produce the most up to date information in this catalogue on item current at the time of printing. We accept no liability for any product changes in size or specification that may occur during the life of this catalogue. Possession of this catalogue does not guarantee the right of supply of goods. Full 'Terms and Conditions' for customers with approved credit facility is available from our office.

Icon Keys

The following icons can be found through out this catalogue:

NEW logo

Products with these icons have been recently added to our stock.

ADR Approved

The Australian Design Rules are national standards determined by the Australian Government.

Products with this icon comply with the ADR applicable to its recommended use when fitted according to the instructions supplied.

Australia Made

Products with this icon have been manufactured here in Australia.

IP55

Ingress Protection (IP) Rating

The measurement of the protection an item will have against solid objects (dust, sand, dirt, etc.) and liquids.

IP68

An IP rating is comprised of 2 numbers. The first number refers to the protection against solid objects (dust, etc) and the second number refers to protection against liquids.

See chart below.

1st Digit	Degree of Protection Against Solid Objects
X	Not tested
0	No special protection
1	Protection against solid objects greater than 50mm in diameter (such as a hand)
2	Protection against objects not greater than 80mm in length and 12mm in diameter
3	Protection from entry by tools, wires, etc. with a diameter or thickness greater than 2.5mm
4	Protection from entry by solid objects with a diameter or thickness greater than 1mm
5	Protection from an amount of dust that would interfere with the operation of the equipment
6	Dust-tight

2nd Digit	Degree of Protection Against Liquids
0	No special protection
1	Protection from vertically dripping water
2	Protection from dripping water when tilted up to 15°
3	Protection from sprayed water
4	Protection from splashed water
5	Protection from water projected from a nozzle
6	Protection against heavy seas, or powerful jets of water
7	Protection against temporary immersion
8	Protection against complete continuous submersion in water (up to 1 metre deep for 15 minutes)

Gunwale End & Corner Caps	1.18

Rocna Fisherman Anchors

A galvanised anchor for fishermen and divers on smaller boats that frequently re-anchor. It features a shackle rail for easier recovery of a fouled anchor.

- Easier retrieval in difficult conditions.
- For day trips rather than extended cruising.

Refer to table below for dimensions

Part No.	Anchor Size (kg)
JPW96200	4
JPW96201	6

Rocna Original Anchors

The Rocna is a true multi-purpose Super High Holding Power anchor that sets and holds in most seabeds, from soft mud to hard sand, clay, grass and kelp.

The roll-bar ensures that the anchor always arrives at the ideal angle for penetration, and the setting skids guide the fluke tip, which acts as a sharp chisel cutting into the seabed.

With a third of the anchor's weight on its fluke tip, an instant reliable set is ensured with every use.

- Extremely resistant to twisting and bending forces when the anchor is under load.
- Fits most bow rollers and suits vessels of all sizes.
- Stainless steel sizes: 4kg (9 lb) - 70kg (154 lb)
- Galvanised sizes: 4kg (9 lb) - 150kg (331 lb).

There's a Rocna Anchor to fit any size boat. Contact us for special order sizes.

Rocna MKII Anchors

After years of careful testing and refinement, the MKII is the first major improvement since the launch of the highly successful and acclaimed Rocna Original.

- The shank is further strengthened and brings higher resistance to bending.
- Improved setting performance and penetrates more easily to a deep and secure burial.
- Surer self-righting roll-bar provides extra assistance if the anchor lands upside-down and improves soil flow for reduced clogging.
- The weighted and reinforced fluke has been optimized for weight distribution, penetration, and strength.
- Fits most bow rollers and suits vessels of all sizes.
- Available in sizes: 4kg (9 lb) - 50kg (110 lb).

Part No.		Anchor Size		Dimensions (mm)								Suggested Boat Size (m)

The Vulcan Anchors

The Vulcan anchor infuses as many as possible of the proven performance advantages of the Original Rocna, while being specifically designed to fit a wider range of vessels. The omission of a roll-bar along with a carefully designed shank ensures a snug fit on the bow.

- Platforms, bowsprits, prods, stays, and other protrusions are easily cleared.
- Self-rights on the seabed without the use of a roll-bar.
- Encourages self-launching / self-stowing.
- Lower 'V' edge cuts into the seabed for secure burial.
- Available in sizes from 4 kg (9 lb) – 55 kg (121 lb).

Fixed-Head Power Anchor

High-grade steel construction for maximum strength/holding power. Based on a similar design as the Delta anchor.

- Shank profile and ballasted tip makes it self-launching and ensure that it will set quickly.
- Fluke has a large surface area and flares outward at the rear to provide greater resistance to dragging and twisting forces.
- Galvanised sizes: 4kg (8.8 lb) - 50kg (110 lb)
- Stainless steel sizes: 6kg (13.2 lb) - 25kg (55 lb)

Claw Anchor

The Claw anchor is available in either high-grade galvanised steel or 316-grade stainless steel.

- Designed based on anchors used to secure oil rigs in the North Sea.
- Sets effortlessly - self-aligning on bottom to roll upright and holds in a variety of seabeds (mainly sand and mud).
- Stows easily on the bow roller of most boats.
- Galvanised sizes: 1kg (2.2 lb) - 50kg (110 lb)
- Stainless steel sizes: 1kg (2.2 lb) - 30kg (66 lb)

Reef Anchor - Standard

Popular lightweight anchor for fishing. Includes four prongs supplied straight that must be bent by hand for the first use. Suitable for light weight, small crafts.

- Hot-dipped galvanised finish.

Part No.	A (mm)
JPW90	6
JPW91	8
JPW92	10
JPW93	12

Reef Anchor - Folding

This reef anchor is supplied with four pre-bent prongs that can be twisted to fold flat after use for safe and easy stowage. Suitable for light weight, small crafts.

- Hot-dipped galvanised finish.

Part No.	A (mm)
JPW105	8
JPW106	10
JPW107	12

Sand Anchor and Rope Kits

This complete sand anchoring kit includes:

- Hot-dipped galvanised sand anchor.
- 3m length of galvanised general link chain.
- Two galvanised shackles.
- 50m silver rope with stainless steel thimble spliced in one end.

Kit comes packaged in retail display box (except JPW1005)

Part No.	Anchor Size		Rope Dia. (mm)	Chain Dia. (mm)	Shackle Size (mm)	Suggested Boat Size (m)
	(lb)	(kg)

JPW1005	13	5.9	10	8	10	7

Grapnel Folding Anchor

Ideal for small boats, dinghies and jet skis. With no sharp edges, it folds and unfolds in seconds and stores compactly with locking collar.

- Hot-dipped galvanised finish.

Part No.	Anchor Size	
	(lb)	(kg)
JPW95	3.3	1.5
JPW96	5.5	2.5
JPW97	7.1	3.2
JPW98	8.8	4

Grapnel Hook

Four-prong throw grapnel welded in one piece from 316-grade stainless steel, designed for rock and reef setting. Can also be used to retrieve rope lines or other items fallen overboard.

- Overall size (H x W): 250 x 200mm
- Small and light.

Part No.	Anchor Size
JPW1080	1kg

Sea Anchors

Reduces movement and controls the amount of wind drift in open water.

- Tough PVC with reinforced webbing.
- The large and extra large sizes feature a stainless steel D ring pre-stitched into the end of the straps for stronger use.

Part No.	Size	Dimensions (mm)		Suggested Boat Size (m)
		A	B	
JPW11205	Small	600	530	4 - 5
JPW11206	Medium	800	700	6 - 7
JPW11207	Large	1070	1100	8 - 9
JPW11208	Extra Large	1350	1400	10

Anchor Chain Claws - Stainless Steel

Made from 316-grade stainless steel, chain claws will stop the anchor chain grinding on the bow roller when moored overnight.

Part No.	Suits Chain (mm)	Length (mm)	Width (mm)
JPW4910	6 - 8	125	65
JPW4911	10 - 12	165	100

Kong Anchor Swivel Connectors - Stainless Steel

Heavy duty, manufactured from polished 316-grade stainless steel.

- Sleek, slim snag-free profile designed to go over bow rollers smoothly.
- Passes through hawse pipes without snagging.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Suits Chain (mm)	Dimensions (mm)						SWL (kg)	Break Load (kg)

Eye and Eye Swivel - Stainless Steel

Heavy-duty eye and eye swivel, made from 316-grade stainless steel.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)					SWL* (kg)
	A	B	C	D	E	
JPW4958	6	65	21	15	15	335
JPW4959	8	90	35	22	20	500
JPW4960	10	115	44	27	24	875

Jaw and Jaw Swivel Shackle - Stainless Steel

316-grade stainless steel with shackle pin at each end for easy connection.

Part No.	Dimensions (mm)			
	A	B	C	D
JPW4936	6	66	11	13
JPW4937	8	88	17	16
JPW4938	10	110	21	20
JPW4939	12	146	28	24

Thimble - Galvanised

Galvanised steel thimbles in a range of sizes (12mm - 38mm).

- Traditional style; suitable for splicing into anchor ropes etc.

Part No.	Dimensions (mm)			
	A	B	C	D
JPW4000	12	30	70	18
JPW4001	14	40	85	20
JPW4002	16	41	92	22
JPW4004	20	50	115	28
JPW4005	22	52	130	29
JPW4006	24	65	144	32
JPW4008	28	74	168	39
JPW4010	32	96	202	44
JPW4013	38	106	244	52

Note: "A" measurement is the diameter of the rope that suits the thimble.

Thimble - Stainless Steel

Traditional rope-style thimbles suitable for splicing into anchor ropes.

- Made with 316-grade stainless steel.

Part No.	Dimensions (mm)			
	A	B	C	D
JPW519	4	15	22	6
JPW520	6	13	23	9
JPW521	8	20	34	13
JPW522	10	25	40	15
JPW523	12	28	50	18
JPW525	14	33	53	20
JPW526	16	38	66	23
JPW529	20	47	84	27
JPW531	24	54	85	33

Note: "A" measurement is the diameter of the rope that suits the thimble.

Captive Pin D Shackles - Stainless Steel

316-grade stainless steel with a special captive pin that can't fall out or be fully removed.

- Not rated for lifting or pulling.

Part No.	Dimensions (mm)				
	øA	øB	C	D	E
JPW4890	5	10	18	11	10
JPW4891	6	13	24	14	12
JPW4892	8	17	26	16	16
JPW4893	10	21	36	20	20

Long 'D' Shackles - Stainless Steel

316-grade stainless steel. Solid round standard screw pin and long body.

- Not rated for lifting or pulling.

Part No.	Dimensions (mm)			
	øA	øB	C	D
JPW4840	6	6	12	48
JPW4841	8	8	16	64
JPW4842	10	10	20	80
JPW4843	12	12	24	96

Bow Shackle - Galvanised

Screw collar pin drilled with hole for security tie wire.

- For general use, not rated for lifting.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)						SWL* (kg)
	Ø A	Ø B	C	D	E	F

JPW4878	20	20	40	76	39	3750

Galvanised Chain - Short Link

Heavy-duty, hot-dipped galvanised short link chain calibrated to DIN766 international standard to ensure proper fit for most metric windlasses.

- Low-carbon steel specifically designed for anchoring.
- Check manufacturer's specifications prior to purchase.
- Sold in cut lengths per metre.

Once cut to length, a re-stocking fee will apply if returned.

Part No.	Dimensions (mm)				SWL (kg)
	Ø A	B	C	D	
JPW499	6	30.6	20	18.5	612
JPW502	8	40	26	24	1122
JPW503	10	47.2	34	28	1836
JPW504	13	59.6	40	36	2550

Galvanised Chain - General Link

This ISO-proof coil chain is low-carbon steel general-purpose anchor chain. Used when high-tensile strength is not required.

- Hot-dipped galvanised finish.
- Sold in cut lengths per metre.

Once cut to length, a re-stocking fee will apply if returned.

Part No.	Dimensions (mm)				SWL (kg)
	Ø A	B	C	D	
JPW490	6	40.7	23.5	26.1	320
JPW491	8	49.1	29.5	32.2	530
JPW492	10	58.7	36.2	39.1	830
JPW493	12	70	44	46	1350

Grade L Galvanised Chain - Short Link

This Grade L low-carbon, short-link steel chain has been hot-dip galvanised to prevent abrasion and corrosion. Load-tested calibrated chain fits most Australian windlasses.

- Sold in cut lengths per metre.

Once cut to length, a re-stocking fee will apply if returned.

Part No.	Dimensions (mm)				SWL (kg)	Proof Load (kg)	Breaking Load (kg)
	Ø A	B	C	D

Fender Lanyard - Double Braided Polyester Blue

Fender lines/lanyards made from high quality UV-stabilised 16-strand double braid blue polyester, professionally hand-spliced 150mm loop with whipped end to prevent fraying.

- Soft on hands and easy to handle.

Supplied in a hank for easy storage

Part No.	Diameter (mm)	Length (m)	Colour
JPW6874	10	1.8	Blue

Fender Lanyards - Double Braided Polyester Black

Fender lines/lanyards made from high quality UV-stabilised 16-strand double braid black polyester, professionally hand-spliced 300mm loop with whipped end to prevent fraying.

- Soft on hands and easy to handle.

Supplied in a retail hang sell plastic bag

Polyethylene 3 Strand Anchor Rope with Thimble - 50m Coils

Polyethylene rope is extremely versatile for fishing and marine applications and is most commonly used as anchor rope for trailer boats.

- Floats with slack line for easy pickup of mooring lines.
- 100% polyethylene with high abrasion resistance in a soft medium lay.
- 50m coils supplied with a stainless steel thimble spliced at one end.

Part No.	Dia (mm)	Length (m)	Breaking Strain (kg)
JPW600	6	50	390
JPW601	8	50	680
JPW602	10	50	1050
JPW603	12	50	1250
JPW604	14	50	1580

Polyethylene 3 Strand Anchor Rope with Thimble - Hanks

- Supplied in 50m hanks for easy storage on shelf.

Part No.	Dia (mm)	Length (m)	Breaking Strain (kg)
JPW627	8	50	680
JPW628	10	50	1050

Rubber Mooring Springers

Reduces jarring and cushions shock load.

- Suits mooring lines up to 19mm (3/4").
- Withstands 453kg (1000 lb) of pull.

Part No.	Size	Length (mm)
JPW3890	Large	750
JPW3900	Small	550

Unimer Mooring Spring Compensators

EPDM rubber with cleat shaped locking mechanisms to prevent slipping.

- Excellent weather and UV resistance.

Part No.	Suits Rope (mm)	Length (mm)
JPW3885	10 - 12	332
JPW3886	12 - 16	416
JPW3887	14 - 18	520
JPW3888	20 - 24	600

Unimer U-Cleat Mooring Spring Compensators

Features a unique removable locking mechanism that allows for fitting without a free end of the line.

- High quality EPDM rubber.
- Glass fibre reinforced polyamide inserts.
- Excellent weather and UV resistance.

Spare Plastcleats Available

Part No.	Suits Rope (mm)	Length (mm)	Spare Plastcleat
JPW3881	10 - 12	329	JPW3892
JPW3882	12 - 16	412	JPW3893
JPW3883	16 - 20	516	JPW3894

Unimer Mooring Line Smart Snubber

Fits directly on to the line without the need of a free end, and allows for easy adjustments.

- Excellent weather and UV resistance.
- Blue polyurethane material.
- Sold as a pair.

Part No.	Suits Rope (mm)	L x W x H (mm)
JPW3878	16	70 x 40 x 40
JPW3879	20	87 x 50 x 50

Boat Hook - Fixed Length

Grab lines and fend off easily.

- Black nylon double-hook head and rolled-grip handle base.
- 30mm anodised aluminium tube.

Part No.	Tube Dia (mm)	Length (m)
JPW681	30	1.8

Boat Hook - Floating Telescopic

- Internally threaded hook for attaching brush heads.
- Black nylon single-hook head and rolled-grip handle base.
- 30mm anodised aluminium tube.
- Telescopes quickly and twist-locks securely.

Part No.	Tube Dia (mm)	Length (m)
JPW677	30	1.2 - 2.1

Boat Hook - Floating Telescopic

- Black nylon double-hook head and rolled-grip handle base.
- 30mm anodised aluminium tube.
- Telescopes quickly and twist-locks securely.

Part No.	Tube Dia (mm)	Length (m)
JPW679	30	1.2 - 2.1

Replacement Boat Hook Head

Boat hook replacement head to fit externally over a 25mm (1") tube.

- Made from black heavy-duty nylon plastic.

Part No.	Inside Length (mm)	Dia (mm)
JPW682	190	25

R-Series Boat Fenders

Sidewind Marine R-Series fenders are constructed using moulded vertical ribs to enhance strength and minimise rolling.

- Constructed from premium marine-grade UV-stabilised vinyl for superior durability.

Plain White

White with Blue Tops

Reinforced rope eyes for vertical or horizontal use

Pin-type valve can be easily inflated using a standard sports pump.

Features MicroGuard protection which guarantees your fender will last longer without rotting, or developing mould or mildew.

Part No.		Model	Length (mm)	Dia (mm)	Eye Dia. (mm)
Plain White	White with Blue Tops				
JPW3950	JPW3955	R10	410	115	12

R-Series Boat Fenders - White with Blue Tops 2 Packs

2x boat fenders with a 2m white double braided nylon dock line attached to each.

Part No.	Model
JPW3941	R10
JPW3942	R20
JPW3943	R30
JPW3944	R40

R-Series Boat Fenders - White with Blue Tops 3 Pack

3x R20 sized boat fenders with a 2m white double braided nylon dock line attached to each.

Part No.	Model
JPW3940	R20

R-Series Boat Fenders - White 3 Pack

This retail pack includes 3x R20 boat fenders.

Part No.	Model
JPW3949	R20

Heavy-duty Buoys Red/Black

Sidewind Marine round fender buoys are made from a seamless construction and high quality marine-grade vinyl for extra strength and reliability. For use with sail boats, wakeboard boats, PWC, larger boats and commercial applications.

- Reinforced rope eyes for vertical or horizontal use (ø 25mm).

Features MicroGuard protection which guarantees your fender will last longer without rotting, or developing mould or mildew.

Part No.	Height (mm)	Diameter (mm)
JPW3971	300	230
JPW3972	380	305
JPW3973	490	380
JPW3974	620	480
JPW3975	800	585

Fender Inflation Needles 3pack

Inflation needles for pumping up the Sidewind range of boat fenders.

Part No.
JPW3927

Fender Baskets - Stainless Steel

Each basket features two adjustable rail-mount brackets that can attach to rails of 19mm to 40mm diameter.

- Made from solid 5mm marine-grade 316 stainless steel rods.
- Hand-polished to a mirror finish.
- Can be flush-mounted using brackets supplied.

Part No.	Dia (mm)	Height (mm)
JPW3935	170	380
JPW3936	210	410
JPW3937	275	550

Fender Baskets - Heavy-duty Stainless Steel

For mounting on the rails of cruisers in the 8 - 14m (25 - 45ft) range.

- Robust construction with 10mm diameter 304-grade rounded stainless steel.
- Stainless steel rail clamps to suit 22mm, 25mm and 32mm diameter rails.

Part No.	Dia (mm)	Height (mm)
JPW3920	200	450
JPW3921	250	490
JPW3922	300	620
JPW3926	Replacement bracket	

Padded Boat Fenders - Flat/Contour

A great alternative to round boat fenders, that can roll upwards or get pushed aside. These will remain snug against your hull.

- The contoured model wraps vertically to protect smaller boat gunwale.
- Very durable and easier to stow than standard bulky fenders.
- Foam filled.

Part No.	Type	Dimensions L x W x H (mm)
JPW3910	Flat	660 x 165 x 64
JPW3912	Contour	610 x 165 x 64

Big Bumper Inflatable Fenders

Protect your boat, dock or marina with these large inflatable bumpers.

- Can be mounted vertically or horizontally.
- Include a large fixed D ring on each end to easily secure in place.
- The reinforced seams avoid any air leakage, even under pressure.

Includes a repair kit with two patches, marine adhesive and valve removal tool.

Quick and easy to inflate via a large inflation / deflation valve.

Part No.		Length	Diameter
Grey	Black		
JPW4042	JPW4043	2ft (60cm)	18" (45cm)

Part No.	Description
JPW9783	B100 - Blue

Dock Edge Fenders

Made from soft, pliable UV-stabilised PVC and can be easily attached to either metal or wooden docks.

- Has a pin-type sports air valve for easy inflation or adjusting air pressure.
- JPW3984: 3 piece set includes 2x straight & 1x corner.

Features MicroGuard protection which guarantees your fender will last longer without rotting, or developing mould or mildew.

Part No.	Type	Dimensions L x W x H (mm)
JPW3981	E40 Straight	980 x 150 x 150
JPW3982	E45 Corner	445 x 445 x 150
JPW3984	3 Piece Set (includes 2x straight & 1x corner)	

Premium Edge Mount Dock Fenders

Made from heavy duty, premium grade marine white PVC, designed to wrap around the dock and cover both top and sides.

- Resistant to chalking, splitting, deflating or crushing.
- Reinforced mounting holes.
- One piece design.
- Pin-type air valve.

Part No.	Type	Dimensions L x W x H (mm)
JPW3985	E60 Straight	870 x 170 x 230
JPW3986	E65 Corner	800 x 180 x 180

D-Section Pontoon Fenders - PVC

Suitable as gunwale for larger watercraft, as fender material for boat pens, buffers on a wharf or jetty, or on trucks as a rear bumper.

- Made from high UV-stabilised, white PVC.
- Sold in pre-cut lengths.

Part No.	Length (m)	Dimensions (mm)		
		A	B	C

JPW9819	10	70	41	8

P-Section Pontoon Fender - White PVC

Suitable as gunwale for larger watercraft, as fender material for boat pens, buffers on a wharf/jetty or on trucks as a rear bumper.

- Made from high UV-stabilised, white PVC.
- Sold per metre, cut to order lengths.
- Can be supplied in 30m rolls, on request.

Note: Once product has been cut, it is non-refundable.

Part No.	Dimensions (mm)				
	A	B	C	D	E
JPW9807	45	30	5	50	65

D-Fender PVC Rub Rail 'BUMP!'

The BUMP! D fender has been developed to provide a quick and simple installation using hidden fixings without compromising impact resistance. Handles curves and a 80mm radius without the need to mitre either track or body.

- Easier to fit than traditional D Fenders.
- Available in either 53mm or 65mm width profiles.
- Internal track (JPW9828) fits both fender profile bodies (sold separately).
- 316-grade stainless steel end cap (sold separately).

BUMP! fenders wrap neatly around most curves. (Image for illustration purposes only)

Part No.	Description
JPW9837	End Cap to suit 53mm BUMP!
JPW9838	End Cap to suit 65mm BUMP!

Black PVC available on special order request. (Image for illustration purposes)

Gunwale - Aluminium and PVC 38mm

Gunwale profile fender trim available in brushed anodised aluminium extrusion or in a white UV-stabilised PVC polymer both suitable for long-lasting wear and tear in harsh marine environments.

- PVC insert (JPW9831) to suit both 38mm profiles - sold separately.

Part No.	Type	Length (m)
JPW9821	38mm Aluminium Gunwale Profile	3.65
JPW9820	38mm White PVC Gunwale Profile	3.65

Gunwale Inserts - Black PVC 38mm

Gunwale insert made from black PVC material. Fits inside both 38mm aluminium or white PVC gunwale profile boat trim.

Note: Once product has been cut it is non-refundable.

Part No.	Description	Length
JPW9831	Black Rubber Insert to suit 38mm Aluminium & PVC gunwale profile	Cut per metre

Gunwale End Cap - Stainless Steel 38mm

Cast 316-grade stainless steel end caps to suit 38mm aluminium or PVC profile.

- End caps sold individually.

Part No.	Description
JPW9768	End Cap to suit 38mm Aluminium & PVC profile

Gunwale - Aluminium 50mm

Gunwale profile fender trim made from brushed anodised aluminium extrusion. Looks great on any boat.

- PVC insert (JPW9829) to suit 50mm profile - sold separately.

Part No.	Type	Length (m)
JPW9823	50mm Aluminium Gunwale Profile	3.65

Gunwale Inserts - Black PVC 50mm

Gunwale insert made from black PVC material. Fits inside 50mm aluminium profile gunwale boat trim.

- The insert is sold per metre and is cut to order.

Note: Once product has been cut it is non-refundable.

Part No.	Description	Length
JPW9829	Black Rubber Insert to suit 50mm Aluminium profile	Cut per metre

Gunwale End Cap - Stainless Steel 50mm

Cast 316-grade stainless steel end caps to suit 50mm aluminium profile gunwale boat trim.

- End caps sold individually.

Part No.	Description
JPW9769	End Cap to suit 50mm Aluminium & PVC profile

Gunwale White Rub Rail Rigid PVC 38mm

Stylish and easy to fit, 38mm white PVC rigid body with a small return, designed to carry 19mm stainless steel insert for a classic look.

- Two different profile types available.
- Sold in pre-cut lengths of 3.65m.
- Stainless steel insert (**JPW9832**) to suit both 38mm profiles - sold separately.

JPW9824

Horizontal On-Deck Windlass - Hector Series HC3

The big brother of the Genius series of windlass, The Hector comes with built in solenoids for easy installation and is the best choice when there is little room in the anchor locker for a motor and gear box.

- Installs completely above deck.
- Anodised aluminium base.
- Integrated contactor.
- Emergency manual lift system.
- Integrated sensor and magnet for chain counter.
- Supplied without drum or with drum (drum on gypsy available on request).
- Cover is composite material.
- Clutch release and manual lift handle.
- Manual free-fall system.

Vertical Windlass - Dylan Series DH4

These windlasses feature a base that is anodized aluminium in hard oxide and AISI 316-grade stainless steel. Available models with or without drum, and all include rope/chain gypsy with integrated sensor and magnet for chain counter.

- Manual free-fall system with emergency manual lift.
- Anodised aluminium gearbox.
- Supplied standard with contactor and circuit breaker.
- Supplied with pressure lever inspection lid.
- Clutch Release and manual lift handle.
- Water protection rating: IP67 (1700w) / IP66 (2000w).

Vertical Capstan Windlass - Totem Series TM3

A rope-only winch that allows for easy installation, suitable for general line hauling applications on larger boats. Suitable for vertical or horizontal mounting this windlass mounts easily in any deck thickness (stud dependent).

- AISI 316-grade stainless steel base.
- Circuit breaker and contactor supplied with winch.
- Clutch Release and Manual Lift Handle.
- Patented epicyclical gearbox allows higher performance of the motor.
- Permanent magnet motor for greater output and reduced power consumption.

Quick Digital Chain Counter

The panel surface is completely black tempered glass and features a high brightness 3.5" colour graphic display with capacitive keys.

- Automatic descent and up alarm function.
- Anchor weighing function in case of sensor failure.
- Windlass management with auto free fall.
- Display of the lowered chain length in metres, feet and fathom.
- Multilingual user interface.
- Power supply 12/24VDC.
- Functioning over a wide range of environmental temperatures.
- CAN bus Communication Interface.
- Includes protective cover, chain counter sensor kit, 500mm power supply cable, gasket and screws.

Part No.	Model
QFNQNCCHCF000A00	QNC CHC

Quick Hand-Held Remote Controls - HRC

Hand-held remotes with different button configurations for a multitude of solenoid activated applications such as anchor winches, thrusters, cranes and davits. Constructed with rubber inserts to ensure high strength, long durability, perfect water-tightness, and a secure grip.

- Built-in LED torch for safe and easy anchoring at night.
- Cable extends up to 4.2m.
- Includes a watertight deck plug & socket, and support bracket for stowing.

LED torch option

Quick Hand-Held Chain Counter

Features a graphic backlit LCD display, with 8 brightness levels that can be easily read from any angle. The cable connects to the deck with a watertight deck plug and socket, and the hand-held unit is stored with a mounted bracket.

- Includes curly cord that extends up to 4.2m.
- Automatic lowering and up alarm functions.
- Locked keys function.
- Windlass management with auto free fall.
- Anchor recovery function in case of sensor failure.
- Depth of chain lowered shown in metres or feet.
- Equipped with LED torch.
- CAN BUS interface for data transfer.
- Universal power supply: 12/24Vdc.

QFVSPSCCHC1BCA00
Replacement Wired Plug

Viper Pro Wireless Anchor Winch Remote Control

Operate your anchor winch within a 30m wireless range, works with any brand winch that has a solenoid including automotive winches.

- One power button to turn on.
- Auto power shut off.
- Individual frequency coding.
- Suits 12V/24V systems.

Part No.
JPW12871

Quick Wireless Hand-Held Radio Remote Controls - RRC

Hand-held transmitter used to control your vessels anchor winches, thrusters, cranes and davits from anywhere on your vessel.

- Possibility to control more receivers with one transmitter.
- Transmission feedback and battery charge status LED indication.
- Two functions can be activated at the same time.
- To be used in conjunction with RRC Radio Receivers.
- Silicone back-lit buttons.
- Non-slip and shock-proof rubber casing.
- Watertight and floats.

PW4

Quick Windlass Switch Panel - Rocker Switch

Momentary, on-off-on, rocker switch type switch pane, suitable for use in multiple station installations. Used in conjunction with solenoids in heavy power demand applications.

- Scratch-resistant glossy surface.

(Dimensions in mm)

Part No.	Model
QFPWCS8100000A00	WCS830

Quick Windlass Switch Panel - Toggle Switch

Momentary, on-off-on, toggle switch type switch pane, suitable for use in multiple station installations. Used in conjunction with solenoids in heavy power demand applications.

- Scratch-resistant glossy surface and minimal frame.

(Dimensions in mm)

Part No.	Model
QFPWCS8200000A00	WCS820

Quick WCB Hydraulic Magnetic Circuit Breaker

Quick "slow burn" hydraulic magnetic circuit breakers offer protection when using direct currents. In over current situations they will trip, break the circuit and protect the equipment.

- May be reset manually and suitable up to 80V DC.

(Dimensions in mm)

Part No.	Amps
QFDWCB0400000A00	40
QFDWCB0500000A00	50
QFDWCB0600000A00	60
QFDWCB0800000A00	80
QFDWCB1000000A00	100

Quick Foot Switches 915 Series

Multivolt 12/24V foot switches with full covers and hinge opening to prevent accidental operation. Raised black rubber boots with arrows to denote direction which are adjustable UP/DOWN for indication over the momentary switch.

- Must be used in conjunction with a solenoid.

(Dimensions in mm)

Part No.	Switch Operation	Housing Colour
QFP915CW00000A00	Up/Down	White
QFP915CX00000A00	Up/Down	Stainless Steel

Quick Foot Switches 900 Series

Multivolt 12/24V moulded plastic foot switches with hinged covers to prevent accidental foot operation, but still allowing finger operation when required. The raised arrow and colour coded rubber boot over the momentary switch denotes direction.

- Must be used in conjunction with a solenoid.

(Dimensions in mm)

Part No.	Switch Operation	Housing Colour	Button Colour
QFP900DB00000A00	Down	Black	Grey

Quick Watertight Electrical Connectors

Waterproof black plastic deck mounted plug and socket connectors. The gold plated contacts produce a high current rating and low resistance.

- Comes complete with plug and socket, choice of 3 different size cable gaskets, screw tight cap, rubber gasket and 4 fixing screws.
- Gasket connects to the base for watertight seal.

(Dimensions in mm)

Quick Solenoids

Devices to activate windlass and winches using remote controls.

- Capable of operating electric single or double direction capstan and windlass permanent magnet or series wound motors.
- Straightforward installation due to external connections.
- Rated to 150amps.

Reversing Solenoid

High grade, industry standard, reversing solenoid used to operate a double direction winch or capstan motor. Use in conjunction with remote up/down panel, chain counters, wireless hand held remote controls and/or foot switches.

- Straightforward installation due to external connections.
- Suits permanent magnet or series wound motors.
- Double pole double throw.
- Not for continuous use.

Part No.	Amps	Volts
JPW6113	150	12

Viper Pro Reversing Solenoids

These 12V reversing solenoids can be used for many marine applications as they are designed to suit the harsh marine environment.

Connections included:

- 1 x Positive terminal
- 1 x Negative terminal
- 2 x Winch motor terminals
- 3 x Switch terminals (forward, reverse and 1 negative)

Silver 3 Strand Anchor Rope with Thimble - 50m Coils

Polyethylene rope is extremely versatile for fishing and marine applications and is most commonly used as anchor rope for trailer boats. UV-stabilised for the marine environment.

- Floats with slack line for easy pickup of mooring lines.
- 100% polyethylene with high abrasion resistance in a medium soft lay.
- 50m coils supplied with a stainless steel thimble spliced at one end.

Part No.	Dia (mm)	Length (m)	Breaking Strain (kg)

JPW604	14	50	1580

Silver 3 Strand Anchor Rope - Hanks

Polyethylene 3 strand anchor rope 50m hanks supplied with a stainless steel thimble spiced at one end, supplied in easy to display hanks.

- UV-stabilised for the marine environment.
- Suitable for general marine applications such as anchor rope.
- Floats with slack line for easy pickup of mooring lines.
- 100% polyethylene with high abrasion resistance in a medium soft lay.

Part No.	Dia (mm)	Length (m)	Breaking Strain (kg)
JPW627	8	50	680
JPW628	10	50	1050

Silver 3 Strand Anchor Rope - Spools

Silver rope is extremely versatile for fishing and marine applications and is most commonly used as anchor rope in trailer boats.

- Will float with slack line for easy pickup of mooring lines.
- 100% polyethylene staple and UV-stabilised for the marine environment.
- Made to Australian standards AS4142.2-1993.
- High abrasion resistance and medium soft lay for easy splicing.

Part No.	Dia (mm)	Length (m)	Breaking Strain (kg)
JPW606	6	250	370
JPW607	8	250	600
JPW608	10	150	940

Silver 3 Strand Anchor Rope - Large Coils

Silver rope is extremely versatile for fishing and marine applications and is most commonly used as anchor rope in trailer boats. Silver rope will float with slack line for easy pickup of mooring lines. 100% polyethylene staple and UV-stabilised for the marine environment.

- Made to Australian standards AS4142.2-1993.
- Resistant to grease, oil and water.
- High abrasion resistance and medium soft lay for easy splicing.

JPW622	36	125	9630

Nylon 3 Strand Rope - Large Coils

High quality nylon rope using 100% high strength nylon fibres which has nearly double the strength of silver rope.

- Excellent high resistance against abrasions and has a stretch factor.
- Used as a high strength anchor winch rope and general purpose.
- Made to Australian Standards (AS4142.2).
- Does not float - will sink.

Suitable for rope chain gypsy on anchor winches

Part No.	Dia (mm)	Length (m)	Breaking Strain (kg)

Soft Rope Shackles

The soft rope shackle is made with UHMWPE (Ultra high molecular weight polyethylene) and ideal for hooking up halyards, connecting sheets or attaching blocks.

- Lighter than a metal shackle without losing any strength.
- Fast, secure connection and simple to use.
- Highly resistant to abrasion.
- Locks closed when under load.
- Requires no tools to undo.

Part No.	Width (mm)	Total Length (mm)	Breaking Strain (kg)
JPW4972	6	100	3300
JPW4973	8	100	5500

Cast Stainless Steel Concealed Hinge with Stud

316-grade smooth polished stainless steel with M6 fixing studs.

Part No.	Dimensions L x W (mm)	Fixing Studs
JPW19178	94 x 49	M6
JPW19179	76 x 40	M6

Square Butt Hinges - Cast Stainless Steel

- Cast 316-grade heavy duty stainless steel.
- Sold individually.
- Four 5mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)
JPW19082	38 x 38
JPW19112	50 x 50

Cast Stainless Steel Concealed Door Hinge with Stud

316-grade smooth polished stainless steel with M6 fixing studs.

Part No.	Dimensions L x W (mm)	Fixing Studs
JPW19187	70 x 40mm	M6
JPW19188	72 x 65mm	M6
JPW19189	83 x 65mm	M6

Door Hinges - Cast Stainless Steel

- Cast 316-grade heavy duty stainless steel.
- 3mm thick and highly polished.
- Sold individually.
- Five 5mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)
JPW19083	56 x 38
JPW19115	76 x 38

Cast Stainless Steel External Hinge with Stud

316-grade smooth polished stainless steel with M6 fixing studs.

Part No.	Dimensions L x W (mm)	Fixing Studs
JPW19191	84 x 45	M6
JPW19192	69 x 35	M6

10mm Offset Hinges - Cast Stainless Steel

- Cast 316-grade heavy duty stainless steel.
- Sold individually.
- Five 5mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)
JPW19113	57 x 38
JPW19114	70 x 38

Cast Hinges - Stainless Steel

- 316-grade heavy duty stainless steel.
- Sold individually.
- 5mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)	Fastening Holes
JPW19080	98 x 23	4 x 5mm
JPW19081	160 x 27	6 x 5mm

Separating Hinge - Stainless Steel

- Cast 316-grade heavy duty stainless steel take apart hinge.
- Sold individually.
- Four 5mm countersunk fastening holes.

Part No.	Type	Dimensions L x W (mm)
JPW19084	Right	90 x 38
JPW19085	Left	90 x 38

Cast Hinges - Stainless Steel

- 316-grade heavy duty stainless steel.
- Sold individually.
- 5mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)	Fastening Holes
JPW19078	76 x 38	6 x 5mm
JPW19079	102 x 38	6 x 5mm

Separating Hatch Hinges - Stainless Steel

- Cast 316-grade stainless steel with an in-built stopper to hold the hinge upright.
- Has a removable pin to separate.
- Sold individually.
- 5mm countersunk fastening holes.

Part No.	Type	Dimensions L x W (mm)
JPW19117	Straight	75 x 56
JPW19118	Angled	82 x 76

Toggle Adjustable Hatch Latches - Stainless Steel

Adjustable toggle latch 316-grade stainless steel with cam action lever. Length adjusts by turning threaded bolt.

- 5mm countersunk mounting holes.

Part No.	Dimensions (mm)			
	A (max)	B (min)	C	D
JPW4700	75	65	10	26
JPW4703	95	85	10	26
JPW4701	125	115	15	36

Anti-Rattle Hatch Fastener - Stainless Steel

Lever action, silent anti-rattle type with an eye for a padlock. Heavy duty cast 316-grade stainless steel.

- 5mm countersunk fastening holes.

Part No.
JPW4705

Hatch Fastener Eye Lock Cast 316-Grade Stainless Steel

Cast 316-grade stainless steel hatch fastener flat mounting with eye for a padlock.

- Bolt down area size: 70 x 29mm.
- 4mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)
JPW4707	90 x 29

Heavy Duty Swivel Latch - Stainless Steel

Heavy duty, highly polished 316-grade stainless steel door latch with spring loaded locking pin to secure in place.

- Long thick handle swivels 360 degrees.
- Four 6mm countersunk fastening holes.

Part No.
JPW4695

Hasp and Staple Swivel Lock Latches - Stainless Steel

Very heavy duty cast 316-grade stainless steel with highly polished finish.

- Rotatable staple to lock hasp in place.
- Suitable for padlocks up to 8mm.
- 5mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)
JPW4698	76 x 25

Hasp and Staple Latches - Stainless Steel

Pressed 316-grade stainless steel hasp and staple latches with rotatable staple to lock the hasp in place or standard fixed eye.

- Suitable for padlocks up to 8mm.
- 5mm countersunk fastening holes.

Part No.	Type	Dimensions L x W (mm)
JPW4702	Swivel Lock	70 x 25
JPW4704	Fixed Eye	70 x 25

Locking Hasp Latch - Stainless Steel

304-grade stainless steel with lockable hasp.

- 29 x 41mm base area behind lock.
- Seven 4mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)
JPW4697	76 x 30

Barrel Bolts - Stainless Steel

Highly polished heavy duty cast 316-grade stainless steel barrel bolts.

- 5mm countersunk fastening holes.

Part No.	Dimensions L x W (mm)
JPW4691	90 x 38
JPW4693	108 x 38

Barrel Spring Bolt - Black Nylon

Non-corrosive nylon spring-loaded barrel bolt.

- Ideal for marine applications.

Part No.
JPW5424

Flush Hatch Latches - Stainless Steel

Heavy duty 316-grade stainless steel hatch latch pull handle.

- The locking arm is height adjustable.

Part No.	Dimensions (mm)				
	A Ø	B Ø	C	D	E
JPW19048	60	50	37 - 70	15 - 25	74
JPW19049	90	76	37 - 70	8 - 30	74

Cast Stainless Steel Hatch Ring-Pull

316-grade heavy duty stainless steel hatch latch pull handle. The locking arm is height adjustable and secured with a stainless steel set screw.

- Set the height adjuster between 30-100mm.
- 5mm countersunk fastening holes.

Part No.
JPW19047

Flush Slam Latch - Stainless Steel

Cast 316-grade stainless steel flush mounting, low profile and self-latching; ideal for galley doors and drawers. Lift ring with spring return and 1mm spacer ring.

- Door Thickness: 11-20mm.
- 50mm cut-out diameter.

Part No.
JPW4708

Cast Stainless Steel Ring-Pull with Spring Return

Flush pull with spring, cast from 316-grade stainless steel.

- 5mm countersunk fastening holes.
- Depth: 11mm

Part No.
JPW19062

Cast Stainless Steel Flush Ring-Pull - Round

316-marine grade stainless steel for long-life performance and durability.

- 5mm countersunk fastening holes.
- Overall depth: 11mm

Part No.	Diameter (mm)
JPW19063	50

Cast Stainless Steel Ring-Pull

Flush mount ring-pull made from 316-grade stainless steel.

- 5mm countersunk fastening holes.
- Depth: 12mm

Part No.
JPW19064

Stainless Steel Ring-Pull

Flush mount ring-pull made from 316-grade stainless steel.

- 5mm countersunk fastening holes.
- Depth: 12mm

Part No.
JPW19070

Cast Stainless Steel Ring-Pull - Heavy Duty

Heavy duty cast 316-grade stainless steel flush mount ring-pull.

- 5mm countersunk fastening holes.
- Depth: 9mm

Part No.
JPW19071

Cupboard Catch - White Nylon

Made from impact-resistant UV-stabilised plastic.

Part No.	Catch Base H x W (mm)	Post Base L x W (mm)
JPW5493	27 x 20	24 x 28

Magnetic Door Catch - Stainless Steel

Extremely strong magnet holds door from swinging.

- Cast 316-grade stainless steel.
- Rubber cover for soft close.

Part No.	Catch Base L x W (mm)	Ball Base L x W (mm)
JPW4687	45 x 26	34 x 18

Blower Vents - ABS Plastic

Louvre ventilators made from ABS plastic with a hose tail end for connection to 75mm bilge blower exhaust outlet hose.

- Four 8mm countersunk fastening holes.

Part No.	Colour	Dimensions L x W x H (mm)
JPW1237	White	90 x 90 x 50
JPW1238	Black	90 x 90 x 50

Flush Mount Vents - Nylon

ABS plastic flush mount louvre vents.

- Suitable for lockers, doors, cupboards, etc.
- Four 8mm countersunk fastening holes.

Part No.	Colour	Dimensions L x W (mm)
JPW1239	White	85 x 85
JPW1240	Black	85 x 85

Mini Clam Vents - Stainless Steel

Commonly used as anchor well drain covers or for covering thru-transom wiring connections.

- Pressed 316-grade stainless steel.

Part No.	Dimensions L x W x H (mm)	Fastening Holes (mm)
JPW1245	43 x 42 x 10	3 x 3
JPW1246	57 x 55 x 13	3 x 3.75

6 Louvre Vents - ABS Plastic

Strong UV-stabilised ABS plastic vents with rounded corners.

- Six 5mm countersunk fastening holes.

Part No.	Colour	Dimensions L x H (mm)
JPW1230	Black	260 x 125
JPW1231	White	260 x 125

Louvre Vents with Serration - Nylon

UV-resistant nylon with a serration across the centre so it can be made into two smaller vents.

- Two 6 louvres per vent.
- Twelve 8mm countersunk fastening holes.

Part No.	Colour	Dimensions L x H (mm)
JPW1235	White	256 x 118
JPW1236	Black	256 x 118

Louvre Vents - Stainless Steel

Made from pressed 316-grade stainless steel with a mirror-polished surface and low-profile design for a slimline look.

- 1mm thick plate.

Part No.	No. Louvres	Dimensions L x W (mm)	Fastening Holes
JPW1241	3	127 x 65	6 x 4mm
JPW1242	14	127 x 227	12 x 4.5mm
JPW1243	12	232 x 115	10 x 4mm
JPW1244	6	127 x 115	6 x 4mm

Louvre Vents - Stainless Steel

Durable V-style or flat style louvre vents.

Part No.	No. Louvres	Dimensions L x W (mm)	Stainless Steel Grade
JPW1248	4	265 x 112 x 26	304-grade
JPW1249	5	327 x 112 x 26	304-grade
JPW1254	10	527 x 76 x 26	316-grade

Recessed Drink Holder - Plastic

Black plastic large recessed drink holder
 • Moulded drain outlet to suit 10mm hose.

Part No.	O.D (mm)	I.D. (mm)	Cut-Out (mm)	Height (mm)
JPW3867	110	90	92	83

Drink Holder with Drain - Polished Stainless Steel

Polished 316-grade stainless steel drink holder with moulded drain hose barb and rubber base insert.
 • Drain hole barb connection for 6.5mm hose.
 • Packaged for pegboard display.

Part No.	O.D (mm)	I.D. (mm)	Cut-Out (mm)	Height (mm)
JPW3862	108	90	92	83

Drink Holder with Drain - Brushed Stainless Steel

Brushed 316-grade stainless steel drink holder with drain hole and rubber base insert.
 • Includes a foam seal with double sided tape under top lip for easy installation.

Part No.	O.D (mm)	I.D. (mm)	Cut-Out (mm)	Height (mm)
JPW3868	108	90	92	83

Drink Holder Large Twin Size Carbon Print with Drain

Plastic drink holder with carbon print and stepped base to hold a variety of sized drink containers.
 • Removable rubber plugged drain with moulded outlet to suit 10mm hose.

Part No.	O.D (mm)	I.D. (mm)	Cut-Out (mm)	Height (mm)
JPW3872	108	88	92	86

Drink Holder with Blue LED Lights and Drain - Stainless Steel

Brushed finish stainless steel with in-built blue LED lights, rubber base insert and drain.

Part No.	O.D (mm)	I.D. (mm)	Cut-Out (mm)	Height (mm)
JPW3871	108	90	92	83

Folding Drink Holders Adjustable with Extendable Arms

Made from sturdy ABS plastic. Mounts easily to any vertical surface and folds up near flat after use - protrudes only 23mm when folded.
 • Adjustable arms extended 75mm to 165mm.
 • Four 5mm countersunk fastening holes.

JPW3863

Part No.	Colour	Dimensions L x W (mm)
JPW3863	White	95 x 97
JPW3864	Black	95 x 97

JPW3864
Folded Flat

Folding Drink Holders Adjustable with Flip-up Ring

Mounts easily to any vertical surface and folds up near flat after use - protrudes only 23mm when folded.
 • Made from sturdy ABS plastic.
 • Three 5mm countersunk fastening holes.

JPW3865

Part No.	Colour	Dimensions L x W (mm)
JPW3865	White	105 x 115
JPW3866	Black	105 x 115

JPW3866
Folded Flat

Folding Drink Holder - Stainless Steel

Stainless steel folding drink holder with adjustable arm grips.
 • Foam coaster on base.
 • Black PVC mouldings and retainers.
 • Protrudes out 21mm when closed.

Folded Flat

Part No.	Dimensions L x W (mm)
JPW3869	102 x 98

Folding Rail Mount Drink Holder - Stainless Steel

316-grade stainless steel folding drink holder with an adjustable arm grips. The rail mount bracket can rotate 360° and will suit horizontal or vertical rails (25mm diameter).
 • Foam coaster on base.
 • Black PVC mouldings and retainers.

Folded Flat

Part No.	Dimensions L x W (mm)
JPW3873	105 x 97

Side Mount Ring Drink Holder - Stainless Steel

Stylish ring drink holder made from polished 316-grade stainless steel.

- Side mount plate with two 5mm countersunk fastening holes.

Part No.	Height (mm)	Width (mm)	Ring I.D. (mm)
JPW3858	110	130	90

Grab Handle - Black Nylon

Non-corrosive nylon grab handle with two 5mm countersunk fastening holes.

Part No.	Dimensions L x H (mm)
JPW5425	145 x 25 x 40

Single and Double Ring Drink Holders - Stainless Steel

Stylish ring drink holders made from polished 316-grade stainless steel.

- Surface mount - fastens from below with 1/4" thread (screws and washers not included).

Part No.	Type	Height (mm)	Width (mm)	Ring I.D. (mm)
JPW3860	Single	70	105	90
JPW3861	Double	70	210	90

Grab Handle Stainless Steel

Heavy duty cast 316-grade stainless steel with four 5mm countersunk fastening holes.

Part No.	Dimensions L x H (mm)
JPW4725	150 x 50

STILLA Multifunctional Cup Bottle Holder with Spike

A spill proof cup & bottle holder solution, ideal for securing wine glasses, soda cans, cups, glasses, and more. Mount into cup holders or on top of table posts, or use the included spike to place into the ground.

- Made from 60% recycled fishing ropes, trawls and nets.
- Accommodates up to 5 containers.
- Dishwasher safe

Part No.	Dia x H (mm)
JPW10321	259 x 180

Stud Mount Hand Rails - Stainless Steel

Polished 316-grade stainless steel hand rail with flange and 8mm BSW studs.

Part No.	Dimensions L x H (mm)
JPW4730	250 x 60
JPW4731	335 x 60
JPW4732	440 x 60
JPW4733	490 x 60

Stud Mount Hand Rails - Stainless Steel

Polished 304-grade stainless steel hand rail with non-flanged 6mm studs.

Part No.	Dimensions L x H (mm)
JPW4735	300 x 50
JPW4736	450 x 50
JPW4737	600 x 50

Saddle Eye Straps - Stainless Steel

316-grade stainless steel saddle eye strap with countersunk fastening holes.

Part No.	Dimensions L x H (mm)	Fastening Holes (mm)
JPW19166	53 x 17	2 x 4
JPW19167	63 x 20	2 x 5
JPW19168	67 x 53	2 x 6

Slimline Stainless Steel Towel Rail

Add to fibreglass bait boards or install in any other required location.

Part No.	Overall (mm)	Rail (mm)	Screw (mm)
JPW12883	487	12	6

Stud Mount Hand Rail - Stainless Steel

Polished 316-grade stainless steel hand rail supplied with heavy duty stainless steel washers and nyloc bolts.

Part No.	Length (mm)
JPW4738	900

Stud Mount Hand Rail with Support Leg - Stainless Steel

Polished 316-grade stainless steel hand rail supplied with heavy duty stainless steel washers and nyloc bolts.

Part No.	Length (mm)
JPW4739	1455

Narva Hand Rail Chrome Polished with LED Light

Fully sealed, water resistant premium hand rail with LED light provides effective illumination matched with sophisticated styling.

Current Draw: 0.13A @ 12V
Voltage: 12V
Colour Temp: 5700°K

Part No.	Dimensions L x W x H (mm)
N87605	330 x 70 x 45

Storage Cases - White ABS Plastic

A range of white ABS plastic recessed boxes ideal for use as recessed storage pockets in a dry or covered area.

- Can be used for storage, transom shower holders, battery isolator enclosure and a variety of other uses.

Part No.	Type
JPW1259	Open Pocket
JPW1260	Open
JPW1263	With Door

JPW1266	Open Tapered

(Dimensions in mm)

Glove Box - Standard

Strong, lightweight glove box with stainless steel hinge pins and lock.

- Supplied with pre-installed lock, two keys and four countersunk mounting screws.

JPW5156

Part No.	Door Size (mm)	Depth Behind Dash (mm)	Cut-out Size (mm)
JPW5153	340 x 140	155	300 x 100
JPW5156	Replacement Lock and Two Keys		

Glove Box with Drink Holders

Lockable glove box with textured finish. Strong quad hinged front cover complete with two folding drink holders.

- Cup holders suit standard cans and bottles and adjust to smaller containers.
- Complete with lock set fitted, two keys and six stainless steel fastening screws.

JPW5156

Part No.	Door Size (mm)	Depth Behind Dash (mm)	Cut-out Size (mm)
JPW5154	340 x 140	155	300 x 100
JPW5156	Replacement Lock and Two Keys		

Storage Hatch Door - Stainless Steel

Made from 316-grade stainless steel, fully seam welded, hand lished and hand polished to a mirror finish.

- Stainless steel pull handle with integrated lock and keys.
- Flush-mount.

Part No.	Cut-out W x H (mm)	Overall L x W (mm)
JPW12828	380 x 290	420 x 330

Hatch Holder Springs - Stainless Steel

Holds hatches open and close easily, the ends pivot and rotate for different mounting positions.

Part No.	Length (mm)
JPW19256	210
JPW19257	260

Flush Hatch Cover Pull Stainless Steel

Hatch cover pull commonly used on deck mounted access hatches, engine covers or floor storage.

- Includes stainless steel washer and rubber gasket.

Part No.	Length (mm)	Stem Dia (mm)	Head Dia (mm)
JPW19233	56	6	31

Scanstrut Scanpods Deck Mounts

Install your multi-function display device on virtually on any flat surface on board. UV and heat resistant seals made from high tear strength silicone.

- 360° viewing angle swivel and tilt base.
- Added strength with inner bracing plate.
- Overhead mounting optional.
- Supplied uncut.

Part No.	Dimensions L x W x D (mm)
JPW10519	324 x 228 x 167
JPW10520	374 x 243 x 167
JPW10521	392 x 286 x 167
JPW10522	409 x 287 x 167
JPW10523	482 x 396 x 175

Scanstrut ROKK Mini Mounts

Compact and multi-adjustable mounting system for smartphones, tablets, small fish finders, digital and action cameras and more.

- For devices up to 1.2kg.
- Each part sold separately.

1 JPW10472

2 JPW10485

3 JPW10487

3 JPW10486

Part No.	Description
JPW10472	Phone Clamp Top Plate
JPW10485	360° Adjustable Body
JPW10486	Screw Down Base
JPW10487	Self-Adhesive Base

Complete assembly (phone not included)

Scanstrut Scanpods Helm Rail Mounts

The saddle system supports the stainless tubing enabling a secure and rigid fit onto pedestal rails from 25mm to 33.7mm diameter.

- UV and heat resistant seals made from high tear strength silicone.
- Secure and watertight installation.
- No drill fixing kit included.
- Supplied uncut.

Part No.	Dimensions L x W x D (mm)
JPW10524	324 x 228 x 167
JPW10525	374 x 243 x 167
JPW10528	467 X 387 X 183

Scanstrut ROKK Mini Tablet Mount Kits

A tough, compact and multi-adjustable mounting systems for tablets, small fish finders and other digital devices.

- Ratchet adjustable tablet clamp top plate.
- 360-degree adjustable aluminium body.
- Screw down, rail mount or suction cup base.
- Secure metal-on-metal locking system.

Screw Down Base

- Fits any flat surface.
- Tough, marine-grade, UV stable materials.

Part No.
JPW10476

Rail Mount Base

- Fits a wide range of rails from 19mm – 34mm
- Includes 3 x soft rail grip pad inserts for the perfect fit

Part No.
JPW10477

Suction Cup Base

- Fits to any rigid, clean, smooth, non-textured surface.
- Tough, marine-grade, UV stable materials.

Part No.
JPW10480

Bow Rollers - Polyurethane

To suit bow sprits, these outlast conventional rollers, are less abrasive and reduce any noise when in use.

- Made from hard-wearing red polyurethane.
- Suitable for fibreglass hulls.

Part No.	Type	Dimensions (mm)			
		A	B	C	D
JPW4111	2" Bow Roller	50	50	13	13
JPW4211	3" Bow Roller	75	70	17	27

Bow Rollers - Polyethylene

Hard durable, high density polyethylene (HDPE) rollers are lightweight and impact resistant. High quality and notably quiet.

- Suitable for aluminium hulls.

Part No.	Colour	Dimensions (mm)			
		A	B	C	D
JPW4213	Red	74	70	17	27
JPW4214	Blue	74	70	17	27

Viper Pro Deluxe Anchor Rollers

316-grade stainless steel anchor rollers made from 5mm plate, hand polished to a mirror finish.

- Stainless steel bolts, nuts and washers provided.
- 2x 8mm pre-drilled mounting holes.

Part No.	Type	Dimensions (mm)					
		A	B	C	D	E	F
JPW12834	Small	130	105	50	100	70	53
JPW12835	Large	205	105	50	175	105	53

Small Bow Roller - Aluminium

Small bow roller made from cast aluminium.

- Suitable as a weld-on bow roller for aluminium boats.

Part No.
JPW4220

Small Bow Roller - Stainless Steel

Small 304-grade heavy duty stainless steel fixed bow roller.

- Three 9.5mm fixing holes and black roller.

Part No.
JPW4098

Cast Stainless Steel Bow Rollers

Cast 316-grade stainless steel bow rollers finished to a high polish.

- Saddle strap to retain anchor and rode during recovering anchor.
- Designed for use with Danforth anchors, Delta/Fixed Head anchors, Plough anchors and Claw anchors.

Part No.	Suits Anchor Size (kg)	Dimensions (mm)			
		A	B	C	D
JPW4221	10	380	196	67	261
JPW4222	15	480	240	75	300
JPW4223	20	590	235	78	340
JPW4224	30	590	240	78	340

Bow Roller - Stainless Steel

316-grade stainless steel bow roller with spring loaded removable retaining pin and single stainless steel roller assembly

- Highly polished finish.

Part No.
JPW4234

Bow Roller - Stainless Steel

316-grade stainless steel bow roller with brushed finish.

- Spring loaded retaining pin
- Single roller assembly.

Part No.	Dimensions (mm)						
	A	B	C	D	E	F	G
JPW4099	70	280	175	50	30	62	18

Self-Launching Bow Rollers - Stainless Steel

Heavy duty marine-grade stainless steel. Designed for use with Delta/Fixed Head anchors and Rocna Original, Vulcan and Fisherman anchors.

- 2x white anchor guide rollers.
- Suit rope size 6mm or larger.

Part No.	Dimensions (mm)				Suits Anchor Size (kg)		
	A	B	C	D	Delta	Rocna	Fisherman
JPW4231	225	415	76	150	6-10	4-6	4-6
JPW4232	390	585	80	265	10	4-10	4

Viper Pro Deluxe Single Bow Roller

Made from 5mm 316-grade stainless steel, this roller is self-launching and suitable to fit almost any anchor. Allows for free falling, correct alignment upon retrieval and reduces rope chafe.

- Stainless steel bolts, nuts and washers provided.
- 4x 8mm pre-drilled mounting holes.
- Polished to a mirror finish.
- Single roller assembly.

Part No.
JPW12832

Viper Pro Deluxe 3 Roller Bow Rollers

Self-launching and designed to fit most plough anchors. Made from 5mm plate 316-grade stainless steel, polished to a mirror polish.

- Safety loop to stop rope from sliding over.
- 3x high performance nylon rollers.
- 4x 8mm pre-drilled mounting holes.

Part No.	Dimensions (mm)							
	A	B	C	D	E	F	G	H
JPW12830	370	240	210	70	210	153	90	30
JPW12831	495	290	255	95	350	182	175	42

Cross Bollards - Aluminium

Cross bollards made from cast marine-grade aluminium alloy.

- Can be welded and fastened to deck or drilled out and screwed into position.

Part No.	Base Dimensions L x W (mm)	Height (mm)
JPW4247	60 x 60	76 (3")
JPW4248	88 x 75	100 (4")
JPW4249	88 x 88	155 (6")

Cross Bollard - Aluminium

Australian made cast marine-grade aluminium bollards that can be welded or fastened to a deck.

- 8mm thick base.

Part No.	Base Dimensions L x W (mm)	Height (mm)
JPW4250	97 x 73	100 (4")

Cross Bollard - Stainless Steel

Heavy duty 316-grade stainless steel cross bollard, designed to fit on most small to large boats.

- Polished finish for a great looking shine.
- Four 4.5mm fastening holes.

Part No.	Base Dimensions L x W (mm)	Height (mm)
JPW4252	60 x 60	80 (3")

Horn Bollards - Stainless Steel

Quality mirror-polished 316-grade stainless steel bolt-thru style, attached from underneath the cleat.

- Ideal for larger yachts and cruisers.
- Robust construction for the use of large ropes.
- Use as a fairlead or stern chock.

Part No.	Base Dimensions L x W (mm)	Height (mm)	Hole Centres (mm)	Max Rope Dia (mm)
JPW4243	158 x 58	60	70	45
JPW4244	200 x 68	66	80	60
JPW4245	233 x 70	80	90	60

Split Bollards

Cast 316-grade stainless steel split bollards with or without pin, allows for securing the chain into the bollard.

- Polished finish and gentle rake.

JPW4215

JPW4216 / JPW4218

Part No.	Base Dimensions L x W (mm)	Height (mm)	Chain Size (mm)	Pin
JPW4215	60 x 60	84	8 - 10	No
JPW4216	60 x 60	84	8 - 10	Yes
JPW4218	85 x 85	115	10 - 13	Yes

Fairleads Straight (Bow Chock) - Stainless Steel

- Cast 316-grade stainless steel with a highly polished finish.
- Two 6mm fastening holes.
- Sold individually.

Part No.	Dimensions L x W (mm)	Hole Centres (mm)	Suits Rope Size (mm)
JPW19019	(5") 127 x 25	103	16
JPW19022	(6") 152 x 25	130	19

Fairleads Stainless Steel (Bow Chock)

Cast 316-grade stainless steel fairleads.

- Sold as pair - port and starboard.

Part No.	Dimensions L x W x H (mm)	Hole Centres (mm)	Suits Rope Size (mm)
JPW19025	(6") 150 x 34 x 32	125	14
JPW19026	(8") 200 x 38 x 38	165	16
JPW19027	(10") 250 x 48 x 40	210	18

Fairleads Heavy Duty Solid Base - Stainless Steel

Cast 316-grade stainless steel fairleads, sold as a pair.

- 6mm countersunk fastening holes.

Part No.	Overall Length (mm)	Max Rope Dia (mm)
JPW19023	152	19

Star Cleat with Studs - Stainless Steel

Cast 316-grade stainless steel 'STAR' deck cleat.

- Supplied with two 8mm threaded stud mounting rods, nuts and washers.

Part No.	Dimensions L x H (mm)	Hole Centres (mm)
JPW19056	(8") 200 x 50	95

Small Low-Profile Cleats - Stainless Steel

Cast 316-grade stainless steel, corrosion-resistant, open-base deck cleat.

- Four 6mm countersunk fastening holes.

Part No.	Top L x H (mm)	Base L x W (mm)	Hole Centres (mm)
JPW19038	(4") 100 x 25	42 x 35	30 x 25
JPW19039	(5") 125 x 28	57 x 47	41 x 30

Large Low-Profile Cleats - Stainless Steel

- Cast 316-grade stainless steel, highly polished cleat.
- Four 6mm countersunk fastening holes.

Part No.	Dimensions L x H (mm)	Hole Centres (mm)
JPW19040	(6") 150 x 30	50 x 42
JPW19041	(8") 200 x 38	57 x 41

JPW5217	(13.5") 350 x 45 x 80	150 x 103

Dock Cleats - Cast Aluminium

Heavy duty alloy dock cleats for marinas, wharves, pontoons, etc.

- Solid weld-on base with large opening for mooring ropes.
- Two 13mm fastening holes.

Part No.	Top L x H (mm)	Base L x W (mm)	Hole Centres (mm)
JPW4241	290 x 90	180 x 45	105
JPW4242	350 x 105	200 x 72	125

Folding Cleats - Stainless Steel

Heavy-duty cast 316-grade stainless steel low profile folding cleat.

- Indented finger lift for easy retrieval, simply push to fold away to create a flush profile.

Part No.	L x W (mm)	Height Closed (mm)	Height Open (mm)	Mounting Hole Ø (mm)
JPW19050	155 x 54	13.5	47	8
JPW19051	202 x 72	15	62	10

Lifting Ring 150mm Cleat - Stainless Steel

Polished 316-grade stainless steel 150mm cleat with a 25mm hole for securely lifting or tying off.

- Secure by screw down or via internal threaded rod.

Part No.	Length (mm)	Eye Ø (mm)	Hole Cut-Out (mm)	Base Ø (mm)	Internal Thread (mm)
JPW19045	150	25	25	47	15 (UNC)

Flush Pull-Up Cleats - Stainless Steel

Polished 316-grade stainless steel cleat.

- Pulls up from base and sits almost flush on deck when not in use.

Part No.	Dimensions (mm)				
	A	B	C	D	E
JPW19013	125	31	50	10	97
JPW19014	150	31	62	10	125
JPW19015	200	46	83	14	155

Cleats Black Nylon

Featuring a flat base and two central fastening holes through the cleat posts.

Part No.	Top L x W (mm)	Base L x W (mm)	Height (mm)	Hole Centres (mm)
JPW5523	100 x 14	54 x 14	20	28

Water Scoop Bracket for Live Bait Tanks

- 316-grade stainless steel, solidly constructed bracket ideal for circulating fresh sea water through your bait tank while under way.
- Suits 12mm hose.
 - Australian made.

Part No.
JPW3805

Water Scoop Bilge Pump Bracket for Live Bait Tanks

- 316-grade stainless steel bilge pump bracket with water scoop, for circulating fresh sea water through your bait tank while under way or stationary.
- Suits old and new Rule 360 and 500 bilge pumps.
 - 'U' shaped clamp to hold pump in place.

*Pump not included

Part No.
JPW3806

Recess Fuel Breathers - Stainless Steel

This recessed breather provides a flush to hull installation. It can also be used for surface mount installation, by removing the flush mount "cup" and reversing the backing plate.

- Made of cast 316-grade stainless steel.
- Suitable for all types of hull material.

Part No.	Suits Hose (mm)	Type
JPW19153	16	90° Angle
JPW19154	16	Straight

Deck Fill Stainless Steel with Vent FUEL 38mm

Heavy duty cast 316 grade stainless steel deck fill with breather vent and FUEL identification stamped into the highly polished top.

- Suits 16mm breather hose.

Part No.	Hose Size (mm)
JPW19268	38

Recess Fuel Breather - Polished Stainless Steel

316-grade stainless steel recessed fuel breather vent with a 90 degree angled barb

- Additional flange for thinner hulls (3.5mm).

Part No.	Suits Hose (mm)	Type
JPW19126	16	90° Angle

Keyless Deck Fillers - Stainless Steel

Flush mount cast 316-grade stainless deck fillers with a flip-up key to ensure easy removal.

Features coarse thread, 'O' ring seal, retaining chain and filler type identification moulded into the lid.

- 4mm countersunk fastening holes.

Part No.	Type	Dimensions (mm)	
		Hose Size (A)	Rim Ø (B)
JPW19270	Fuel	38	74
JPW19271	Fuel	50	87
JPW19272	Diesel	38	74

JPW19097	Waste	50	80
JPW19099	Spare Deck Fill Key 38 & 50mm deck fillers.		
JPW19262	Replacement Retaining Chain		

Deck Fillers - Nylon

Universal type fillers featuring a quick and easy opening cap with 'O' ring seal and stainless steel safety chain.

- Supplied with stick-on name plates (Water, Waste, Petrol, Diesel, Fuel and Gas).
- No tools required for opening; simply turn by hand.

Part No.	Hose Size (mm)
JPW2628	38
JPW2629	50

Lockable Fuel Deck Fillers - Stainless Steel

Polished stainless steel fuel deck fillers, with stainless steel retaining chain, 'O' ring seal and FUEL stamped on lid.

- Includes lock and 2x stainless steel keys.

Part No.	Suits Hose (A) mm
JPW19260	50
JPW19265	30 and 50

JPW19260
Straight base

JPW19265
Stepped base to suit two hose sizes

Lockable Fuel Deck Filler with 45deg Base - Stainless Steel

Same style as above with 45° angled base.

- Includes lock and 2x stainless steel keys.

Part No.	Hose Size (mm)
JPW19267	38

Replacement Retaining Chain for Deck Fillers

Keeps the deck filler cap secured to the base.

- Total length: 195mm

Part No.
JPW19262

Nairn Inspection Ports

Manufactured to high tolerances to provide high strength, durability and water-tightness.

- All models include 'O' ring seals.
- Rims and coloured lids are made from ABS plastic.
- Clear lids are made from polycarbonate plastic, to give both high transparency and impact resistance.
- 5" and 6" ports are available with removable kit bags made from woven nylon.

Part No.		Type	Cut-Out (mm)	I.D. (mm)	O.D. (mm)	Mounting Holes

Opening Keys To Suit Weld-on Deck Plates

Part No.	A (mm)	Suits Lid Size (mm)
JPW5211B	70	100
JPW5211	120	150 and 200

Bomar Waterproof Aluminium Deck Plate

This commercial-grade, heavy-duty aluminium inspection port is 100% waterproof. A flush ring pull latch enables complete removal of the lid.

- Corrosion-resistant aluminium with a non-skid checker plate surface.
- Thick watertight rubber seal.
- Six 5mm mounting holes.

Part No.	Cut-Out (mm)	I.D. (mm)	O.D. (mm)	Height (mm)
JPW171675	276	223	306	30

Cast Alloy Tank Filler / Drain Bung with Slotted Cap

Base is cast aluminium that can be welded or screwed to surface.

- Includes rubber 'O' ring seal and white acetal slot cap.

Part No.	Dimensions (mm)		
	A	B	C
JPW5212	93	55	75

Cast Aluminium Drain Bungs

Cast aluminium drain plug designed to be welded or drilled for screw-in installation. Supplied with rubber 'O' ring seals in the cap.

- Replacement caps are available in aluminium or black acetal.

Part No.	Description	Dimensions (mm)		
		A	B	C
JPW5213	Cast Alloy Bung & Base	72	45	50
JPW5214	Cast Alloy Bung with Acetal Plug	60	45	50
JPW5219	Replacement Aluminium Plug & O-ring 38mm			
JPW5220	Replacement Black Acetal Plug & O-ring 38mm			

Transom Well Drain 55mm

White nylon fine threaded drain with push-on grip flanged end fitting.

- Can be used for draining motor or anchor wells.
- Simply cut to length required.

Part No.	Overall Length (mm)	Cut-out (mm)
JPW5420	59	25

Rubber Trim Ring - Oval

Protect wiring and plumbing from chaffing by neatly finishing holes in bulkheads, engine wells, etc.

- Made from soft black PVC plastic to give excellent weather and chemical resistance.

Part No.	Colour	Hole Size L x W (mm)	Cut-Out L x W (mm)	O.D. Total L x W (mm)
JPW5293	Black	115 x 60	120 x 62	135 x 82

Oval Hawse Pipe Flange - Stainless Steel

Oval shape hawse pipe made from cast 316-grade stainless steel.

- Used mainly as a rope guide through the gunwale of larger boats.
- Highly polished finish.

Part No.	L x W x H (mm)	Cut-Out (mm)	I.D. Hole (mm)
JPW19000	140 x 64 x 25	103 x 46	93 x 37
JPW19001	238 x 135 x 30	190 x 88	175 x 75

Rubber Slop Stoppers - Round

Splash proof round slop stopper boot to prevent damage to cables and hoses in engine wells.

- Soft PVC plastic for excellent weather resistance and long term durability.
- 45mm intrusion.

Part No.	Colour	Hole Dia (mm)	Cut-Out (mm)	Outside Dia (mm)
JPW5294	White	50	62	90
JPW5300	Black	50	62	90

Rectangle Hawse Pipe Flange - Stainless Steel

Rectangle flange with oval cutout used mainly as a rope guide through the gunwale of larger boats.

- Cast 316-grade stainless steel with highly polished finish.

Part No.	L x W x H (mm)	I.D. Hole (mm)
JPW19002	132 x 63 x 25	90 x 37

Rubber Slop Stopper - Oval

Splash proof oval slop stopper boot that prevents damage to cables and hoses in engine wells, etc.

- Soft black PVC plastic.
- 45mm intrusion

Part No.	Colour	Hole Size L x W (mm)	Cut-Out L x W (mm)	Overall L x W (mm)
JPW5301	Black	115 x 60	120 x 62	135 x 80

Rubber Trim Ring - Round

Protect wiring and plumbing from chaffing by neatly finishing holes in bulkheads, engine wells, etc.

- Excellent weather and chemical resistance.
- Made from soft PVC plastic.
- 6mm maximum panel thickness.

Part No.	Colour	Cut-Out (mm)	Outside Dia (mm)
JPW5292	Black	65	90

Rubber Bungs - Black

Tapered rubber bungs suitable for use in dinghies and plugging holes between 11mm and 25mm.

Part No.	Hole Size (mm)	Type
JPW6939	11 - 14	Size 3
JPW6940	16 - 19	Size 7
JPW6941	18 - 21	Size 8
JPW6942	20 - 25	Size 10

Expansion Bung with Snap Release

Black 25mm bung drain made from flexible, durable nylon.

- Push into tube and snap for a watertight fit.
- Easy-to-use snap handle for release and removal.

Part No.	Hole Size
JPW5411	25mm (1")

Bungs with Snap Handle

Expansion bung expands when handle is pushed down.

- Made from nylon.

Part No.	To Suit Hole Size (mm)
JPW5358	25
JPW5359	35
JPW5360	40

Plastic Bung with 22mm Base Cut-Out

Small size drain bung and base, made from UV-resistant marine-grade nylon with fine thread.

- 19mm internal flow size with unique high flow retainer ring design and neoprene 'O' ring seal.
- Two 4mm countersunk fastening holes.
- 19mm bung plug diameter.

Part No.		Description
Single	Bulk Bag of 10	
JPW5372	JPW5372B	Bung & Base Assembly

Plastic Bung with 25mm Base Cut-Out - Fine Thread

All plastic with plastic washer and retainer lug.

- Fine thread with 19mm internal flow size.
- Two 4mm countersunk fastening holes.
- 19mm bung plug diameter.

Part No.		Description
Single	Bulk Bag of 10	
JPW5391	JPW5391B	Bung & Base Assembly
JPW5390	JPW5390B	Bung Plug only

Plastic Bung with 25mm Base Cut-Out - Coarse Thread

Standard size, coarse thread drain bung. All plastic with plastic washer and retainer lug.

- 17mm internal flow size.
- 19mm bung plug diameter.

Part No.		Description
Single	Bulk Bag of 10	
JPW5380	JPW5380B	Bung & Base Assembly
JPW5370	JPW5370B	Bung Plug only

Plastic Bungs with 25mm Base Cut-Out

High quality bung and base made from UV-resistant marine-grade nylon.

- 20mm internal flow size with unique high flow retainer ring design and neoprene 'O' ring seal.
- Two 4mm countersunk fastening holes.
- 20mm bung plug diameter.

Part No.		Description
Single	Bulk Bag of 10	
JPW5392	JPW5392B	Bung & Base Assembly White
JPW5393	JPW5393B	Bung Plug only White
JPW5394	JPW5394B	Bung & Base Assembly Black
JPW5395	JPW5395B	Bung Plug only Black

Plastic Bungs with 30mm Base Cut-Out

UV-resistant marine-grade nylon bung.

- 25mm internal flow size with unique high flow retainer ring design and neoprene 'O' ring seal.
- Two 4mm countersunk fastening holes.
- 25mm bung plug diameter.

Part No.		Description
Single	Bulk Bag of 10	
JPW5396	JPW5396B	Bung & Base Assembly White
JPW5397	JPW5397B	Bung Plug only White
JPW5398	JPW5398B	Bung & Base Assembly Black
JPW5399	JPW5399B	Bung Plug only Black

Plastic Bung with 38mm Base Cut-Out

UV-resistant black nylon bung and black washer.

- 30mm internal flow size.
- Two 4mm countersunk fastening holes.
- 30mm bung plug diameter.

Part No.		Description
Single	Bulk Bag of 10	
JPW5400	JPW5400B	Bung & Base Assembly
JPW5410	JPW5410B	Bung Plug only

Plastic Bungs with 40mm Base Cut-Out

High quality large size drain bung and base manufactured from UV-resistant marine-grade nylon.

- Large 35mm internal flow size with unique high flow retainer ring design and neoprene 'O' ring seal.
- Opening large enough to allow prawn heads, etc. to pass through.
- Four 4mm countersunk fastening holes.
- 35mm bung plug diameter.

Part No.		Description
Single	Bulk Bag of 5	
JPW5365	JPW5365B	Bung & Base Assembly White
JPW5366	JPW5366B	Bung Plug only White
JPW5367	JPW5367B	Bung & Base Assembly Black
JPW5368	JPW5368B	Bung Plug only Black

Plastic Bungs with 50mm Base Cut-Out

High quality large size drain bung and base manufactured from UV-resistant marine-grade nylon.

- Large 45mm internal flow size with unique high flow retainer ring design and neoprene 'O' ring seal.
- Opening large enough to allow prawn heads, etc. to pass through.
- Four 4mm countersunk fastening holes.
- 45mm bung plug diameter.

Part No.		Description
Single	Bulk Bag of 5	
JPW5361	JPW5361B	Bung & Base Assembly White
JPW5362	JPW5362B	Bung Plug only White
JPW5363	JPW5363B	Bung & Base Assembly Black
JPW5364	JPW5364B	Bung Plug only Black

Nylon Bung with Stainless Steel Base

Coarse threaded nylon bung plug with polished 316 grade stainless steel base, complete with nitrile seal and retainer lug.

- 25mm internal flow size.
- 19mm plug diameter.
- Two 4mm countersunk fastening holes.

Part No.	Base L x W (mm)
JPW5354	51 x 37

Drain Bung and Base - Stainless Steel

316 grade stainless steel nut type plug complete with nitrile rubber seal and retainer lug.

- 25mm internal flow size.
- 19mm plug diameter.
- Two 5mm countersunk fastening holes.

Part No.	Base L x W (mm)
JPW5356	50 x 37

Weld-On Aluminium Drain Bung with Plastic Bung

Large drain plug with cast aluminium housing designed for weld in use, complete with nitrile rubber seal and retainer lug.

- 35mm internal flow size.
- 45mm cut-out.

Part No.	Base L x W (mm)
JPW5374	65 x 75

Drain Plug Polished Stainless Steel

Polished 316 grade stainless steel 3 piece drain plug, complete with nitrile rubber seal and secure thread for a watertight seal.

- 30mm internal flow size.
- 30mm cut-out.

Part No.	Overall Dia (mm)	Plug Dia (mm)
JPW5353	50	20

Brass Garboard Drain Plug and Housing

50mm diameter brass housing complete with 3/4" brass drain plug.

JPW5226 Replacement Plug

JPW5225

Part No.	Description
JPW5225	Brass Garboard Drain Plug And Housing 50mm
JPW5226	Replacement Brass Garboard Drain Plug

Shock Cord Buttons

Plastic cord button to suit 5-7mm bungee straps.

- High quality and UV-stabilised.

Part No.	Colour
JPW5443	White
JPW5444	Black

Shock Cord Utility Loops

Shockcord loops for tensioning canopies and covers as well as securing ice box lids, etc. UV-stabilised moulded nylon head fitting with shock cord loop.

Part No.		Loop Size (mm)	Cord Dia (mm)
Black	White		
JPW5500	JPW5505	70	5

JPW5503	-	100	5
JPW5504	-	110	5
JPW5509	-	160	5

Length of loop taken from fixing point to extent of loop.

Lashing Hooks - Nylon

Strong, high quality and UV-stabilised.

Part No.		Type	Suits Cord Dia (mm)	Base Size (mm)
White	Black			
JPW5456	JPW5457	Horizontal	8	42 x 22
JPW5458	JPW5459	Vertical	5	42 x 19

Lashing Buttons - Nylon

Strong, high quality and UV-stabilised.

Part No.	Colour	Dimensions L x W (mm)
JPW5460	White	33 x 25
JPW5461	Black	33 x 25

Flat Webbing Saddles - Black Nylon

Strong, high quality and UV-stabilised.

Part No.	Fastening Holes	Webbing Size (mm)
JPW5485	2 x 4mm	25
JPW5487	2 x 5mm	25
JPW5489	2 x 5mm	50

Nylon Saddle

Strong and high quality.

- Two 5mm fastening holes.

Part No.	Description	Dimensions L x W (mm)
JPW5483	Black Nylon	50 x 17

Nylon Conduit Saddle

Strong and high quality.

- Two 5mm fastening holes.

Part No.	Hole Diameter
JPW5491	30

Webbing Strap Buckle - Nylon

Part No.	Description
JPW5463	25mm Nylon Webbing Strap Buckle

25mm Webbing Hook - Stainless Steel

- 316 stainless steel canopy strap hook.
- Suits 25mm webbing.

Part No.	Dimensions W x H (mm)
JPW5462	35 x 33

25mm Webbing Snap Hook - Stainless Steel

- 316-grade stainless steel, suits 25mm webbing.
- Sold as a pair.

Part No.	Dimensions W x H (mm)
JPW4920	35 x 54

Shock Cords Olive - Red

Strong, high quality and UV-stabilised.

Part No.	Cord Size (mm)	Dimensions	
		A	B
JPW5464	4 - 5	46	5
JPW5465	5 - 7	67	6.5

Shock Cords Quick Connect - Black

- Strong, high quality and UV-stabilised.

Part No.	Dimensions (mm)		
	A	B	C
JPW5480	45	3 - 5	7
JPW5481	58	4 - 6	9
JPW5482	70	5 - 8	11

Stayput Fasteners - Stainless Steel

Made from 316-grade stainless steel, offering increased strength and a smooth appearance. Use to fix fabric to a boat, building or vehicle.

- Secure using a 6g countersunk screw or a 3mm pop rivet.
- Sold individually.

Part No.	Type
JPW5421	Horizontal
JPW5422	Vertical

Canopy Deck Mounts - Nylon

Nylon plastic with nut and bolt to suit tube end.

Part No.	Size	Dimensions L x W x H (mm)	Gap Size (mm)	Colour
JPW5432	Small	60 x 19 x 20	7	White
JPW5438	Medium	60 x 18 x 30	7	Black

Stayput Plastic Fasteners - Single

Horizontal or vertical fasteners fix fabric to a boat, building or vehicle. Accepts one single eyelet (9.5mm approx).

- Secure using a 6g countersunk screw or a 3mm pop rivet.
- Supplied as a blister pack of two.

Part No.	Type	Colour
916520	Horizontal	White
916521	Horizontal	Black
916524	Vertical	White
916525	Vertical	Black

Canopy Thumb Screws - Nylon

High quality, UV-stabilised moulded nylon plastic tops. Used with canopy mounts, making it easier to tighten or loosen your canopy.

- Stainless bolts with 1/4" UNC thread.

Part No.	Type	Bolt Length (mm)	Colour
JPW5427	Star Bolt	15	White
JPW5428	Star Bolt	15	Black
JPW5429	2 Eared	25	White
JPW5433	3 Eared	25	White
JPW5445	3 Eared	25	Black

Stayput Plastic Fasteners - Double

Horizontal or vertical fasteners fix fabric to a boat, building or vehicle. Accepts two (double) eyelets (9.5mm approx).

- Secure using a 6g countersunk screw or a 3mm pop rivet.
- Supplied as a blister pack of two.

Part No.	Type	Colour
916522	Horizontal	White
916526	Vertical	White

Canopy Tube Knuckles - Nylon

- UV-stabilised nylon.

Part No.		Suits Tube O.D (mm)
White	Black	
JPW5430	JPW5437	20
JPW5455	JPW5435	25

Tube Holders - Black Nylon

High quality and UV-stabilised. Ideal for paddles, boat hooks, landing nets etc.

- Size shown is the outside diameter of the tube that it will hold.
- Sold as singles or in pairs.
- 2 pre-drilled fastening holes.

Part No.		Suits Tube Dia (mm)
Single	Pair	
JPW5474	JPW5474P	16
JPW5475	JPW5475P	20
JPW5476	JPW5476P	25

Corner Fittings 3 x Tube - Stainless Steel

Cast 316-grade stainless steel fittings, mirror polished finished.

- 3 tubes at 90° angle.

Part No.	Suit Tubes O.D.
JPW19149	7/8" (22mm)
JPW19150	1" (25mm)

Cross Fittings 4 x Tube - Stainless Steel

Cast 316-grade stainless steel four tube cross fittings, mirror polished finished.

Part No.	Suits Tube O.D.
JPW19142	7/8" (22mm)
JPW19143	1" (25mm)

End Mount Rail Fittings - Stainless Steel

Cast 316-grade stainless steel hand rail ends with 90° centres and curved finish.

- To suit 22mm and 25mm outside diameter tubes.

Part No.	Suits Tube O.D.	Height (mm)
JPW19145	7/8" (22mm)	38
JPW19146	1" (25mm)	38

90 Degree Elbow Rail End Fittings - Stainless Steel

Cast 316-grade stainless steel hand rail ends with 90 degree elbow.

Part No.	Suits Tube O.D.
JPW19147	7/8" (22mm)
JPW19148	1" (25mm)

Flush Mount Flag Pole Holder - Stainless Steel

Cast 316 grade stainless steel flag pole holder with 30 degree angled oval head and white plastic removable cap.

- Suits 25mm pole.
- Sits inside the deck/gunwale for a flush finish.
- Three 5mm fastening holes.

Part No.	Head Size L x W (mm)	Cut-out Size (mm)
JPW19069	72 x 50	33

Surface Mount Flag Pole Holder - Stainless Steel

Cast 316-grade stainless steel angled style with allen key grub screw to hold flag pole in place.

- Three 4mm fastening holes.

Part No.	Dia of Pole (mm)	Base Dia. (mm)	Height (mm)
JPW19067	25	68	48

Deck Mount Antenna Base - Stainless Steel

Straight antenna base with three 6mm fastening holes.

- Suits various internally threaded GPS antennas and other aerials.

Part No.	Base Dia (mm)	Height (mm)	Thread
JPW1286	71	105	3/4"

Deck Mount Antenna Base - White Nylon

ABS plastic standard straight antenna base with three 6mm fastening holes.

- Suits various internally threaded GPS antennas and other aerials.

Part No.	Base Dia (mm)	Height (mm)	Thread
JPW1285	70	40	3/4"

Swivel Mount Antenna Base - White Nylon

ABS plastic quick release antenna base adjusts in all directions and suits various internally threaded GPS antennas and other aerials.

- Four 8mm fastening holes.
- Stainless steel bolts and nuts.

Part No.	Base Dimensions L x W (mm)	Thread
JPW1284	93 x 65	3/4"

Rail Mount Antenna Holder - Stainless Steel

Heavy duty cast stainless steel rail mount antenna base to suit 7/8" or 1" rails.

- Full ratchet angle adjustment and locking handle.
- Suits various internally threaded GPS antennas and other aerials.

Part No.	Suits Tube Size	Thread
JPW19066B	7/8"-1"	3/4"

Swivel Mount Antenna Base - Stainless Steel

Heavy duty cast 316-grade stainless steel deck mount antenna base. Suits various internally threaded GPS antennas and other aerials.

- Base mount horizontally or vertically with double angle adjustment and locking handle.
- Four 6mm fastening holes.

Part No.	Dimensions L x W x H (mm)	Thread
JPW19066A	92 x 64 x 108	3/4"

Boat Rego Numbers and Letters

- Self adhesive white square sticker with black text.
- Meets Department of Transport approval.
- Must be purchased in multiples of 10.

JPW6156 Retracted

Above Platform Telescopic Dive Ladders - Stainless Steel

Heavy duty 316-grade stainless steel above platform telescopic boarding ladder is ideal for diving, with wide open steps giving easy access for divers wearing fins.

- Retracts and flips back over platform when not in use.
- Dual centre post for added strength and assist when climbing.

Part No.	Type	Dimensions (mm)					
		A	B	C	D	E	F
JPW6150	3-Step	430	860	335	180	59	33
JPW6151	4-Step	480	1125	335	210	71	33

Above Platform Telescopic Ladder with Hand Rails - Stainless Steel

316-grade stainless steel telescopic boarding ladder with large top hand rails to make it easier to get into and out of the water.

Hinged brackets allow the steps to be retracted and flipped back, for easy storage when not in use.

- Supplied flat - some assembly is required.
- Secure closed with the bungee cord supplied.

Part No.	Type	Dimensions (mm)							
		A	B	C	D	E	F	G	H
JPW6163	4-Step	390	1431	390	368	270	330	90	554

Above Platform Telescopic Ladder with Grab Handles - Stainless Steel

Constructed from 316-grade stainless steel this 4-step ladder has two folding grab handles, a top hand rail and heavy duty steps with double tubes for strength and a nylon insert for grip.

- Grab handles and telescopic rungs stow away compactly when not in use.
- Secure closed with the bungee cord supplied.

Part No.	Type	Dimensions (mm)							
		A	B	C	D	E	F	G	H
JPW6164	4-Step	470	1140	460	320	180	303	64	375

Under Platform Telescopic Ladders with Locking Bracket - Stainless Steel

316-grade stainless steel telescopic boarding ladders for under platform mounting. Steps retract into the mounting bracket and have a movable locking bracket to secure into place when not in use.

- Anti-slip and UV-stabilised moulded ribbed steps.

Part No.	Type	Dimensions (mm)								
		A	B	C	D	E	F	G	H	I
JPW6145	2-Step	360	600	290	270	305	248	138	203	65

JPW6147	4-Step	400	1160	300	270	370	260	225	317	75

Under Platform Self Locking Telescopic Ladder - Stainless Steel

316-grade stainless steel telescopic boarding ladders for under platform mounting. Steps retract into the mounting bracket and self-lock securely into place for stowing.

- Anti-slip and UV-stabilised wide ribbed rounded tube steps.

Part No.	Type	Dimensions (mm)							
		A	B	C	D	E	F	G	H
JPW6158	3-Step	380	875	300	275	300	260	157	248

Inflatable Boat Telescopic Ladders - Stainless Steel

316-grade stainless steel telescopic ladder designed to fit over inflatable boat tubes and secure with two tie down straps supplied. Top rail grab handle makes it easier to get into and out of the water. Complete with a velcro fastening strap, the ladder retracts and folds away compactly when not in use.

- Anti-slip and UV-stabilised moulded ribbed steps.

Part No.	Type	Dimensions (mm)				
		A	B	C	D	E
JPW6160	4-Step	435	870	340	275	380
JPW6161	5-Step	465	1190	345	270	380

Folding Step - Stainless Steel

A heavy duty, solid cast 316-grade stainless steel folding step.

- Two 8mm fastening holes.

Part No.	Body L x W (mm)	Step L x W (mm)
JPW19170	108 x 44	83 x 50

Transducer Covers - Stainless Steel

Eliminate the spray and splash-back from your boat's transducer, and reduce any water noise that might affect the picture on your sounder.

JPW12847

JPW12848

Part No.	Type	Size (mm)
JPW12847	Small	150 x 135

Stainless Steel Davit - Pair

Polished 316-grade stainless steel lightweight davit with recessed deck mounts. Sold as a pair with lifting tackle included.

- Removable arms to provide more space on deck and transom.
- Ideal for lifting outboard motors, sea bags, scuba gear etc.
- Can be used on sailboats or powerboats.
- Weatherproof and corrosion resistant.
- Removable arms swivel around 360°
- Lifting capacity per pair: 100kg or 160kg.
- Overall L x H: 800 x 1050mm.

Removable Base

Kit includes:

- 2 x Davit Arms (Height: 1050mm) with removable bases and under deck base plates
- 2 x 8mm snap hooks
- 2 x 6mm 'D' shackles
- 2 x 40mm pulleys
- 2 x 8mm nylon ropes (Length: 2.5m)

*Mounting bolts not supplied.

Part No.	Capacity (kg)	Base Dimensions (mm)			
		A	B	C	D
JPW6174	100	120	130	45	40
JPW6175	160	130	145	54	50

StopGull Air Seagull Deterrent

The StopGull Air prevents the landing of seagulls and coastal birds on boats, boat's hardtops, inflatables, sailboats and professional vessels. The flags housed at the end of the bar start to rotate when wind hits them, deterring birds from perching on the boat.

- Easy to install, arms fold upwards and can be removed from the base for stowing.
- Can be applied to any part of your boat using additional supports (sold separately).

Overall length includes flags

Part No.	Length (m)
JPW10310	1.85
JPW10311	2.35

StopGull Air Handrail Support

This StopGull Air Support can be attached to 22 - 38mm diameter handrails and is made of anodised aluminium.

- Install in a vertical or horizontal position.
- Quick and easy to install.

Part No.	Height (mm)	Length (mm)	Width (mm)
JPW10315	130	70	16

StopGull Air Boom and Folded Bimini Support

This StopGull support allows you to install the StopGull Air device at any kind of bimini when they are folded or aluminium booms when the sails are lowered.

- Includes long textile straps with safety fasteners.

Part No.	Straps Length (m)
JPW10319	1

StopGull Air Large Rail Mount Support 38mm To 110mm

The StopGull Air Large Rail Support mount can be attached to rails from 38mm - 110mm diameter. Simply place the support on top of the rail, and pull the elastic cord tight around the rail, securing with the eyelets.

Part No.	Height (mm)	Length (mm)	Width (mm)
JPW10328	40	160	240

StopGull Air Open Bimini Support

For mounting the StopGull Air onto an open bimini and is adaptable for tubes from 22 to 38mm. Made from 316-grade stainless steel.

- Can be folded with the bimini arch support installed.

Part No.	Height (mm)	Length (mm)	Width (mm)
JPW10316	60	60	40

StopGull Air Suction Cup Support

The Suction Cup Support is suitable for installation of the StopGull Air device at hatches, outboard motors, etc. Includes the base to fit the StopGull Air easily.

Part No.	Height (mm)	Length (mm)	Width (mm)
JPW10317	100	70	70

StopGull Air RIB Support Kit

This StopGull Support will fit the StopGull Air device to all kinds of inflatable boats. Made from a nautical acrylic fabric with flexible ropes and four hooks to fix at the external profile of the inflatable boat. It also includes a telescopic mast for its final tightening.

Part No.
JPW10320

StopGull Air Keeper

Designed to be installed on the radar, TV antenna, lamp posts, marine installations, etc. where gulls and shorebirds use as a lookout point.

- Deters birds by the disposal of its rods and their movement by the wind.
- Installation requires an industrial adhesive.

Part No.	Diameter (mm)	Height (mm)
JPW10326	500	310

StopGull Air Boat Vent 3 Support

The StopGull Air can be installed on the mooring canvas through the Boat Vent 3 device to provide two great benefits. It prevents seagulls and coastal birds from landing on the mooring canvas and at the same time allows the inside of the boat to aerate to prevent moisture, mildew and bad smell.

Part No.	Diameter (mm)	Height (mm)
JPW10322	120	50

StopGull Air S27 Transparent

The swivel piece StopGull S27 is designed for installing on critical points on your boat to deter gulls and shorebirds. Prevents birds landing on the mast spreaders, top of mast, nav lights, etc.

- Includes a double sided adhesive for installation.
- Can be installed at port signals.

Part No.	Diameter (mm)	Height (mm)
JPW10327	50	55

StopGull Air Boat Vent Telescopic Support Pole

Part No.	Length (mm)
JPW10324	850 - 1500
JPW10325	950 - 1800

StopGull Air Replacement Base Mount

Replacement Base Mount for StopGull Air.

Part No.
JPW10340

StopGull Air Sandbag Support

The StopGull Sandbag Support is suitable for installing the StopGull Air device on rough surfaces as well as deck mats.

- Sand not included.

Part No.	Size (mm)
JPW10321	350 x 350

Scanstrut PowerTower Aluminium 150mm

Designed and engineered to install a radar on the roof, T-top, fly-bridge or radar arch of a powerboat. Pre-drilled mounting holes allow the radar to fasten straight to the PowerTower top plate with the radar's own mounting bolts.

- Made from marine grade aluminium.
- Watertight installation - marine sealant not required.
- Hollow stem for internal cable routing through the center.
- Top plate with center hole and internally mounted cable seal.

Part No.	Colour	Dimensions L x W x H
JPW10450	White	280 x 190 x 150
JPW10451	Black	280 x 190 x 150

Scanstrut PowerTower for Starlink Flat High Performance 150mm

Install Starlink with precision on the roof, T-top, flybridge, or radar arch. It guarantees obstacle clearance and positions the Starlink at an ideal 8° angle for optimal connectivity.

- Constructed from marine-grade aluminium.
- Scanstrut Cable Seal ensures watertight installation.
- Pre-drilled mounting holes.

Part No.	Type	L x W x H (mm)
JPW10468	PowerTower	426 x 340 x 238
JPW10469	8deg Wedge	426 x 340 x 94

Scanstrut Composite PowerTower

These single "monocoque" structures with no joints, have outstanding strength and the aerodynamic shape and high gloss finish makes a product that is as strong as it is attractive.

- Hollow stem for internal cable routing through the center.
- Watertight installation - marine sealant not required.
- Made from white composite materials.
- Aesthetic single piece moulding.
- Solid top plate.

Part No.	Dimensions L x W x H (mm)
JPW10463	268 x 275 x 150

Scanstrut Modular Dual PowerTowers

Specifically designed for mounting the most up to date radars with Satcom, camera or nav lights.

- Small mounting footprint, saves space on roof or flybridge.
- Pre-drilled mounting holes.

Part No.	Type	L x W x H (mm)
JPW10534	Open Array	1076 x 291 x 584
JPW10535	Standard	698 x 291 x 525
JPW10536	Compact	671 x 291 x 325

Scanstrut PowerTower Base Wedge 4deg

Angles the radar down 4° below horizontal to provide a level horizon for the radar when the boat is underway.

- Tough, marine-grade and UV stable.
- Fits the Composite and Aluminium PowerTowers above.

Part No.	Dimensions L x W x H (mm)
JPW10465	200 x 200 x 20

Scanstrut PowerTower Central Light Bar Mount

Central light bar for mounting a range of navigation lights onto the Scanstrut PowerTowers with internal cable routing.

- Max weight: 1kg.
- Length x Height: 262 x 404mm.

Part No.	Colour
JPW10450	White
JPW10451	Black

Scanstrut PowerTower Radome Plates

Plates designed to install radomes to the Modular Dual PowerTowers.

JPW10551

JPW10552

Part No.	Type	L x W x H (mm)
JPW10551	Garmin / Raymarine	268 x 170 x 6
JPW10552	Furuno	203 x 203 x 6

Scanstrut Flagship Tapered Radar Mount

A single combination mount made from marine grade aluminium, for radar, lights, GPS/VHF antennas, cameras or search lights.

- Compatible with all current 18" and 24" radomes.
- Hollow wings and stem allow hidden cabling.
- Pre-drilled mounting holes
- Un-drilled top plate to fit any light.
- Install up to 4 GPS/VHF antennas.

Accessories not included

Part No.	Type	L x W x H (mm)
JPW10466	Garmin / Raymarine	935 x 806 x 729
JPW10467	Furuno	935 x 806 x 729

Scanstrut Radar Mast Mounts

Made from marine-grade aluminium, these radar mounts attach to mast with four swivel feet, matching a variety of mast profiles.

- Universal strong fixing mounting with pre-drilled holes.
- Minimum mast width: 65mm.
- 12 point fixing using high-quality Monel rivets.
- Includes Safety Wire kit.

Part No.	Colour	Length (mm)	Width (mm)
JPW10491	Black	395	263
JPW10492	White	395	263
JPW10461	White	484	263

Scanstrut Self-Levelling Radar Backstay Mount 2.6m

With hydraulic damping, it mounts forward of the backstay, keeping the radar away from any interference. Bespoke mounting pole (2.6m) supplied in 2 lengths with hidden joiner piece.

- Fine tuned adjustable stainless radome cradle.
- Clamps around backstay allow cable tension adjustment.
- Cables are hidden within a cable channel.

Part No.
JPW10456

Scanstrut Starlink High-Performance Flagship Radar Mount

A single combination mount made from marine grade aluminium, for radar, lights, GPS/VHF antennas, cameras or search lights.

- Designed to fit Starlink's Flat High-Performance Model.
- Hollow wings and stem allow hidden cabling.
- Pre-drilled mounting holes.

Part No.	Type	L x W x H (mm)
JPW10466	Garmin / Raymarine	1095 x 820 x 808
JPW10467	Furuno	1095 x 820 x 808

Custom Fit Outboard Motor Covers

Specifically tailored to suit your engine model to give a more secure, close fit. Featuring a protective soft felt inner lining, buckle fastening, elasticized hem and advanced coating technology assures maximum water resistance.

Vented Covers

- Vented or 'Running' covers are designed to stay-on when motoring.
- Will protect the motor cowling from lures, fishing rods, flying debris, rocks, water ski equipment and the elements.

Half Covers

- Half covers are designed as an everyday storage solution.
- Offers protection for the motor cowling from the elements when not in use.

Full Covers

- Full covers offer total complete protection for the whole motor from the elements.
- Ideal for winter storage or protection from flying debris while trailering.

Outboard Storage Covers - Universal Fit

With its soft felt inner lining, tough UV-resistant fabric, and reinforced stitching, these universal outboard covers will help provide complete protection against water, sun or grime when storing or (full cover only) trailering.

- Multiple sizes to suit 2 and 4 stroke engines.
- Draw string ensures a snug fit every time.
- Reinforced top-stitched seams.
- Felt lining for superior scratch protection.
- UV-resistant, weather-proof and water-resistant fabric.
- Full cover features a zip up leg section.

Half Covers

- Half covers are designed as an everyday storage solution.
- Offers protection for the motor cowling from the elements when not in use.

Draw string to ensure snug fit

Part No.	Oceansouth Code	Fits Engine Size	Length (mm)	Width (mm)	Height (mm)
JPW11571	MA 074-1	Up to 15HP	520	270	320
JPW11572	MA 074-2	15HP - 30HP	560	300	400

Trailer Stone Guards

Protect your boat from stones and other road debris when being towed.

- Two panels with adjustable ø25mm stainless steel framework.
- Heavy duty PVC mesh with #10 surround zipper.
- Secure with included 8x U Bolts and quality webbing straps.

Part No.	Panel Width (mm)	Panel Height (mm)
JPW11295	1520	900
JPW11296	1870	1000

Boat Storage and Towing/Trailerable Covers

Designed to fit a variety of styles of boats, these covers are constructed of the highest quality 280gsm Atlas marine fabric with flat double lock seam stitching and UV threads ensure an extended life expectancy.

- Ideal for trailering and long-term storage.
- Flat double lock seam stitching.
- Rope ratchet for easy gathering and tightening down the cover.
- Supplied in a bag for storage when not in use.
- Water resistant and breathable fabric.
- 6mm braided rope encased in hem.
- Includes a full set of rope ends, rope cleats and tie-down rope.
- Available colour: Grey (Black only for some models).

Oceansouth Free Standing Rocket Launcher

Featuring unique universal mounts. Bevelled base mounts allow for a variety of mounting positions and rear thumb screws enable to fold the rod rack down.

- Anodised aluminium frame, 25mm tubing with double wall thickness.
- 6 high-impact non-corrosive polymer rod holders with metallic finish.
- All connectors and mounts made from marine grade nylon.
- Crossbars can be used to mount equipment.

Part No.	Max Width (m)	Max Mounting Width (m)	Max Height (m)
JPW11292	1.9	2.4	1.64

Oceansouth Clamp On Rocket Launcher

Fixes easily to existing bimini tops or canopies via aluminium double knuckle clamps.

- Anodized aluminium frame, 25mm tubing with double wall thickness.
- 6 high-impact noncorrosive polymer rod holders with metallic finish.
- Can be trimmed to suit.

Part No.	Min Width (m)	Max Width (m)	Max Height (m)
JPW11290	1.2	1.9	1

Universal Rod Rack Rocket Launcher

3 piece design, manufactured to eliminate stress points and potential cracking. Constructed from 25mm 316 grade stainless steel, hand polished mirror finish with bimini mounting rail and rear grab rails built in.

- 42mm internal diameter rod holders with plastic tops, welded gimbal pins and rolled bottoms.
- 4 mounting brackets for accessories.
- Pre-drilled tubes for internal wiring.
- All fixing hardware and tube ends supplied.

Adjustable feet

Bomar Low Profile Extruded Hatches

Low Profile "NIBO" hatches feature heavy duty hinges, and snag-free opening to produce a neat and functional hatch. This design is favoured and chosen by many major boat builders worldwide. Available in a choice of clear anodised, or white powder-coated, heavy duty extruded aluminium frames with a tough smoke acrylic pane to assure privacy while still allowing in plenty of light.

- Twist lock adjustable riser arms keep the hatch open from 0° to 90°.
- "P series" lid style with internal hinges.
- Internal/external closing handles.
- 25mm deep internal flange.
- Insect screens and internal trim mouldings sold separately.

Bomar Seabreeze Shade Screens

This sun shade and insect screen solution is designed to compliment the interior of modern boats. Blocks both sun and insects, or open just the shade to let in the breeze while keeping insects out.

- Simple installation with four screws attaching the screen directly under the hatch - no need for additional finishing trims.
- In-built track system allows the shade and screen to roll evenly.
- Flush mount or surface mount.
- **JPW170940:** Replacement 2" trim ring kit (cut to required size).

Bomar Hatch with Sliding Roof

This hatch has the durability of the popular extruded hatches with incorporating a new sliding factor. It features a venting position, which allows air to be scooped into cabin or console space without opening the hatch. The 4-point rail system provides smooth, quiet sliding one handed operation.

- Adjustability - can be secured at any opened position.
- Anodized aluminium frame.
- Heavy-duty tinted acrylic lens.

Bomar Tread Plate Aluminium Access Hatches

Bomar Access Hatches are made with a high quality, anodised aluminium tread plate cover with 316-grade stainless steel hardware. All dog fasteners are recessed into the hatch cover so chains, cables or rope will not snag on them. A multiple point loading gasket profile will resist leakage even under dynamic water pressures. The return bend in the frame profile will stop over-compression of the gasket if heavy loads are placed on the hatch cover.

- 5 bar, marine-grade, anodised aluminium tread plate cover and welded aluminium frame.
- 316-grade stainless steel dog fastener with Delrin bushing for smooth operation
- 316-grade stainless steel flush 'D' handle and hex drive tool handle.
- BUNA-N 'O'-ring approved for use in petroleum and chemical environments.
- Multiple point loading gasket profile.
- **JPW171715:** Opening Key for Access Hatch Aluminium Tread Plate (sold separately)

Bomar 2000 Series Rectangle Aluminium Portlights

Bomar 2000 Series rectangular portlights are made from extruded aluminium and include a smoked acrylic lens, insect screen and trim. The multiple quick action clamps help secure the lens against the seal to create a water-tight closure. There are no external visible screws to install and are available in either silver anodised aluminium or black powder coated.

- Hull thickness: from 6mm to 36mm.
- Heavy duty extruded aluminium frames.
- Tough acrylic smoked lens.
- Complete with trim ring and screen.
- No visible exterior screws.
- Adjustable quick dogs.

General Purpose Anode

- Slimline tapered anode - tapers from 13mm to 5mm.
- Can be used on a smaller craft or motor cavitation plates etc.
- 2 x 5mm recessed fastening holes.

Part No.	Anode Number	Weight (kg)	Dimensions (mm)			
			A	B	C	D
JPW3150	ZGPA	0.2	120	28	13	5

ALUMINIUM ANODES

- Specially formulated alloy for all water types.
- Red spot wear indicator - when the red spot appears on the surface of the anode, it is time to change it.
- DO NOT mix anode types (aluminium and zinc).
- Aluminium anodes have a higher protection voltage than zinc anodes, lasts up to 30 - 50% longer.
- Reactivate after exposure to air - works immediately on reimmersion.
- Environmentally friendly.
- Much lighter than Zinc.

Please note that this catalogue is a guide.

All seats and accessories have a specific installation procedure. Always follow the manufacturer's instructions when installing any of the products.

Mounting Patterns

Most of our seating range uses the swivel and slide mount hole pattern. To make the selection more simple, please refer to the diagrams listed with each chair to see which mount type is recommended.

- Standard 7" x 7" Swivel Mount Hole Pattern:**
 This pattern is the most commonly used plate for mounting marine chairs, pedestals, slides and swivels.
 Mounting pattern size: 140mm x 140mm.

- Swivel and Slide Mount Hole Pattern:**
 Designed to suit the heavier helm seats that accommodate a seat slide.
 Mounting pattern size: 300mm x 127mm.

- Extra-Wide Slide Mount Hole Pattern:**
 Extra-wide design to give added strength and support for use with larger seats such as the RS56 Blue-Water Flip-Up Seat.
 Mounting pattern size: 280mm x 240mm.

Marine Grade Vinyl Material

Available to match upholstery for all our seating range.

• Material width: 1.37m / Roll length: 10m (50m rolls available upon request).

NEW 2023

NEW 2024

Please note: This is merely a guide and should not be a substitute for seeing the actual product. For OEM customers we can offer a seat colour swatch customisation. Contact your sales representative to customise a seat from our range.

MO45 MINI MOJO Deluxe MK2 Boat Seat

The heavy-duty MINI MOJO is designed with comfort and simplicity in mind. The compact frame doubles as a rear grab handle and makes it particularly suited to medium sized boats with limited space.

- Lightweight and durable anodised aluminium frame.
- UV-resistant marine vinyl upholstery and heavy-duty stitching.
- Sturdy back and arm supports
- Heavily padded for maximum comfort.
- Weight 7.5kg

(Dimensions in mm)

MOJO Deluxe Helm Seat

The MOJO boat seat is a high quality, top end boat seat and has been carefully designed to a superior standard. On a solid stainless steel frame, thick comfortable foam padding has been added to the seats' base, arm and back for extra support, finished in marine-grade, heavy duty, soft vinyl upholstery.

- 316-grade stainless steel frame and arm rests.
- Generously sized (wide and deep seat).
- Padded seat, back and arm rests.
- Seat cover included with seat.
- Weight 16.5kg

HM51 Flip-Up Bucket Helm Seat

Compact, deep bucket style boat seat with a hinged front bolster cushion that lifts and folds up to assist standing at the helm.

- Built-in elastic storage pocket in back of seat.
- Generously sized with integral arm rests.
- Heavy duty rotationally moulded base.
- Weight 10kg

JPW2801
Off-White / Dark Blue

JPW2802
Mid Grey / Dark Grey

H52 Compact Helmsman Seat

The H52 compact is a very strong and comfortable seat made with a rotationally-moulded bucket style internal frame. This seat offers a compact fit to give you more support on the water.

- Flip-Up versions feature a hinged front bolster cushion.
- Fully padded with premium foam.
- Soft, UV-resistant marine vinyl upholstery with heavy-duty stitching.
- A tighter snug fit gives you more support.
- Weight 9.5kg

Part No.	Description
JPW3017	Swivel Top suit 60mm Post
JPW3019	Swivel Top suit 73mm Post

Cast Aluminium Seat Swivels

Powder-coated grey seat swivels are constructed from cast aluminium. Suits most seats with a standard 7"x7" seat mount pattern.

- Available in non-locking or locking (with locking handle).

(Dimensions in mm)

Part No.	Type
JPW2866	Non-Locking
JPW2869	Locking

Adjustable Clamp on Seat Swivel

Ideal for tinnies and dinghies, this seat swivel clamps via a threaded rod and wing-nut adjustment onto most small bench seats with a width from 200mm to 400mm.

- Quick and easy fitment and removal for storage.
- Non-slip plastic vinyl coating to prevent marking of the bench seat.
- Rotates 360°.

Part No.	Width Adjustment (mm)	Swivel Dimensions (mm)
JPW2881	200 - 400	175 x 175

Seat Swivel Locking - Large Hole

Coated in Black EDC for corrosion prevention.

- Nylon slide runners for a smooth and silent performance.
- 30° intervals (12-position) locking arm.
- Release handle extends 150mm.
- Rotates 360°.

Part No.	Swivel Finish	Dimensions (mm)	Hole Size (mm)
JPW3003	Black EDC	175 x 175	65

Quick Release Plastic Seat Swivel

The plastic quick release 360° seat swivel is made from two uniquely designed mounting plates. Ideal for easy seat removal for security or storage, the low profile allows for use in multiple locations around the deck. A quick disconnect release lever, when pressed firmly, releases the top swivel part from the bottom base.

- Available in non-locking or locking (with locking handle).
- Standard 7"x7" mounting pattern
- Rotates 360°.

(Dimensions in mm)

Part No.	Type
JPW2992	Non-Locking
JPW2993	Locking

Seat Swivels

Black EDC-coated steel or marine-grade anodised aluminium with stainless steel pin, or full stainless steel option.

- Nylon runners for silent smooth operation.
- Universal hole size pattern.
- Rotates 360°.

Part No.	Type	Dimensions (mm)
JPW2861	Black EDC	175 x 175
JPW2863	Aluminium	175 x 175
JPW2864	Stainless Steel	175 x 175

Fixed Height Table Pedestal 685mm

This fixed height pedestal is designed as a surface-mount installation with no need to cut a hole in the deck to mount the base.

- Easy to remove post by a push of a button on the base for storage.
- Close fitting top plate will swivel if loosely mounted.
- Match with Plastic Table Tops - White (JPW3080, JPW3081 and JPW3082)

Part No.	Height (mm)	Shaft Dia (mm)	Base Dia (mm)	Top Dia (mm)
JPW3070	685	60	180	170
JPW3076	Spare threaded base plate			

Adjustable Height Table Pedestal

Made from polished anodised aluminium. Surface-mounts to deck for minimal interference when table is removed.

- Unique locking system ensures the pedestal is securely locked.
- Close fitting top plate will swivel if loosely mounted.
- Match with Plastic Table Tops - White (JPW3080, JPW3081 and JPW3082)

Part No.	Height (mm)	Shaft Dia (mm)	Base Dia (mm)	Top Dia (mm)
JPW3072	500 - 700	50 / 60	180	170
JPW3076	Spare threaded base plate			

Manual Adjustable Height Table Pedestal

Three-step heavy duty adjustable height pedestal.

- Corrosion-resistant anodised aluminium.
- Includes lockable swivelling table mount.
- Table raises, lowers, and locks at desired height.

Part No.	Min Height (mm)	Max Height (mm)	Base Diameter (mm)
JPW3075	295	690	228

Gas Adjustable Height Table Pedestal

Three-stage gas-powered adjustable table pedestal ideal for table-bed conversions.

- Adjustable 330mm to 700mm.
- Made from anodised aluminium.
- Lockable height position.
- Heavy duty anodised aluminium base
- 12" x 12" lockable mounting top.

Part No.	Min Height (mm)	Max Height (mm)	Base Diameter (mm)
JPW3073	330	770	305

Plug-in Adjustable Table Pedestal 3 Stage with Swivel Top

The 3 Stage gas powered adjustable table pedestal with swivel features a plug-in base, which is ideal for removing when not in use.

- Removable post with plug-in cap for a flush finish.
- Perfect for table-bed conversions.
- Made from marine grade aluminium.
- Strong 171mm diameter base.

Removable post with plug-in cap

Part No.	Adjustment	Min Height (mm)	Max Height (mm)	Base Diameter (mm)	Base Cut Out (mm)
JPW3068	Screw Dials	320	690	171	95
JPW3071	Locking Clips	320	690	171	95

Table Pedestal Side Mount Bracket with Swivel Top

This 3-piece table pedestal is set at an angle for side-mounting and has an easily-removable mounting bracket for stowing when not in use.

- Made from marine-grade polished anodised aluminium.
- Close fitting top plate will swivel if loosely mounted.
- Height from base of post: 560mm
- Distance from wall to centre of post: 387mm
- Can be purchased with Plastic Table Tops - White (JPW3080, JPW3081 and JPW3082).
- Spare mounting plates available.

Part No.	Height (mm)	Base Bracket L x W (mm)	Top O.D (mm)
JPW3066	560	165 x 125	171
JPW3062	Spare Mounting Plate for Side Mount Table Pedestal		

Folding Table Brackets

Strong 316-grade stainless steel table support bracket with spring loaded locking mechanism.

- Locks securely into place and fold down easily for extra space.
- Use for lunch tables, storage benches or bait tables.
- Two maximum load capacities available: 100kg or 200kg

Part No.	Max. load capacity (kg)	Type	Length (mm)	Height (mm)	Width (mm)
JPW6170	100	Short latch	300	165	20
JPW6171	200	Long latch	300	165	20

Portable Camping Table with Sink and Faucet

Multi-purpose portable table, perfect for boating, fishing, camping or in the back yard. Features an in-built sink with removable water faucet & drainage hose.

- Made from High Density Polyethylene (HDPE5502).
- Connect the tap up to a standard garden hose to provide freshwater.
- Easily empty the sink into a bucket or flood drain via the drain hose.
- Sturdy frame with foldable legs that folds flat under table top.
- Includes tap, hose, drain hose, rubber drain plug and required fittings.

Part No.	Overall L x W x H (mm)	Sink L x W x H (mm)
JPW3636	1150 x 590 x 860	400 x 270 x 65

Plastic Table Tops - White

Lightweight table top constructed of high quality UV-stabilised injection moulded plastic, designed for the marine and caravan market.

- Includes 4x moulded recessed cup holders with drainage holes.
- Secure to pedestal with 6.3mm self tapper screws (not included).
- Three shapes available: round, oval or rectangle barrel.
- Suits table pedestals JPW3070, JPW3072 and JPW3066.

Part No.	Shape	Dimensions L x W x H (mm)
JPW3080	Round	610 x 610 x 40
JPW3081	Oval	460 x 760 x 40
JPW3082	Barrel	460 x 760 x 40

HOW TO ORDER

Marine Jerry Cans

These plastic jerry cans are fully approved and have the AS2906 Australian standards approval stamped into each can.

- Made from high-density, unbreakable polyethylene they are rustproof, crush-resistant, non-corroding.
- Flexible self-venting spout with inner sealing cap.
- Extra large handle for easy pouring
- Wide body to ensure stability.

Child-resistant closure cap (CRC)

Red for Petrol

Yellow for Diesel

Duramax Portable Refueling Kit

The Duramax fluid transfer siphon pump and patented Flo 'n' Go hand pump provide the only refilling and fluid transfer system you'll ever need. With environmentally responsible features, stopping accidental spills and overfilling, providing safer transfer for you and the ecosystem.

- Composed of a durable, high-density polyethylene in vibrant red for use with petrol, diesel or kerosene fuels.
- Complete with a Flo 'n' Go hand pump, spiral hose with overlap to prevent kinking and bolt-on hanger for convenient hose storage.
- Quickly refuels, using a UL approved, mechanically vented fill cap.
- Fluid transfer on level surface with minimal priming.
- Ergonomically designed, heavy-duty top handle with extra deep unit handhold for transport.
- Recessed grooves provide nuisance-free strapping location for safer transport.
- Dual mechanical shut-off valves, at both tank and hose, for spill-proof Flo 'n' Go disconnection.
- Meets D.O.T and UN transportation requirements.

Part No.	Hose Length (m)	Wheel Size (mm)	Capacity (L)	Dimensions L x W x H (mm)
JPW2150	3.05	152	53	400 x 320 x 850

Siphon Jiggers

This easy to use siphon jiggler can be used for the boat, car, industrial and around the home.

- The hose is anti-static and petrol resistant.
- Comes with brass head for longer life.

Part No.	Diameter (mm)	Length (m)
JPW1708	12.5	1.5
JPW1709	20	2

New Era Plastic Fuel Tanks

High quality below deck fuel tanks constructed from high-density polyethylene resin, suitable for carrying petrol fuel only.

50 Litre

Part No.	Tank Type	Capacity (L)
JPW2291	38mm Deck Fill / 16mm Plastic Breather	50
JPW2294	Cap & Gauge / Breather Plug	50

75 Litre

Part No.	Tank Type	Capacity (L)
JPW2289	Cap & Gauge / Breather Plug	75
JPW2290	38mm Deck Fill / 16mm Plastic Breather	75
JPW2293	50mm Deck Fill / 16mm Plastic Breather	75

Portable Fuel Tanks - Topside

Universal portable fuel tanks that meet ISO13591 International standards. These tanks are made from strong polyethylene plastic that won't chip, crack or rust. Includes a pickup tube and threaded tank fitting that suits standard fuel tank fittings.

- **Not to be used with diesel or ethanol blended fuel.**

Part No.	Type	Capacity (L)	Dimensions L x W x H (mm)
JPW2253	Tank with Cap & Gauge	22.7	590 x 290 x 230
JPW2254	Tank with Cap Only	11.3	350 x 255 x 235

Vented Fuel Cap

This replacement vented cap suits New Era or Easterner Topside portable fuel tanks.

- Internal thread: \varnothing 52mm.

Part No.
JPW2538

Cap and Gauge Combo

Cap and gauge with breather vent to suit Easterner Topside portable fuel tanks.

Part No.
JPW2541

Plastic Fuel Tank Pick-Up Elbow Assembly

Fuel pick-up designed for use with Easterner Topside portable fuel tanks.

Part No.
JPW2251

Vented Fuel Cap

Manual Vent Cap designed to fit Scepter fuel tanks and most other brands.

- Internal thread: \varnothing 58mm.

Part No.
JPW2600

Neptune Fuel Tanks

Made from tough, lightweight, non-corrosive high density polyethylene that won't crack, chip or corrode. These tanks are easy to carry and stow. Supplied with a vented fuel cap and universal 1/4" NPT fuel pick-up/ adaptor.

- Suitable to carry petrol, diesel and ethanol blended fuel.
- Meets ABYC standards.
- ISO and CSA certified.

Part No.	Type	Capacity (L)	Dimensions L x W x H (mm)
JPW2131	Tank with Cap Only	11.4	430 x 266 x 203
JPW2132	Tank with Cap Only	22.7	520 x 330 x 255
JPW2600	Replacement Vented Cap		

Portable Fuel Tanks

High quality marine grade fuel tanks, fully approved to AS2906 Australian standards. These tanks are made from tough, lightweight, non-rusting, high density polyethylene. Supplied with a and either a vented fuel cap or vented cap gauge.

- Easy to carry and easy to stow, safe and sturdy.
- Suitable to carry petrol, diesel and ethanol blended fuel.
- Meets ABYC standards and ISO/CSA certified.

Part No.	Type	Capacity (L)	Dimensions L x W x H (mm)
JPW2135	Tank with Cap & Gauge	12	362 x 260 x 228
JPW2136	Tank with Cap & Gauge	25	546 x 355 x 225
JPW2600	Replacement Vented Cap		

Underseat Portable Fuel Tanks

These compact, portable fuel tanks will fit comfortably under seats. Supplied complete with vented cap and combination fuel pick-up with sight gauge that accepts standard 1/4" NPT marine tank fittings.

- Made from UV stabilized, high density polyethylene for long life.
- Molded feet provide increased ventilation and stability.
- Suitable to carry petrol, diesel and ethanol blended fuels.

Part No.	Type	Capacity (L)	Dimensions L x W x H (mm)
JPW2152	Tank with Cap & Gauge	11.4	490 x 310 x 173
JPW2153	Tank with Cap & Gauge	22.7	490 x 310 x 260
JPW2600	Replacement Vented Cap		

Above Deck Fuel Tanks

These quality fuel tanks, both low and high profile, are injected moulded and made from high-density polyethylene with UV stabilised resin.

- Includes a vented fuel cap and an easy-to-read level gauge.
- Suitable to carry petrol, diesel and ethanol blended fuels.
- Universal 1/4" NPT fuel pick-up/adaptor.

Part No.	Type	Capacity (L)	Dimensions L x W x H (mm)
JPW2141	Low Profile	34	582 x 364 x 299
JPW2142	High Profile	45	582 x 364 x 346
JPW2143	Low Profile	45	617 x 460 x 273
JPW2600	Replacement Vented Cap		

Outboard Fuel Hoses

Reinforced fuel hose suitable for outboard fuel lines and portable or above deck mounted tanks.

Note: Not for below deck use as permanent fuel line.

Part No.	Inside Diameter	Roll Length
JPW2501	8mm (5/16")	20m
JPW2502	10mm (3/8")	20m

Primer Bulbs

Black single direction UV stabilised fuel primer bulb.

Suitable to use with petrol (not recommended for use with diesel or ethanol blended fuel).

Part No.	Bulb Size	Suits Hose Size
JPW2411	Small	5/16" (8mm)
JPW2413	Large	3/8" (10mm)
JPW2415	Large	5/16" (8mm)

Packaged

Primer Bulb EPA - Large

Large sized UV stabilised fuel primer bulb with hose barbs and stainless steel steepless clamps.

Suitable to use with petrol, diesel and ethanol blended fuel.

Part No.	Bulb Size	Suits Hose Size
JPW2417	Large	3/8" (10mm)

Premium Primer Bulbs

UV resistant with stainless steel clamps and dual internal check valves to ensure rapid prime while preventing fuel flow back.

Suitable to use with petrol, diesel and ethanol blended fuel.

Part No.	Suits Hose Size
JPW2183	3/8" (10mm)
JPW2184	5/16" (8mm)
JPW2185	1/4" (6.5mm)

Packaged

Fuel Lines 5/16" - Bag Packed

Made from reinforced grey 5/16" (8mm) hose with black primer bulb. Suits OMC and Yamaha motors.

Part No.	Motor Brand	Includes Fittings
JPW2401	Universal	No
JPW2403	OMC (Johnson/Evinrude)	Yes
JPW2407	Yamaha	Yes

Fuel Lines 3/8" - Blister Packed

Made from reinforced grey 3/8" (10mm) hose with black primer bulb. Suits OMC, Mercury, Honda and Yamaha motors.

Part No.	Motor Brand	Includes Fittings
JPW2404	Honda (2001 to current)	Yes
JPW2406	Mercury (1998 to current)	Yes
JPW2408	Yamaha	Yes
JPW2409	Universal	No
JPW2410	OMC Johnson/Evinrude	Yes

Fuel Line Assemblies - 3/8"

Petrol and solvent-resistant construction with stainless steel clamps and O-Ring construction on all fittings ensures tight, leak-free connections.

- Tough, pliable UV-resistant outer hose 203cm length.
- The primer bulb prevents fuel flow back with internal check valve.
- Provides fittings built to strict OEM specifications for replacement parts.

Part No.	Motor Brand
JPW2171	Mercury Mariner Fittings 1998-current - 3/8" Hose
JPW2173	Universal - No Fittings - 3/8" Hose
JPW2174	OMC (Johnson/Evinrude) Fittings - 3/8" Hose
JPW2177	Yamaha Fittings - 3/8" Hose
JPW2179	Universal - No Fittings - 5/16" Hose

Wema Tank Level Senders

Magnetic read switch senders suitable for use wide range of mediums including, diesel, petrol, oil, potable and grey water.

- AISI 316 stainless steel, ignition protected with ISO8846 certification.
- **S3 Threaded:** 1 1/4" BSP thread mounted type with O-ring seals.
- **S5 Flanged:** SAE 5 hole flange mount includes nitrile gasket.
- US 240-30 Ohms or Euro 0-190 Ohms standard.
- Operating voltage: 12/24V
- Longer senders available on request.

Length is measured from the underside of the flange to the base of the shaft.

KUS Fuel Level Gauge

Black dial face plate with black plastic bezel with reinforced anti-fog lens

- Indication range: Empty to Full.
- 240-33 Ohms.
- Voltage: 12/24V

Part No.	Cut-out (mm)	Diameter (mm)
JPW2525	52	60

Mercury Connectors

• Suits Mercury branded engines from 1998 to current.

*1997 engines and older use
Yamaha connect JPW2203

Part No.	Description	Connection
JPW2213	Male Tank Fitting	1/4" NPT Thread
JPW2212	Female Fuel Line Connect - Tank End	10mm Hose
JPW2210	Female Fuel Line Connect - Engine End*	10mm Hose

Yamaha Connectors

Part No.	Description	Connection
JPW2201	Male Tank Fitting	1/4" NPT Thread
JPW2202	Female Fuel Line Connect	8mm Hose
JPW2203	Female Fuel Line Connect	10mm Hose

BRP Johnson/Evinrude Connectors

Part No.	Description	Connection
JPW2195	Male Tank Fitting	1/4" NPT Thread
JPW2196	Female Fuel Line Connect	10mm Hose
JPW2197	Female Fuel Line Connect	8mm Hose

Honda Connectors

Part No.	Description	Connection
JPW2193	Female Tank Connect	10mm Hose

Mercury Connectors

• Suits Mercury branded engines from 1998 to current.

Part No.	Description	Connection
JPW2451	Male Tank Fitting	1/4" NPT Thread
JPW2456	Male Tank Fitting	1/4" NPT Thread
JPW2438	Female Fuel Line Connect - Tank End	8mm Hose
JPW2449	Female Fuel Line Connect - Tank End	10mm Hose
JPW2446	Female Fuel Line Connect - Engine End	10mm Hose

Yamaha Connectors

Part No.	Description	Connection
JPW2573	Male Tank Fitting	1/4" NPT Thread
JPW2455	Male Tank Fitting	1/4" NPT Thread
JPW2446	Female Fuel Line Connect	10mm Hose

Nissan/Tohatsu Connectors 

Part No.	Description	Connection
JPW2578	Male Tank Fitting	1/4" NPT Thread
JPW2447	Female Fuel Line Connect	10mm Hose

Suzuki Connectors 

Part No.	Description	Connection
JPW2577	Male Tank Fitting - Over 75hp	1/4" NPT Thread
JPW2576	Male Tank Fitting - Under 75hp	1/4" NPT Thread
JPW2441	Female Fuel Line Connect - Under 75hp	8mm Hose
JPW2442	Female Fuel Line Connect - Over 75hp	8mm Hose

BRP Johnson/Evinrude Connectors 

Part No.	Description	Connection
JPW2571	Male Tank Fitting	1/4" NPT Thread
JPW2454	Male Tank Fitting	1/4" NPT Thread
JPW2572	Male Tank Fitting - Low Profile	1/4" NPT Thread
JPW2440	Female Engine/Tank Connect	8mm Hose

Honda Connectors 

Part No.	Description	Connection
JPW2452	Male Tank Fitting (1991 & Newer)	1/4" NPT Thread
JPW2453	Female Fuel Line Connect	10mm Hose
JPW2450	Quick Connect (2001 & Newer) - Engine End	10mm Hose

Mercury Engine and Tank Fittings 

Bayonet fittings and connectors suit old style Mercury Mariner brand engines.

Part No.	Description	Connection
JPW2448	Tank Fitting	1/4" NPT Thread
JPW2444	Fuel Line Connect - Tank End	8mm Hose
JPW2445	Fuel Line Connect - Engine End	8mm Hose

Brass Hose Barbs - Male

NPT threaded brass connectors.

Part No.	Barb Size	Connection
JPW2556	3/8"	1/4"
JPW2558	3/8"	3/8"
JPW2557	5/16"	1/8"

Brass Elbow Connectors

NPT threaded cast brass elbow connectors.

Part No.	Type	Connection
JPW2554	Male / Female Elbow	1/4"
JPW2555	Male / Male Elbow	1/4" & 1/8"

Water Separating Fuel Filters

Spin on filter elements removes 98.8% emulsified water and foreign particles as small as 10 microns.

- Kits include 2x 3/8" NPT x 10mm hose barbs and plug fittings.

Replaces Yamaha MAR-FUELF-IL-TR

- Use with reusable bowls (JPW2664 or JPW2665).
- Fits Yamaha and Mercury fuel/water separator housings.

10 Micron Filtration

Part No.	Type
JPW2648	Fuel Filter Element Only

Replaces Mercury #35-809097 and RACOR #S3213

- Use with reusable bowls (JPW2664 or JPW2665).
- Compatible with Mercury and Yamaha engine filter head thread type.
- Filter kits contain hose fittings and stainless steel hose clamps.
- Suits 2 stroke and 4 stroke fuels but NOT diesel.

10 Micron Filtration

Part No.	Type
JPW2652	Fuel Filter Element Only
JPW2654	Filter and Clear Bowl
JPW2656	Filter, Clear Bowl and Aluminium Head
JPW2658	Filter, Clear Bowl and 316-grade Stainless Steel Head

Replaces RACOR #S3214 and OMC #174144

- Suits only those filters with 1" 12 internal thread.

10 Micron Filtration

Part No.	Type
JPW2683	Fuel Filter Element Only
JPW2684	Filter and Clear Bowl

Water Separating Fuel Filters

Spin on filter elements removes 98.8% emulsified water and foreign particles as small as 10 microns.

- Kits include 2x 3/8" NPT x 10mm hose barbs and plug fittings.

Replaces RACOR #S3227

- Filter kit contains aluminium hose fittings and stainless steel hose clamps.

10 Micron Filtration

Part No.	Type
JPW2685	Fuel Filter Element Only
JPW2686	Filter, Clear Bowl and Aluminium Head
JPW2666	Replacement Cast Aluminium Head Only (1" -14UNS)

Replaces Mercury #35-807172, #35-60494-1 and #35-802893Q01

- Cannot be used with removable clear or aluminium bowls.
- Suitable for premixed 2 stroke fuel, will not separate 2 stroke oil from fuel.

10 Micron Filtration

Part No.	Type
JPW2662	Fuel Filter Element Only
JPW2660	Filter and Aluminium Head

Replaces OMC #502905 and RACOR #S3214

- Cannot be used with removable clear or aluminium bowls.
- Suitable for premixed 2 stroke fuel, will not separate 2 stroke oil from fuel.

10 Micron Filtration

Part No.	Type
JPW2663	Fuel Filter Element Only
JPW2661	Filter and Aluminium Head

Water Separating Fuel Filter - Diesel

Marine water separating Diesel fuel filter with Mercury filter head thread. Fuel flow 60 gallons per hour (3.75L / min).

- Use with removable clear or aluminium bowls.

Part No.	21 Micron Filtration
JPW2667	

Fuel Filter Wrench with Adjustable Strap

White PVC wrench with removable collar, a necessary tool for removing filter cartridges and filter bowls.

- 700mm x 20mm Nylon strap.

Part No.	Size (mm)
JPW2671	250 x 130 x 21

Fuel Filter Replacement Parts

Made to suit Easterner water separating fuel filters.

JPW2650
16 UNC Cast
Stainless Steel filter head

JPW2651
16 UNC Cast
Aluminium filter head

JPW2664
Aluminium Bowl
& O-ring

JPW2665
Clear Bowl
& O-ring

JPW2569
O-ring

Marine Oil Filters

Spin-on marine oil filter to suit 4 stroke outboard motors. Check the cross reference OEM part numbers or Sierra equivalent part numbers shown on your existing filter.

- Includes O-ring seal.

Part No.	Replaces
JPW2704	Mercury 35-877761Q01, Mercury 35-877761K01, Sierra 18-7758
JPW2707	Mercury 35-822626Q15, Mercury 35-822626T7, Mercury 35-822626T, Yamaha 69J-13440-00-00, Yamaha 69J-13440-01-00 and Sierra 18-7906-1
JPW2710	Mercury 35-8M0065103, Mercury 35-822626Q2, Mercury 35-822626Q04, Mercury 35-822626Q05, Mercury 35-822626K04, Mercury 35-822626T2, Mercury 35-877768K01, Mercury 35-8M00008397, Sierra 18-7914

Outboard Motor Flushers

Outboard motor flushers with a black epoxy coated steel arm and quick connect hose tail suits standard Australian garden hose fittings.

- JPW3603: Twin inlet

JPW3600

JPW3601

JPW3602

JPW3603

Part No.	Cup Shape	Cup Size (mm)
JPW3600	Small Round	85 Ø
JPW3601	Large Oval	110 x 85
JPW3602	Large Rectangle	122 x 83
JPW3603	Large Rectangle (Twin)	125 x 83

Multi Function Engine Flush Mixer with Spray Gun

For use with outboard and jetski engines, as well as most inboard motors.

- Compatible with standard hose fittings and motor flushers.
- Includes 100ml Soap dispenser with O-ring seal to prevent leaks.
- Includes international quick fit hose connector.
- Withstands pressure up to 120psi.

3-way flow control valve: Off, Rinse and Soap

JPW1757
Spare Dispenser

Part No.
JPW1756

Fluid/Oil Extractors

Perfect for oil changes and removing excess fluid from hard to reach places. The powerful pump creates a vacuum, so continuous pumping isn't necessary.

- Easy to use, with foot brace.
- Ideal for motorbikes, cars, boats, jetski, garden machinery and non-volatile fluids, eg. from a fish tank.

Part No.	Capacity (L)
JPW2692	4
JPW2693	6.5

JPW2692

JPW2693

Manual Fluid Transfer Pump

Used for transferring engine sump oil through the engine dipstick.

- Brass pump body (220 x ø 32mm).
- Nylon extraction tubing.
- Fits most engine dipsticks.
- Easy to clean.

Part No.	Inlet Hose Size (mm)	Outlet Hose Size (mm)
JPW2690	8 x 600	12 x 240

Universal Gear Oil Pump

Allows you to pump directly into most outboard and sterndrive gearboxes using the supplied adaptors.

- Simply screw onto lube bottle and pump required amount mess free.
- Adaptors supplied: 3/8inch, M10 and M8.

Part No.	Length (mm)	Diameter (mm)
JPW7264	185	17

Outboard Rigging Hose

Black plastic 2" (50mm) rigging hose. Provides protection for cables and wiring from dirt, abrasion, sun, salt and water.

- The corrugated rigging hose is durable, flexible and kink resistant.
- The back side of the flange is also textured to allow inverted mounting.

Part No.	Type	Hose Length (m)
JPW18071	Hose & Flange Kit	1.2
JPW18075	Hose Only	15

Outboard Rigging Flange

Black plastic rigging flange fits 2" (50mm) rigging hose.

- Internally threaded to retain the rigging hose.

JPW18077

JPW18078

Part No.	Type
JPW18077	Straight
JPW18078	Angled

Propeller Nut Wrench

Great to keep on-board for emergencies or routine maintenance, includes screw to release tab washer.

- Suits 1-1/6" prop nuts and 9/16" garboard drain plugs.

Part No.
JPW6258

Outboard Motor Wedges

White powder-coated aluminium alloy wedges, used to adjust the mounting angle of the outboard motor for increased performance.

- Dimensions (L x W): 283 x 96mm
- Sold in pairs.

Part No.	Angle
JPW4350	3°
JPW4351	5°

Outboard Motor Trolleys

Plated steel frame with plastic end caps, large wooden support board and 6" wheels. The galvanised support arms have soft rubber hand grips.

- Supplied in kit form (flat packed), quick and easy to assemble.
- Suits standard 2-stroke motors.

JPW6434

JPW6435

Part No.	Motor Power (HP)	Max Load Capacity (kg)	Tube Size (mm)
JPW6434	20	50	22
JPW6435	30	60	25

Outboard Rail Mount Bracket

White polypropylene with a two-piece rail bracket bolted together.

- Bracket has two central holes to mount onto horizontal or vertical (25mm diameter) rails.
- Suits maximum 8HP outboard motors.

Part No.	Dimensions L x H x W (mm)
JPW6437	180 x 170 x 35

Oceansouth Outboard Motor Transom Mounting Plate

Solid UV resistant polypropylene transom plate with smooth rounded outer edge and tapered shape.

- Top Width: 380mm
- Height: 330mm
- Bottom Width: 350mm

Part No.	Thickness (mm)
JPW6431	8
JPW6432	15

Outboard Motor Support Bracket

Heavy gauge plated steel tubing with shock absorbing spring coil. U-end hooks over the trailer chassis and the V-end supports the motor leg.

- EDC finish for rust resistance.
- Supplied with rubber securing strap with hooks.

Shock absorbing support

Part No.	Adjustable Length (mm)	Motor Power (HP)
JPW6438	510 - 770	Up to 150

Outboard Tiller Extensions

An outboard motor tiller extension is a handle that mounts easily over an existing motor throttle handle to allow the operator more room to move while operating.

- Attaches to throttle handle via a wing-nut locking collar.
- Can be easily and quickly fitted to most outboard motors.

Fixed

Part No.	Fixed Length (mm)	Suits Tiller Arm (mm)
JPW685	470	Ø 38
JPW686	660	Ø 38

Telescopic

Twist lock

JPW691
Extra Large Handle

Part No.	Telescopic (mm)	Suits Tiller Arm (mm)
JPW689	430 - 635	Ø 43
JPW690	610 - 1015	Ø 43
JPW691	665 - 1015	Ø 53

Spark Plugs

The range of NGK spark plugs are designed for the marine, industrial and stationary engines. With dedication to quality, outstanding reliability and state of the art manufacturing techniques, you can rely on NGK Spark Plugs.

Note: Other Spark Plugs available on request.

Anchor Single Swivel Connectors - Stainless Steel

Single swivel anchor to chain connectors.

- Made from 316-grade stainless steel.
- Slides over bow rollers for easy retrieval.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Suits Chain (mm)	Dimensions (mm)							SWL* (kg)
		øA	B	C	D	E	F	G	
JPW4921	6-8	9	90	27	15	23	10	7	850

JPW6699	14	16	20	40	2000

Captive Pin D Shackles - Stainless Steel

316-grade stainless steel with captive pin.

Not rated for lifting or pulling.

Part No.	Dimensions (mm)				
	ØA	ØB	C	D	E
JPW4890	5	10	18	11	10
JPW4891	6	13	24	14	12
JPW4892	8	17	26	16	16
JPW4893	10	21	36	20	20

Long 'D' Shackles - Stainless Steel

316-grade stainless steel with solid round standard screw pin and long body.

Not rated for lifting or pulling.

Part No.	Dimensions (mm)			
	ØA	ØB	C	D
JPW4840	6	6	12	48
JPW4841	8	8	16	64
JPW4842	10	10	20	80
JPW4843	12	12	24	96

Soft Rope Shackles

The soft rope shackle is made with UHMWPE (Ultra high molecular weight polyethylene) and ideal for hooking up halyards, connecting sheets or attaching blocks. It is lighter than a metal shackle without losing any strength.

Part No.	Width	Length	Breaking Strain (kg)
JPW4972	6	100	3300
JPW4973	8	100	5500
JPW4974	10	150	8100
JPW4975	12	150	12500
JPW4976	14	150	15000

- Fast, secure connection and simple to use.
- Highly resistant to abrasion.
- Locks closed when under load.
- Requires no tools to undo.

Jaw and Jaw Swivel Shackles - Stainless Steel

316-grade stainless steel with pin at each end for easy connection.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)				SWL* (kg)
	A	B	C	D	
JPW4936	6	66	11	12	300
JPW4937	8	94	16	16	500
JPW4938	10	118	22	20	875
JPW4939	13	152	28	26	1250

Eye Swivel Snap Shackles - Stainless Steel

Eye swivel snap shackle, made from 316-grade stainless steel.

Part No.	Dimensions (mm)		
	A	B	C
JPW4915	12	70	12
JPW4916	16	87	16
JPW4917	22	128	22

Eye and Eye Swivels - Stainless Steel

Eye and Eye heavy duty swivel, made from 316-grade stainless steel.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)					SWL* (kg)
	A	B	C	E	F	
JPW4958	6	65	21	15	15	335
JPW4959	8	90	35	22	20	500
JPW4960	10	115	44	27	24	875

Jaw Swivel Snap Shackles - Stainless Steel

Jaw swivel snap shackle, made from 316-grade stainless steel.

Part No.	Dimensions (mm)			
	A	B	C	D
JPW4918	16	70	12	9
JPW4919	22	87	13	11

Eye and Jaw Swivel Shackles - Stainless Steel

Eye and Jaw swivel shackle, made from 316-grade stainless steel.

Part No.	Dimensions (mm)			
	A	B	C	D
JPW4962	6	66	11	12
JPW4963	8	94	16	16
JPW4964	10	118	22	20

Asymmetric Snap Hooks - Stainless Steel

Asymmetric snap hook made from 316-grade stainless steel.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)					SWL* (kg)
	A	B	C	D	E	
JPW4941	6	60	35	11	9	188

JPW4904	10	100	50	13	17	220
JPW4905	12	120	58	16	18	320
JPW4906	12	140	67	23	22	380

Cast Snap Hooks - Stainless Steel

Cast 316-grade stainless steel. Streamlined design for snag-free operation.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)			SWL* (kg)
	A	B	C	
JPW4947	50	8	10	80
JPW4948	70	12	11	150
JPW4949	100	16	16	250

Swivel Eye Snap Hooks - Stainless Steel

Swivel eye spring snap hook, made from cast 316-grade stainless steel.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)		SWL* (kg)
	A	B	
JPW19240	85	18	50
JPW19241	100	20	75
JPW19242	120	20	90

Fixed Eye Snap Hooks - Stainless Steel

Fixed eye spring snap hook, made from cast 316-grade stainless steel.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)		SWL* (kg)
	A	B	
JPW19235	55	10	50
JPW19236	70	16	100
JPW19237	80	20	150

Cargo Trailer Hooks - Stainless Steel

Cast 316-grade stainless steel with safety latch spring opening.

- Suits light duty lifting or a trailer winch snap hook.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)			SWL* (kg)
	A	B	C	
JPW19245	100	21	20	188
JPW19246	120	28	22	250

Snap Hooks Fixed Mount - Stainless Steel

316-grade stainless steel spring loaded snap hook for fixed mounting.

- 2 x 4mm countersunk fastening holes.

Part No.	Dimensions (mm)				
	A	B	C	D	E
JPW4969	33.5	41	35	10.5	4

Eye and Eye Turnbuckles - Stainless Steel

316-grade stainless steel open body eye to eye turnbuckles with lock nuts.

Part No.	Dimensions (mm)			
	Thread	A	B	C
JPW4853	8	90	180	12
JPW4854	10	120	210	12
JPW4855	12	125	220	18

Eye and Hook Turnbuckles - Stainless Steel

316-grade stainless steel. Metric thread with lock nuts.

Part No.	Dimensions (mm)			
	Thread	A	B	C
JPW4850	8	125	200	11
JPW4851	10	150	245	15
JPW4852	12	200	320	19

Collared Head Eye Bolts - Stainless Steel

Cast 316-grade stainless steel with heavy duty cast eye. Use as a lifting eye bolt, bow eye etc. With metric thread.

Part No.	Dimensions (mm)				
	Thread	A	B	C	D
JPW4896	6	110	16	5	60
JPW4897	8	135	19	6	100
JPW4898	10	140	25	7	100

Wire Rope Clamps - Stainless Steel

Wire rope grips in a range of sizes to suit wire rope diameter from 2mm up to 8mm.

Part No.	Wire Size (mm)
JPW4829	2
JPW4830	3
JPW4832	5
JPW4833	6
JPW4834	8

U Bolts - Stainless Steel

316-grade stainless steel 'U' bolts with crimped shaft and metric thread.

- Supplied with 2 cross plates, 2 washers and 2 hex nuts.

Part No.	Dimensions (mm)					
	Thread	A	B	C	D	E
JPW4864	6	35	40	45	80	30
JPW4865	8	35	40	45	80	35

JPW4848	12.5 (1/2")	160	58	32	105	115	32	12

S Hooks - Stainless Steel

'S' Hooks made from 304-grade polished stainless steel.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)				SWL* (kg)
	A	B	C	D	
JPW4801	6	11	60	12	50
JPW4802	8	16	75	16	100
JPW4803	10	18	87	18	163

Diamond Eye Plates - Stainless Steel

316-grade stainless steel with welded eye.

• 4 x 6mm countersunk fastening holes.

Part No.	Dimensions (mm)			
	A	B	C	D
JPW19208	5	37	59	14
JPW19209	6	43	70	18

Round Rings - Stainless Steel

Round rings made from 316-grade stainless steel.

* SWL (safe working load) is approx 25% of breaking load.

Part No.	Dimensions (mm)		SWL* (kg)
	A	B

JPW11747	Left and Right	0.4
JPW11746	Left and Right	10

LED Autolamps Trailer Light Kit (209 Series)

The stylish waterproof 209 series features two central reflectors and 20 highly visible LEDs, offering excellent visibility and performance.

- 1x Left and 1x Right light twin pack.
- Stop / tail / indicator / reflector / licence plate lamp.
- Voltage: 12V.

Part No.	Type	Cable Length (m)
JPW11751	Left and Right	0.35
JPW11752	Left and Right	8

LED Autolamps Trailer Cable Kit "Push and Seal System" Flat Plug

100% waterproof plugs and cables with tinned copper wiring. Includes cable with flat trailer plug, boat cable connector, boat trailer cable and marker cable and connector.

- Suits trailers up to 8m.
- No tools required for assembly.
- Compatible with 207 Series (JPW11748).

Push-And-Seal system allows quick & easy connections

Part No.	Cable Length (m)
JPW11754	8

ROADVISION
Roadvision LED Submersible Trailer Lights (202 Series) with Cable

A simple DIY lighting solution designed specifically for marine trailer applications featuring stop/tail, indicator and reflector. Available in left or right combos with cable harness fitted ready to install.

- Includes water ingress vent to prevent condensation build-up.
- Pre-wired with tinned copper cable.
- Vibration and shock-resistant polycarbonate lens.
- Submersible to 1.2m
- Multi-volt 10-30V input.
- Lifespan of 100,000hrs.

JPW11771 / JPW11783
 includes licence plate light

JPW11770 / JPW11771
 7.2m harness

JPW11782 / JPW11783
 8.3m harness & side marker

(Dimensions in mm)

Part No.	Type	Kit Includes
JPW11770	Left	7.2m wiring harness
JPW11771	Right	7.2m wiring harness
JPW11782	Left	8.3m wiring harness & side marker
JPW11783	Right	8.3m wiring harness & side marker

ROADVISION
Roadvision LED Submersible Trailer Lights (202 Series) and Plug Kit

The 202 series LED submersible trailer lights fully sealed with cable harness and trailer plug.

- 1x Left and 1x Right light with 7.2m cable harness.
- 1x 7-pin round trailer plug.
- Multi-volt 10-30V input.
- Submersible to 1.2m.

Part No.	Type	Kit Includes
JPW11779	Left and Right	7.2m wiring harness & 7-pin plug

ROADVISION
Roadvision LED Submersible Trailer Lights (205 Series) Twin Blister Pack

Small, compact LED combination lamp for when space is at a premium. Featuring stop/tail, indicator and reflector functions, designed specifically for budget conscious marine trailer applications.

- Polycarbonate lens and high impact ABS housing.
- Pre-wired with sheathed tinned copper cable.
- Includes water ingress vent to prevent condensation build-up.
- 12V DC input and low current draw.
- Submersible to 1.2m.
- Lifespan rating of 100,000hrs.

(Dimensions in mm)

Part No.	Type	Cable Length (mm)
JPW11750	Left and Right	300

ROADVISION
Roadvision LED Combination Trailer Lights (BR800LR Series)

LED combination lamps with stop/tail, indicator, licence plate functions and features glow park lights. Simple DIY lighting with self-adhesive mounting.

- 1x Left and 1x Right light with 300mm cable harness.
- Compact body allows fitment into the tightest of applications.
- Tough ABS housing and polycarbonate lens.
- Multi-volt 10-30V input.
- Lifespan of 100,000hrs.

(Dimensions in mm)

Part No.	Type	Cable Length (mm)
JPW11738	Left and Right	300

Roadvision Submersible LED Trailer Lights (BR207LR Series)

ROADVISION

Designed for those who are budget conscious, these LED combination lamps deliver stop/tail, reflector and indicator functions.

- 1x Left and 1x Right light with 300mm cable harness.
- Easy surface mount stainless steel twin stud installation.
- Completely sealed polycarbonate lens & housing.
- 12V DC input & low current draw.
- Lifespan of 100,000hrs.

IP68

Part No.	Type	Cable Length (mm)
JPW11755	Left and Right	300

Narva Plug and Play LED Trailer Lights Twin Pack (Model 37)

NARVA

A 'Plug and Play' twin pack solution for boat trailers, installation is quick and easy making it perfect for DIY installation. Waterproof connection system utilises over-moulded connectors, no splicing or joining of wires is required, making connections a tool-free operation.

- 1x Left and 1x Right (with inbuilt licence plate light) LED slimline rear stop, tail and indicator lamp with in-built retro reflector.
- 500mm cables with connectors.
- Voltage: 12V.

IP68

Plug & Play waterproof connectors

N93730BL2	Left and Right	500

Roadvision LED Combination Trailer Lights (BR151LR Series)

ROADVISION

LED all-in-one combination lamps delivering stop/tail, retro reflector, glow park light and a sequential indicator. The visually appealing, unique sequential indicators provide enhanced lighting in rainy or foggy conditions.

- 1x Left and 1x Right light with 250mm cable harness.
- Tough ABS housing and polycarbonate lens.
- Simple surface mount design.
- Multi-volt 10-30V input.
- Lifespan of 100,000hrs.

IP67

Part No.	Type	Cable Length (mm)
JPW11739	Left and Right	300

Narva Plug and Play LED Trailer Light Complete Kit (Model 37)

NARVA

The above "Plug and Play" LED lights in a kit with side markers and plug options.

Kit Includes:

- 1x Left light with 500mm lead.
- 1x Right light with 500mm lead.
- 2x Side marker lamp (red/amber) with 500mm lead.
- 1x 7 pin flat trailer plug with 1m lead.
- 1x 7 pin large round trailer plug with 1m lead.
- 1x 'Plug and Play' boat trailer harness.

IP68

Part No.	Type
N93750BL2	Left and Right with Side Markers & Plugs

NARVA
Narva LED Slimline Submersible Trailer Light Kit with 9m Cable (Model 36)

Model 36 slimline combination lamps, one with and one without an in-built LED licence plate lamp.

- 12V LED stop/tail, direction indicator light with retro reflector.
- Hard-wired with 9m of fully insulated 4-core cable.
- Entry point sealed cables.
- Supplied in a blister pack.

Part No.	Type	Cable Length (m)
N93642TP	Left and Right	9

LED Submersible Trailer Lights - Pair

12V LED lights fully sealed against dust and water sold as a pair.

- 1 x Left and 1x Right (with inbuilt licence plate light) LED stop, tail and indicator lamps with in-built red reflector.

Part No.	Type	Cable Length (mm)
JPW6221	Left & Right	180

LED Submersible Trailer Light Kit

The above submersible LED 12V trailer lights in a kit.

Kit Includes:

- 1x Right LED stop, tail and indicator light with build in licence plate light.
- 1x Left LED stop/tail/indicator light.
- 1x 8m length of cable.
- 3x 7pin plugs (flat, large round and small round).
- Handy carry case.

Part No.
JPW6220

LED Submersible Trailer Lights

Sealed water tight for submersion and sold as a pair, with the right-hand light fitted with a licence plate light.

- Pre-wired 225mm cable for easy do-it-yourself installation.
- Voltage: 12V

Part No.	Type	Cable Length (mm)
JPW6217	Left and Right	225

LED Submersible Trailer Lights

LED submersible 12V trailer lights feature stop/tail and indicator light. ECE approved A-14196 and complies with ADR.

- In-built LED number plate lamp in both.
- Pre-wired 200mm cable.

Part No.	Type
JPW6215	Left
JPW6216	Right

ARK LED Slimline Submersible Trailer Light Kit

Stop/tail, indicator, in-built reflector with licence plate lamp included on right side.

- Includes pre-wired cable and mounting screws.
- Polycarbonate lens.
- 100,000 hours of operation.
- 100% submersible.

Sherpa Grunter Electric Boat Trailer Winches

A high quality and powerful trailer winch that is fast and strong and delivers high performance from a compact, safe and low maintenance design. The three stage planetary gearbox features high quality cut gears and provides a good balance between speed, pulling power and balancing amperage draw.

- 6.6HP series wound heavy duty motor.
- Genuine Albright solenoid electrics.
- Power in, power out and free spool.
- 316 stainless steel fittings, cross members and drum.
- Electronic brake design ensures positive engagement.
- High speed for faster recoveries.
- Waterproof hoist style wired hand remote.
- Voltage: 12V (24V available on request).

Supplied with webbing strap and snap hook.

JPW6459
Optional 'Plug n Play' wireless remote kit

JPW6457	4,500	50mm x 10m
JPW6485	9,000	50mm x 10m

Runva Electric Trailer Winch 11XS **Runva**

A compact winch that ticks all the boxes with a massive line pull capacity, reliable and powerful 6.7HP motor, and three stage planetary gearbox. Ideal for boat trailers, tippers, car trailers, chippers, 4X4 use and much more, it can handle even the toughest jobs.

- Small compact model.
- Ratchet brake in gearbox.
- Stainless steel rotary clutch.
- Includes handheld & wireless remote control.
- Ideal for large trailers - boat & car.
- Voltage: 12V

Supplied with synthetic rope

Part No.	Capacity (kg)	Gear Ratio	Rope Size
JPW6455	4,990	228:1	10mm x 15m

Runva Electric Trailer Winch 4.5X **Runva**

The Runva 4.5X is perfect for a wide variety of applications including trailers such as car, tipper, boat and MUCH more. This winch is small, compact, light and portable thanks to the 2" hitch mounting system included as standard.

- Super compact model.
- Includes handheld remote control.
- Ideal for trailers - boat & car.
- Voltage: 12V

Supplied with synthetic rope

JPW6454
Optional wireless remote kit

Part No.	Capacity (kg)	Gear Ratio	Rope Size
JPW6456	2,041	172:1	6mm x 15m

Powerwinch 712 Electric Trailer Winch - Power-In / Freewheel-Out

The 712 Trailer Winch offers power-in/freewheel-out action which means the electric motor pulls the boat onto the trailer yet has a clutch release to allow gravity to float it into the water with ease. Additionally, you can also use a pulley or block at the bow eye to double your pulling power.

- Max. boat weight: 3400kg (7,500 lbs).
- Vertical lift capacity of 1088kg (2400 lbs) (single line) or double pull/line capacity 1950kg (4300 lbs). - Not to be used as a hoist.

Features:

- Power-in / freewheel-out operation.
- Pulley block for double line applications.
- Line speed 14 FPM.
- 12 volt operating power.
- 5.5mm x 12m (7/32" x 40') cable.
- Manual hand crank.
- 60 amp standard wiring harness.

Part No.	Model	Suggested Boat Size
JPW6461	712 Powerwinch	5-7m (17-23ft) or 3400kg

* Boat size and weight is approximate and varies depending on boat type. When calculating boat weight, use the fully loaded weight that includes boat, motor, fuel, water, gear etc.

(Dimensions in mm)

Powerwinch 712 Trailer Winch - Exploded Diagram

Powerwinch

Parts marked with * are not used on the 712 model.

Powerwinch 912 Electric Trailer Winch - Power-In / Freewheel-Out

The 912 Trailer Winch offers power-in/freewheel-out action which means the electric motor pulls the boat onto the trailer yet has a clutch release to allow gravity to float it into the water with ease. Additionally, you can also use a pulley or block at the bow eye to double your pulling power.

- Max. boat weight: 5216kg (11,500 lbs).
- Vertical lift capacity of 1815kg (4000 lb) single line, or double pull/line capacity 3400kg (7500 lbs) - Not to be considered or used as a hoist.

Features:

- Power-in/freewheel-out operation.
- Pulley block for double line applications.
- Line speed 8 FPM.
- 12 volt operating power.
- 5.5mm x 12m (7/32" x 40') cable.
- Manual hand crank.
- 60 amp standard wiring harness.

Part No.	Model	Suggested Boat Size
JPW6462	912 Powerwinch	7-9m (23-30ft) or 5200kg

* Boat size and weight is approximate and varies depending on boat type. When calculating boat weight, use the fully loaded weight that includes boat, motor, fuel, water, gear etc.

Powerwinch 912 Trailer Winch - Exploded Diagram

Powerwinch

Parts marked with * are not used on the 712 model.

Powerwinch 915 Electric Trailer Winch - Power-In / Power-Out

The 915 12V power-in/power-out allows you to both raise or lower your boat with the electric motor, offering a smoother, more controlled feel. This electric winch also comes complete with a 10' remote control cord and switch. Additionally, you can also use a pulley or block at the bow eye to double your pulling power.

- Max. boat weight: 4309kg (9500 lbs).
- Vertical lift capacity of 1450kg (3200 lbs), double line capacity of 3400kg (7500 lbs) - Not to be used as a hoist.

Features:

- Power-in / power-out control.
- Line speed 10 FPM.
- 12 volt operating power.
- 10' remote control cord and switch.
- 5.5mm x 12m (7/32" x 40') cable.
- Manual hand crank.
- Pulley block for double-line applications.
- 60 amp standard wiring harness.

Powerwinch 915 Trailer Winch - Exploded Diagram

Powerwinch

Powerwinch RC23 Trailer Winch - Power-In with Wireless Remote and Light

The RC23 Trailer Winch has the added convenience of a light enclosed in the trailer winch casing to assist at night. You can also enjoy the luxury of effortless trailer loading with the use of the wireless remote control. Also includes wiring harnesses and all hardware necessary for installation, plus an emergency crank that stores conveniently in its cover.

- Max. boat weight: 3400kg (7,500 lbs).
- Vertical lift capacity of 1088kg (2400 lb) single line, or double pull/line capacity 1950kg (4300 lbs) - Not to be considered or used as a hoist.

Features:

- Wireless remote operated.
- In-built light for low light use.
- Remote power-in/freewheel-out operation.
- Manual override on back of winch.
- Pulley block for double line applications.
- Line speed 14 FPM.
- 12 volt operating power.
- 5.5mm x 12m (7/32" x 40') cable.
- Manual hand crank.
- 60 amp standard wiring harness.

Atlantic Electric Trailer Winches

The Cadet & Haul-It Electric Winches are compact and budget-friendly trailer winches that deliver a powerful performance for their size. Easy to install and operate, these entry-level winches are perfect for small to medium sized boats where a reliable pulling force is needed.

- Corrosion resistant plastic housing protects winch.
- Wired remote switch with 3m lead.
- Mounting bracket for tow ball mount.
- Convenient carrying handle.
- Emergency crank handle and adjustable clutch.
- Tested by NATA accredited laboratory.
- 1.3m per minute line speed.
- Voltage: 12V
- Amps: 25A
- Wattage: (JPW6792 / JPW6793) 300W
(JPW6794) 350W
- **JPW6688:** Winch mounting bolts (pack of 3) sold separately.

Supplied with heavy gauge steel cable and snap hook.

Trailer Winch - Dual Way

Manual winch made from steel with an EDC corrosion-resistant coat.

- Triple pawl gear for forward, neutral and reverse operation.
- Handle bolts onto main shaft.
- Winch cable sold separately.

Part No.	Load Capacity (kg)	Gear Ratio	Base Size (mm)
JPW6473	545	4:1	140 x 90

Atlantic Manual Trailer Winch Handle

Removable hex handle suitable for multi-speed marine winches.

Part No.
JPW6502

Trailer Winch Handle - Black

Black EDC coated steel handle suits popular winches.

- Moulded plastic handle grip.
- 22mm hex head internal slot.

Part No.	Length (mm)
JPW6501	215

ARK Trailer Winch Handle - Snap-On

Rust-resistant, magnetic handle with soft handle grip; ideal when changing gears.

Part No.	Suits ARK Winches
JPW6499	JPW6488 / JPW6489

Trailer Winch Handle Pocket

White PVC pocket for winch handles and knives storage.

- Mount with screws or a strap.

Part No.	Dimensions W x H (mm)
JPW6503	70 x 254

Dyneema Winch Ropes

Available in three sizes to handle loads of up to 3500kg.

- Includes stainless steel 'S' hook or a galvanised snap hook.

Part No.	Hook Type	Rope Dia. (mm)	Rope Length (m)	Breaking Strain (kg)
JPW6512	'S' Hook	4	6	1300
JPW6513	Snap Hook	5	6	2300
JPW6514	Snap Hook	6	7.5	3500

Trailer Winch Ropes - Spectra

Made from super strong, low stretch, UV-resistant Spectra rope with heat shrink-covered spliced ends.

- Available with stainless steel 'S' hook or corrosion-resistant snap hook.

*Breaking strain is for rope only and not hook or splice.

Part No.	Hook Type	Rope Dia. (mm)	Rope Length (m)	Breaking Strain (kg)
JPW6520	'S' Hook	5	5	1500
JPW6521	'S' Hook	5	6	1500
JPW6522	'S' Hook	7	6	3000
JPW6523	Snap Hook	7	7	3000
JPW6524	Snap Hook	7	8	3000
JPW6525	Snap Hook	7	9	3000
JPW6526	Snap Hook	8	12	4000

Trailer Winch Cables - Galvanised

Galvanised steel cable suitable for use with manual trailer winches.

- Includes 8mm stainless steel 'S' hook.

Part No.	Hook Type	Cable Dia. (mm)	Length (m)	Approx Boat Length (m)
JPW6504	'S' Hook	4	4.5	3
JPW6507	'S' Hook	4	5	3.5
JPW6508	'S' Hook	4	6	4.5
JPW6505	'S' Hook	5	6	4.5

Trailer Winch Webbing Straps - Polyester

Polyester webbing reels into the drum evenly, making it easier to use than wire cable.

- Two pop rivets to connect the webbing to the winch drum.
- Supplied with stainless steel 'S' hook or snap hook.

Part No.	Hook Type	Width (mm)	Rope Length (m)	Pulling Capacity (kg)
JPW6624	'S' hook	50	4.3	350
JPW6625	Snap Hook	50	6	550
JPW6626	Snap Hook	50	7.5	550
JPW6627	Snap Hook	50	7	1000

Trailer Winch Webbing Straps - Nylon

50mm nylon webbing with corrosion-resistant snap hook or stainless steel 'S' hook.

- Supplied with a fastening bolt to connect webbing to winch drum.

Part No.	Hook Type	Width (mm)	Length (m)
JPW6531	Snap Hook	50	6
JPW6532	Snap Hook	50	7
JPW6534	Snap Hook	50	4.3
JPW6536	'S' Hook	50	4.3

Wobble Rollers - 22mm Bore

Non-marking, wide profile polyurethane wobble rollers.

- Suitable for aluminium or fibreglass hulls.

Part No.	Colour	Dimensions (mm)			
		A	B	C	D
JPW6684	Grey / Black	73	112	22	14
JPW6685	Blue / White	73	112	22	14
JPW6686	Black	73	112	22	14

Wobble Rollers - 26mm Bore

Hard wearing, non-marking polyurethane wobble rollers.

- Suitable for aluminium or fibreglass hulls.

Part No.	Colour	Dimensions (mm)			
		A	B	C	D
JPW6652	Red / Black	72	110	26	15
JPW6665	Blue / Black	72	110	26	15
JPW6674	Grey / Black	72	110	26	15

Heavy Duty Wobble Rollers - 22mm Bore

Heavy duty, hard wearing, non-marking polyurethane wobble rollers.

- Suitable for aluminium or fibreglass hulls.

Part No.	Colour	Dimensions (mm)			
		A	B	C	D
JPW6667	Red / Black	73	110	22	14
JPW6650	Blue / White	73	125	22	35

Glossy Wobble Rollers - 26mm Bore

Heavy duty, hard wearing, non-marking polyurethane wobble rollers with glossy finish.

- Suitable for aluminium or fibreglass hulls.

Part No.	Colour	Dimensions (mm)			
		A	B	C	D
JPW6663	Red / Black	73	110	26	14
JPW6666	Blue / Black	73	110	26	14

Heavy-Duty Wobble Roller - 26mm Bore

Heavy duty, hard wearing, non-marking polyurethane wobble roller.

- Suitable for aluminium or fibreglass hulls.

Part No.	Colour	Dimensions (mm)			
		A	B	C	D
JPW6684	Blue / White	73	125	26	35

Rollers - Rubber

Black rubber rollers are UV-stabilised, bushed and suitable for fibreglass hulls.

Part No.	Type	Dimensions (mm)				
		A	B	C	D	E
JPW6651	6" Deep V Keel	150	90	17	40	38
JPW6653	6" Sydney Keel	150	60	17	62	38

Boat Roller Washers and Split Pins - Stainless Steel

Pack of six stainless steel washers with split pins.

- Suits 16mm to 18mm spindle.

Part No.	Pack
JPW6700	6x washers & 6x pins

R-Clips - Stainless Steel

316 grade stainless steel trailer hair pins.

Part No.	Dimensions (mm)		
	A	B	C
JPW4680	48	15	2.0
JPW4681	54	16	2.5
JPW4682	60	21.5	3.0

End Cap Rollers - Polyethylene

Hard wearing and non-marking high density polyethylene (HDPE) end cap rollers.

- Suitable for aluminium hulls.

Part No.	Colour	Dimensions (mm)			
		A	B	C	D
JPW6668	Red	70	40	28	13
JPW6680	Blue	70	40	28	13

Smooth Trailer Bunks - Straight

Hard durable UV-stabilised, high density polyethylene bunk with excellent slip properties.

- Use as an alternative or in addition to trailer rollers.
- Suitable for fibreglass and aluminium hulls.

Part No.	Colour	Dimensions (mm)		
		A	B	C
JPW6758	Blue	3000	40	70
JPW6759	Red	3000	40	70

Smooth Trailer Bunks with Bend

Hard durable UV-stabilised, high density polyethylene bunk with a 45° angled bend on one end.

Follows the curvature of the trailer and natural movement of launching and retrieving.

- Use as an alternative or in addition to trailer rollers.
- Suitable for fibreglass and aluminium hulls.

Part No.	Colour	Dimensions (mm)		
		A	B	C
JPW6760	Blue	1500	40	70
JPW6756	Blue	3000	40	70

Trailer Skids - Plain

Durable low density polyethylene skid designed to wear, rather than marking the surface of the boat. For use on boat or jet ski trailers.

- An alternative to trailer rollers.
- Suitable for fibreglass and aluminium hulls.

Part No.	Colour	Dimensions (mm)		
		A	B	C
JPW6763	Blue	3000	50	15
JPW6764	Red	3000	50	15
JPW6765	Blue	1500	50	15
JPW6766	Red	1500	50	15

Trailer Skids - Heavy Duty Plain

Smooth trailer skid made from durable high density polyethylene.

- Thick heavy duty strip.
- Sleek and non-marking form.
- Use as an alternative or in addition to trailer rollers.
- Suitable for fibreglass and aluminium hulls.

Part No.	Colour	Dimensions (mm)		
		A	B	C
JPW6749	Black	3000	57	16
JPW6750	Blue	3000	57	16
JPW6751	Red	3000	57	16

Trailer Skids with Groove

Hard durable UV-stabilised high density polyethylene skids. Excellent slip properties for use on boat trailers.

- Grooved skids allow easy installation without the need to counter sink fixings.
- Suitable for fibreglass and aluminium hulls.

Part No.	Colour	Dimensions (mm)		
		A	B	C
JPW6753	Blue	3000	50	12
JPW6754	Red	3000	50	12

Trailer Skid with Groove - Heavy Duty

Hard durable UV-stabilised high density polyethylene skid.

- Thicker, heavy duty strip with rounded groove.
- Easy installation without the need to counter sink fixings.
- Suitable for fibreglass and aluminium hulls.

Part No.	Colour	Dimensions (mm)		
		A	B	C
JPW6768	Black	3000	57	16

Trailer Plank C Section

Hard durable UV-stabilised, high density polyethylene bunk with excellent slip properties.

- Use as an alternative or in addition to trailer rollers.
- Suitable for fibreglass and aluminium hulls.

Part No.	Colour	Dimensions (mm)		
		A	B	C
JPW6761	Blue	3000	52	52

BIGVEE Bow Stopper

Replaces basic narrow bow stoppers that have limited or no guiding ability. Solid metal frame with strong centre bolt will never bend, even with high boat impacts.

- Made from galvanised steel with protective polyurethane covering.
- Includes secondary lock system to prevent rotating.
- Bow guiding range: 375mm
- Suits trailers that have bow stoppers spacings 75 - 120mm.
- Supplied with spacer rings & high-tensile bolts.

Part No.
JPW6451

Boatcatch Trailer Boat Retrieval System

Easy to use boat retrieval system, designed to streamline the process for one or two individuals.

- Universal mounting bracket.
- Fits almost any boat & trailer.
- Made from 100% 316-grade stainless steel.
- Only three moving parts.
- Kit includes mounts, bolts and other required hardware.

Part No.	Type	Suits Boat Length (m)	Boat Weight on water (kg)
JPW6448	Small	4 - 5.9	300 - 1500
JPW6449	Large	6 - 10	up to 8,000

Bow Wedges

Heavy duty black rubber and polyurethane trailer V-wedges.

- Suitable for aluminium or fibreglass hulls.

Part No.	Colour	Dimensions (mm)					
		A	B	C	D	E	F
JPW6909	Black	55	52	80	85	36	13

JPW6545	Replacement Top Roller End Cap	
JPW6546	Replacement Main Roller	

Standard Jockey Wheels with Fixed Clamp

An affordable jockey wheel, with zinc finish, a hard-wearing solid rubber wheel and fixed bolt on / weld on clamp kit.

- 250mm maximum height extension.
- Replaceable winding handle.
- Quality zinc plating.
- Solid rubber tyre.
- Load capacity 350kg.

Part No.	Clamp Type	Wheel Size (mm)	Rim Type
JPW6550	Bolt / Weld Fixed	150	Nylon
JPW6553	Bolt / Weld Fixed	250	Steel
JPW6565	Spare 150mm Nylon Rim Wheel		
JPW6566	Spare 250mm Steel Rim Wheel		

Standard Jockey Wheels with Swivel Clamp

The jockey wheel of choice by most trailer manufacturers. Hard-wearing, solid rubber wheel makes it easy to move on firm surfaces.

- Two clamp attachment types available.
- Replaceable winding handle.
- Load capacity 350kg.
- Quality zinc plating.
- 250mm maximum height extension.
- Solid rubber tyre.

Part No.	Clamp Type	Wheel Size (mm)	Rim Type
JPW6554	Bolt / Weld Swivel	250	Steel
JPW6555	U-Bolt Swivel	250	Steel
JPW6566	Spare 250mm Steel Rim Wheel		

Premium Jockey Wheels with Swivel Clamp

Quality zinc-plated jockey wheels suitable for all on-road, off-road and marine uses. Easy-tilt swivel system clamp handle and Sunraysia powder coated steel rims.

- Two clamp attachment types available.
- Low-profile solid rubber tyre.
- Sealed ball bearings.
- Fold away winding handle.
- Load capacity 350kg.
- Extension 250mm.

Part No.	Clamp Type	Wheel Size (mm)	Rim Type
JPW6547	Bolt / Weld Swivel	200	Steel
JPW6548	U-Bolt Swivel	200	Steel
JPW6563	Spare 200mm Powder-coated Steel Rim Wheel		

Extreme Off-Road "XO" Jockey Wheels

The toughest, most advanced and versatile jockey wheel in Australia.

- Highly manoeuvrable trailing yoke design.
- Heavy duty swivel clamp with mounting hardware.
- Dual wheel with sealed bearings and off road tread.
- Magnetic, removable, side-winding handle.
- Sunraysia powder coated steel rims.
- Heavy duty body with rust resistant finish.
- Four adjustable height positions.
- Easy-pivot trailing yoke design.

Part No.	Weight Rating (kg)	Height Min to Max (mm)	Wheel Size (mm)
JPW6558	350	245 - 550	2 x 150
JPW6559	500	285 - 710	2 x 200
JPW6549	750	285 - 710	2 x 200
JPW6563	Spare 200mm Powder-coated Steel Rim Wheel		

Pneumatic Jockey Wheel with Swivel Clamp

Designed for launching and manoeuvring on sand and other similar soft ground. Features a large inflatable heavy-tread rubber wheel to cope with difficult ground conditions.

- Large inflatable heavy-tread wheel.
- 250mm maximum height extension.
- Bolt-on/weld-on swivel clamp.
- Load capacity 350kg.

Part No.	Clamp Type	Wheel Size (mm)	Rim Type
JPW6556	Bolt / Weld Swivel	250	Steel
JPW6567	Spare 250mm Pneumatic Steel Rim Wheel		
JPW6568	Spare Inner Tube suit 250mm Pneumatic Wheel		

Replacement Trailer Jockey Wheel Handle

For ARK Standard and Ezi-Mover Ratchet jockey wheels.

- Zinc-plated finish.

Part No.	Suits Jockey Wheels
JPW6551	JPW6550, JPW6553, JPW6554, JPW6556 & JPW6557

Replacement Snap-on Handle for XO Jockey Wheels

For ARK Extreme Off-Road "XO" jockey wheels.

- Rust-resistant magnetic snap-on handle with soft grip.

Part No.	Suits Jockey Wheels
JPW6551	JPW6549 / JPW6558 / JPW6559

Ezi-Mover Ratchet Jockey Wheel with Fixed Clamp

Capable of manoeuvring caravans, horse floats or trailers weighing up to 2 tonnes on an even surface with minimum effort.

- 4 Functions: forward, reverse, neutral, stop/lock.
- Lever ratchet action handle 810mm long.
- 250mm maximum height extension.
- Fixed bolt on / weld on clamp kit.
- Replaceable winding handle.
- Solid rubber tyre.
- Quality zinc plating.
- Load capacity: 350kg

Part No.	Wheel Size (mm)
JPW6557	250

Trailer Jockey Wheel Fixed Clamp

Replacement fixed clamp bracket for ARK jockey wheels. Allows for one wheel to be used on multiple trailers.

- Fixed bolt-on/weld-on type with 2 mount holes.
- Zinc-plated finish.

Part No.	Load Capacity (kg)
JPW6560	350

Jockey Wheel U Bolts

Jockey wheel 'U' bolts.

- Galvanised.
- Supplied in pairs / includes nuts.

Part No.	Dimensions (mm)				
	Width (I.D.)	Length (I.D.)	Thread Length	Thread Dia.	Suit Trailer Drawbar
JPW6254	50-55	70	45	12	50 x 50
JPW6255	75-80	70	45	12	75 x 50
JPW6256	100-105	70	45	12	100 x 50

Trailer Jockey Wheel Swivel Clamp

Replacement swivel clamp bracket for ARK jockey wheels.

- Swivel bolt-on/weld-on type with 2 mount holes.
- Zinc-plated finish.

Part No.	Load Capacity (kg)
JPW6569	350

Over Boat Ratchet Light Duty - Coated 'S' Hooks

Light duty ratchet has a handy rubber grip for extra comfort while operating. The webbing strap is a good thickness for durability, making this an excellent all-rounder, general use tie down.

- Plastic-coated 'S' hooks on both ends.
- Sold individually.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6583	25	4.5	350

Over Boat Ratchet Medium Duty - Coated 'S' Hooks

Excellent all-rounder for mid-sized applications (tradies, couriers, etc), this webbing strap offers durability and strength.

- Plastic-coated 'S' hooks at both ends.
- Sold individually.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6586	50	6	600

Over Boat Ratchet Light Duty - Stainless Steel 'S' Hooks

Light duty ratchet strap with marine 304-grade stainless steel 'S' hooks. The webbing strap is a good thickness for durability.

- Ideal for use with smaller tinnies.
- Sold individually.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6580	25	4.5	200

Over Boat Ratchet Medium Duty - Coated 'S' Hooks

JUST STRAPS

Designed for any mid sized boat with large plastic-coated 'S' hooks on both ends for scratch resistance and hook protection.

- Most popular ratchet strap for its size.
- Sold individually.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6614	50	5.5	550

Over Boat Ratchet Light Duty - Coated 'S' Hooks

JUST STRAPS

General purpose ratchet strap, ideally suited for small tinnies.

- Plastic-coated 'S' hooks at both ends for scratch resistance and hook protection.
- Australian made quality.
- Sold individually.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6613	25	4.3	250

Over Boat Ratchet Medium Duty - Stainless Steel 'J' Hook

JUST STRAPS

Popular over boat tie down with a unique 304-grade stainless steel swivel 'J' hook ratchet, with 'S' hook on strap end.

- Suits mid-sized boats.
- Sold individually.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6607	50	5.5	550

Over Boat Ratchet Light Duty - Stainless Steel 'S' Hooks

JUST STRAPS

This light duty and good quality strap suited for small tinnies and inflatable boats.

- Similar style to JPW6613, but with a 304-grade stainless steel ratchet and 'S' hooks.
- Sold individually.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6609	25	4.3	250

Over Boat Centre Ratchet Heavy Duty - Coated 'S' Hooks

JUST STRAPS

Heavy duty polyester webbing over boat tie downs with adjustable stainless steel centre buckle with a spring-loaded lock.

- PVC-coated 'S' hooks on each end.
- Sold individually.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6620	45	5.5	550

Transom Ratchet Light Duty - Coated 'S' Hooks

An excellent all-rounder general use tie down for over the transom. Features a rubber handle grip for operator comfort and thick webbing strap for reliable durability.

- Plastic-coated 'S' hooks.
- Suitable for small tinnies.
- Supplied as a pair.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6584	25	1.5	350

Transom Ratchet Light Duty - Stainless Steel 'S' Hooks

This pair of ratchet straps with marine 304-grade stainless steel 'S' hooks, is suitable for use on the rear of a small tinnie.

- Durable polyester webbing strap.
- Supplied as a pair.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6581	25	1.5	200

Transom Ratchet Medium Duty - Coated 'S' Hooks

Easy to operate over lever buckle is a great alternative to the over boat ratchet strap. The webbing offers stability over the transom.

- Plastic-coated 'S' hooks.
- Excellent for strapping down small to medium tinnies.
- Supplied as a pair.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6582	50	1.6	200

Transom Ratchet Heavy Duty - Stainless Steel 'J' Hooks

Heavy duty 304-grade stainless steel ratchet with unique swivel 'J' hook. Ideal for mid size boats and most popular for its size.

- Supplied as a pair.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6615	25	1.5	350

Tie Down Light Duty - Side Release Buckle

JUST STRAPS

For use as a lightweight restraining strap for roof racks, with a side-release buckle.

- General purpose strap for small articles (surfboards, etc).
- Supplied as a pair.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6610	25	2.5	50

Tie Downs Medium Duty - Cam Buckle

Easy-to-use metal die-cast cam buckle that's great for any small application as a universal strap.

- Polyester webbing for superior strength and durability.
- Supplied as a pair.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6587	25	1.2	100
JPW6588	25	2.5	100
JPW6589	25	3.5	100

Tie Down Medium Duty - Cam Buckle

JUST STRAPS

These medium weight roof rack straps are made from polyester webbing for superior durability and are excellent for just about any use.

- Versatile and easy to use.
- Die-cast alloy medium duty buckle.
- Supplied as a pair.

Part No.	Width (mm)	Length (m)	Lashing Capacity (kg)
JPW6612	25	3.5	75

Heavy Duty Rubber Tie Down Straps

Black natural rubber straps with high stretch (70-80%) and durability.

- Supplied complete with zinc-plated hooks and 'warning' stickers.

Part No.	Width (mm)	Length (mm)

JPW6382	20	530
JPW6383	20	780

Trailer Coupling Lock

Heavy duty two position locking system. Secures the coupling to both a stand alone trailer or when attached to vehicle.

- Black powder coated steel.
- Supplied with padlock.

Part No.	Dimensions L x W x H (mm)
JPW6260	50 x 150 x 205

Trailer Tow Balls

Heavy duty solid tow balls made from forged steel to Australian standards.

- Ball Diameter: 50mm (2")
- Shaft Length: 51mm

JPW6250

JPW6251

Part No.	Type	Shaft Dia.	Towing Capacity
JPW6250	Chrome Plated	7/8"	3500kg
JPW6251	Black	1"	2270kg

Trailer Wheel Bearing Protectors

Constant lubricating bearing caps with spring-loaded centre mechanism that continually supplies grease to the inner hub and bearings.

JPW6570

JPW6572

Part No.	Includes Dust Cap	Diameter (mm)	Length (mm)
JPW6570	No	45.2	53
JPW6572	Yes	45.2	53

Trailer Stone Guards

Protect your boat from stones and other road debris when being towed.

- Two panels with adjustable ø25mm stainless steel framework.
- Heavy duty PVC mesh with #10 surround zipper.
- Secure with included 8x U Bolts and quality webbing straps.

Part No.	Panel Width (mm)	Panel Height (mm)
JPW11295	1520	900
JPW11296	1870	1000

Wheel Bearing Protectors / Dust Cover

To protect lubricating bearing caps when engaged with inner hub and bearings. For 5 1/2" and 6" disc, 9" and 10" hubs.

- Suits all hubs with LM series bearings.
- Black PVC or zinc-plated.

JPW6571

JPW6577

Part No.	Type
JPW6571	Black PVC
JPW6577	Zinc-Plated

Wheel Bearing Kits

The complete kit includes a marine-grade waterproof seal and stainless steel housing, small and large bearings and split pin to suit trailer axle.

- **JPW6573:** Suits 39mm round and 40mm square trailer axle.
- **JPW6574:** Suits 45mm square trailer axle.

Part No.	Make	Small Bearing Cone Dia (mm)	Large Bearing Cone Dia (mm)
JPW6573	Holden	19	44.5
JPW6574	Ford	22.2	35

Outboard Motor Support Bracket

Heavy gauge plated steel tubing with shock absorbing spring coil.

- U-end hooks over the trailer chassis and the V-end supports the motor leg.
- EDC finish for rust resistance.
- Rubber securing strap with hooks.

Shock absorbing support

Part No.	Adjustable Length (mm)	Motor Power
JPW6438	510 - 770	Up to 150

ARK Trailer Rescue Kit

Carry a complete greased hub or disc hub assembly along with your spare wheel.

- Can be mounted on winch post or draw bar
- Easy to mount, multiple mounting positions
- Includes all components, U-bolts, nuts, washers etc

Part No.	Suits
JPW6247	Ford
JPW6248	Holden

Atlantic Spare Wheel Mount

Made from heavy-duty alloy or galvanised steel and finished in a long lasting Dacromet® anti-corrosion coating.

- Fully adjustable universal mounting.
- Low maintenance & easy to install.
- Easy access to spare wheel.
- Anti-theft locking bracket.
- Includes padlock and 2 keys.

JPW6730

Servicing Inflatable Jackets

All AXIS Jackets can be returned for service requirements.

- All freight costs will be at jacket owner's expense.
- **JPW7570** - Plastic service tag used to keep track of service schedules for inflatable jackets used in commercial environments.

Part No.	Type
JPW7569	Full Service (excluding parts)
JPW7570	Inflatable Jacket Commercial Service Tag

Standard Block Level 100 Jackets - Adult and Junior

Block jacket that is split at the front and head hole for easy donning.

- Multi-fit adult or junior size.
- Nylon outer fabric with closed cell foam inner flotation.
- Reflective tape whistle and webbing belt with snap-lock buckle.
- Child range fitted with crotch straps to ensure the child does not fall through.
- Meets AS4758 Australian Standards.

Part No.	Size	Weight Range (kg)
JPW7401	Adult Multi-fit	40 - 70+
JPW7402	Junior	15 - 40

Coastal Level 150 Life Jackets

Approved for use in coastal waters on commercial vessels. Suitable for adults 40kg and over. Square design for compact storage.

- Closed cell foam encased in a tough nylon rescue orange material for good buoyancy and better visibility.
- Includes pea-less whistle, reflective tape, light attachment point and securing straps.
- Uniform Shipping Law compliant for use nationally.
- Meets AS4758 Australian Standards.

Part No.	Size	Weight Range (kg)
JPW7400	Adult Multi-fit	40 - 70+

BAMBINO Level 100 Foam Child Jackets

For children between 1-4 years. Comfortable and snug fit with a large buoyant collar, reflective patches and a lifting handle plus two 25mm straps to keep the child secure.

- Wide neoprene crutch support prevents the child from falling out of the jacket.
- Meets AS4758 Australian Standards.

Part No.	Size	Weight Range (kg)
JPW7405	XXS Child	5-10
JPW7403	XS Child	10-15
JPW7404	S Child	15-25

SEAMASTER Level 100 Foam Jackets

Internal EPA foam and nylon material outer shell for lightweight comfort.

- Child range fitted with crotch straps to ensure the child does not fall through.
- Meets AS4758 Australian Standards.

JPW7568

Re-Charge Cylinder Kits for HAMMAR Inflatable Life Jackets

Re-arming kits will fit all automatic jackets that use the HAMMAR MA-1 type (hydrostatic) inflator.

Part No.	Description
JPW7558	Recharge Kit with 33g gas cylinder
JPW7559	Recharge Kit with 38g gas cylinder
JPW7560	Recharge Kit with 60g gas cylinder

Safety Whistle

Plastic pea-less whistle in orange safety colour, complete with jacket attachment clip and hole for a lanyard.

Part No.
JPW1117

Safety Line 8mm x 30m

Easy to use safety line bag, 30m long PE braided line with plastic handle. All components float and are brightly coloured for easy lifesaving.

- Enclosed counterweight to assist with throwing.
- Compact to take with you anywhere.

Part No.
JPW1118

Bracket for Safety Line

Stainless steel bracket only for Safety Line above with an adjustable rail mount.

- Suits rail diameters 18mm to 27mm.
- Four different mounting angles.

Part No.
JPW1119

Life Jacket Light SOLAS

Suitable for all lifejackets - automatically activates when the sensor makes contact with water. SOLAS approved 0474/11.

- Can be activated manually.
- Oral tube mount bracket supplied.

Part No.	Dimensions L x W x H (mm)
JPW7486	45 x 19 x 31

Sirius Signal EVDS SOS Distress Light

Powered by a high-performance, programmable microprocessor controlling an SOS flash pattern signal flashed through an even brighter and more potent LED

- Approved to WA Standards (meets regulation 52B).
- Light intensity: > 75cd.
- Switch design: self-cleaning twist-on
- Visible up to 10 nautical miles.
- Includes daytime distress flag & whistle.

NEW 2024

Part No.	Size (mm)
JPW11020	215 x 100

SOLAS Water Activated Lifebuoy Light

A lithium battery-powered man overboard emergency lifebuoy light. Automatically activated when dropped into water and will flip upwards, outputting a flashing white light for at least 24hrs.

- Fire-resistant, oil-resistant, mould-proof, corrosion-proof and water-proof.
- Far exceeds SOLAS requirements.
- Installation clip included.
- Light intensity: > 2cd.
- Floats.

NEW 2023

Part No.	Size (mm)
JPW11022	124 x 90

Mini SOLAS Water Activated Lifebuoy Light

An alkaline battery-powered man overboard emergency light to be installed onto a lifebuoy. It has the features as the standard model above, but is more compact and lightweight.

- Twist to "AUTO" for gravity and water sensors double activation.
- Installation clip included.

NEW 2023

Part No.	Size (mm)
JPW11023	144 x 90

SOLAS Water Activated Life Jacket Light

A lithium battery-powered emergency light to be installed on all kinds of life jackets. Automatically activates when in contact with water and will continue to output a flashing white light for at least 28hours.

- Fire-resistant, oil-resistant, mould-proof, corrosion-proof and water-proof.
- Can manually turn on/off while in water.
- Far exceeds SOLAS requirements.
- Light intensity: Min 0.75cd.
- Floats.

NEW 2023

Part No.	Size (mm)
JPW11024	62 x 28 x 31.5

SOLAS Round Lifebuoys

Foam filled orange plastic lifebuoys with reflective tape and poly rope.

- SOLAS approved for all commercial and pleasure craft in Australian or International waters.
- Heavier 4.3kg weight ring is required for automatic launching on larger ships.

Part No.	Internal Dia (mm)	External Dia (mm)	Weight (kg)
JPW1180	448	720	2.5
JPW1181	448	720	4.3

Horseshoe Lifebuoy

Flexible horseshoe lifebuoy with bright orange PVC zippered cover, closed cell foam inner, webbing traps with snap buckle, reflective tape and whistle.

Part No.	Diameter (mm)
JPW1183	600

Lifebuoy Holder - Rail Mount

316-grade stainless steel holder to suit round or horseshoe lifebuoys, includes rail mount bracket for 22mm and 25mm rails.

- Supplied with retaining cord.

Part No.
JPW4726

Lifebuoy Holder - Hooks

304-grade stainless steel adjustable retaining hook to suit round lifebuoys.

- Simply bend to adjust to desired size.
- Sold as a pair

Part No.
JPW4727

Emergency Cut Off Switch with Lanyard

Kills ignition when the coiled lanyard is pulled.

- Provides a normally 'open' or 'closed' circuit.
- For use with conventional or magneto ignitions.

Part No.
JPW12951

Boat Kill Switch - 10 Keys

Emergency cut-off switch is ideal for safety on the water and comes with coiled lanyard and 10 different keys.

- Kills ignition when lanyard is pulled.
- Swivel snap hook prevents tangles.
- Rust-free stainless steel crimps.

Part No.	Fits Engines
JPW12952	BRP, Johnson, Evinrude, Mercury, Yamaha, Honda, Tohatsu, Nissan, Suzuki and Kawasaki

Fire Extinguishers

Dry powder extinguishers compliant with Australian Standards AS 1841.5.

- Non-toxic and rated suitable for YA regulations.
- Complete with pressure gauge, service record tag and mounting bracket.

Suitable for:

Class A Fires: common combustibles such as wood, cloth, paper, rubber and plastics.

Class B Fires: flammable liquids, oil, solvents, grease, tars, petrol and other oil-based products.

Class E Fires: involve energised electrical equipment such as wiring, machinery equipment and appliances.

Part No.	Contains	Fire Rating
JPW1220	1kg	1A:20B:E
JPW1222	2.5kg	3A:40B:E
JPW1223	4.5kg	4A:80B:E
JPW1224	9kg	6A:80B:E
JPW1226	Bracket to suit 4.5kg Extinguisher	

JPW1226

Cadmium plated steel bracket for mounting 4.5kg fire extinguisher.

Western Australia Offshore Flare Kit

For use in situations more than 5 nautical miles from shore.

- Packaged in a watertight clear bag.
- Includes: 2x Red Parachute Rocket and 2x Orange Hand Smoke.

Part No.

JPW1101

Signal Air Horn 380ml

Using ozone-friendly propellant to provide an outstanding long range of emergency communication (signal up to 1500m).

- No CFC emissions and non-flammable.
- Replacement cans available.

OCEANSOUTH

Part No.

Description

JPW5897

Signal Air Horn with 380ml Canister

JPW5898

Replacement 380ml cannister

LED Waterproof Floating Torch

Similar to a mini "Dolphin" style torch with nine powerful LED's and cloverleaf reflector system for maximum focus and intensity.

- Easy grip handle and recessed push button switch.
- Four AA batteries supplied.

Part No.

Dimensions L x W x H (mm)

JPW11742

145 x 95 x 110

LED Waterproof Morse Signalling Torch

Compact pocket sized, battery-powered LED torch packed in a bright yellow waterproof storage box..

- 100% waterproof and floats.
- 200cd light intensity for over 12 hours.
- Meets ISO18813-2006 standards.
- Includes spare LED and AA battery.
- SOLAS approved.

Part No.

JPW1114

IP67

Nylon wrist strap attached

Galvanised Bucket

Galvanised bucket, can be used as safety equipment for putting out fires or as a bailer.

- Capable of holding 11 litres of liquid.

Part No.

JPW1113

Bailing Scoops

Flexible red plastic bailers with hand grip.

JPW7494	98L	Yellow	750 x 360 x 360
JPW7495	55L	Red	610 x 300 x 300

Waterproof Dry Bags with Adjustable Shoulder Strap

Tough and durable dry bag with roll down top and adjustable nylon shoulder strap, 100% waterproof once sealed correctly.

- Easy to clean - simply wipe with a wet soapy cloth.
- Made from 500 denier quality PVC.
- Colours may vary.

Part No.	Size
JPW5140	5L
JPW5141	10L
JPW5142	15L
JPW5143	20L

Boat Buoyancy Foam (EPE)

Marine Boat Buoyancy Foam, designed for use in boats, is manufactured under strict quality control to ensure a consistent and reliable product. Easy to modify, this foam can be cut with a knife, blade, hack saw, band saw and shaped around any hull fittings, designs and requirements.

- Resistant to fuel (petrol and diesel).
- Water absorption - 0.01ml/cm³
- Good thermal and acoustic properties.
- Sold in a pack of 10 sheets.

*Sold as a pack of 10 sheets equal to 1 cubic metre.
Priced per sheet.*

Part No.	Individual Sheet Dimensions (L x W x H)
JPW10022	2m x 1m x 50mm

Marine Safety Kit Large

Comprehensive kit includes essential equipment and supplies to handle a range of emergencies and promote safe practices on the water.

Kit contains:

- 1x Safety Equipment Bag 55L (Red).
- 4x Offshore 150 MANUAL Inflatable Jackets (Red).
- 2x Two Piece Telescopic Paddle & Bag (450mm-1.07m).
- 1x Fire Extinguisher (10ABE 1kg).
- 1x GME MT600 Epirb 406MHz Manual Activation with GPS.
- 1x Sirius Signal EVDS SOS Distress Light.
- 1x Signal Air Horn Large with 380ml Canister.
- 1x Torch LED Waterproof Morse Signalling.
- 1x Bailing Scoop (Red 2L).

Part No.
SAFE-KIT-0

GME MT600 406MHz EPIRB Manual Activation with GPS

Integrated 66 channel GPS receiver with top mounted Quad helix antenna for better than 100 metre accuracy.

- Compact and lightweight, easy to install on any vessel
- Specially designed quick release mounting bracket.
- The antenna will automatically be deployed on release.
- Ultra high performance solid state strobe.
- 121.5 MHz VHF homing beacon.
- Zero warm-up digital technology.
- Certified by COSPAS-SARSAT for worldwide usage.
- 10 year battery life.
- 6 year warranty.

Part No.	GME Code	Dimensions H x W x D (mm)
JPW88201	MT600G	260 x 102 x 83

GME MT603 406MHz EPIRB Float-Free Activation with GPS

Category 1 EPIRB, this unit will automatically deploy from the supplied 'Float-Free' housing via a hydrostatic release unit at a depth of 1.5m to 4m, with the beacon activating upon contact with water. The EPIRB may also be manually removed from the housing and activated by the user.

- 66 channel GPS receiver.
- Zero warm-up digital technology.
- 48 hours minimum operating time.
- High-intensity, solid state strobe light.
- 121.5MHz VHF homing transmitter.
- COSPAS-SARSAT certified for worldwide operation.
- MEOSAR-ready.
- 6 Year battery life
- 6 year warranty.

Part No.	GME Code	Dimensions H x W x D (mm)
JPW88203	MT603FG	390 x 155 x 110

GME MT610G Emergency Personal Locator Beacon with GPS Locator

A super-compact, lightweight PLB has a 'Non-Hazmat' battery pack for ease of transport. Features include an integrated 72 channel GPS receiver, zero warm-up time and high-intensity LEDs.

- Inherently buoyant - will float in fresh/salt water.
- Easily deployed in an emergency.
- Integrated 72Ch GPS receiver.
- 121.5MHz homing transmitter.
- Cospas-Sarsat certified (Class 2).
- 7 year battery life.
- 6 Year warranty.

Part No.	GME Code	Dimensions H x W x D (mm)
JPW88209	MT610G	88 x 66 x 36

GME GX800 Handheld Marine VHF Radio

Featuring 5/1 Watt switchable transmission power to reduce battery consumption and a rechargeable 1,700 mAh lithium polymer battery.

- Large, bright LCD screen.
- 48 channel GPS receiver.
- 5/1 watt switchable transmission power.
- Programmable scan, dual and tri watch.
- All international marine VHF channels.
- Sealed waterproof design and fully buoyant.
- 8 hour battery life
- 2 year warranty.

Part No.	GME Code	Colour	Dimensions H x W x D (mm)
JPW88252	GX800W	White	153 x 67 x 43

GME GX850 Handheld Marine VHF Radio with DSC and GPS

Same as above with a range of additional safety features including Digital Selective Calling, Man Over Board (MOB) Alert, and a Float and Flash feature.

- On-screen speed display.
- Sealed waterproof design and fully buoyant.
- 2 year warranty.

Part No.	GME Code	Colour	Dimensions H x W x D (mm)
JPW88254	GX850W	White	153 x 67 x 43

Icom Handheld VHF Radio Transceiver Float'n Flash IC-M25EURO

Slim and lightweight with easy to use smart features. When the transceiver is dropped into the water, it will float, flash and alarm. Supplied complete with in-built battery cell, handstrap, AC power adapter, USB cable, belt clip and antenna.

- 550mW audio output.
- AquaQuake™ prevents audio degradation from a water-logged speaker.
- Dual/Tri-watch, favourite channel & 2-step power save functions.
- Instant access to Ch 16 or call channel.
- Large LCD interface with auto backlighting.
- Micro-B USB connector for charging.
- 2 year warranty

Part No.	Dimensions W x H x D (mm)
JPW88635	57 x 134 x 31

Icom VHF Marine Radio Transceiver Compact IC-M330GE

With the same features to the IC-M200, this model features an ultra compact body. Supplied with a handheld microphone, DC power cable, GPS antenna, 5m cable and mounting bracket kit.

- Full Dot-Matrix display and keypad backlighting.
- Built-in GPS receiver with antenna.
- Dimensions (WxHxD): 157 x 67 x 110mm.
- 2 year warranty.

Part No.	Colour
JPW88644	Black
JPW88645	White

Icom Handheld VHF Radio Transceiver Float'n Flash IC-M37E

With the same features to the IC-325EURO above, this slightly larger model features a rechargeable Li-ion battery pack.

- Supplied complete with AC power adapter, battery desktop charger, handstrap, belt clip and antenna.
- 700mW audio output.
- Low battery alert.
- 2 year warranty.

Part No.	Dimensions W x H x D (mm)
JPW88636	60 x 141 x 39

GME GX700 VHF Marine Radio

VHF radio designed to operate in the 156–163 MHz marine band. Compact with a number of enhanced features the GX700 includes a waterproof speaker microphone and cabin cover.

- Dual and tri watch with programmable priority channel.
- 25/1 watt switchable power.
- Rotary squelch control.
- 2x working channel memories.
- Rotating mounting bracket for multiple mounting options.
- 1 year warranty.
- Dimensions (WxHxD): 164 x 65 x 77mm

Part No.	Colour
JPW88246	White
JPW88247	Black

Icom VHF Marine Radio Transceiver IC-M200

Compact, waterproof and featuring a powerful front mount speaker, delivering loud and intelligible audio even in noisy maritime environments.

- Supplied with a handheld microphone, DC power cable and mounting bracket kit.
- AquaQuake™ prevents audio degradation from a water-logged speaker.
- Dual/Tri-watch and favourite channel functions.
- Channel operation with the supplied hand microphone.
- Large LCD interface with 4-step backlighting.
- Voltage: 12V DC.
- Output Power: 25W (high power) 1W (low power).
- 2 year warranty.

Part No.	Dimensions W x H x D (mm)
JPW88641	153 x 67 x 133

GME GX750 Black Box VHF Marine Radio

Compact, modular design with enhanced features including full function LCD controller microphone and user programmable Channel Scanning.

- Dual and tri watch with programmable priority channel.
- Rear microphone input socket for flexible installation.
- 2x working channel memories.
- Waterproof speaker microphone.
- 25/1 watt switchable power.
- 1 year warranty.
- Dimensions (WxHxD): 165 x 65 x 75mm

Part No.	Colour
JPW88250	White
JPW88251	Black

GME GX400 27MHz Marine Radio

A 27 MHz radio that combines both Marine and Citizens Band functions into the one radio. Features a rotating mounting bracket and built to withstand the harshest environments at sea or on land.

- Dual band for both land and marine.
- Channel 88 and priority channel selector keys.
- Channel scanning with memory.
- Large backlit LCD display with dimming function.
- Dual and tri watch.
- Dual speaker (front panel and speaker microphone).
- Remote channel change function on microphone.
- Rotary squelch control.
- 2 year warranty.

Part No.	GME Code	Colour	Dimensions H x W x D (mm)
JPW88210	GX400W	White	65 x 164 x 75

GME GR350BT Marine AM/FM Radio with Bluetooth

Compact marine stereo and multimedia entertainment system with Bluetooth streaming and USB/AUX inputs.

- Built-in AM/FM tuner.
- 4 x 40W speaker outputs.
- Full-color 2.7" TFT LCD display.
- 1 year warranty.
- Dimensions (WxHxD): 110 x 100 x 103mm

Part No.	GME Code	Colour
JPW88318	GR350BTW	White
JPW88319	GR350BTB	Black

GME GR300BT AM/FM Bluetooth Marine Radio

Powerful, yet compact AM/FM radio with Bluetooth audio streaming for wireless pairing with any smart phone or compatible device.

- 4 bands with 4 preset frequency memories per band.
- 2 x 40 watt external speaker outputs.
- Front panel 'monitor' speaker FM stereo reception.
- Large white backlit display with 'dim' feature.
- Built-in clock.
- Over voltage and reverse polarity protection.
- Static discharge protection at antenna input.
- AUX input.
- 1 year warranty.

Part No.	GME Code	Colour	Dimensions H x W x D (mm)
JPW88314	GR300BTW	White	65 x 164 x 70
JPW88315	GR300BTB	Black	65 x 164 x 70

GME Box Speakers

Marine grade UV stabilized, salt spray and fog resistant.

- Includes mounting brackets and hardware.
- Impedance: 4 Ohms
- 3 year warranty.
- Sold in pairs.

Part No.		GME Code	Wattage	Dimensions (mm)
Black	White			
JPW88381	JPW88382	GS320	60W	109 x 96

Aquatic AV Waterproof Marine Stereos

AQUATIC AV®

Play music wirelessly via a Bluetooth enabled smartphone, MP3 device, USB media, or AUX inputs. Listen to local AM and FM radio stations and save your favorite stations with 18 FM and 12 AM presets available. Control up to two external devices, such as amplifiers, deck, or spot lighting directly from the stereo or remote control (Output 12V DC, 3A max).

- 288 Watt Amplifier to power 8 speakers or subwoofers.
- Wireless control connectivity.
- Variable display brightness and clock display.
- Stainless steel mounting hardware.
- 2 Year warranty.

CP1 Gauge Size Stereo

Part No.	Dimensions H x D (mm)
JPW88520	ø 92 x 95.4

CP6 Compact Stereo

Part No.	Dimensions H x W x D (mm)
JPW88521	102 x 157 x 119

MP6 Shallow Mount Stereo

Part No.	Dimensions H x W x D (mm)
JPW88522	65.2 x 210 x 139

Aquatic AV Bluecube6 Hide Away Marine Stereo

AQUATIC AV®

Featuring Halo Aerial Technology for stronger bluetooth signal. Remote control sold separately (JPW88553, JPW88548 or JPW88549).

- Bluetooth Audio enabled.
- 1x Jack auxiliary input.
- 288 Watt Amplifier.
- Bridge mode.
- 2 year warranty.

Part No.	Dimensions H x W x D (mm)
JPW88525	137.5 x 202.5 x 59.5

Aquatic AV DM6+ Digital Media Locker

AQUATIC AV®

Fits most smartphones, simply insert your digital media device, close the door and turn it on. Control your device via the external door controls or remotely, using the fully waterproof, floating 2-way radio frequency remote control.

- 12V Trigger to control an external device.
- 2 year warranty.

Part No.	Dimensions H x W x D (mm)
JPW88527	228 x 178.5 x 92

Aquatic AV Marine Amplifiers

AQUATIC AV®

Delivers outstanding audio quality and volume in the loudest of environments. Digital amplifiers are much more efficient than traditional amplifiers, producing less heat, lowering power consumption, reducing strain on batteries and charging systems, and ideal for ATV and marine installations.

- Digital (Class D) Technology.
- 2 year warranty.

AD600.5 - 5 Channel

- 600W 5-Channel Digital Amplifier.
- Shockwave technology.
- Nickel plated connectors.

Part No.	Dimensions H x W x D (mm)
JPW88531	45.5 x 316.5 x 113

AD600.4 - 4 Channel

- 600W 4-Channel Digital Amplifier.
- Shockwave technology.
- Gold plated connectors.

Part No.	Dimensions H x W x D (mm)
JPW88532	53.6 x 200 x 154

AD300.2 Micro - 2 Channel

- 300W 2-Channel Digital Amplifier.
- High-Pass/Low-Pass cross-over.
- Bridge mode.

Part No.	Dimensions H x W x D (mm)
JPW88533	46 x 166 x 113

Aquatic AV Marine Speakers

These full range, co-axial speakers are top of the line, delivering high-quality sound and a look that doesn't miss a beat. Features a polypropylene cone, ferrite magnets and UV resistant grill and basket material.

- Supplied with stainless steel mounting hardware.
- 2 year warranty.
- Sold in a pair.

Economy Series - 6.5"

- Total power: 160W
- Tweeter: 13mm
- Frequency Response: 83Hz – 20kHz

Part No.	Housing Colour	Dimensions H x D (mm)
JPW88541	White	ø 163 x 52
JPW88542	Black	ø 163 x 52

Elite Series - 6.5"

- Variable RGB LED cone illumination.
- Total power: 240W
- Tweeter: 22mm
- Frequency Response: 55Hz – 20kHz

Part No.	Housing Colour	Dimensions H x D (mm)
JPW88534	White	ø 175 x 66
JPW88535	Black	ø 175 x 66

Pro+ Series - 6.5"

- Variable RGB LED cone illumination.
- Total power: 120W
- Tweeter: 25mm
- Frequency Response: 58Hz – 20kHz

Part No.	Housing Colour	Dimensions H x D (mm)
JPW88536	Black	ø 174 x 59.8

Subwoofer Pro Series 10"

- Blue LED cone illumination.
- Total power: 400W
- Tweeter: 13mm
- Frequency Response: 40Hz – 4kHz

Part No.	Housing Colour	Dimensions H x D (mm)
JPW88539	White	ø 282 x 112.5
JPW88540	Black	ø 282 x 112.5

Aquatic AV SWA6+ Bluetooth and USB Stereo Subwoofer

This combined stereo and subwoofer features FM radio, Bluetooth audio, Halo Aerial Technology, 288W total power, two 12V triggers to control up to two external devices and includes a handheld remote control and charging cable.

- 288 Watt Amplifier to power 8 speakers/subwoofers.
- Halo Aerial Technology for stronger bluetooth signal.
- 8" cone to amplify base.
- Wireless control connectivity.
- 2 year warranty.

Part No.	Dimensions H x W x D (mm)
JPW88529	144.2 x 368.3 x 279.4

Aquatic AV Handheld Remote Control

Wireless remote control with LCD display uses 2-way, Radio Frequency (RF) technology communication, providing a range of over 12m from the receiver.

- JPW88549: Does not include receiver, use with a stereo that already has an integrated receiver.
- Includes USB Charging cable.
- Waterproof and floats.
- 2 year warranty.

JPW88548
Includes RF Receiver

Part No.	Kit Includes
JPW88548	Wireless Remote, USB Charging Cable and RF Receiver
JPW88549	Wireless Remote & USB Charging Cable Only

Aquatic AV WR6 Waterproof Wired Remote Control

AQUATIC AV

Flush mount, high quality wired remote to control the Aquatic AV MP6 shallow mount stereo, CP6 compact stereo, Bluecube6+ stereo and SWA6+ stereo subwoofer. Requires extension cable JPW88564 - sold separately.

- 2-way communication.
- Standard gauge size.
- 2 year warranty.

Part No.	Dimensions H x D (mm)
JPW88553	ø 92 x 53.8

Aquatic AV Remote Extension Cable

AQUATIC AV

- Connect with the WR6 Wired Remote Control.
- High quality, robust, and durable.

Part No.	Length (m)
JPW88564	7.3

Aquatic AV Wiring Harness for Marine Stereos

AQUATIC AV

Designed and built to withstand the harsh conditions associated with use in marine applications.

Part No.
JPW88570

GME Speaker Microphone

White speaker microphone to suit GX700 VHF and GX400 27mhz marine radios.

- Supplied with coiled cable.

Part No.	GME Code	Colour
JPW88259	MC616W	White

Auxiliary Band Splitters

- JPW88229: Allows an AM/FM antenna to receive both AM/FM and DAB+ signals.
- JPW88230: Allows an AM/FM broadcast radio to be connected to either a 27MHz or VHF radio antenna.

Part No.	GME Code
JPW88229	SPL003
JPW88230	SPL002

GME MK008 Flush Mount Bracket

Flush mount kit suits GR300, GX400 and GX700 marine radio systems.

- Minimum area required: 96 x 212mm
- Four 4.5mm countersunk mounting holes.
- Includes mounting template and hardware.

Part No.	GME Code	Colour
JPW88267	MK008W	White
JPW88268	MK008B	Black

GME LE05PL Marine Antenna Extension with PL259 Connector

Marine grade RG58 coaxial cable designed for antenna extension, built to withstand the harsh marine environment.

- Length: 5m

Part No.	GME Code
JPW88424	LE05PL

GME LEO5FME Marine Antenna Extension with FME Connector

Marine grade RG58 coaxial cable designed for antenna extension, built to withstand the harsh marine environment.

- Length: 5m

Part No.	GME Code
JPW88423	LE05FME

GME Gimbal Knob

- Suits GME Radios models: GR200, GR300BT, GX300, GX400, GX600, GX700 and TX4600.

Part No.	GME Code	Colour
JPW88261	CA008	Black

GME AM/FM Antenna Auto Plug

Antenna Auto Plug, a genuine GME accessory, for use with AM/FM antennas.

Part No.	GME Code
JPW88227	AD007

GME Omni Directional TV Antenna

Dual loop active broadband digital TV antenna ensures quality reception on all digital free-to-air TV channels. It will also provide reception for available analogue free-to-air TV channels that are within its frequency range.

- Built-in amplifier.
- Weather resistant UV stabilised housing.
- Supplied with required mounting hardware suitable for pole mounting or mast mounting.

NEW 2023

Part No.	GME Code	Dimensions Dia x W (mm)
JPW88273	AE3000	280 x 55

GME Detachable Antenna Whip with Round Base

A pre-tuned ground independent marine antenna with an optimum communication range. Ideal for installations where multiple but differing band types are required on the same vessel. The whip is adjustable to various angles and can be removed from the base for storage.

- Colour coded: Green (VHF), Red (27MHz) and Yellow (AM/FM).
- Suits non-metal vessels.

Part No.	GME Code	Frequency	Length (m)	Code
JPW88242	AE346H	27Mhz	1.8	Red
JPW88298	AE346V	VHF	1.8	Green
JPW88369	AE346B	AM/FM	1.8	Yellow

GME Detachable VHF Antenna Whip with Base, Cable and Plug

High performance ground dependant antenna whip and base manufactured from UV stabilised white fibreglass.

- Includes: Antenna assembly, 5m coax cable, FME connector and plug.
- Colour coded: Green (VHF)

Part No.	GME Code	Frequency	Length (mm)	Code
JPW88301	AE312V	VHF	450	Green

GME Antenna Whips

Detachable, UV-stable fibreglass whips with a glass impregnated nylon ferrule. Uniquely identified by colour coded tabs, ensuring that only the matching whip is attached to the correct base (sold separately - see below).

- Colour coded: Green (VHF), Red (27MHz) and Yellow (AM/FM).

Part No.	GME Code	Whip Colour	Length (m)	Code

Hella Marine EuroLED Touch Series

EuroLED 130 and 150 lamps incorporate the latest completely sealed touch sensitive technology. Simply touch the coloured or white pads to turn the light on or off. On the dual colour versions, hold your finger on the pad for more than two seconds and the lamp will cycle through four dimming levels to choose from. Advanced Hella Marine technology provides a safe, smooth and uniform LED light pattern, without glare or discomfort.

- Dual colour options.
- UV, corrosion and impact resistant.
- Ultra low power consumption.
- Stainless steel rims are 316-grade.

Narva Navigata LED Light Bars

The range of Navigata LED light bars feature a one piece die-cast aluminium housing and virtually unbreakable hard coated polycarbonate lens. They produce an extra penetrating light output resulting in a 30% brighter output compared to a conventional LED light bar of the same length.

- Single or double row bars.
- Pre-wired weatherproof DT connector.

Power Consumption: 5W
Voltage: Multivolt 9-32V

Single Row - 178mm (7")

Lumens: 3000
LEDs: 6
Current: 1.6A @ 12V
 0.9A @ 24V

Hella Marine Sea Hawk LED Flood Lights

Sea Hawk Flood Lights feature a unique corrosion proof housing that is precision injection moulded from thermally conductive ceramic polymer. This advanced material draws heat from internal electronics for reliable long-term operation and eliminates the need for an aluminium housing, removing corrosion risks in the harsh marine environment.

- Ultra-low power consumption.
- UV, corrosion and impact resistant.
- Heavy duty Grilamid lens.
- Pre-wired with 2.5m marine cable.
- Multivolt 12/24V DC.
- Made in New Zealand.

Narva LED Dual Colour White Red Deck Lights

Featuring an all nylon body and bracket to prevent corrosion, and are shock and vibration tested to the marine standard. The adjustable 360° bracket can mounted via a single bolt or two screws for installation in any location.

- Flood beam dual colour white or red illumination.
- Pre-wired cable.

Voltage: Multivolt 9-33V
Lumens: 1000 (white)
Current Draw: 0.57A @ 12V

Part No.	Housing Colour	Dimensions W x H x D (mm)

N72443W	White	178 x 60.5 x 41

Hella Marine Sea Hawk-360 LED Light Bars

These light bars generate over 2200 lumens of crisp, white light while continuing the durability and efficiency advantages accustomed to the Sea Hawk range. Supplied with a versatile 316-grade stainless steel bracket design which allows upright or pendant mount with feet aimed in or out.

- Low power consumption.
- UV, corrosion and impact resistant.
- Heavy duty Grilamid lens.
- Pre-wired with 2.5m marine cable.
- Made in New Zealand.

Power Consumption: 25W (High); 5W (Low)
Voltage: Multivolt 12/24V DC
Lumens: 2200

Hella Marine Sea Hawk-470 LED Light Bars

Sea Hawk-470 LED Combi spot and spread floodlight is a unique light bar offering three light options: close range, long range or combined all in a single light bar. Supplied with a versatile 316-grade stainless steel bracket design which allows upright or pendant mount with feet aimed in or out.

- Low power consumption.
- UV, corrosion and impact resistant.
- Heavy duty Grilamid lens.
- Pre-wired with 2.5m marine cable.
- Made in New Zealand.

Power Consumption: 36W (High); 4W (Low)
Voltage: Multivolt 12/24V DC

Double Bracket for Sea Hawk

Double bracket for the Sea Hawk-350 and Sea Hawk-470 light bars to stack lamps and increase the output or spread of light.

As seen on Sea Hawk-470 Pencil Beam with Edge Light.

Part No.
H64820

Straight LED Light Bar 9600 Lumens

Die-cast aluminium alloy housing fitted with 40x 3W LEDs operating as a spot and flood light.

- Rigid mount provides easy installation.
- Impact-resistant polycarbonate lens.
- Dust tight and waterproof.
- 360° rotation angles.

Pre-wired 700mm waterproof cable

Power Consumption: 120W

Voltage: Multivolt 9-32V

Lumens: 9600

Part No.	Housing Colour
JPW11921	Black

LED Flood Light 3400 Lumens - White

ADC12 aluminium alloy housing with breather filters, fitted with 4x 10W OSRAM LEDs to provide a mass volume of light.

- 316-grade stainless steel bracket.
- Impact-resistant polycarbonate lens.
- Completely dust tight and waterproof.
- 360° rotation angles.

Power Consumption: 40W

Voltage: Multivolt 9-32V

Lumens: 3400

Beam Angle: 85° (flood) / 15° (spot)

Pre-wired 400mm waterproof cable

Part No.
JPW11943

LED Flood Light 3200 Lumens - Black

Same features as the above, with a slightly different housing and only 3200 lumens.

Pre-wired 400mm waterproof cable

Part No.
JPW11946

Curved LED Light Bar 23040 Lumens

Die-cast aluminium alloy housing fitted with 96x 3W LEDs, supplies an excellent flood of illumination and operating as a forward facing spotlight.

- Rigid mount provides easy installation.
- Impact-resistant polycarbonate lens.
- Dust tight and waterproof.
- 360° rotation angles.

Pre-wired 700mm waterproof cable

Power Consumption: 288W

Voltage: Multivolt 9-32V

Lumens: 23040

Part No.	Housing Colour
JPW11922	Black

LED Flood Light 1400 Lumens

Die-cast aluminium alloy housing with breather filters, fitted with 6x 3W LEDs to supply an excellent flood of illumination.

- Impact-resistant polycarbonate lens.
- 316-grade stainless steel bracket.
- Dust tight and waterproof.
- 360° rotation angles.

Power: 18W

Voltage: Multivolt 9-32V

Lumens: 1400

Pre-wired 400mm waterproof cable

JPW11941	White
JPW11942	Black

LED Spot Light - Square

High-powered LED spot light with water resistant white aluminium heatsink body cover. Includes 300mm cable and stainless steel brackets.

- Light configuration: 2 direct / 6 spread.

Power Consumption: 11W
LEDs: 8
Voltage: Multivolt 9-36V
Lumens: 840
Colour Temperature: 6272°K

Part No.	Dimensions W x H x D (mm)
JPW11950	110 x 100 x 45

LED Flood Light - Square

High-powered LED floodlight with water resistant white aluminium heatsink body cover. Includes 300mm cable and stainless steel brackets.

- Light configuration: 12 flood.

Power Consumption: 12.8W
Voltage: Multivolt 9-36V
Lumens: 950
Colour Temperature: 6430°K

Part No.	Dimensions W x H x D (mm)
JPW11954	110 x 100 x 45

Viper ET 20W LED Deck Light

This 2x 10W CREE LED flood deck light with diecast white aluminium housing boasts a low power consumption while providing an even, solid spread of light. Includes 316-grade stainless steel mounting bracket.

Power Consumption: 10W
Voltage: Multivolt 10-30V
Lumens: 1800

Part No.	Dimensions W x H x D (mm)
JPW11980	96 x 62 x 71

Narva ALS Rechargeable LED Flood Light

Featuring high efficiency COB LEDs which provide a broad uniform flood beam pattern to seamlessly illuminate large areas.

- Power bank function for charging mobile devices.
- Visible readout of battery status.
- Glow in the dark locator.

Part No.	Dimensions W x H x D (mm)
N71410	160 x 120 x 47

Bluefin Firefly Bracket Mount Stainless Steel Flood Lights

Constructed from solid 316L polished stainless steel and features a bracket mount that is perfectly tailored for lighting the deck and engine spaces.

- Thermal rollback and over / under voltage protection.
- Integrated over moulded 2 core cable with 200mm leads.
- Toughened optical glass lens.

Power: 14W
Lumens: 1000 (Cool White)
Current Draw: 1A @ 12V / 500Ma @ 24V
Voltage: Multivolt 9-32V
Beam Angle: 95° (Flood) / 35° (Spot)

Part No.	Light Colour
JPW12460	Cool White
JPW12461	Warm White

(Dimensions in mm)

LED AutoLamps Flood Lights

High brightness flood lights with an e-coated die cast alloy housing and adjustable stainless steel bracket.

- Polycarbonate lens.
- Includes stainless steel fittings.
- Pre-wired waterproof cable.

Power Consumption: 12W
Voltage: Multivolt 9-30V
LEDs: 4
Lumens: 660
Current Draw: 0.59A @ 13.8V

Hella Marine NaviLED Navigation Lights

Ultra durable, power saving LED navigation lamps with high impact resistant acrylic lenses for enhanced safety. Proven worldwide on commercial, military and recreational vessels, the range of Hella NaviLED lights have no bulbs, require no maintenance and have a ultra long service life. Reliable under severe voltage fluctuations and low battery voltages.

- Multivolt 12/24V.
- Ultra low power consumption.
- Made in New Zealand.
- UV, corrosion and impact resistant.

NaviLED PRO

- Pre-wired 2.5m twin core cable.

JPW1627	Flat	Black Nylon	1065

Narva LED Plug-in Telescopic White Anchor Light

Removable telescopic anchor light, ideal for boats up to 50m, designed specifically for vessels without a canopy.

- Minimum visible distance: 3 NM @ 360°
- Ultra reliable +50,000hrs life.

Voltage: Multivolt 9-33V

Plug-in base

62mm Base

Part No.	Height (mm)	Housing Colour
N99144BL	883 - 1,543	Black

Narva LED All Round 360° White Anchor Light

Fixed all round anchor light for boats up to 50m.

- Minimum visible distance: 3 NM @ 360°
- Ultra reliable +50,000hrs life.

Voltage: Multivolt 9-33V

83mm Base

Narva LED Fold Down White Anchor Lights

This fold down anchor light is ideal for boats up to 50m and can be folded out of the way when not in use.

- Minimum visible distance: 3 NM @ 360°
- Ultra reliable +50,000hrs life.

Voltage: Multivolt 9-33V

83mm Base

Part No.	Height (mm)	Housing Colour
N99140BL	203	Black
N99142BL	304	Black

Narva LED Surface Mount Dock Light

Fully sealed white dock light mounted above the water to illuminate the area in front of the vessel and assist with visibility when mooring.

- Provides a smooth spread of light.
- 3 x 1W White LEDs.
- Includes 600mm of cable
- Ultra reliable +50,000hrs life.

Voltage: Multivolt 9-33V

(Dimensions in mm)

Part No.	Housing Colour
N99200BL	White

Narva LED Masthead and Foredeck Navigation Light

Provides approved masthead function with additional foredeck illumination, ideal for boats up to 20m.

- Flexible mounting wings for mounting on a variety of mast profiles.
- Minimum visible distance: 3 NM @ 225°
- Ultra reliable +50,000hrs life.

Voltage: Multivolt 9-33V

Foredeck light

(Dimensions in mm)

Part No.	Housing Colour
N99104BL	Black

Narva LED Masthead Navigation Light

Surface mount navigation light provides approved masthead function, ideal for boats up to 12m.

- Minimum visible distance: 3 NM @ 225°
- Ultra reliable +50,000hrs life.

Voltage: Multivolt 9-33V

(Dimensions in mm)

Part No.	Housing Colour
N99106BL	White

Narva LED Underwater Lights

Powerful surface mount underwater lamp with specially designed heat sink that increases output. Can be used above or below waterline, however not suitable for permanently moored vessels.

- 3 x 10W White LEDs.
- Includes 600mm of cable
- Ultra reliable +50,000hrs life.

Voltage: Multivolt 9-33V

Hella Marine Apelo Underwater Boat Lights

Create intense white and vibrant blue or unlimited RGB coloured underwater lighting at your fingertips. Surface mounted and manufactured from an ultra-durable, corrosion resistant material, these lights are dry running protected and suitable for use in and out of water.

- High-strength, UV-resistant Grilamid lens.
- Reliable illumination and lamp protection.
- Completely sealed and electronically protected.
- Wide 90° horizontal spread of illumination.
- Pre-wired 2.5m tinned marine cable.
- Designed and manufactured in New Zealand.

Apelo A1 White/Blue LED - Polymer Base

- Intense white and incredibly vibrant blue.
- Suitable for hulls of any material.

Power Consumption: 20W
Voltage: Multivolt 9-32V
Lumens: 1800
Current Draw: 1.7A @ 12V / 0.9A @ 24V

Part No.	Hella Code	Lens Colour
H62101	2LT 016 145-001	Charcoal
H62103	2LT 016 145-011	White

Apelo A1 RGB Colour Change LED - Polymer Base

- Lighting Mode: Full RGB control.
- Suitable for hulls of any material.

Power Consumption: 30W
Voltage: Multivolt 9-32V
Current Draw: 2.5A @ 12V / 1.3A @ 24V

Part No.	Hella Code	Lens Colour
H62108	2LT 016 146-001	Charcoal
H62110	2LT 016 146-011	White

Apelo A2 White/Blue LED - Aluminium Base

- Intense white and incredibly vibrant blue with white edge lights.
- Suitable for aluminium, fiberglass, timber and composite hulls.

Power Consumption: 30W
Voltage: Multivolt 9-32V
Lumens: 3000
Current Draw: 2.5A @ 12V / 1.3A @ 24V

Part No.	Hella Code	Lens Colour
H62116	2LT 016 147-001	Charcoal

Apelo A2 RGB Colour Change LED - Aluminium Base

- Full RGB control with white edge lights.
- Suitable for aluminium, fiberglass, timber and composite hulls.

Power Consumption: 30W
Voltage: Multivolt 9-32V
Current Draw: 2.5A @ 12V / 1.3A @ 24V

Part No.	Hella Code	Lens Colour
H62122	2LT 016 148-001	Charcoal

Apelo A3 White/Blue LED - Bronze Base

- Intense white and incredibly vibrant blue with white edge lights.
- Suitable for steel, fiberglass, timber and composite hulls.

Power Consumption: 70W
Voltage: Multivolt 9-32V
Lumens: 6000
Current Draw: 5.9A @ 12V / 2.9A @ 24V

Part No.	Hella Code	Lens Colour
H62116	2LT 016 830-001	White

Apelo A2 RGB Colour Change LED - Bronze Base

- Full RGB control with white edge lights.
- Suitable for fiberglass, timber, steel and composite hulls.

Power Consumption: 30W
Voltage: Multivolt 9-32V
Current Draw: 2.5A @ 12V / 1.3A @ 24V

Part No.	Hella Code	Lens Colour
H62127	2LT 016 148-101	White

Apelo A3 RGB Colour Change LED - Bronze Base

- Intense white or full RGB control, with white edge lights.
- Suitable for steel, fiberglass, timber and composite hulls.

Power Consumption: 70W
Voltage: Multivolt 9-32V
Lumens: 6000
Current Draw: 5.9A @ 12V / 2.9A @ 24V

Part No.	Hella Code	Lens Colour
H62133	2LT 016 831-001	White

Bluefin LED Surface Mounted Underwater Boat Lights

The Piranha Series surface mount LED underwater lights boast a compact low profile design and perfect for all types of boats, suitable for transom and side mounting on all hull types. Incredibly simple to install with just one small cable entry hole and 3 mounting screws.

- Reverse polarity protection with in built driver technology and active thermal roll-back.
- Suitable for use in and out of water (except the P3 which is only suitable for in-water use).
- Typical LED life expectancy +50,000hrs.
- Over voltage, current, reverse polarity, active thermal protection.
- Hydro block technology.

Piranha P3

- Suits boats up to 7m (25ft) in length.

Power Consumption: 20W
Voltage: 12V
Lumens: 1600
Current Draw: 1.2A @ 12V

Aluminium base

Bronze base

Part No.	Base	Colour
JPW12295	Aluminium	Diamond White

Bronze base

Part No.	Base	Colour
JPW12315	Bronze	Diamond White
JPW12316	Bronze	Cobalt Blue
JPW12316A	Aluminium	Cobalt Blue

Piranha P6 Colour Change

Controlled via a simple on/off toggle switch, and allows continuous synchronisation without costly external controllers.

- Suits boats up to 14m (45ft) in length.

Power Consumption: 50W
Voltage: Multivolt 12/24V
Lumens: 2700
Current Draw: 4.0A @ 12V
 2.0A @ 24V

Aluminium base

Part No.	Base	Colour
JPW12313A	Aluminium	Colour Change

Piranha P12 Dual Colour

Controlled via a simple on/off toggle switch to produce either a bright white light or a blue light, or strobe both colours randomly.

- Suits boats up to 20m (65ft) in length.

Power Consumption: 55W
Voltage: Multivolt 12/24V
Lumens: 6800
Current Draw: 4.6A @ 12V
 2.35A @ 24V

JPW12320	Aluminium	White / Blue

Bluefin LED Light Switch

LED on/off momentary light switch supplied with wiring loom.

- Suitable for use with the Bluefin Piranha underwater lights.

Part No.	Amps
JPW12409	20A

360° Bayonet Bulb LED Replacement

LED replacement bulb with bayonet fitting.

Power Consumption: 1.5W
Voltage: 12V
LEDs: 10

Bottom profile

Side profile

Part No.
JPW11881

Narva Rechargeable LED Head Lamp - 120 Lumens

A unique detachable head lamp with an integrated magnet features high efficiency COB LEDs that provide five hours operating time. Rechargeable via USB lead and supplied with a 240V adapter.

- Glow in the dark locator.

Part No.	Lumens
N71424	120

LED Waterproof Morse Signalling Torch

Compact pocket sized, battery-powered LED torch packed in a bright yellow waterproof storage box..

- 100% waterproof and floats.
- 200cd light intensity for over 12 hours.
- Meets ISO18813-2006 standards.
- Includes spare LED and AA battery.
- SOLAS approved.

Nylon wrist strap attached

Part No.	
JPW1114	IP67

Narva Rechargeable LED Head Lamp - 250 Lumens

Similar to the version above, this head lamp includes a flood light, spot beam and additional arc shaped flood beam for even more powerful lighting.

- High efficiency COB LEDs.
- Motion activated sensor.
- Glow in the dark locator.

Part No.	Lumens
N71426	Spot: 150 / Flood: 250 / Arc: 120

LED AutoLamps Workshop Rechargeable Torch

High brightness flood light torch features an additional top torch, rechargeable li-ion battery and micro USB cable, and a 180° 7 position pivoting base design.

- Super strong magnets on base and back.
- Polycarbonate lens and ABS housing.
- Clean natural white light.
- Impact and shock resistant.

Swivel and pivot hanging hook

Voltage: 3.7V
Lumens: 350 (flood)
 80 (top)
Colour Temperature: 6500°K

Part No.	Dimensions W x H x D (mm)
JPW11743	190 x 56 x 33.5

Narva Colt 1000 Rechargeable Handheld Spotlight

This heavy duty rechargeable handheld spotlight featured high powered LEDs, fold away hooks and an adjustable carry strap.

- 6 x 3W LEDs producing 2500 raw lumens.
- 244m beam pattern at 1 lux.
- Includes 240V AC charger.

Part No.	Dimensions H x W x D (mm)
N71000	250 x 120 x 60

Narva Colt 1000 Handheld Spotlight

This handheld spotlight features high powered LEDs, providing a crisp spot beam range of up to 285m and a 50% wider beam than the rechargeable model.

- 6 x 6W LEDs producing 4000 raw lumens.
- 285m beam pattern at 1 lux.
- Super stretchy, curly cord extends to 2.5m.
- Includes 12/24V accessory plug with waterproof DT connector.

Part No.	Dimensions H x W x D (mm)
N71001	250 x 120 x 60

Rocker Switch Actuator Covers

Actuator covers to suit illuminated LED rocker switches, with laser etched text and logo to suit a wide range of applications.

- Each sold separately.
- Size (H x W): 49 x 26mm

Viper LED Anchor Rocker Switch

LED illuminated marine rocker switch with anchor symbol and "Viper" label. Designed for flush mount and supplied with required fixing hardware.

- Voltage: 12V
- Amps: 20A
- Also available mounted within a stainless steel or aluminium faceplate (see page 15.06).

Part No.	LED	Switch Config.	*Position shown inside brackets are momentary action only (not latching)
JPW12590	Red	(On)/Off/(On)	

Narva Sealed LED Rocker Switches

These top-end switches feature backlit opal panels with red or blue LED illumination to suit both 12 and 24 volt applications.

- Soft rubberised, non-slip texture.
- RV and marine application sticker sets sold separately.
- Amp rating 20A @ 12V / 10A @ 24V.

Toggle Switch Rubber Boot - Black

- Waterproof rubber boot to suit toggle switches.
- Thread size M12 x 0.75mm.

Part No.
JPW12931

Narva Switch with Waterproof Neoprene Boot

Momentary (On) heavy-duty push button switch with die-cast housing and waterproof neoprene boot.

- Silver contacts.
- Brass screw terminals.
- Amp rating 60A @ 12V / 30A @ 24V

*Position shown in brackets is momentary action only (not latching)

Part No.	Switch Configuration
N60033BL	(On)/Off

Narva Marine Ignition Switch - 3 Position

Corrosion proof plastic construction with brass screw terminals.

- Spring return action for start.
- Push for choke function.
- Amperage ratings at 12V, 10A ignition, 5A start, 1A choke.

Part No.
N64008

Supplied with two encapsulated keys

Narva Marine Ignition Switch - 4 Position

Heavy-duty brass with screw terminals.

- Spring return action for start.
- Amperage ratings at 12V, 10A accessories, 5A ignition, 5A start.

Part No.
N64012

Supplied with two encapsulated keys

Narva Diesel Ignition Switch - 5 Position

A versatile five-position diesel ignition switch with corrosion proof plastic body and spring return action for pre-heat and start.

- Push-on terminals.
- Mounting opening diameter: 26.5mm.
- Amperage ratings at 12V, 8A Park Lamp, 35A Ignition, 60A Pre-heat, 60A Start.

Part No.
N64032

Supplied with two encapsulated keys

Narva Circuit Breakers - High Amp Manual Reset

Sealed for engine compartment or marine applications, with unique reset mechanism providing visible indication of tripped circuit.

- Voltage: 12 - 42V.
- Operating Temperature: -32°C to 82°C

(Dimensions in mm)

Narva Rotary Style Battery Master Switch

Constructed from heavy duty plastic and features brass terminals, making it perfectly suited for applications where the switch is exposed to the weather.

- Suitable for applications up to 48VDC.
- 1500A @ 12V for 10 seconds
- 750A @ 24V for 10 seconds
- 300A @ 12V cont. load max.
- 150A @ 24V cont. load max.

Narva Voltage Sensitive Relays

Automatically connects and disconnects an appliance or circuit at the preset input voltage. Ideal for dual battery systems or to switch high current appliances. Features surge protection, LED indicator and silver tipped contacts for durability and efficiency.

- Weatherproof body (IP65 Rated).
- 12V Cut-in: 13.3V.
- 12V Cut-out: 12.7V (5 second delay).
- 12V @ 160A for 60 seconds.
- 12V @ 140A cont. load max.

Narva 4-Position Battery Master Switch

This rotary-style battery master switch features brass terminals and heavy-duty plastic construction making it ideal for marine applications.

- 4 position operation: 1-2-Both-Off
- Suitable for applications up to 48V.
- 1500A @ 12V for 10 seconds.
- 750A @ 24V for 10 seconds.
- 300A @ 12V cont. load max.
- 150A @ 24V cont. load max.

Power Plug and Cigarette Socket

Cigarette lighter plug and socket is suited for exterior or interior use.

- Waterproof rubber cap on socket.
- A green light indication on plug.
- Includes a fuse for increased safety.

Part No.	Base (mm)	Cut Out Dia (mm)
JPW12960	60 x 62	28

Narva Heavy Duty Battery Master Switch

This rotary-style battery master switch with is ideal for heavy duty automotive and marine applications.

- 4 position operation: 1-2-Both-Off
- 500A @ 12V for 5 minutes.
- 250A @ 24V for 5 minutes.
- 310A @ 12V cont. load max.
- 155A @ 24V cont. load max.

Narva Twin USB Power Adaptor

Ideal for running multiple electronic items, this compact USB adaptor offers a flush factory finish when fitted.

- Illuminated LED fascia.

Part No.	Input	Output
N81039BL	12/24V	5V / 2.5A

USB Dual Port Socket Rocker Switch Style

High current, dual USB socket with Blue LED indicator.

- Waterproof with PVC mounting gasket seal and dust cover
- Input voltage: 12/24V.
- Output: 4.8A @ 5V (2.4A per port).

Part No.	Ports
JPW12588	2x USB-A
JPW12589	1x USB-A & 1x UBS-C

Scanstrut ROKK Charge+ Waterproof Dual USB-A Socket *SCANSTRUT*

This ultimate rapid charge socket has 2x USB Type-A charging ports and will charge devices up to 3x faster than standard USB sockets.

- Standard USB mounting hole: ø29mm.
- Ultra-low profile design with click-and-lock lid.
- Output current: 4.2A (total)
- Voltage: 12/24V

Part No.	Dimensions L x W x H (mm)
JPW10509	94 x 39 x 47

Scanstrut Flip Pro Max Dual USB-C Socket *SCANSTRUT*

Super compact 2x USB-C charging port, ultra-low profile design with spring loaded cap. Supplied with an optional front fit bezel.

- Splashproof design (when lid is closed).
- Mounting hole: ø32mm.
- USB-C output: 60W max on 24V system
36W max on 12V system
- Voltage: 12/24V

Part No.	Dimensions L x W x H (mm)
JPW10513	68 x 51 x 81 (with bezel)

Scanstrut ROKK ChargePro Waterproof Dual USB-A & USB-C Socket *SCANSTRUT*

Ultimate onboard USB charger, featuring 1x USB-A and 1x USB-C charging port.

- Standard USB mounting hole: ø29mm.
- Ultra-low profile design with click-and-lock lid.
- USB-A output: 36W max
- USB-C output: 60W max on 24V system
36W max on 12V system
- Voltage: 12/24V

Part No.	Dimensions L x W x H (mm)
JPW10510	94 x 39 x 47

Scanstrut Flip Pro Power Socket 12V *SCANSTRUT*

Featuring a spring loaded lid and an impressive 150W max power on a 12V system. Supplied with an optional front fit bezel.

- Splashproof design (when lid is closed).
- Mounting hole: ø32mm.
- Red LED running light.
- Input voltage: 12V system.
- Input Current: 10A.
- Type-C 12V system output:
5V @ 5A / 9V @ 3A / 12V @ 3A max

Part No.	Dimensions L x W x H (mm)
JPW10515	68 x 51 x 62 (with bezel)

Scanstrut Flip Pro Dual USB Socket *SCANSTRUT*

Super compact 1x USB-A and 1x USB-C charging port, ultra-low profile design with spring loaded cap.

- Splashproof design (when lid is closed).
- Standard USB mounting hole: ø29mm.
- USB-A output: 36W max
- USB-C output: 60W max on 24V system
36W max on 12V system
- Voltage: 12/24V

Part No.	Dimensions L x W x H (mm)
JPW10511	38 x 39 x 18

Scanstrut Flip Pro Multi USB & 12V Power Socket *SCANSTRUT*

Combining features of the high power Flip Pro USB with a 12V Power Socket. When not in use, the spring-loaded caps remain tightly closed, protecting the ports from the elements.

- Supplied with an optional front fit bezel.
- 120W -150W max power 12V system only.
- Input current max: 6A (10A fuse recommended).
- Input voltage: USB charger - 10-32V DC (12/24V System).
12V socket - 10-15V DC (12V System).

Part No.	USB Type
JPW10514	2x USB-C
JPW10517	1x USB-A & 1x USB-C

Scanstrut Flip Pro Dual USB Socket with Bezel *SCANSTRUT*

Same features as JPW10511 above, but with a front bezel for when installation is not possible behind panels.

Part No.	Dimensions L x W x H (mm)
JPW10512	63 x 46 x 18

Narva Single Power Accessory Sockets - Flush Mount

Heavy duty flush mount power sockets with rubber dustproof and splashproof protected covers. The fitting mechanism allows installation into interior or exterior panels including steel and aluminium.

- Can be installed with or without the mounting panel.

Narva Double Power Accessory and Dual USB-A Socket - Surface Mount

Includes dustproof covers and stylish surface mount plastic housing.

- Easy installation to interior or exterior panels.

Part No.	Accessory Amp Rating	USB Output
N81168BL	20A @ 12V / 10A @ 24V	5V, 2.5A

Narva Anderson Connectors - Flush Mount

Heavy duty flush mount Anderson Connectors with rubber dustproof and splashproof protected cover.

- Stylish fascia plate conceals mounting screws.
- Anderson connector output: 5V, 2.5A.

Part No.	Type
N81110BL	Single Anderson Connector
N81146BL	Anderson Connector & Dual USB-A Socket
N81151BL	Anderson Connector & Engel Socket
N81153BL	Anderson Connector & Volt Meter

Anderson Plug Battery Connectors

Connector with impact resistant polycarbonate housing

- Includes 2x silver plated solid copper terminals.

Part No.	Amp Rating	Suits Cable Size
JPW12940	50A	8mm ² (8 B&S)
JPW12941	175A	32mm ² (2 B&S)

Quick Watertight Cable Outlets

Black plastic electrical cable gland used when running cables throughout your boat. Protects against corrosion and humidity and keeps a watertight seal where cables run from wet into dry areas.

- Includes cable base, cap, rubber gasket to seal and 3x stainless steel fixing screws.

Part No.	Suits Cable Size (mm)
QFC8111000000A00	5 - 10
QFC8113000000A00	7 - 12
QFC8116000000A00	10 - 14

Quick Watertight Electrical Connectors

Fully waterproof plastic deck mounted plug and socket connectors.

- Gold plated contacts produce a high current rating and low resistance.
- Comes complete with plug and socket, choice of 3 different size cable gaskets, screw tight cap with rubber gasket plus 4 fixing screws.
- Length x Dia: 86 x 46mm

Part No.	Voltage	Model	Poles	Amps

Monocrystalline Soft Folding Solar Panel Kit

Compact, powerful and ready to use, this lightweight kit features scratch resistant panels, LED indicators and 5m lead and battery clips.

- Discharge protection protects your battery from discharge at night.
- Multi charging protects against reverse polarity, short circuit, over temperature, over voltage, etc.
- Includes metal support legs, collapsible tent pole and reinforced eyelets for setting up.
- Charge time: 7 - 35 hours.

Heavy duty canvas with front storage pocket

Part No.	Voltage	Power	Dimensions L x W x H (mm)
NSPM120K	12V	120W	2190 x 500 x 45

Scanstrut Watertight Multiple Vertical Entry Cable Seals

Designed to provide a quick and easy installation for multiple cables up to 15mm (each).

- Supplied with an un-drilled seal for customised drill holes.
- UV-stable and hard-wearing materials.

Dolphin Pro Touch Battery Chargers

AC/DC battery chargers feature a TOUCHVIEW screen and integrated control panel to display the charging curve and warn you of any alarms. These chargers are ultra protected for output overload and short-circuit, internal overtemp, overvoltage and reverse polarity (fuse).

- Compatible with most of battery types including Lithium Ion LFP.
- Smart 3 stages charging characteristics.
- Standard CANbus J1939 interface.
- NMEA-Ready (can be connected to any modern onboard system).
- Deliver full power even at very high temperatures.
- Solid 100% high-grade aluminium casing.

Projecta Lithium Battery 12V 100A

Lithium iron phosphate technology gives the advantage of high specific energy, long cycle life, high safety, low self-discharge and low weight.

- M8 bolts provide high current transfer ideal for parallel battery setups.
- Standard size - ideal for most N70 size battery boxes.
- Power up to 1000W inverters.
- Carry strap for easy transporting.
- Nominal voltage: 12.8V.
- Discharge current: 100A.

Part No.	Dimensions L x W x H (mm)
NLB100	327 x 172 x 218

Projecta 12V 1500W Pure Sine Wave Inverter with Remote Control Display

Power some demanding 240V appliances on the go, including circular saws, electric irons, angle grinders and coffee machines.

- Designed in accordance with Australian Standards.
- Residual Current Device (RCD) safety switch.
- Thermostatically controlled cooling fan.
- Low/high input voltage, low battery alarm, over temperature and overload protection.
- Fully isolated design.
- Remote control display.
- Bi-colour LED display.

Part No.	Dimensions L x W x H (mm)
NIP1500	327 x 172 x 218

Projecta Lithium Battery with Bluetooth Monitoring 12V 150A

The top-mounted battery indicator provides state of charge, warning and bluetooth connectivity at the touch of a button.

- M8 bolts provide high current transfer ideal for parallel battery setups.
- Bluetooth battery monitoring via smart phone/tablet app.
- Standard size - ideal for most N70 size battery boxes.
- Sleep mode to reduce residual power consumption
- Power up to 2000W inverters.
- Battery indicator & button.
- Nominal voltage: 12.8V.
- Discharge current: 150A.

Part No.	Dimensions L x W x H (mm)
NLB100-BT	330 x 175 x 195

Projecta Lithium Battery 100A with DC Charger Kit

Lithium battery and charger kit uses advanced lithium battery technology.

Kit includes:

- 1x NLB100 Lithium Battery 12V 100A.
- 1x NIDC25L 5 Stage Intelli-Charge 9-32V Lithium Dual Battery Charger.

Part No.
NLB100-K

Projecta 5 Stage Intelli-Charge 9-32V Lithium Dual Battery Charger

An advanced dual DC/solar battery charger engineered for todays sophisticated lithium iron phosphate batteries.

- Power supply: constant voltage of 13.8 volts.
- Remote charger status indication.
- Dust, splash and shock proof.
- Superior 5 stage charging.
- Switchmode technology.
- Dual input operation.

Part No.	Dimensions L x W x H (mm)
NIDC25L	122 x 150 x 40

Projecta Lithium Battery 150A Bundle with Inverter & Charger

Uses advanced lithium battery technology, ideal for boats, 4WDs and caravans with high power demands.

Kit includes:

- 1x NLB100-BT Lithium Battery with Bluetooth Monitoring.
- 1x NIDC25L 5 Stage Intelli-Charge Lithium Dual Battery Charger.
- 1 x NIP1500 Pure Sine Wave Inverter with Remote Control Display

Part No.
NLB100-BT-K

Intelli-Start Lithium Emergency Jumpstarter and Power Bank **PROJECTA**

Powerful and compact high performance jumpstarter in an ultra compact and lightweight package, capable of starting most petrol engines.

- 40 seconds of Rapid Recharge after each jumpstart.
- Ultra-safe Lithium Iron Phosphate (LiFePO₄) battery.
- Power bank functionality.
- 12V Output.

Built in LED flood light

Narva Fuse Assortment Case

This transparent plastic case with 18 sections contains 360 popular glass, mini blade and standard ATS blade fuses. A base label identifies the fuse with a graphic image, part number and description to make re-ordering easy.

- Comprises of:

Mini Blades	Standard Blades	Glass 3AG Fuses
7.5A x 20	5A x 20	5A x 20
10A x 20	10A x 40	10A x 20
15A x 20	15A x 40	15A x 20
20A x 20	20A x 20	20A x 20
25A x 20	25A x 20	
30A x 20	30A x 20	

Part No.
N52020

Viper Pro Series Blade Fuses with LED Indicator

If the fuse is blown, it will light up to easily identify and replace, eliminating the need for a multi-meter.

- Sold in clear plastic boxes of 30.
- Conveniently colour coded.

(Dimensions in mm)

Part No.	Amps	Colour
JPW12984	3A	Purple
JPW12985	5A	Orange

In-line Fuse Holders with Water Resistant Cap

Weather resistant in-line fuse holder suits auto type ATS blade fuses.

- Use on circuits with a low amperage 5-10Amps max.
- For wire size gauge between 16-18AWG.

JPW12996

JPW12995

Part No.	Cap Colour
JPW12995	Red
JPW12996	Black

Viper Pro Waterproof Blade Fuse Holder With Transparent Cap

Heavy duty waterproof marine blade fuse holder with transparent orange sealed cap that locks closed.

- Includes a molded mounting tab for easy installation.
- Accepts a single standard blade fuse up to 30A.

Part No.
JPW12994

NARVA Weatherproof ATS Blade Fuse Holder

Standard in-line fuse holder, features a weatherproof cap.

- Amperage rating 30A.

Part No.	Type
N54406	Bag Pack 1
N54406-10	Bulk Pack of 10

NARVA Pre-Wired ATS Blade Fuse Holder

- Waterproof standard in-line fuse holder.
- Amperage rating 30A.

(Fuse not included)

N54405-10	Bulk Pack of 10

Viper Pro Blade Fuse LED Indicator Kit - 242 Piece

A transparent plastic case with 9 sections contains 242 blade fuses with LED indicator and two waterproof in-line blade fuse holders. A label on the top of the case identifies the fuse with a part number and description to make re-ordering easy.

- Comprises of:

Standard Blade Fuses

- 3A x 30
- 5A x 30
- 7.5A x 30
- 10A x 30
- 15A x 30
- 20A x 30
- 25A x 30
- 30A x 30

Blade Fuse Holder x 2

Part No.
JPW12983

NARVA In-Line ANL Fuse Holder

Transparent cover and rubber grommets to securely retain square fuses.

- No fuse supplied.

Part No.
N54419

Narva ATS Blade Fuse Box

- Standard ATS blade fuse box with transparent cover and gasket.
- Suitable for lateral connection with female 6.3mm blade terminals.
- Amperage rating 30A per circuit at 12V.

Part No.	Type	Dimensions (mm)		
		A	B	C
N54422BL	6-Way	100	37	45
N54424BL	8-Way	120	37	45

Narva Fuse Blocks with Transparent Cover

Standard ATS blade fuse block with transparent cover and single power-in terminal.

- Amperage rating 25A per circuit at 12V, 150A max per block.

Includes circuit identification stickers for commonly fused accessories.

Part No.	Type	Dimensions (mm)		
		A	B	C
N54431	6-Way	67	40	93
N54433	8-Way	83	40	93

Narva ATS Blade Fuse (Plug-In Type Circuit Breaker Block) '12-Way' Standard

A professional fuse box eliminates extensive and messy wiring in applications with limited earth connections such as caravans, motor homes and marine applications.

- Suitable for use with ATS blade fuses and plug-in circuit breakers.
- Includes 84 labels to suit commonly used accessories.
- Lockable transparent cover.
- Max Amps per circuit: 30A at 12V.
- Max Amps per block: 120A at 12V.
- Max voltage: 32V DC.
- Multiple earth returns.
- Single grounding terminal.
- Dual power input terminals.

Part No.
N54450BL

Fuse Box with Fuses 12-way

Standard ATS blade fuse or plug-in type circuit breaker (12-way) with transparent cover and indication lights for when fuse is broken.

- Negative bar.
- 12 x fuses (3x 5A / 3x 10A / 3x 15A / 3x 20A).
- Mounting screws supplied.

Part No.
N57810

Includes 80x identification stickers and 12x fuses.

Bus Bar Power Distribution Terminal Blocks

Nylon base with raised brass bar, recessed mounting holes and removable polycarbonate cover.

- Continuous Rating: 130AAC / 150A DC
- Max Voltage: 300V AC / 48V DC

Narva Deutsch Connectors - 2-way Female/Male

This high end connector is specifically suited to the marine, mining and transport sectors where the slightest degradation in connection is critical. Thermoplastic (-55°C to +125°C rated) housings and silicone seals ensure protection from extreme temperatures and excessive moisture.

- Weatherproof connectors with terminals, wedge and seals.
- Amp rating: 13A

Part No.	Description
N57422BL	2-Way Blister pack - 1 Female and 1 Male

Narva 8-Way Weatherproof Junction Box

Constructed of electrically insulated rubber with transparent cover for easy inspection. Four cable entry points can be cut to size to suit various cable diameters up to 6mm.

- Amp rating: 30A per circuit.

Part No.
N57810

Narva 12-Way Junction Box

Constructed from heavy-duty plastic with four cable entry points and convenient removable blade terminal block.

- Access to the internals is easy via four knurled screws that don't require tools.
- Silicone gasket embedded within the lid ensures a tight weatherproof seal.
- Suits cables up to 6mm.
- Amperage rating: 30A per circuit.

Part No.
N57820

Narva Solder Splice Terminators

Solder splice terminators combine all the advantages of heatshrink, low-melt solder and waterproofing protection glands. This creates a fast, waterproof, electrically reliable and fully insulated connection without the use of a soldering iron, crimping tool or solder.

Part No.	Qty (per pack)	Wire Size (mm)	Colour
N56380	25	1.5 - 2.5	Red
N56380BL	5	1.5 - 2.5	Red

N56384	25	4.5 - 6	Yellow
N56384BL	5	4.5 - 6	Yellow

Narva Heatshrink Terminals

The internal adhesive of the heatshrink terminals bonds securely to both the terminal and cable. Creates a level of strain relief not achievable with standard terminal types. The shrink/adhesive combination also produces a seal that prevents water and dust getting into the back of the terminal.

- Transparent, heat shrinkable, high density polyolefin.
- Conveniently colour-coded.
- Adhesive lined.

Narva Professional Ratchet Crimping Kit

Ideal for the tradesman, auto electrician, motor mechanic or handyman. This crimping kit features interchangeable heads, allowing one tool to service all your crimping needs - from insulated and non-insulated terminals, through to cable lugs.

- The easy-to-use heavy-duty ratchet action and spring release provides a high quality crimp.
- Includes 4x interchangeable heads.

HEAD A: Suitable for blue, red and yellow insulated terminals.

HEAD B: Suitable for cable lugs sizes 2.5mm - 16mm.

HEAD C: Double crimp, suits non-insulated terminals.

HEAD 12: Single crimp, suits non-insulated terminals.

Part No.
N56513

Narva Cable Stripping Tool

Efficient design makes wire stripping quick and easy.

- Crimps insulated and non-insulated terminals.
- Strips and cuts wire from 1.13 – 6mm.

Part No.
N56511

Narva Heavy Duty Cable Cutting Tool

This quality tool is manufactured for cutting cable up to 60mm.

Part No.
N56515

Narva Flameless Heat Gun

This convenient heat gun is ideal for automotive, household and hobby applications. Features an easy-to-use trigger action with locking option.

- Lighter supplied without gas, can be refilled using butane filler gas or easily replaced with a standard cigarette lighter.
- Includes heat shield (replacements available).

Tinned Twin Core Cables

For marine trailer wiring, general purpose wiring, lights, instrumentation.

- Red and black with white sheath.
- Tin coated copper suitable for marine applications.
- Voltage Rating: 120V DC.
- Meets AS/NZS 3808 standards.

Part No.		Cable Dia (mm)	Normal Area (mm ²)	Stand No/ Dia (mm)	Amps Rating
50m Coil	100m Coil

Wema Tank Level Senders

Magnetic read switch senders suitable for use wide range of mediums including, diesel, petrol, oil, potable and grey water.

- AISI 316 stainless steel, ignition protected with ISO8846 certification.
- **S3 Threaded:** 1 1/4" BSP thread mounted type with O-ring seals.
- **S5 Flanged:** SAE 5 hole flange mount includes nitrile gasket.
- US 240-30 Ohms or Euro 0-190 Ohms standard.
- Operating voltage: 12/24V
- Longer senders available on request.

KUS Tank Level Senders

Magnetic read switch sender suitable for use in both fuel and water applications.

- Standard SAE 5 hole pattern.
- 2mm thick FPM gasket.
- 240-33 Ohms.

Length is measured from the underside of the flange to the base of the shaft.

Wema Tank Level Sender Adaptors

- **JPW2466** Topside/Underside Flange Kit: Stainless steel flange with 1 1/4" BSP thread, complete with gasket, inner ring and screws.
- **JPW2467** Underside Flange Adaptor: Stainless steel underside flange ring with stainless steel screws. Provides a SAE 5 hole pattern for S5 senders or FL-2 (JPW2468) topside flange adaptor.
- **JPW2468** Topside Flange Adaptor: Nylon topside flange and nitrile gasket creates 1 1/4" BSP thread. Also features the standard SAE 5 hole pattern.

KUS Fuel Level Gauge

Black dial face plate with black plastic bezel with reinforced anti-fog lens

- Indication range: Empty to Full.
- 52mm cut-out / 60mm diameter.
- Voltage: 12/24V

Part No.	Resistance (Ohm)
JPW2525	240 - 33

Wema Waste Tank Level Senders - Threaded

Magnetic reed switch sensor made from 316-grade stainless steel. Features a removable screen to reduce the ingress of solids.

- Grey and black water - not suitable for fuel.
- Voltage: 12/24 VDC.
- Resistance: 240 - 30 Ohm.
- Mounting: Threaded 1 1/4" BSP.

Part No.	Model	Length (mm)
JPW2462	S3H-1	100
JPW2463	S3H-2	205
JPW2464	S3H-3	305
JPW2465	S3H-4	410
JPW2469	S3H-5	510

KUS Water Level Gauge

Black dial face plate with black plastic bezel with reinforced anti-fog lens.

- Indication range: Empty to Full.
- 52mm cut-out / 60mm diameter.
- Voltage: 12/24V

Part No.	Resistance (Ohm)
JPW2526	240 - 33

Wema Waste Level Gauge

12V - dropping resistor included for 24V applications.

- Black dial with black plastic bezel.
- 52mm cut-out / 65mm diameter.
- Range: Low - Full.

Part No.	Resistance (Ohm)
JPW2584	240 - 30

Wema Voltmeter Gauge

- Black dial with black plastic bezel.
- 52mm cut-out / 65mm diameter.
- Range: 12VDC 8-16V DC.
24VDC 18-32V DC

Part No.	Volts
JPW2585	12v
JPW2586	24v

Wema Digital Voltmeter

- Black dial with black plastic bezel.
- 52mm cut-out / 65mm diameter.
- Range 8 - 32VDC.

Part No.	Range
JPW2587	8 - 32VDC

Wema Oil Temperature Gauge

- Black dial.
- Black plastic bezel.
- 52mm cut-out / 65mm diameter.
- Voltage: 12VDC (24VDC with resistors)

Part No.	Resistance (Ohm)	Range
JPW2591	260 - 23	40 - 120°C

Digital LED Volt Meter

Features 3 digital LED display and quick terminals.

- Size: 61 x 49mm
- Cut out: ø 29mm

Part No.	Range
JPW12961	2.5 - 30VDC

Wema Digital Ampmeter

Supplied with a 150amp shunt to suit.

- Black dial.
- Black plastic bezel.
- 52mm cut-out / 65mm diameter.
- Range -150 to +150 Amps.
- Multivolt: 12/24VDC.

Part No.	Range
JPW2588	-150 to +150 Amps

Wema Coolant Temperature Gauge

- Black dial.
- Black plastic bezel.
- 52mm cut-out / 65mm diameter.
- Voltage: 12VDC (24VDC with resistors).

Part No.	Resistance (Ohm)	Range
JPW2592	260 - 23	40 - 120°C

Wema 60kn GPS Speedo Gauge

GPS Speedo / Analogue indication.

- Black dial.
- Black plastic bezel.
- 85mm cut-out / 105mm diameter.
- Proprietary GPS Antenna.
- Voltage: 12VDC or 24VDC.

Part No.	Range
JPW2594	0 - 60 Knots

Wema Digital Hourmeter Gauge

- Suitable for 12/24VDC systems
- Black dial.
- Black plastic bezel.
- 52mm cut-out / 65mm diameter.

Part No.	Range
JPW2589	0 - 9999.9 hrs

Wema Rudder Angle Gauge

- Suitable for 12/24VDC systems
- Black dial.
- Black plastic bezel.
- 52mm cut-out / 65mm diameter.

Part No.	Resistance (Ohm)
JPW2593	0 - 190

Wema Oil Pressure Gauge

- Black dial.
- Black plastic bezel.
- 52mm cut-out / 65mm diameter.
- Voltage: 12VDC (24VDC with resistors).

Part No.	Resistance (Ohm)	Range
JPW2590	10 - 185	0 - 5 bar

Wema Rudder Angle Indication Sender

Dual station rudder angle sender, featuring a standard resistance value compatible with other popular European brands.

- Connects two gauges at the same time.
- Angle Range: 40° - 0 - 40°

Part No.	Resistance (Ohm)
JPW2535	0 - 190

Marine Bilge Blowers

Centrifugal blower with the best ratio between volume air flow and compact size on the market.

- Very strong dynamic flange mount or flex mount.
- Made from strong nylon material with stainless steel shaft and screws.
- Continuous duty with low current draw.
- Max temperature rating: 60-65°C.
- Complying with ISO 8849, EN 55014, ISO 10133.

JPW15899
JPW15900

JPW15901

Part No.	Mount	Capacity (CMH)	Volts	Amps	Suits Hose Size	Outlet (mm)	Dimensions (mm)

JPW15901	Flex	550	12V	12A	100mm (4")	103	290 x 257 x 150

In-Line Bilge Blowers

Modern inline blowers utilizing advanced five fan blade design technologies for maximum flow and performance, suitable for bulkhead mounting.

- Incorporates an engineered nylon housing with flexible installation.
- Compact simple design, intermittent or continuous duty.
- Port connection: 178mm.
- Long motor lifetime from powerful airflow cooling.
- Quiet operation with low power consumption.
- Max temperature rating: 60-65°C.
- Meets ISO 8846, EN 55014 standards.

JPW15904 / JPW15906

JPW15902 / JPW15903 / JPW15905

Part No.	Type	Capacity (CMH)	Volts	Amps	Dimensions L x Dia (mm)

JPW15906	Continuous	1000	24V	3.5A	165 x 220

In-Line Bilge Blowers

Easy to install, in-line 12V bilge blowers with 3" or 4" hose intake and sealed motor shaft and wires for moisture protection.

- High volume ventilation with low amp draw.
- Meets ABYC U.S. Coast Guard, CE Standards.

TotalCool 3000 Portable Evaporative Cooling System

TOTALCOOL

High quality evaporative cooling, using the latest technology and ergonomic designs, working on 12V, 24V and AC mains power.

- Built in battery protection system with automatic cut off.
- Blows 45% colder air than ambient temperature.
- Lightweight, compact and portable.
- 4 speed settings.
- Runs on normal tap water.
- Low current draw 0.3 - 1.8A.
- Includes power leads, cooling filter pads, window sticker & user guide.
- Use with Totalfresh Essential Oils pack: **JPW88052**.

Part No.	Dimensions L x W x H (mm)
JPW88021	260 x 240 x 210

TotalFresh Essentials Oils 5 Pack

TOTALCOOL

For use with the TotalCool 3000 Evaporative Cooling system above.

NEW 2023

Part No.	Oils Included	Capacity
JPW88052	Tea Tree, Peppermint, Citronella, Lemongrass & Eucalyptus	10mL

Totalcool Portable Fridge Freezers

TOTALCOOL

Manufactured from the highest quality components, these dual zone fridge/freezers are lightweight, robust and beautifully designed.

- Ultra energy efficient with low current draw.
- High quality, strong and durable.
- Smart LED display and control system.
- Stays cold up to 8 hours once unplugged.
- Input Power: 12V / 24V / AC Adapter.
- Power Consumption: 30-40W / 2.5-3.3A.
- Temperature Range: -20°C to +20°C
- Includes removable basket.

NEW 2023

Part No.	Litres (L)	Weight (kg)	Dimensions L x W x H (mm)
JPW88032	35	12	690 x 345 x 382
JPW88034	45	13	690 x 345 x 462
JPW88036	55	14	690 x 345 x 524

Stainless Steel Compact Electric Horn

A single compact marine horn with a stainless steel cover and mounting base. Includes a non-corrosive black ABS plastic horn base and rubber mounting gasket.

- Current Draw: 3A @ 12V
- Sound Rating: 100 db

Part No.	Dimensions L x W x H (mm)
JPW5894	90 x 80 x 50

Marine Horn with Support Bracket Mount

Fully watertight and corrosion-resistant marine electromagnetic horn, supplied with stainless steel support fixing plate.

- Easily positioned on deck and suitable for roll bar installation.
- Casing made from strong ABS material.
- Tested at 50,000 cycles (1" on / 4" off).
- Dimensions: 100 x 155 x 60mm

NEW 2023

Part No.	Colour	Voltage	Amps
JPW15911	White	12V	4.5A
JPW15912	Black	12V	4.5A

Stainless Steel Electric Horns

Marine quality, trumpet horn with 100% stainless steel exterior. The single horn produces a high tone and the double horn produces dual high and low tones.

- Supplied complete with integral stainless steel mounting bracket on rear and shaft of horn.
- Sound Rating: 115db +/-5
- Blister packed.

Part No.	Current Draw	Dimensions L x W x H (mm)
JPW5896	2.5A @ 12V	420 x 100 x 120
JPW5899	4.5A @ 12V	455 x 125 x 189

HOW TO ORDER

Select products from the catalogue or through our website using the product categories or search function. Make note of the part numbers to facilitate ordering.

Quick Nautic Boiler B3 Water Heaters

All of our water heaters have the following advantages and high-quality characteristics:

- High quality materials.
- Heat exchanger with wide exchange surface.
- Produces hot water from the electric element, that is fitted with an adjustable safety bi-thermostat.
- Relief / non-return valve that allows discharging of the water heater in case of disuse.
- Includes Australian compliant pressure/temperature relief valve and thermostatic mixing valve.
- 3 year warranty.

Thermostatic Mixing Valve Kit

Features:

- The heat exchanger used is AISI 316 stainless steel with a capacity that is notably higher than that achieved from other manufacturers.
- The tank is made of 1.5 mm gauge AISI 316 stainless steel, welded with Argon shielding gas and is highly resistant to corrosive agents.
- The heating element is made of Incoloy®, a nickel-based superalloy that has excellent corrosion-resistance and withstands high temperatures.
- The thermal insulation is high-density polyurethane foam injected between the cover and tank to give excellent heat-retention properties.

Water heating time (example) for Quick B3 Hot Water Heater 40L 1300W:
 15 mins to take the chill off / 30 mins for warm water / 45 mins for hot water.
 These times will vary depending on size of the tank and wattage of heating element.

SPECIFICATIONS

- **Tank material:** Stainless steel
- **Thermal insulator:** Polyurethane foam
- **External cladding material:** Composite
- **Tank Pressure (running test):** 800kPa**
- **Maximum working pressure:** 600kPa**
- **Electric element voltage rating:** 220 Vac ± 10%
- **Electric element power:** 500W or 1300W
- **Outputs diameter:** 1/2"

**1 Bar = 100 kPa

Optional Accessory:

- **QFVSLCSANT000A00:** Anti-flare protection: an anodised aluminium case for the heating element, to protect the water heater in potentially explosive environments (ISO 8846).

Electric Toilets Standard Flush

Standard flush toilet with pure white vitreous china bowl and soft close seat lid. Low water consumption with a powerful self-priming pump for above or below waterline installation.

- Rotating 90° pump.
- Expulsion up to 3.5m in height.
- Self priming up to 1.5m vertically.
- Impact resistant material base.
- Port connections: Inlet: 19mm (3/4") Outlet: 25mm & 38mm (1" & 1-1/2").
- Voltage: 12V | Amps: 17A.
- Evolution conversion kit upgrade available (JPW15871 / JPW15872).

JPW15855

Electric Toilets Silent Flush

Silent flush toilet with pure white vitreous china bowl and soft close seat lid. Use existing boat fresh water pump or additional diaphragm pump (JPW15877 / JPW15878) for salt water flush.

- Low water consumption.
- Expulsion up to 7m in height.
- Impact resistant material base.
- Port connections: Inlet: 19mm (3/4") Outlet: 25mm & 38mm (1" & 1-1/2").
- Standard or Evolution conversion kit upgrades available (see page opposite).

Comfort Bowl

Compact Bowl

Includes intelligent control system panel

Manual Toilets

Features a manual angled pump with long stroke for more comfortable operation. Made of white vitreous porcelain with corrosion resistant parts, it is silent, robust and easy to clean.

- Reversible pump mounting for choice of right or left-handed installation.
- Innovative spray nozzle with high pressure water jet
- Low water consumption.
- Dual lip valves prevents waste back into the bowl.
- Port connections: Inlet: 19mm (3/4") Outlet: 38mm (1" & 1-1/2").

Part No.	Bowl Type	Dimensions (mm)		
		A	B	C
JPW15861	Compact	425	450	325
JPW15862	Space Saver	425	450	285

Equipped with soft close seat lid.

Portable Toilets

This lightweight portable toilet is convenient, clean and water efficient. All seals have passed through a strict air pressure test.

- Reliable and durable.
- Injection piston flush.
- Fresh water tank on top.
- Removable waste holding tank on bottom.

JPW2702

JPW2701

Part No.	Size (L)	Height (mm)	Width (mm)	Depth (mm)

JPW2702	20	420	350	410

Electric Toilet Standard Conversion Kits

Converts the bowl of most toilets to the ease and convenience of electric operation. Suits most toilets with 4 bolt fixing and bolt centres on a 95 mm (3 3/4") diameter circle, such as Matmarine, Jabsco, TMC, Raritan, RM69, Johnson Pump, Thetford & Laizas.

- Contains stainless steel bolts and washers, hose, gaskets and control panel.
- Space saving and rotating 90 degrees.
- Pump easily accessible for servicing.
- Corrosion resistant materials.

Part No.	Voltage
JPW15873	12V
JPW15874	24V

Diaphragm Flush Pump for Silent Electric Toilets

Silent 4 diaphragm pump, brings in ocean water to rinse toilet bowl.

- For Ocean Technologies Silent Toilets.
- Includes strainer.
- Delivery: 12 litres.

Part No.	Voltage
JPW15877	12V
JPW15878	24V

Electric Toilet Evolution Conversion Kits

Same as above but with a new high-performance discharge pump and extremely silent operation.

- Includes a 360° rotatable discharge port connection.

Part No.	Voltage
JPW15871	12V
JPW15872	24V

Toilet Seat with Soft Close Lid

Soft close seat suitable manual or electric toilets.

- Intchangeable with Ocean Technologies, Jabsco, SPX, TMC and RM69 toilets.

Part No.	Suits Ocean Tech Bowl Type	Dimensions (mm)			
		A	B	C	D
JPW15875	Space Saver / Compact	215	225	330	335
JPW15876	Comfort	220	270	385	345

Y Valve 38mm

A universal valve to discharge either overboard or into waste tanks designed for long distance control by means of a push-pull cable.

- Orientable port connections: 38 mm.
- Can be operated through bulkhead.
- Equipped with extra 25 mm straight inlet port and handle extension.
- Padlockable.

Part No.
JPW15918

Vented Loops

For inlet and discharge pipes of manual and electric toilets installed below the waterline.

JPW15915

JPW15916

JPW15917

Part No.	Suits Hose (mm)
JPW15915	19
JPW15917	25
JPW15916	38

Macerator Pump 43LPM

Bronze macerator and rubber impeller discharge pump. Intermittent duty (do not run dry for longer than 30 secs) and self priming up to 0.6m vertical lift.

- Connection input: 38mm hose barb, output: 25mm
- 43 LPM output at 3m total head.

Part No.	Voltage	Amps
JPW15889	12V	12A
JPW15890	24V	6A

Shurflo Bilge Pumps

Manufactured to withstand tough marine conditions, featuring 900mm (3ft) tinned power leads to protect the wires from corrosion.

- Continuous duty and anti-airlock.
- 12V permanent magnet motor.
- Submersible and water cooled motor.
- High strength nylon impeller.
- 3/4" barb port outlet.
- ABS housing with quick-disconnect base plate.
- Do not run dry.
- Approvals: Ignition protected (ISO 8849), CE, IMCI Certified.

Part No.	Flow Rate	Voltage	Amps
JPW3521	380 GPH (24 LPM)	12V	1.7A
JPW3522	500 GPH (32 LPM)	12V	1.8A
JPW3523	700 GPH (44 LPM)	12V	3.2A

Shurflo Bilge Pumps - High Flow

Heavy duty and built to last, these high flow bilge pumps feature 1.8m (6ft) tinned power leads to protect the wires from corrosion.

- Continuous duty and anti-airlock.
- 12V or 24V permanent magnet motor.
- Submersible and water cooled motor.
- High strength nylon housing and impeller.
- 1-1/8" barb port outlet.
- Quick-disconnect base plate.
- Do not run dry.
- Approvals: Ignition protected (ISO 8849), CE, IMCI Certified.

Part No.	Flow Rate	Voltage	Amps
JPW3524	1500 GPH (95 LPM)	12V	8A
JPW3525	1500 GPH (95 LPM)	24V	4A
JPW3526	2000 GPH (126 LPM)	12V	10A
JPW3527	2000 GPH (126 LPM)	24V	5A

Shurflo Macerator Pumps

Designed to empty marine and RV waste holding tanks in minutes, these pumps feature a unique stainless steel dual-cut blade that will ground up small debris thoroughly.

- Seamless shell design with a flexible impeller.
- High flow rate with run-dry capability.
- Sealed manual turn key.
- Themally protected.
- Self-priming.
- Inlet Port: 1-1/2" Barb and 1-1/2" NPT / Outlet Port: 1" Barb.
- Approvals: Ignition protected (ISO 8849), CE.

Part No.	Flow Rate	Voltage	Amps
JPW3536	13 GPH (49 LPM)	12V	17A
JPW3537	13 GPH (49 LPM)	24V	9A

Shurflo Automatic Bilge Float Switches

Constructed from ABS plastic, these non-mercury mechanical switches have a manual test feature and can be remote or direct mounted.

- 900mm (3ft) tinned power leads.
- Activates at 44mm / turns off at 19mm.
- Amp rating: 12A @ 12V / 6A @ 24V.
- Approvals: Ignition protected (ISO 8849), CE.

Shurflo AquaKing II Premium Freshwater Pumps - 4GPH

Automatic demand pumps with 4 independent chambers to deliver a smooth flow for up to 4 applications.

- Self-priming up to 1.8m (6ft).
- Dry run capability.
- Sealed switch and motor.
- Thermally protected.
- Adjustable by-pass and pressure switch.
- Includes 2x 1/2" hose barb fittings and inlet strainer.
- Approvals: Ignition protected (ISO 8849), CE.

Part No.	Flow Rate	Voltage	Amps	Shut-off Pressure
JPW3544	4 GPH (15 LPM)	12V	10A	55 PSI (3.8 BAR)
JPW3545	4 GPH (15 LPM)	24V	5A	55 PSI (3.8 BAR)

Shurflo AquaKing II Standard Freshwater Pumps - 3GPH

Featuring 4 independent chambers for up to 3 applications, these automatic demand pumps are quiet and can run dry without damage.

- Co-molded diaphragm.
- Self-priming up to 1.8m (6ft).
- Sealed switch and motor.
- Thermally protected.
- Adjustable by-pass and pressure switch.
- Corrosion resistant electro coated motor.
- Includes 2x 1/2" hose barb fittings.
- Requires inlet strainer.
- Approvals: Ignition protected (ISO 8849), CE.

Part No.	Flow Rate	Voltage	Amps	Shut-off Pressure
JPW3541	3 GPH (12 LPM)	12V	6.5A	55 PSI (3.8 BAR)
JPW3542	3 GPH (12 LPM)	24V	3.8A	55 PSI (3.8 BAR)

Shurflo AquaKing II Supreme Freshwater Pumps - 5GPM

Automatic demand pumps with 4 independent chambers deliver a smooth flow for up to 4 applications.

- Co-molded diaphragm.
- Adjustable by-pass and pressure switch.
- Sealed switch and motor.
- Thermally protected.
- Dry run capability.
- Self-priming up to 1.8m (6ft).
- Corrosion resistant electro-coated motor.
- Includes 2x 1/2" hose barb fittings and inlet strainer.
- Approvals: Ignition protected (ISO 8849), CE.

Part No.	Flow Rate	Voltage	Amps	Shut-off Pressure
JPW3538	5 GPH (19 LPM)	12V	20A	55 PSI (3.8 BAR)
JPW3539	5 GPH (19 LPM)	24V	7.5A	55 PSI (3.8 BAR)

Shurflo Trail King II Freshwater Pump - 3GPH

A smaller unit designed mainly for RV/Caravan use, this freshwater pump features 4 independent chambers to deliver a smooth flow for up to 3 applications. This automatic demand pump is super quiet and can run dry without damage.

- Co-molded diaphragm.
- Self-priming up to 1.8m (6ft).
- Sealed switch and motor.
- Thermally protected.
- Adjustable by-pass and pressure switch.
- Corrosion resistant electro coated motor.
- Includes 2x 1/2" hose barb fittings.
- Requires inlet strainer.
- Approvals: Ignition protected (ISO 8849), CE.

(Dimensions in mm)

Part No.	Shurflo MPN	Voltage	Amps	Shut-off Pressure
JPW3555	4009-101-B87	12V	5.3A	45 PSI (3.1 BAR)

Shurflo Pro Blaster II Deluxe Deckwash Pumps - 4GPM

Designed for intermittent duty only, these quiet automatic demand pumps can run dry without damage.

- 4 independent chambers.
- Co-molded diaphragm.
- Adjustable pressure switch.
- Self-priming up to 1.8m (6ft).
- Sealed switch and motor.
- Corrosion resistant electro-coated motor.
- Includes 2x 3/4" hose barb fittings, 1x 3/4" GHT fitting inlet strainer and spray nozzle.
- Approvals: Ignition protected (ISO 8849), CE.

(Dimensions in mm)

Part No.	Shurflo MPN	Voltage	Amps	Shut-off Pressure
JPW3551	4248-153-E09	12V	10A	60 PSI (4.1 BAR)
JPW3552	4248-163-E09	24V	5A	60 PSI (4.1 BAR)

Shurflo Blaster II Deckwash Pump - 3.5GPM

Marine fresh or salt water wash-down installation, this pump may be also used for general water transfer.

- 4 independent chambers.
- Co-Molded diaphragm.
- Adjustable pressure switch.
- Self-priming up to 1.8m (6ft).
- Sealed switch and motor.
- Thermally protected.
- Corrosion resistance electro-coated motor.
- Includes 2x 3/4" hose barb fittings, 1x 3/4" GHT fitting and inlet strainer.
- Approvals: Ignition protected, CE.

(Dimensions in mm)

Part No.	Shurflo MPN	Voltage	Amps	Shut-off Pressure
JPW3553	4238-121-E07	12V	7.5A	45 PSI (3.1 BAR)

Shurflo Pro Blaster II Ultimate Deckwash Pumps - 5GPM

Features 4 independent chambers to deliver a powerful consistent spray pattern to blast away grime on your deck.

- Co-molded diaphragm.
- Adjustable pressure switch.
- Self-priming up to 1.8m (6ft).
- Sealed switch and motor.
- Thermally protected.
- Dry run capability.
- Corrosion resistant electro coated motor.
- Includes 2x 3/4" hose barb fittings, 1x 3/4" GHT fitting, inlet strainer and spray nozzle.
- Approvals: Ignition protected (ISO 8849), CE.

(Dimensions in mm)

Part No.	Shurflo MPN	Voltage	Amps	Shut-off Pressure
JPW3547	4258-153-E09	12V	14A	60 PSI (4.1 BAR)

Shurflo Pro Blaster II Deluxe & Ultimate Deckwash Pump Kits

Kits include:

- 1x Pro Blaster II Deckwash Pump (Deluxe 4GPH or Ultimate 5GPH).
- 1x Self-coil hose (25ft) with spray nozzle.
- 2x Straight swivel wing nut fittings.
- 2x Straight swivel adapter fittings.
- 1x Garden hose wing nut fitting.
- 1x Straight fitting.
- 1x Strainer.

Part No.	Shurflo MPN	Flow Rate	Volts	Amps
JPW3548	4348-153-E09	4 GPH (15 LPM)	12V	10A
JPW3549	4358-153-E09	5 GPH (19 LPM)	12V	14A

Shurflo Pro Baitmaster II Livewell Pump with Fittings - 4GPM

The seamless motor shell and sealed switch protects the pump from splashed liquids. Pump is self-priming and can run dry without damage.

- Corrosion resistant electro-coated motor.
- General water transfer.
- 4 independent chambers.
- Co-molded diaphragm.
- Adjustable pressure switch.
- For tank size 35 gallons and under.
- Includes 2x 3/4" hose barb fittings, 1x 3/4" GHT fitting and inlet strainer.
- Approvals: Thermally protected, Ignition protected, CE.

Part No.	Shurflo MPN	Voltage	Amps	Shut-off Pressure
JPW3535	4648-153-E07	12V	8A	45 PSI (3.1 BAR)

Shurflo Raw Water Strainers

High capacity strainers built to keep your bait tank, livewell and washdown pumps protected from harmful debris.

- Rugged nylon housing with clear twist-off polyamide bowl.
- Easy-to-clean slide out stainless steel screen.
- Includes an integral o-ring for a tight seal.

Part No.	Port Size
JPW3575	1/2"
JPW3576	3/4"
JPW3577	1"

Shurflo Water Strainers

Keep debris and other particles out of the pump with these clean economical strainers. Features a transparent clear bowl to easily see when the strainer needs cleaning.

- 50 mesh stainless steel screen.

Part No.	Inlet	Outlet	Outlet Type
JPW3561	1/2" Barb	1/2" NPSM	Twist-On
JPW3562	1/2" NPSM	1/2" NPSM	Twist-On
JPW3563	1/2" NPSM	1/2" Female	Swivel Nut

Shurflo Straight and Elbow 90° Fittings

- Nylon fittings with wingnut swivel.

Part No.	Type	Inlet	Outlet
JPW3565	Straight	1/2" NPT	1/2" Barb
JPW3566	Straight	1/2" NPT	3/4" Barb
JPW3567	Elbow	1/2" NPT	1/2" Barb
JPW3568	Elbow	1/2" NPT	3/4" Barb
JPW3569	Straight	1/2" NPT	USA 3/4" GHT thread

Shurflo Accumulator Tank 1L

Bladder type pressure storage vessel and/or pulsation-dampening device designed to hold water under pressure.

- Smooths water faucet pulses and reduces pump cycling.
- Easily handles pressure requirements from 20 PSI to 125 PSI.
- Pre-Charge Pressure: 30 PSI.

Part No.	Dia x L (mm)
JPW3516	95 x 22

Shurflo Self-Coiling Hose 7.6m

Blue spring coiled hose ideal for deck washdown use.

- Fitted with 3/4" (19mm) garden hose thread.

Part No.	Length	Diameter
JPW3558	7.6m (25ft)	13mm (1/2")

Waste Tank Carbon Filter Breather

Manufactured in light alloy and nylon, this filter must be installed in the highest possible location along the breather of the tank.

- 16mm (5/8"), 19mm (3/4") and 25mm (1") barbs.
- Carbon lifetime: approx. 1 year.

Part No.
JPW15893

Hose Coil 7.6m

Blue polyurethane spring coiled hose ideal for deck wash-down use.

Part No.	Length
JPW1750	7.6m (25ft)

Shurflo Drill Pump Kit

Attaching to any standard drill motor, this easy to use drill pump is ideal to pump water from appliances, aquariums, waterbeds, sinks, toilets, or drums.

- Not intended for use with flammable liquids, or in flammable environments.
- Self primes up to 8ft (vertical) / 25ft (horizontal).
- 1/4" Shaft fits standard drill.
- 3/4" male garden hose ports.
- Hoses included.

Part No.
JPW3519

Wash Down Hose Kit 7.5 with Storage Housing

Complete horizontal mount hose storage and deck wash system.

- Includes white moulded storage housing, 7.6m (25ft) coiled hose with hose gun, deck wash hose connection, required fittings and hose clamps.

Part No.
JPW1751

Shurflo Waterguard In-line Drinking Water Filter

Two-stage water filter used to significantly reduce chlorine, taste, odor and sediment, providing crisp, clean and safe drinking water.

- Maximum inlet pressure 125 PSI (8.6 BAR).
- 13mm barbed hose connectors each end.
- Filters up to 22,700 litres of water.
- Wall/bulkhead mounting.

Part No.	Length (mm)	Diameter (mm)
JPW3574	279	65

Expandable Hoses with Spray Gun

Lightweight and easy to use revolutionary hose that expands and contracts automatically with water pressure.

- Polyester fabric cover with inner latex tube.
- Flexible hose avoids kinks, tangles or twists.
- High quality spray nozzle with 7 adjustable spray patterns.
- Includes durable and corrosion resistant brass connectors.

Part No.	Expanded Length (m)	Contracted Length (m)
JPW1753	7.6	2.5
JPW1754	15	5

Hose Coil Spray Gun

Designed for use with deck washdown pumps and features seven spray patterns including two shower settings as well as cone, mist, flat, soaker and jet.

Part No.
JPW1755

Shurflo High Pressure Blaster Nozzle

Use with Shurflo Pumps or garden hose, this nozzle adjusts from a fine mist to full stream with a lock clip for continuous spray.

- High impact plastic for long life.

Part No.	Connection
JPW3570	3/4" [19mm] Garden Hose Thread

Multi-Purpose Clear Hoses

Premium quality clear multi-purpose hose suitable for air, water and mild chemical applications.

- Conforms to AS2070 (plastics for food contact) making it suitable for general food applications.
- Conforms to AS2554 and has moderate level of UV protection.
- Not suitable for permanent fuel lines.
- Sold in pre-cut 20m rolls or ordered in cut to metre lengths.

Part No.		Dia (mm)
20m Roll	Cut to Length	
JPW1741	-	12
JPW1742	-	20
JPW1743	-	25
JPW1744	JPW1744C	32
JPW1745	JPW1745C	38
JPW1747	JPW1747C	50

Cuffed Bilge Pump Hoses

Black plastic bilge pump discharge hose that has hose clamp cuffs every foot for easy hose clamping.

Part No.	Dia (mm)	Length (m)	Suits Rule Pumps (GPH)	Suits Jabsco Pumps (GPH)
JPW1730	20	15	360, 500, 800	380, 500, 700
JPW1731	28	15	1000, 1100, 1500, 2000	1500, 2000

Cuffed Bilge Pump Hose Kits

Submersible bilge pump plumbing installation kits.

- Includes cuffed hose, nylon skin fitting and two stainless steel hose clamps.

Part No.	Dia (mm)	Length (m)
JPW2696	20	1.5
JPW2697	28	1.8

MarineFlex Bilge Hoses

A smooth bore lightweight hose with excellent flexibility. Particularly well suited for suction lines on bilge pumps, toilet installations and other applications requiring tight bends.

- Excellent UV stability.
- Conforms to AS2070 (plastics for food contact).
- Not suitable for use with fuels or drinking water.
- Operating temperature from -5°C to +60°C

Part No.	I.D. (mm)	I.D. (in)	O.D. (mm)	Length (m)
JPW1720	20	3/4	24.5	20

JPW1723	32	1 1/4	39.4	20
JPW1724	38	1 1/2	46.1	20

Premium Bilge Hoses

A premium version of the Marine-Flex manufactured with a smooth outer, to assist in the placement of hose clamps. Its thicker wall means greater strength and in service life.

Part No.	I.D. (mm)	I.D. (in)	O.D. (mm)	Length (m)
JPW1732	20	3/4	24	20
JPW1733	28	1 1/8	34.9	20

Marine Exhaust Hoses

Lightweight corrugated hose with excellent flexibility for conveying wet exhaust fumes. Lloyds approved. Lloyds No. 08/1006 (E2).

- Cover: Corrugated cover. Black with blue stripe. Synthetic (corrugated finish). Ozone and oil resistant and flame resistant.
- Reinforcement: high tensile textile cords with embedded steel helix wires.
- Tube: NBR blend handles 40% aromatics.
- Temperature Range: -20° C to 121° C
- Working Pressure: 5 Bar 3:1 safety factor
- Sold in pre-cut 20m rolls or ordered in cut to metre lengths.

Part No.		I.D. (mm)	I.D. (in)	Bend Radius (mm)
Cut to Length	20m Roll			
JPW1788	JPW1789	38	1 1/2	229
JPW1790	JPW1791	45	1 3/4	261

JPW1796	JPW1797	76	3	610
JPW1798	-	90	3 1/2	711

Sanitation Hoses

Heavy duty white suction hose specifically made for marine toilet installations. Its nitrile content (greater than 15%) provides excellent resistance against odour permeation in toilet applications.

- Smooth bore lightweight hose with excellent flexibility for waste applications.

Part No.		Dimensions (mm)	
20m Roll	Cut to Length	I.D.	O.D.
JPW1760	JPW1760C	20	25.8
JPW1761	JPW1761C	25	31.9
JPW1762	JPW1762C	38	46.1

Marine Fuel Line Hoses

Recommended for fuel feed and vent applications on marine pleasure crafts. This hose exceeds U.S. Coast Guard requirements for type A1 service as outlined in SAE J1527.

- Suitable for below deck or permanent applications.

Part No.	I.D. (mm)	I.D. (in)	O.D. (mm)	Length (m)
JPW1774	8	5/16	18	30
JPW1776	10	3/8	19.8	30
JPW1778	12	1/2	22.8	30
JPW1780	16	5/8	25.8	30

Outboard Fuel Hoses

Reinforced fuel hose suitable for outboard fuel lines and portable or above deck mounted tanks.

- Do not use for below deck or permanent applications.

Part No.	I.D. (mm)	I.D. (in)	Length (m)
JPW2501	8	5/16	20
JPW2502	10	3/8	20

Marine Fuel Filler Hoses

Type A2 fuel fill hose constructed with high-grade chemigum tube for superior fuel resistance for type A2 fuel fill applications. This is the connection from the boats fuel tanks to the filler cap.

- Flame retardant cover.
- Two-ply synthetic braid with wire helix.
- Black nitrile tube.
- Temperature range: -30° to 90° C.
- Sold as a 15m coil or per metre.

Part No.		I.D. (mm)	I.D. (in)	O.D. (mm)
Cut to Length	15m Roll			
JPW1782	JPW1784	38	1 1/2	47.1
JPW1785	JPW1787	51	2	61.5

Standard Stainless Steel Hose Clamps

Australian-made 316-grade stainless steel perforated band worm drive hose clamps

- Sold per box quantity 10x clamps.

Part No.	Clamp No.	Min-Max (mm)	Band Width (mm)

T-Bolt Stainless Hose Clamps

Australian-made 304-grade stainless steel T-bolt hose clamps for extra heavy duty applications where large tightening forces are required.

- Solid band with a rolled edge
- Tightened via a high-tensile 316-grade stainless hex head bolt.
- Extra solid construction with easy installation and tightening.
- Sold per box.

Part No.	Clamp No.	Min-Max (mm)	Band Width (mm)	Box Qty

Superior hose clamps, German designed and European made, all parts manufactured from 304-grade stainless steel.

- High clamping force with low tightening torque.
- Burr-free and convex band edges.
- Sold per box quantity 10x clamps.

Skin Fittings Nylon Body Stainless Steel Cap - Straight

Made from high-strength nylon plastic bodies. Includes non-corrosive, highly polished 316-grade stainless steel cap.

- Install above water line only.

Part No.	A		B (mm)	C (mm)	D (mm)	E (mm)
	(mm)	(in)

JPW1863	1 1/2	84	47	99.5	34.5	52

Thru-Hull Nylon Pickup

Nylon thru-hull pickup with BSP male thread.

- Suits a ball valve with 25mm (1") female thread.
- Thread length: 65mm.

Part No.	Cut-Out Hole (mm)
JPW1807	25

Transom Well Drain

White nylon fine threaded drain with push-on grip flanged end fitting.

- Can be used for draining motor or anchor wells.

Part No.	Total Length (mm)	Cut Out Hole (mm)
JPW5420	55	25

Nylon Skin Fittings

High quality Australian made white nylon skin fittings with a tapered outer head to lower drag.

- Dual connection with barbed tail for hose and a BSP male thread.
- JPW1801 has a dual sized barbed tail.

Part No.	Hose Size		Mount Hole (mm)	Length (mm)
	(in)	(mm)		
JPW1801	1/2" & 5/8"	12 & 16	20	68
JPW1802	3/4"	19	25	81
JPW1803	1"	25	32	81
JPW1804	1 1/4"	32	40	81
JPW1805	1 1/2"	38	46	82
JPW1806	1 1/8"	28	32	95

Polypropylene Skin Fitting

Thru hull skin fitting made from polypropylene.

- Barbed hose tail can be cut off and male BSP threaded connection can screw into valve if desired.

Part No.	Hose Size		Mount Hole (mm)	Length (mm)
	(in)	(mm)		
JPW1808	1 1/2"	38	47	96

Non-Return Valve - Dual Size

Australian-made premium one-way valve, suitable for galley pumps.

- Stepped ports.

Part No.	Hose Size (mm)
JPW1816	12 & 20

Shurflo Non-Return In-Line Check Valve

One direction valve safeguards against backsurge up to 100 PSI.

Part No.	Hose Size
JPW3572	13mm (1/2")

Non-Return Valve - Dual Size

Dual size to suit two different hose sizes.

- Made from reinforced nylon with neoprene valves and stainless steel fasteners.

Part No.	Hose Size (mm)
JPW1817	25 & 38

Scupper Valve with Rubber Flap 70mm

White nylon material with rubber flap valve that opens to let water out then seals back to prevent water entering.

- Supplied with stainless steel screws.

Part No.	O.D (mm)	I.D (mm)
JPW1827	70	48

Thru-Transom Scupper

White nylon material with rubber flap valve that opens to let water out, then seals back to prevent water entering.

- Designed to pass through a bulk head.

Part No.	Hose Size		Length (mm)
	(in)	(mm)	
JPW1828	1 1/2"	38	152

Acetal Hose Connectors (Hose Tail)

Made from extra strong chemically resistant acetal resin, offering superior performance in many applications from fuel lines to water outlets.

Part No.	Hose Size		Thread BSP (in)	Length (mm)
	(in)	(mm)		
JPW1810	1/2	13	1/2	67
JPW1811	5/8	16	5/8	67
JPW1812	3/4	19	3/4	80
JPW1813	1	25	1	80
JPW1814	1 1/4	32	1 1/4	80
JPW1815	1 1/2	38	1 1/2	83

Ball Valves - Stainless Steel

Two piece, lever operated ball valve. Made from marine grade 316-grade stainless steel with stainless steel ball, stem and handle.

- BSP threaded ports.

Part No	Size	
	(in)	(mm)
JPW1874	3/4	19
JPW1875	1	25

Stainless Steel Sinks

304-grade stainless steel with semi-gloss or mirror polished finish.

- 90° support edge.
- Includes 1 1/4" waste and plug.

Part No.	Sink Shape	Finish	Dimensions (mm)				
			A	B	C	D	E
JPW5006	Rectangle	Semi-gloss	260	320	150	240	300
JPW5007	Rectangle	Semi-gloss	260	355	150	240	335
JPW5010	Oval	Mirror Polish	265	382	130	240	356
JPW5011	Round	Mirror Polish	285	285	180	260	260

Sink Waste and Plugs - 1" (25mm)

- To suit stainless steel sinks above.

Part No.	Type	Hose Tail (mm)	Plug Size (mm)	Hole Cut-Out Size (mm)
JPW5016	Straight	28	25	32
JPW5017	90°	28	25	32
JPW5012	Straight Waste & 25mm Plug Set			
JPW5018	Plug Only 25mm (1" Ø)			

Shurflo Faucet White - Manual or Electric

Smooth, easy flow with a washerless ceramic disc design, built-in backflow prevention and versatile 360 degree spout rotation.

- Rugged ABS plastic design.
- Easy operation.
- High operating temperatures & pressures.

Part No.	Type	Switch
JPW5021	Electric	12V / 4A
JPW5022	Manual	none

Pot Haulers	17.14 - 17.15

Rod Holder Tube Insert Caps

UV-stabilised with glossy finish, ideal for rocket launcher racks, etc.

- Finishes the metal tube neatly, saving rods from damage.

Part No.	Colour	O.D. (mm)	I.D. (mm)	Max Tube Wall Thickness (mm)
JPW6020	Black	50.8 (2")	43	1.5
JPW6021	Dark Grey	50	39	3

Side Mount Rod Holders - Plastic

Side mount rod holders can fit on any flat surface, available in black or white. Order in bulk or single packaged.

- Holes width apart: 60mm
- Holes length apart: 50mm
- Six 5mm countersunk fastening holes.

Part No. Bulk	Part No. Packaged	Colour	Shaft I.D. (mm)	Length (mm)	Mount Area (mm)
JPW6006B	JPW6006P	Black	43	235	135 x 70
JPW6007B	JPW6007P	White	43	235	135 x 70

Flush Angled Oval Head Rod Holders - Plastic

Oval head rod holders made from UV-stabilised polypropylene. 30° angle shaft, moulded internal rod gimbal.

- Four 5mm countersunk fastening holes.

Part No. Bulk	Part No. Packaged	Colour	Shaft I.D. (mm)	Length (mm)	Head Size (mm)	Cut-out (mm)
JPW6002B	JPW6002P	White	44	210	110 x 85	50
JPW6003B	JPW6003P	Black	44	210	110 x 85	50

Flush Straight Rectangle Head Rod Holders - Plastic

Narrow rectangle head rod holders made from UV-stabilised polypropylene. Flush mount with bevelled edge, straight shaft and moulded internal rod gimbal.

- Four 5mm countersunk fastening holes

Part No. Bulk	Part No. Packaged	Colour	Shaft I.D. (mm)	Length (mm)	Head Size (mm)	Cut-out (mm)

JPW6001B	JPW6001P	Black	44	230	90 x 60	50

Flush Angled Rectangle Head Rod Holders - Plastic

Narrow rectangle head rod holders in UV-stabilised polypropylene. Flush mount with bevelled edge, 30° shaft, moulded internal rod gimbal.

- Four 5mm countersunk fastening holes.

Part No. Bulk	Part No. Packaged	Colour	Shaft I.D. (mm)	Length (mm)	Head Size (mm)	Cut-out (mm)
JPW6004B	JPW6004P	Black	44	230	90 x 60	50
JPW6005B	JPW6005P	White	44	230	90 x 60	50

Oval Flush Mount Rod Holders with PVC Cap

30° angle oval head rod holders come complete with PVC cap and mounting gasket.

- Three 5mm countersunk fastening holes.

Part No.	Colour	Shaft I.D. (mm)	Length (mm)	Head (mm)	Cut-out (mm)
JPW6023	Black	46	200	105 x 85	50
JPW6024	White	46	200	105 x 85	50

Rod Holders - Stainless Steel

Stainless steel 304 grade rod holders, spot welded collar with a slimline rectangle head and welded rod gimbal pin through shaft.

- Straight head or 15deg angled head.
- 6mm countersunk fastening holes.

JPW5947

JPW5946

Part No.	Head Angle	Shaft I.D. (mm)	Length (mm)	Head (mm)	Cut-out (mm)

JPW5934	Straight	41	205	106 x 90	50

Flush Mount Rod Holder with PVC Insert - Stainless Steel

304-grade polished flush mount, 30° angled stainless steel. Complete with PVC insert, rubber gasket and solid stainless steel rod gimbal pin.

- 6mm countersunk fastening holes.

JPW5849
Bezel Accent Ring
with Blue LED

Part No.	Shaft I.D. with insert (mm)	Length (mm)	Head Size (mm)	Cut-out (mm)
JPW5948	38	230	110 x 85	50

Flush Mount Rod Holder with PVC Cap and Insert - Stainless Steel

Cast 316-grade heavy duty stainless steel 30° angled rod holder. Complete with rubber gasket and PVC insert. Tube and cast head completely welded. 6mm gimbal pin in base of tube.

- 6mm countersunk fastening holes.

JPW5849
Bezel Accent Ring
with Blue LED

Part No.	Shaft I.D. with insert (mm)	Length (mm)	Head Size (mm)	Cut-out (mm)
JPW5950	40	220	105 x 85	50

Rod Holder Straight Head with Cap & Insert - Stainless Steel

Polished 316-grade stainless steel flush mount rod holder with a straight head.

- Complete with rubber gasket, shaft insert and cap.
- Solid stainless steel gimbal pin through shaft.
- 8mm countersunk fastening holes.

Part No.	Shaft I.D. with insert (mm)	Length (mm)	Head Size (mm)	Cut-out (mm)
JPW5952	41	210	115 x 90	51

PVC Insert and Cap Replacements for 30deg Angled Rod Holders

PVC rod holder insert replacement featuring a cover top cap.

- Suits rod holders JPW5948, JPW5950 and JPW6028.

Part No.	Colour	Shaft O.D (mm)	Shaft I.D. (mm)	Length (mm)

Portable Camping Table with Sink and Faucet

Multi-purpose portable table, perfect for boating, fishing, camping or in the back yard. Features an in-built sink with removable water faucet & drainage hose.

- Made from High Density Polyethylene (HDPE5502).
- Connect the tap up to a standard garden hose to provide freshwater.
- Easily empty the sink into a bucket or flood drain via the drain hose.
- Sturdy frame with foldable legs that folds flat under table top.
- Includes tap, hose, drain hose, rubber drain plug and required fittings.

Part No.	Overall L x W x H (mm)	Sink L x W x H (mm)
JPW3636	1150 x 590 x 860	400 x 270 x 65

Bait Box Storage Bin Small

Designed to clip over most dinghy's or tinny gunwales, this box is the ideal addition to while fishing to store those hard to keep tidy fishing rigs.

- UV stabilised polyethylene.
- Large open storage compartment and recessed drink holder.

Part No.
JPW5090

Fish Storage Box

Ideal fishing accessory to store the catch of the day out on the water.

- Two strong plastic hinges and large finger hole in lid for easy opening.
- UV stabilised polyethylene.

Part No.
JPW5092

Bait Box Storage Bin Deluxe

Deluxe bait box bin storage, perfect for bait storage and organising your fishing accessories.

- UV stabilised polyethylene.
- Clips over most tinny or dinghy gunwales.
- Large open storage compartment at the front and two recessed compartments on the top.

Includes knife storage

Part No.
JPW5091

Plastic Anchor Wells

Made from UV stabilised polyethylene, these anchor wells are used to tidy away your anchor and chain, and ensure that they are always ready for use.

- Surface resists cuts and abrasions.
- Reinforced lip for mounting.
- Two 20mm drainage holes.

Part No.	Dimensions (mm)

Viper Pro Series Fibreglass Seat Base with Tackle Locker

Seat base made from high grade fibreglass finished in a gloss white gel-coat, fitted with 316-grade polished stainless steel tackle locker.

- Includes 7 storage boxes (2 large, 5 small).
- Left or right hand opening door with pull handle and key-lock.

Part No.	Dimensions H x W x D (mm)
JPW3042	475 x 485 x 485

Stainless Steel Berley Muncher

Fully welded, finished and polished by hand.

- Extra sharp teeth has no issues cutting through frozen fish.

Part No.	Length (mm)
JPW12897	175

Aluminium Berley Muncher

Berley bucket muncher made from aluminium and designed to be used with marlin board or transom mount berley buckets.

Part No.	Length (mm)
JPW5085	700

Plastic D-Shaped Berley Bucket

Super tough UV-stabilised polyethylene rota moulded plastic.

- Resistant to sun and salt water.
- 100% Australian-made for harsh marine conditions.

Part No.	Dimensions H x W x D (mm)
JPW5082	440 x 190 x 200

Galvanised Bucket

11L Galvanised bucket

- Use as safety equipment for putting out fires or as a bailer.

Part No.
JPW1113

PVC Collapsible Bucket with Carry Bag

Collapsible 11L blue bucket made of PVC waterproof fabric with plastic base and ring, and wire handle.

- Light weight, fast drying and durable.
- Foldable leak-proof design.
- Includes storage bag.

Part No.
JPW5136

Transom Mounted Berley Bucket

This stainless steel transom-mounted berley bucket is height-adjustable and conveniently removable.

- Hand-made and hand-polished.
- Includes a two-way mounting bracket for attachment.

Part No.	Dimensions H x D (mm)
JPW12894	400 x 150

Transom Mounted Berley Bucket 'D' Shape

The 316-grade stainless steel 'D' shaped berley bucket has been designed to fit where most traditional buckets won't, with only two fixing points required.

- Hand polished to a mirror finish.
- Supplied with 2x stainless steel screws.

Part No.	Dimensions H x W x D (mm)
JPW12895	400 x 185 x 110

Polystyrene Floats

Constructed from high density white polystyrene with a pre-drilled hole for rope.

- Crab floats have a groove in the center for rope storage.
- Use as marker buoys or mooring floats.

Part No.	Type	Diameter (mm)	Hole Size (mm)

Viper X-Treme Telescopic Outrigger Bundles

Viper Outrigger bases are fitted with heavy duty commercial stainless steel bearings to ensure smooth operation and the outrigger poles are also spring loaded for ease of use. The bases are removable when not in use and easy to store in the carry case. The side mount model comes supplied with side mount bases, whereas the deck mount model has removable bases with rain caps.

- Matte black UV stabilized 3 stage telescopic outrigger poles
- 8mm cast 316-grade stainless steel, hand polished bases.
- Outrigger poles feature spring loaded stainless steel locking pins
- 180 Degree rotation bow to stern
- 90 Degree vertical sky to water adjustment.
- Length Extended: 4.876m
- Length Retracted: 2m
- Takes 41mm poles
- Base: \varnothing 88mm
- Cut-out: \varnothing 51mm

Bundle includes:

- Telescopic 3 stage 4.8m outrigger poles.
- Side or deck mount bases.
- Line kit.
- Stainless tag return weights.
- Quick release clips.
- Bungee cords with stainless clips and pulleys.
- Stainless sandwich plates.
- Stainless mounting hardware.
- Foam filled silver carry case.

JPW12806	Deck Mount
JPW12807	Side Mount

Quick TB2 Tumbler Capstan Cray Pot Hauler Winch

This high-quality Italian-made winch is the ideal companion for effortless craypot or heavy line haulage retrieval. It has a vertical capstan and horizontal-mounted motor and gear box which can be hidden out of sight under the gunwale or front deck, depending on requirements.

- Vertical capstan with horizontal motor and gearbox.
- Concealed under deck or gunwale, mount at 90/45° angles.
- Capstan and base crafted from AISI 316 stainless steel.
- Technopolymer corrosion resistant gearbox.
- Includes base gasket, clutch handle, mounting hardware, drill template, user manual, conditions of warranty and 10mm plastic spacer.

*Does not include: Circuit breaker 60amp (required) or switch.

*For forward/reverse operation: Solenoid and switch is required.

See Section 2: Anchor Winches & Accessories.

- Supplied with centre hub and black cap.

Part No.	Colour	Diameter (mm)
JPW18878	Stainless Steel / Black	350

Ultraflex V45 Steering Wheel Ø 280mm - 3 Spoke

Thermoplastic anti-shock wheel featuring a soft-touch grip for smoother control.

- Fits a standard 3/4" tapered shaft.
- Supplied with a centre cap.

Part No.	Colour	Diameter (mm)
JPW18872	Black	280

Soft Grip Steering Wheel Ø 343mm - 5 Spoke

Stainless steel steering wheel with soft grip spokes.

- In-built hub fits a standard 3/4" tapered shaft.
- Supplied with a centre cap.

Part No.	Colour	Diameter (mm)
JPW19305	Stainless Steel / Black	343
JPW19304	Stainless Steel / Grey	343

Ultraflex V52B Steering Wheel Ø 320mm - 5 Spoke

Stainless steel five-spoke steering wheel featuring a strong polyurethane grip.

- Non-magnetic, eliminates compass interference.
- Fits a standard 3/4" tapered shaft.
- Includes hub and stainless steel cap.

Part No.	Colour	Diameter (mm)
JPW18877	Stainless Steel / Black	320

Steering Wheel with Speed Knob Ø 343mm - 5 Spoke

Stainless steel steering wheel with soft grip spokes and speed knob.

- Speed knob assists in quick rotations of the wheel.
- Fits a standard 3/4" tapered shaft.
- Supplied with a centre cap.

Part No.	Colour	Diameter (mm)
JPW19312	Stainless Steel / Black	343

Stainless Steel Steering Wheels - 3 Spoke

Highly polished 316-grade stainless steel with finger indents around rim for a comfortable grip. Flat 4mm thick center spokes connect to the outer rim.

- Supplied with highly polished stainless steel cap.
- In-built hub fits a standard 3/4" tapered shaft.

Part No.	Diameter (mm)
JPW19302	340
JPW19303	390

Stainless Steel Steering Wheel with Speed Knob Ø 457mm- 5 Spoke

316-grade stainless steel five-spoke steering wheel with speed knob and finger indents around rim.

- Supplied with black centre cap.
- In-built hub fits a standard 3/4" tapered shaft.

Part No.	Diameter (mm)
JPW19313	457

Stainless Steel Steering Wheels with Speed Knob - 3 Spoke

Highly polished 316-grade stainless steel three-spoke steering wheel with speed knob to assist with quick rotations of the wheel and finger indents around rim for a comfortable grip.

- Flat 4mm thick center spokes connect to the outer rim.
- Supplied with stainless steel cap.
- In-built hub fits a standard 3/4" tapered shaft.

Part No.	Diameter (mm)
JPW19300	340
JPW19301	390

Steering Wheel Control Knobs

316-grade stainless steel control knobs for faster and easier steering.

- For hydraulic, non-feedback and non-reversible systems only.

Part No.	Model	Fits Rim Size	
		(mm)	(in)
JPW19320	S2	20 - 25	3/4 - 1
JPW19321	S3	20 - 25	3/4 - 1

Stainless Steel Steering Wheels - 5 Spoke

Highly polished 316-grade stainless steel five-spoke steering wheel.

- In-built hub fits standard 3/4" tapered shaft.
- Supplied with black centre cap.

Part No.	Diameter (mm)
JPW19308	340
JPW19309	390

Steering Wheel Spares

- JPW18882 - Hub and button (X63) is made to suit Ultraflex steering wheels for connection to a 3/4" tapered shaft.

Stainless Steel Steering Wheels with Speed Knob - 5 Spoke

Highly polished 316-grade stainless steel five-spoke steering wheel with speed knob to assist with quick rotations of the wheel.

- In-built hub fits standard 3/4" tapered shaft.
- Supplied with black centre cap.

Part No.	Diameter (mm)
JPW19306	340
JPW19307	390

Part No.	Description
JPW18881	Black Centre Ring
JPW18882	X63 Hub & Button
JPW19323	Round Centre Cap - Black
U58078	Round Centre Cap for V32- Black
U58079	Round Centre Cap for V32 - White
U59763	Square Centre Cap for V33 - Black
U60697	Silver Screw Set for Steering Wheel
U60698	Black Screw Set for Steering Wheel

HOW TO ORDER

Select products from the catalogue or through our website using the product categories or search function. Make note of the part numbers to facilitate ordering.

ONLINE

STEERING SYSTEM SELECTION GUIDE

Speed, hull, horsepower, engine type, displacement and size are major factors in boat performance and handling characteristics. We do not recommend these systems for outboards 25HP or less. Although mechanical helms are rated to high HP ratings, we strongly recommend hydraulic steering to be fitted to all motors above 115kW (150HP) or boats that exceed 50mph for optimum performance and maximum customer satisfaction. **This selection guide should be used as a general reference only. Always follow engine manufacturer's instructions.**

**Sterndrive engines not equipped with power steering can create very high steering loads. Our hydraulic steering systems are recommended for these types of boats.*

Steering Helm System	OUTBOARD Boat length up to 9m (30ft)		INBOARD	STERNDRIVE*
	Optimal Engine Power	Max. Engine Power	Boat length up to 10.5m (35ft)	Power Assisted
T85	75HP	115HP	No	Yes
T91	150HP	225HP	Yes	Yes
T93ZT	150HP	225HP	Yes	Yes

------	----------------------	------------

HOW TO MEASURE FOR NEW STEERING CABLE INSTALLATION

One of the major factors in selecting a steering system is proper cable length. Due to specific routing in each boat, these approximate lengths will vary. Final selection should be made with the assistance of a qualified technician.

Add **A** + **B** + **C** then subtract 10cm for each 90° bend in the cable. For installation through the engine tilt tube, add 30.5cm to the measure calculated above. Always round up to calculate the total order length.

Example (cm):

A = 50 **B** = 250 **C** = 80

Fig. 1: Tilt Tube Mounting
 $50 + 250 + 80 = 380 - 20$ (for two 90° bends) = 360cm

• For a thru-tube installation:
 $360cm + 30.5 = 390.5cm$

Fig. 2 and 3: Transom Support or Splashwell Mounting
 $50 + 250 + 80 = 380 - 20$ (for two 90° bends) = 360cm

To convert length to feet, divide total by 30.5 and round up to the next whole foot.

See page opposite for how to measure replacement steering cables.

MEASURING FOR REPLACEMENT STEERING CABLES

Order Length = **L** + 56cm (1.8ft)

Example (m): **L** = 305cm
 305 + 56 = 361cm (3.61m)
 Order length (round up) = 3.66m

Example (ft): **L** = 10ft
 10 + 1.8 = 11.8ft
 Order length (round up) = 12ft

Ultraflex M90 MACH Mechanical Steering Cables

Specifically designed for high performance and efficiency applications, the M90 Mach cable (patented) offers increased flexibility and durability with top quality materials and construction.

- Ideal solution for long cable runs and tight bend applications.
- Corrosion resistant materials, stainless steel engine side output fitting.
- Minimal feedback.
- Fast connect, simple installation, patented end fitting.
- Steering Cable bend radius 150mm (5.9").
- M90 Patented cable end fitting will fit with most Ultraflex steering helms (T85, T71FC, T72FC, T73NRFC, T74NRFC, T81FC, T83NRFC, T91, T83ZT, T101 and T103ZT).
- Suits Teleflex NFB 4.2 and Morse D290 helms.
- Exceeds both EN 28848 and ABYC P17 safety standards.

Part No.	Length

JPW18761	21	6.40

Ultraflex M90 MACH Mechanical Steering Cable Kits

These Ultraflex mechanical steering kits include a high performance planetary gear helm, 90° bezel and highly flexible M90 cable available in various lengths.

- Fast connect, simple to install, patented end fitting.
- Compact for mounting, with minimal feedback.
- Specifically designed for high performance and high efficiency applications.
- Stainless steel cable output end, engine side, featuring patented gasket.
- Helm max. allowable steering wheel diameter: 406mm
- Manufactured with corrosion resistant materials.
- M90 cable min. bend radius: 150mm
- Stroke: 228mm
- Standard 3/4" tapered shaft.
- Exceeds EN 28848 and ABYC P17 safety standards.

Note: Not to be used on boats equipped with engines that exceed the maximum horsepower rating of the boat. For boats faster than 80 kph or 43knots, our hydraulic steering systems are recommended.

 - T93ZT Zero Torque helm
 - X34 90deg bezel

Planetary Gear Design

Ultraflex T71FC and T72FC Steering Helms

- Fast connect and simple installation.
- Made from corrosion resistant materials.
- Particularly suitable where clearance is limited.
- Optional 90° or 20° mounting bezel.
- Features a standard 3/4" tapered shaft.
- Steering wheel turns approximately 3.8x from lock to lock.
- Compact for mounting with minimum feedback.
- For use with outboard engines from 25HP to a maximum of 225HP.
- For boats exceeding 80km/h, the twin cable steering system T72FC is recommended.
- Uses M66 cable, M90 cable or SSC62 cable (the T72FC helm requires two cables).
- Mounting bezels required: X34 and X35 - sold separately.
- Exceeds both EN 28848 and ABYC P17 safety standards.

Planetary Gear Design

(Dimensions in mm)

T72FC Dual Cable Helm

Ultraflex T73NRFC and T74NRFC Anti-Feedback Steering Helms

Ultraflex anti-feedback steering helms. A special patented device allows the helm shaft to lock until turned by the driver, maintaining the boat direction and neutralizing the feedback loads on the steering cable.

- Easy and safe steering, fast connect and simple installation.
- Compact rotary helm unit, particularly suitable where clearance is limited.
- Ideal for outboards and surfacing propellers.
- Features a standard 3/4" tapered shaft.
- Made exclusively with corrosion resistant materials.
- Steering wheel turns approximately 3.8x lock to lock.
- Compact for mounting with minimum feedback.
- For boats exceeding 50mph, the twin cable steering system T74NRFC is recommended.
- Uses M66 cable, M90 cable or SSC62 style cable.
- Mounting bezels required: X34 and X35 - sold separately.
- Exceeds both EN 28848 and ABYC P17 safety standards.

Planetary Gear Design

JPW18802
T73NRFC Single Cable Helm

JPW18793
T74NRFC Dual Cable Helm

T73NRFC Single Cable Helm

Note: Not suitable for power assisted steering, stern drives.

Part No.	Model	Cable Stroke (mm)	Max. Steering Wheel Dia (mm)	Suggested bend radius (mm)
JPW18802	T73NRFC Single Cable	228	406	200
JPW18793	T74NRFC Dual Cable	228	406	200

(Dimensions in mm)

T74NRFC Dual Cable Helm

Ultraflex T91 High Performance Planetary Gear Steering Helm

Featuring a Planetary Gear design with the benefits of increased system longevity, increased efficiency and less engine feedback compared to single pinion gear helms. The T91 steering system is not to be used on boats equipped with engines that exceed the maximum horsepower rating of the boat.

- Specifically designed to be used only with the Ultraflex M90 Mach steering cable and does not suit any other make cables.
- Designed for high performance and high efficiency applications.
- Fast connect, simple installation, patented end fitting.
- Stainless steel cable output end featuring patented gasket, engine side.
- Made exclusive from corrosion resistant materials.
- Suitable where clearance is limited due to its compact design.
- Standard 3/4" tapered shaft.
- Minimal feedback.
- For boats faster than 80km/h our hydraulic steering systems are recommended.
- Mounting bezels required: X34 and X35 - sold separately.
- Exceeds EN 28848 and ABYC P17 safety standards.

Planetary Gear Design

(Dimensions in mm)

Part No.	Cable Stroke (mm)	Max. Steering Wheel Dia (mm)	Suggested bend radius (mm)
JPW18789	228	406	200

Ultraflex T93ZT Zero Torque Planetary Gear Steering Helm

A special patented device allows the helm shaft to lock until turned by the driver, maintaining the boat direction and neutralizing the feedback loads on the steering cable. This mechanism is engaged when the driver is not turning the wheel and is automatically disengaged as soon as the driver applies pressure on the wheel to change direction of the boat.

- Specifically designed to be used only with the Ultraflex M90 Mach steering cable and does not suit any other make cables.
- Designed for high performance and high efficiency applications.
- Fast connect, simple installation, patented end fitting.
- Stainless steel cable output end featuring patented gasket, engine side.
- Corrosion resistant materials.
- Standard 3/4" tapered shaft.
- Minimal feedback.
- Not to be used on boats equipped with engines that exceed the maximum horsepower rating of the boat.
- For boats faster than 80km/h, suggest to use our hydraulic steering systems.
- Mounting bezels required: X34 or X35 - sold separately.
- Exceeds EN 28848 and ABYC P17 safety standards.

JPW18788	228	406	200

Ultraflex T85 Rotary Steering Helm Assembly with 90deg Bezel

- Fast connect and simple installation, and made from corrosion resistant materials.
- Steering wheel turns approximately 3x lock to lock.
- Includes black 90° Bezel mounting kit (102.5mm diameter).
- Compact for mounting with minimum feedback.
- Uses M66 cable, M90 cable or SSC62 style cable.
- Particularly suitable where clearance is limited.
- Standard 3/4" tapered shaft.
- For use with outboard engines from 25HP to a maximum of 115HP.
- Exceeds both EN 28848 and ABYC P17 safety standards.

Ultraflex T81FC Tilt Helm with X52 Tilt Mechanism

With a tilt range of up to 48° and features five locking positions, this device eliminates underdash movement and boasts a simple installation and quick connection.

- Made from corrosion resistant materials with stainless steel cable output ends
- Standard 3/4" tapered stainless steel shaft.
- Steering wheel system turns approximately 3.8x from lock to lock.
- Stroke length 228mm.
- Maximum allowable steering wheel diameter: 406mm
- Minimum steering cable bend radius: 200mm
- Suitable use with outboard engines from 25HP to a maximum of 225HP.
- T81FC steering systems are not to be used on boats equipped with engines that exceed the maximum horsepower rating of the boat.
- For boats faster than 50mph hydraulic steering systems are recommended.
- Exceeds EN28848 and ABYC P17 safety standards.

Mechanical Pulley Steering Spares

Part No.	Type	Description
JPW5251	Tiller Cable Clamp	B22 brass. U bolt type.
JPW5254	Single Steering Pulley - Swivel Top	65mm diameter pulley, 13mm inside diameter ring. 300kg max working load.
RM212	Cable Tension Spring	Stainless steel. Used with pulley steering systems.

Adjustable Tie Bars for Dual Engines

- Adjustable universal tie bar suitable for all outboard applications with single or dual cylinders with up to 300HP of maximum power.
- Electro polished stainless steel ball joint.
 - All stainless steel components.
 - Applicable to twin outboard engines using mechanical/hydraulic steering.

Note: On those applications where the clearance between engine tiller arms and cowling is not sufficient for the use of the A88, the A92 tie bar is recommended.

Part No.	Model	Adjustable Length (mm)
JPW18050	A88	650 - 950
JPW18052	A92	550 - 700

Monofilament Polyester Braided Sleeving for Cables

Highly flexible, halogen free sleeving, with good mechanical resistance and excellent resistance to abrasion and solvent. Non-watertight.

- Flammability: self extinguishing
- Expansion ratio: from 1 to 2

HYDRAULIC STEERING INTRODUCTION & CROSS REFERENCE

Hydraulic Steering Systems

All the components of Ultraflex hydraulic steering systems are made specifically for the marine environment, using materials and working process which offer long life and safety for the most extreme conditions.

How The System Works

A hydraulic steering system consists of a helm pump, a cylinder tied to the rudder or to the outboard or sterndrive engine and the connecting nylon or copper tubing.

The helm unit consists of both a hydraulic pump and a valve assembly. The valve assembly prevents outgoing fluid from returning along the same line, isolates each steering station, locks the rudder and eliminates rudder "feedback" to the helm. The cylinders are double acting and may be balanced or unbalanced (in which case the rod extends through only one end of the cylinder).

Under normal operating conditions, a turn of the steering wheel will send the oil from the helm into one of the two connecting hydraulic lines. The oil will be pumped into one of the chambers and either extend or retract the cylinder rod, depending on the steering wheel rotation. The fluid going out from the other chamber of the cylinder is returned to the helm via the other hydraulic line.

Cross Reference

This Cross Reference chart has been drawn to facilitate a functional comparison among brands and should be used as general reference only. For further information, please contact our Technical Service Department.

Suggestions And Warnings When Selecting A Hydraulic Steering System

The strength required to drive a boat equipped with a hydraulic steering system is inversely proportional to the number of turns of the wheel lock-to-lock. The wheel turns are determined by the ratio between cylinder volume, pump displacement. With the same type of cylinder installed on the engine, the less are the turns, the faster is the response but higher is the effort; more wheel turns, slower is the response and lower is the effort.

Other factors that can influence steering effort are:

- Vessel speed.
- Propeller selection.
- Sea conditions.
- Rudder dimension, or engine power.
- Hull type (displacement, planing, etc).
- Oil viscosity.

How To Measure Steering Wheel Turns

Divide the volume of the cylinder in cubic centimetres (cc) by the volume of the helm pump in cubic centimetres equals the number of turns lock to lock.

EXAMPLE: Cylinder Volume = 132cc $132 \div 25 = 5.28$ turn
 Helm Pump Volume = 25cc Round off to 5.3 turns

Note: When selecting the right helm pump for cylinder, please consult our technical service department.

- 5. Bleed Valves
- 6. Tie Bar
- 7. Kit OB-2C (Kit OB-2C130-SVS For Silversteer™)

Ultraflex GOTECH 115HP Front Mount Hydraulic Steering Kit

Gotech steering kits are designed for outboard engines rated up to 115HP (refer to chart below for engine application guide). Depending on the applications on the outboard engine, the UC81-OBF can be installed port or starboard.

- This kit come complete with a helm pump, outboard front mount cylinder, hydraulic oil and premium hi-flex hoses.

KIT CONTAINS:

- 1x UC81-OBF Front Mount Outboard Cylinder.
- 1x UP18 Front Mount Helm Pump 18cc.
- 2x 1L Hydraulic Oil.
- 2x Hose kit with pre-assemble fitting at one end and brass connectors - 1/4" dia x 6m length (KIT OB-GT/M)

NOTE: Steering wheel not included, see the Steering Wheels category (Section 18).

Up to 115hp - 4.5 wheel turns

Ultraflex HYTECH 175HP Front Mount Hydraulic Steering Kits

Hytech OBF all-in-one hydraulic steering kits are designed for outboard engines up to 175hp, where the boat speed does not exceed 88.5km/h (48 knots). See engine application guide chart below.

- All kits come complete with helm pump, outboard front mount cylinder, fittings and two litres of hydraulic oil.

KIT CONTAINS:

- 1x UC95-OBF Front Mount Outboard Cylinder.
- 1x UP20F Front Mount Helm Pump 20cc.
- 2x 1L Hydraulic Oil.

NOTE: Hose kits not included due to size variations, see hose kit options on pages 20.18 - 20.19

NOTE: Steering wheel not included, see the Steering Wheels category (Section 18).

Up to 175hp - 4.7 wheel turns (balanced)

Ultraflex NAUTECH 300HP Front Mount Hydraulic Steering Kits

Nautech steering kits are designed for outboard engines rated up to 300HP (refer to chart below for engine application guide).

- All kits come complete with helm pump, outboard front mount cylinder, fittings and two litres of hydraulic oil.

KIT CONTAINS:

- 1x UC128-OBF Front Mount Outboard Cylinder.
- 1x UP28F Front Mount Helm Pump 28cc.
- 2x 1L Hydraulic Oil.

For SECOND STATION add:

- 1x UP28F Helm Pump (JPW18900).
- 1x OB-2S Fitting kit (U38539).
- 1x 1L Hydraulic Oil (U70704).
- 1x Steering Wheel.

Up to 300hp - 4.3 wheel turns (balanced)

NOTE: Hose kits not included due to size variations, see hose kit options on pages 20.18 - 20.19

NOTE: Steering wheel not included, see the Steering Wheels category (Section 18).

Ultraflex HYCO 150HP Side Mount Hydraulic Steering Kit

Hyco side mount steering kits are designed for outboard engines rated up to 150HP and recommended for use where maximum boat speed does not exceed 40 knots.

- All kits come complete with a helm pump, side mount cylinder, fittings and two litres of hydraulic oil.
- UC68-OBS side mount cylinder features a Patented turning nut for a fast and easy installation to the engine tube.
- Clearance required at the engine tube side is 340mm.

KIT CONTAINS:

- 1x UC68-OBS Side Mount Cylinder.
- 1x UP20F Front Mount Helm Pump 20cc.
- 2x 1L Hydraulic Oil.

NOTE: Hose kits not included due to size variations, see hose kit options on pages 20.18 - 20.19

NOTE: Steering wheel not included, see the Steering Wheels category (Section 18).

*Up to 150hp -
3.4 or 5 wheel turns
(Unbalanced)*

Part No.	Cylinder Type
JPW18937	UC68-OBS Side Mount Cylinder

Ultraflex HYCO-1 150HP Inboard Hydraulic Steering Kit

Hyco-1 steering kits are designed for inboard engines rated up to 150HP and boats up to 10m length and 40km/h maximum speed.

- Heavy duty hose included, rated to 55 bar (800 psi).

KIT CONTAINS:

- 1x UC69-I Inboard Cylinder
- 1x UP20F Front Mount Helm Pump 20cc.
- 2x 1L Hydraulic Oil

NOTE: Hose kits not included due to size variations, see hose kit options on pages 20.18 - 20.19

NOTE: Steering wheel not included, see Steering Wheels category (Section 18).

*Up to 150hp -
4.5 wheel turns
(Balanced)*

Part No.	Cylinder Type
JPW18938	UC69-I Inboard Cylinder

Ultraflex MasterDrive™ Power Assist Steering Kits

Effortless steering for the most demanding applications, the MasterDrive™ power assisted outboard steering system delivers fingertip control regardless of speed or torque conditions. Three different selectable levels of power give the boater the desired feeling on the wheel (Patented).

- Eliminates torque at the steering wheel.
- Automatically reverts to manual mode in case of power loss.
- High efficiency, low amp draw and low noise.
- Immediate control in any sea conditions through the system always running.
- Equipped with safety switch ON/OFF (Smart Button).
- Can be used on dual station installations.
- Suitable for use with autopilot.
- Voltage: 12VDC.
- CE marked in conformity with ABYC P21, ISO 10592 safety standards.
- Ignition protected (SAE J-1171 and UNI EN 28846).

KIT CONTAINS:

- 1x UH Front or Tilt Mount Master Helm.
- 1x UPMD Power Unit, 4.5m (15') wiring harness.
- 1x UCMD Control Panel.
- 4x 1L Hydraulic Oil.

JPW15712	MD UC40-F MasterDrive Front Mount Kit

To be ordered separately:

- The SilverSteer™ UC130-SVS cylinder
- Hydraulic hose kit
- X66 Tilt mechanism
- Tie bar
- Steering wheel

MasterDrive™ Single and Dual Cylinder Application

Ultraflex MasterDrive™ Add-On Kits for Dual Stations

KIT CONTAINS:

- 1x UHD Slave Helm Pump.
- 1x UCMD Control Panel.
- 1x U74162 - 7m (23 ft) electric cable for the second station communications.
- 1x 1L of Hydraulic Oil.
- 1x U70957 - 3/8" straight fitting.
- 2x U70831 - 3/8" T fittings.
- Installation Manual.

To order separately:

- 1x OBMD Hose Kit with length equal to the distance between the master helm pump and the slave helm pump.
- 2x OB-SVS Hose Kit: select the desired length.

For dual cylinder applications, order:

- 1x OB-2C-SVS Hose Kit: select the desired length.

MasterDrive™ Single / Dual Cylinder and Single / Dual Station Application

Ultraflex UC81-OBF Front Mount Hydraulic Cylinder - Up to 115HP

Depending on the applications on the outboard engine, the UC81-OBF can be installed port or starboard. Designed for single outboard engines up to 115HP, where the boat speed does not exceed 40 knots. Balanced: the number of wheel turns lock-to-lock is equal port to starboard or vice-versa.

- Zero feedback for super smooth steering.
- Replaceable cylinder heads.
- 9.5mm (3/8") fittings for high pressure flex hose.

See the application guide on page 20.4

Volume:	81cc (4.9 cu.in)	Stroke:	186mm (7.3")
Output Force:	222kg	Fittings:	9.5mm (3/8")
Inside Diameter:	27.4mm (1.08")	Bleed Fittings:	DN5 Quick Connect

(Dimensions in mm)

Part No.
JPW18846

Ultraflex UC128-OBF Front Mount Cylinders - Up to 300HP

For use with outboard engines up to 300HP, the UC128-OBF cylinder is simple to install and fits almost every 2 and 4 stroke outboard engine in the market. For dual engines, it is necessary to order a standard UC128-OBF cylinder (link arm on the starboard side of the cylinder) and a Port UC128-OBF cylinder (link arm on the port side of the cylinder). Available in different versions depending on the applications on the outboard engines.

- Heavy duty stainless steel cylinder rod, seals and link assemblies.
- Constructed of top grade materials, built to last.
- Adjustable boss style fittings for easy installation.
- High resistance stainless steel connection bolt.

See the application guide on page 20.6

Volume:	120cc (7.3 cu.in)	Stroke:	185mm (7.28")
Output Force:	450kg	Fittings:	9.5mm (3/8")
Inside Diameter:	35mm (1.37")	Bleed Fittings:	DN5 Quick Connect

(Dimensions in mm)

Ultraflex UC95-OBF Front Mount Hydraulic Cylinders - Up to 175HP

Patented innovative design with a split and pinned cylinder mounting rod for easy installation and bushing to prevent friction with the engine tilt tube. Recommended for use with outboard engines 175HP total and where the boat speed does not exceed 88.9 km/h or 48 knots.

- Balanced: the number of wheel turns lock-to-lock is equal port to starboard or vice-versa.
- Adjustable boss style fittings for easy installation.
- Replaceable cylinder heads.
- 9.5mm (3/8") fittings for high pressure flex hose.
- High resistance stainless steel connection bolt.
- Not intended for use in racing applications.

See the application guide on page 20.5

Volume: 94cc (5.7 cu.in)
Output Force: 278kg
Inside Diameter: 30mm (1.18")
Stroke: 186mm (7.3")
Fittings: 9.5mm (3/8")
Bleed Fittings: DN5 Quick Connect

Part No.	Description
JPW18848-1	UC95-OBF/1 Cylinder
JPW18848-2	UC95-OBF/2 Cylinder
JPW18848-3	UC95-OBF/3 Cylinder

Ultraflex UC130-SVS SilverSteer™ Front Mount Cylinders - Up to 350HP

Built to last with heavy duty stainless steel cylinder rod, seals and link assemblies, these high performance cylinders are simple to install and fit almost every 2 and 4 stroke outboard engine in the market. Recommended for high horsepower applications, bass boats and tournament fishing boats. For dual engines, it is necessary to order a standard UC130-SVS cylinder (link arm on the starboard side of the cylinder) and a port UC130P-SVS cylinder (link arm on the port side of the cylinder). Available in different versions depending on the applications on the outboard engines.

- Balanced: the number of wheel turns lock-to-lock is equal port to starboard or vice-versa.
- Side fittings for easy installation.
- Replaceable cylinder heads.
- Tie bar is required for use on dual engine/dual cylinder applications (sold separately).
- High resistance stainless steel connection bolt.
- Not intended for use in racing applications.

Volume: 130cc (7.93 cu.in) **Stroke:** 185mm (7.28")
Output Force: 492kg **Fittings:** 9.5mm (3/8")
Inside Diameter: 36mm (1.42") **Bleed Fittings:** DN5 Quick Connect

JPW18990	UC130P-SVS/2 Port Side

Ultraflex UC68-OBS Side Mount Cylinder - Up to 150HP

The UC68-OBS side mount cylinder features a patented turning nut for a fast and easy installation to the engine tube. Recommended for outboard engines up to 150HP, this cylinder is unbalanced, the number of turns lock-to-lock is not equal port to starboard and vice versa.

- For use where maximum boat speed does not exceed 40 knots.
- Clearance required at the engine tube side: 340mm.
- Fittings for high pressure flex hose: 9.5mm (3/8")
- Suggested helm pump: UP20.

Part No.	Volume	Output Force (kg)	Inside Dia. (mm)	Stroke (mm)
JPW18919	68/100 cc (4.1/6.1 cu. in)	185/270	25	205

Ultraflex UC132-OBS Side Mount Cylinder - Up to 300HP

Recommended for outboard and stern drive engines up to 300HP, and for use where maximum boat speed does not exceed 48 knots. Featuring a patented turning nut for a fast and easy installation to the engine tube.

- Unbalanced: the number of turns lock-to-lock is not equal port to starboard and vice versa.
- Suggested helm pumps: UP25, UP28, UP33, UP39 or UP45.
- Clearance required at the engine tube side: 375mm.
- Fittings for high pressure flex hose: 9.5mm (3/8")

Part No.	Volume	Output Force (kg)	Inside Dia. (mm)	Stroke (mm)
JPW18918	132/163 cc (8/9.95 cu. in)	464/574	32	203

Ultraflex UC133-IOB Sterndrive Cylinder

- Balanced: the number of turns lock-to-lock is equal port to starboard and vice versa.
- For sterndrive engines only.
- Maximum rudder torque 66kgm.
- Suggested helm pumps: UP28 or UP33.

Part No.	Volume	Torque (kgm)	Output Force (kg)	Inside Dia. (mm)	Stroke (mm)
JPW18914	132cc (8 cu.in)	66	464	32	203

Ultraflex UC69-I, UC116-I, UC168-I, UC215-I Inboard Cylinders

All these inboard cylinders are balanced, the number of turns lock to lock is equal to port to starboard or vice-versa.

Part No.	Model	Volume	Torque (kgm)	Output Force (kg)	Inside Dia. (mm)	Stroke (mm)	Recommended Helms
JPW18917	UC69-1	69cc (4.2 cu.in)	32	168	25	150	UP20
JPW18925	UC116-1	116cc (7 cu.in)	58	464	32	178	UP25 or UP28
JPW18923	UC168-1	168CC (10.25 cu.in)	87	673	40	178	UP28 or UP33
JPW18924	UC215-1	215cc (13.12 cu.in)	111	673	40	228	UP33 or UP39

Ultraflex UP18 Intermediate Front Mount Helm Pump

Intermediate dashboard position mount helm pump suited for hydraulic systems up to 115HP, for use with UC81-OBF cylinder only.

- Corrosion proof composite housing with a 3/4" tapered stainless steel shaft.
- Built-in lock valve for positive rudder lock.
- Integral relief valve for over-pressure protection.
- Includes 2x 1/4" NPT fittings.
- Easy accessible lock valve and shaft seal for replacement.
- For use with UC81-OBF cylinder and KIT OB-GT/M hydraulic hoses only.

Displacement/Revolutions: 18cc (1.1cu.in)
No. of Pistons: 5
Relief Valve Setting: 55bar (800psi)
Max Wheel Diameter: 508mm
Weight: 3.6kg

Part No.
JPW18899

Ultraflex UP20F Front Mount Helm Pump

Suited for hydraulic steering systems up to 175HP, the UP20F helm must be used with UC95-OBF, UC68-OBS and UC69-I cylinders only.

- Built-in lock valve for positive rudder lock.
- Integral relief valve for over-pressure protection.
- 3/4" tapered stainless steel shaft.
- Corrosion proof composite housing.
- Easy accessible lock valve and shaft seal for replacement.
- Includes 90° adjustable fittings for 3/8" tube.
- Use the X74 square flange (U43048) to install in an intermediate dashboard position.

Displacement/Revolutions: 20cc (1.2cu.in)
No. of Pistons: 5
Relief Valve Setting: 70bar (1000psi)
Max Wheel Diameter: 508mm
Weight: 3.6kg

Part No.
JPW18898

Ultraflex UP25F, UP28F, UP22F, UP39F & UP45F Front Mount Helm Pumps

Compact designed hydraulic steering front mount helm pumps available in different displacement sizes. To install in an intermediate dashboard position, use the X64 Square Flange (U40198) or X57 Round Flange (U39464) (sold separately).

- Ball bearing piston race.
- Built-in lock valve for positive rudder lock.
- Integral relief valve for over-pressure protection.
- 3/4" tapered stainless steel shaft.
- Easily accessible lock valve and shaft seal for replacement.
- Includes elbow fittings for 3/8" tube.
- Tilt mechanism X72 (U43140) provides tilt range of 60° and five locking positions (sold separately).

Relief Valve Setting: 70bar (1000psi)
Max Wheel Diameter: 710mm
Weight: 5kg

Part No.	Model	Displacement/Revolutions	No. of Pistons
JPW18910	UP25F	25cc (1.5cu.in)	5
JPW18900	UP28F	28cc (1.7cu.in)	5
JPW18901	UP33F	33cc (2.0cu.in)	7
JPW18902	UP39F	39cc (2.4cu.in)	7
JPW18911	UP45F	45cc (2.7cu.in)	7

Ultraflex UP20T Tilt Mount Helm Pump with X52 Tilt Mechanism

Suited for hydraulic steering systems up to 175HP, the UP20T tilt mount helm pump with X52 tilt mechanism provides tilt range of 48° and 5 locking positions. For use with UC95-OBF, UC68-OBS and UC69-I cylinders only.

- Use the X74 square flange (U43048) for intermediate dashboard position mount position (sold separately).
- Built-in lock valve for positive rudder lock.
- Integral relief valve for over-pressure protection.
- 3/4" tapered stainless steel shaft.
- Corrosion proof composite housing.
- Easy accessible lock valve and shaft seal for replacement.
- Includes 90° adjustable fittings for 3/8" tube.

Note: Helm and Tilt Mechanism sold separately.

Displacement/Revolutions: 20cc (1.2cu.in)
No. of Pistons: 5
Relief Valve Setting: 70bar (1000psi)
Max Wheel Diameter: 508mm
Weight: 3.6kg

Part No.	Model
JPW18906	UP20T Tilt Mount Helm Pump
JPW18800	X52 Tilt Mount Mechanism

Ultraflex UP25T, UP28T, UP33T, UP39T and UP45T Tilt Mount Helm Pump with X52 Tilt Mechanism

Compact designed hydraulic tilt mount helm pumps, available in different displacement sizes, with X52 tilt mechanism provides tilt range of 48° and 5 locking positions.

- Corrosion proof composite housing with tapered stainless steel shaft.
- Ball bearing piston race
- Built-in lock valve for positive rudder lock
- Integral relief valve for over-pressure protection
- Easily accessible lock valve and shaft seal for replacement
- Cast iron rotor for greater durability and longer life
- Includes elbow fittings (for 3/8" tube)
- UP45T helm pumps are ideal for dual cylinder, dual engine applications
- "Kit F" Remote Filler Kit Adaptor (U39664) not included (optional but recommended).

Note: Helm and Tilt Mechanism sold separately.

Relief Valve Setting: 70bar (1000psi)
Max Wheel Diameter: 710mm
Weight: 5kg

Part No.	Model	Displacement/Revolutions	No. of Pistons
JPW18945	UP25T	25cc (1.5cu.in)	5
JPW18903	UP28T	28cc (1.7cu.in)	5
JPW18904	UP33T	33cc (2.0cu.in)	7
JPW18905	UP39T	39cc (2.4cu.in)	7
JPW18920	UP45T	45cc (2.7cu.in)	7

Ultraflex Front Mount Helm Pumps to suit Silversteer™ Systems

The SilverSteer SVS compact designed helms have been specifically designed for high torque applications such as bass boats, flat boats, and boats with shallow dead rise and high horse power. Complete with 90° adjustable fittings for 3/8" tube.

- Ball bearing piston race.
- Integral relief valve for over-pressure protection.
- Cast iron rotor for greater durability and longer life.
- Easily accessible lock valve and shaft seal for replacement.
- Tilt mechanism X72 (U43140) provides tilt range of 60° and five locking positions (sold separately).
- Built-in lock valve for positive rudder lock.
- 3/4" tapered stainless steel shaft.

Relief Valve Setting: 105bar (1500psi)

Max Wheel Diameter: 710mm

Weight: 5kg

Part No.	Model	Displacement/Revolutions	No. of Pistons
JPW18947	UP28T-SVS	28cc (1.7cu.in)	5
JPW18948	UP33T-SVS	33cc (2.0cu.in)	5
JPW18949	UP39T-SVS	39cc (2.4cu.in)	7

Ultraflex Rear Mount Helm Pumps

Compact hydraulic rear mount helm pumps, available in different displacement sizes, complete with elbow fittings for 3/8" tube and white bezel.

- Ball bearing piston race.
- Integral relief for over-pressure protection.
- Cast iron cylinder rotor for greater durability and longer life.
- Easily accessible lock valve and shaft seal for replacement.
- "Kit F" Remote Filler Kit Adaptor (U39664) not included (optional but recommended).
- Built-in lock valve for positive rudder lock.
- 3/4" tapered stainless steel shaft.

Relief Valve Setting: 70bar (1000psi)

Max Wheel Diameter: 710mm

Weight: 5kg

Part No.	Model	Displacement/Revolutions	No. of Pistons
JPW18907	UP28R	28cc (1.7cu.in)	5
JPW18908	UP33R	33cc (2.0cu.in)	7
JPW18909	UP39R	39cc (2.4cu.in)	7
JPW18912	UP45R	45cc (2.7cu.in)	7

U40894
X68 Chrome Bezel to suit the range of rear mount helms

MasterDrive™ UH/UHD Power Assisted Helm Pumps

Available in two different displacement sizes, either front mount, tilt mount or second station "Slave" version.

- Corrosion resistant painted body with 3/4" tapered shaft.
- Built-in relief valve.
- Tilt mount versions suitable for use with X66 tilt mechanism (JPW18975) (sold separately).

Part No.	Model	Mounting	Application	Station No.	Displacement/Revolutions
JPW18970	UH32-F	Front Mount	Single Cylinder	1	32cc (1.95cu.in)
JPW18968	UHD32-F	Front Mount	Single Cylinder	2	32cc (1.95cu.in)
JPW18971	UH32-T	Tilt Mount	Single Cylinder	1	32cc (1.95cu.in)
JPW18972	UH40-F	Front Mount	Dual Cylinder	1	40cc (2.44cu.in)
JPW18969	UHD40-F	Front Mount	Dual Cylinder	2	40cc (2.44cu.in)
JPW18974	UH40-T	Tilt Mount	Dual Cylinder	1	40cc (2.44cu.in)

Ultraflex X74 Square Flange

Allows installation of the UP20F front mount or UP20T tilt mount helm pumps in an intermediate dashboard position.

Part No.
U43048

Ultraflex X52 Tilt Mechanism

Fits standard Ultraflex tilt mount rotary and rack and pinion steering helms; and standard Ultraflex tilt mount hydraulic pumps.

- Allows a tilt range of 48° and five locking positions.

Part No.
JPW18800

Ultraflex X64 Square Flange

Allows installation of the UP25F, UP28F, UP33F, UP39F and UP45F front mount helm pumps in an intermediate dashboard position.

Part No.
U40198

Ultraflex X66 Tilt Mechanism for MasterDrive™

The X66 tilt mechanism for MasterDrive™ tilt mount helms.

- Allows a tilt range of 48° and five locking positions.

Part No.
JPW18975

Ultraflex X57 Round Flange

Allows installation of the UP25F, UP28F, UP33F, UP39F and UP45F front mount helm pumps in an intermediate dashboard position.

Part No.
U39464

Ultraflex X72 Tilt Mechanism

Suitable for use with standard Ultraflex hydraulic front mount helms as well as SilverSteer™ SVS front mount helm pumps.

- Allows a tilt range of 60° and five locking positions.

Part No.
U43140

Note: As the tiller arm position varies on each engine and the distance between two engines is not predictable, unexpected interferences may occur while tilting. A check of the tie bar installation before operation is strongly recommended.

A88 Tie Bar For Twin Outboards

Adjustable universal tie bar suitable for all outboard applications with single or dual cylinders with up to 300HP of maximum power.

- Electro polished stainless steel ball joint.
- All stainless steel components.
- Applicable to twin outboard engines using hydraulic/mechanical steering.

Note: On those applications where the clearance between engine tiller arms and cowling is not sufficient for the use of the A88, the A92 tie bar is recommended.

Part No.	Length (mm)
JPW18050	650 - 950

A95 Tie Bar For Twin Outboards

Suitable for twin front mount cylinders (UC128-OBF or UC130-SVS). The length can be adjusted as the distance between engine centers varies.

- Allows to tilt the engines independently.
- All stainless steel components.
- Electro-polished stainless steel ball joints.

Note: For applications with dual UC128-OBF or UC130-SVS cylinder, it is necessary to order a standard starboard cylinder (link arm attached to the starboard side of the cylinder) and a port cylinder (link arm attached to the port side of the cylinder).

Part No.	Length (mm)
JPW18046	660 - 812

A92 Tie Bar For Twin Outboards

Adjustable universal tie bar suitable for all outboard applications with single or dual cylinders with up to 300HP of maximum power.

- Easily adjustable before or after installation.
- Electro polished stainless steel ball joint.
- All stainless steel components.
- Also applicable to twin outboard engines using mechanical steering.

Part No.	Length (mm)
JPW18052	550 - 700

A97 Tie Bars For Triple Outboards

Heavy duty tie bars suitable for twin front mount cylinders (UC128-OBF or UC130-SVS). The length can be adjusted as the distance between engine centers varies.

- Allows to tilt the engines independently.
- All stainless steel components.
- Electro-polished stainless steel ball joints.

Part No.	Length (mm)
JPW18047	660 - 762
JPW18048	762 - 902

A96 Tie Bar For Twin Outboards

Suitable for single front mount cylinders (UC128-OBF or UC130-SVS). The length can be adjusted as the distance between engine centers varies.

- Allows to tilt the engines independently.
- All stainless steel components.
- Electro-polished stainless steel ball joints.

Part No.	Length (mm)
JPW18049	660 - 812

A98 Tie Bar For Quad Outboards

Heavy duty tie bars suitable for twin front mount cylinders (UC128-OBF or UC130-SVS). The length can be adjusted as the distance between engine centers varies.

- Allows to tilt the engines independently.
- All stainless steel components.
- Electro-polished stainless steel ball joints.

Part No.	Length (mm)
JPW18045	660 - 812

Semi Rigid Hydraulic Nylon Tubing

- Tube Diameter: 3/8" (9.5mm).
- Working pressure: 625psi.
- Not recommended in application where total tubing run exceeds 30m.
- Sold in cut lengths per metre to requested requirements - once cut to length, a re-stocking fee will apply if returning.

Each hose requires 2x brass hose connectors:

- Brass Nut (U71004) or
- Nickel Plated Nut (U71013)

Part No.
U70701

Ultraflex OB Hydraulic High Flex Hose Kits

- Two 5/16" hoses with pre-crimped brass fittings on both ends and bend restrictors on one end.
- Simple and quick to install.
- Recommended for use with all Ultraflex standard helms with 1000psi relief.
- Highly flexible, high flow hose.

Bulkhead Kit for Dual Hose Refer to page 20.20

Part No.	Hose Length	
	(m)	(ft)
JPW18000	3	9.8
JPW18001	3.5	11.5
JPW18002	4	13.2
JPW18003	4.5	14.8
JPW18004	5	16.4
JPW18005	5.5	18

JPW18012	9	29.5

Ultraflex OB Hydraulic High Flex Hose

High flex hose with no fitting for custom installations, recommended for use with all Ultraflex standard helms with 1000psi relief.

- Tube Diameter: 5/16" (8mm).
- Highly flexible, high flow hose.
- Sold in cut lengths per metre to requested requirements - once cut to length, a re-stocking fee will apply if returning.

Each hose requires:
• Brass end fittings with nut (U42670)

Part No.
U41305

Ultraflex OB-2S Additional Station Kit

- Fitting kit for second steering station or an autopilot installation.
- Includes all necessary fittings and 8m (26.3ft) of nylon tube for the compensating line.
- Tube Diameter: 3/8" (9.5mm).

Part No.
U39539

Ultraflex OB-2C Dual Engine/Dual Cylinder Hydraulic Hose Kits

Designed to fit from the splashwell/bulkhead adapter to the cylinder or link two or more cylinders in two or more outboards applications.

- Two high pressure flexible hoses with brass fittings on both ends.
- Recommended for use with the R9 bulkhead kit for dual hose applications.

Note: Not recommended for use with SilverSteer series cylinders.

Bulkhead Kit for Dual Hose Refer to page 20.20

	(m)	(ft)
JPW18030	0.7	2.30
JPW18031	0.9	2.95
JPW18032	1.2	3.95

Ultraflex OB-M Hydraulic Hose Kits for Custom Installations

These pre-assembled hose kits are available in two standard lengths that can be cut to fit the required custom length. Simple and quick to install.

- Two 5/16" I.D. hose kits with pre-crimped Brass fittings at one end.
- Supplied with 2 QuickFit Brass Connectors and 2 Bend Restrictors.
- Recommended for use with all Ultraflex standard helms with 1000psi relief valves.

Note: Not recommended for SilverSteer or MasterDrive series cylinders.

Part No.	Hose Length	
	(m)	(ft)
JPW18020	6	19.7
JPW18021	9	29.5

Ultraflex OB/R5 Hydraulic Hose Kits with R5 Bulkhead Fittings

Two high pressure flexible hoses with pre-crimped brass fittings, R5 bulkhead fittings and bend restrictors on both ends.

- Recommended for use with all Ultraflex standard helms with 70 Bar (1000 psi) relief valves.
- Sold in pairs.

Ultraflex MasterDrive™ UPMD Power Unit

Bulkhead or floor mount 12VDC motor with a black galvanised motor case. Salt water resistant, with an IP67 water protection rating.

- Semi-transparent 0.5L tank provides clear view of oil level.
- Ignition protected (SAEJ-1171 and UNI EN 28846).
- 90° swiveling fittings for easy installation.
- Suitable for applications with auto-pilot.
- Vented filler plug.
- Includes 4.5m wiring harness.

IP67

(Dimensions in mm)

Part No.
JPW18981

Ultraflex MasterDrive™ UCMD Control Panel

Features three different power levels with light indicator and safety ON/OFF switch. Suitable for a second station installation.

- Motor temperature visual indicator.
- Twin engine key selection included.
- Lighted panel for stand-by position.
- Plug-in wiring harness.

Part No.
JPW18982

R8 Through Outboard Well Bulkhead Hose Kits

Dual hose connection flange with either a chrome, black or white finish.

- Suitable for fibreglass, polyethylene and aluminum boats.
- Reduces hose kinking.

Part No.	Type	Colour
U41299	R8B	Black
U41300	R8W	White
U41301	R8CH	Chrome

R9 Through Outboard Well Bulkhead Hose Kits

Bulkhead kit for dual thru-hull hose applications suitable for fibreglass, polyethylene and aluminium boats.

- Reduces risk of corrosion on aluminium boats caused from chrome fittings touching aluminium and paintwork.
- Reduces installation time.
- 3/8" BSP to suit all standard hydraulic nut and olives.
- Chrome plated brass threaded fittings, ABS plastic flange supplied with 4x stainless steel counter sunk self tapping screws.

Part No.	Type	Colour
U41302	R9B	Black
U41303	R9W	White
U41304	R9CH	Chrome

Hydraulic Hose Nut and Olive - 3/8"

- Suits 3/8" O.D hydraulic nylon tubing (U70701).

Part No.	Type
U71004	Brass
U71013	Nickel Plated

Bulkhead Fitting Kit - 3/4"

R7 kit includes two assemblies (as illustrated) per kit.

Part No.
U40819

Adjustable Bleed T for Hydraulic Cylinder - 3/8"

Suits all cylinders except UC94-OBF with serial number prior to 30 1156 000001.

Part No.
U40868

Hydraulic Hose Connectors - 3/8"

- Brass fittings suit 3/8" hose.
- U42656 suits GoTech 1/4" hose only.
- U42670 suits 5/16" hose.

Part No.	Description
U39471	Straight connector fitting suits helm and tube, includes olive
U39472	Elbow connector fitting suits helm and tube, includes olive
U39518	Additional Station Fitting Kit
U39502	Tee Fitting, includes olive
U39503	Bleed Tee suits cylinders and tube, includes olive
U42656	2x Brass end fittings with nut - suits Gotech 1/4" inch hose
U42670	2x Brass end fittings with nut - suits 5/16" hose

Bend Restrictors for Hydraulic Hose

Two bend restrictors to suit 5/16" inside diameter hydraulic hose.

Part No.
U41822

Strain Relief Hose Kits

R5 kit distributes strain from bends in hose. Features a water tight gripper fitting and a bulk head fitting flange for hose protection.

Part No.	Model
U39510	R5
U42419	R5SS

Ultraflex Hydraulic Cylinder Seal Kits

Part No.	Suits Cylinder Model
SKAE2069	UC128-OBF
SKAE2075	UC94-OBF
SKAE2485	UC132-OBS

Hydraulic Fluid Link Valve - 3/8"

Fluid link valve for twin engine/twin cylinder applications where a mechanical tie bar is not feasible.

- Connect using standard Kit-OB or Kit-OB/R5 hoses.
- Engine centres must be at least 38" wide as engine can periodically misalign.

Part No.
U42829

Hydraulic Oil

High quality hydraulic oil sold in 1 litre containers.

- Hydraulic oil: ISO VG 15
- Viscosity: 15 cst a 40 °C
- Viscosity index: >150
- Solidification point: < -30 °C
- Contamination according to NAS1638 ≤ 8

Part No.	Capacity
U70704	1L

Remote Filler Kit

- For use with tilt or rear mounted helms.

Part No.	Description
U39664	Remote Fill Adaptor "Kit F"

Helm Pump Filling Kit

- Help fill an Ultraflex hydraulic helm with hydraulic oil.

Part No.
U42960

Filler Plugs

Replacement Ultraflex hydraulic helm pump filler plugs.

Part No.	Type
U39469	Vented
U39470	Non-Vented

U39469

U39470

ULTRAFLEX CONTROL BOXES INTRODUCTION

All Ultraflex control boxes are made specifically for the marine environment, using materials and working processes which offer long life and safety for the most extreme conditions.

How The Control Boxes Work

A boat's steering system consists of many components, all of which are essential to ensure proper operation and safety in case of emergency manoeuvres. Among the components used to control the throttle and the boat's direction, there are the Ultraflex control boxes.

RECOMMENDATIONS WHEN CHOOSING A CONTROL BOX

A correct selection of the control box depends on various factors such as:

- **ENGINE COMMUNICATION SYSTEM:** Ultraflex control boxes can be mechanical (when both throttle and shift cable is present), electronic (when both throttle and shift cable are controlled by a position sensor) and hybrid (when using the throttle position sensor and inverter cable).
- **SPACES ONBOARD:** The control boxes are usually "Top Mount" and "Side Mount". The "Top Mount" models are installed on the dashboard, the "Side Mount" models on one side of the boat. Attention must be paid to the space around them as the rotation of the lever must not be impeded; moreover, in the case of mechanical control boxes, it is necessary to ensure the correct way for the control cables.
- **DESIGN:** Ultraflex control boxes are designed with the idea of following as much as possible the style of the boat on which they are installed.

Selection Of Engine Control Cables

	Engine	Engine Control Cables
OUTBOARD	Mercury Controls Gen II™ Controls	C36, MACH™ 36
	Mercury Mariner (over 50HP)	C5, MACH™ 5
	Mariner (up to 50HP)	C16
	Force Selva Yamaha Suzuki Tohatsu Honda Nissan	C2, C8, MACH™ Zero
	(After 1979) Johnson Evinrude BRP	C14, MACH™ 14
	STERNDRIVE	Mer cruiser Controls Gen II™ Controls
Mer cruiser		C5, MACH™ 5
(After 1979) OMC BRP		C14, MACH™ 14
Volvo Penta Yanmar Volkswagen		C2, C8, MACH™ Zero, C22
INBOARD		C2, C8, MACH™ Zero, C22

HOW TO MEASURE FOR CONTROL CABLE INSTALLATION

For new installation, measure **A** and **B** distance from the control along an unobstructed cable routing to clutch and/or throttle connection. Round this dimension up to the next whole foot (304.8mm) and you will have your cable length. We recommend that the cable bends have a minimum radius of about 200mm. For outboard engine installations, add three feet to the obtained length in order to allow for the engine movement.

To determine the required length of the REPLACEMENT CABLE, measure from tip to tip. When ordering, specify the cable length in feet, rounding up to the whole foot (304.8mm). If any kit is required to complete cable connection, consult accessories section.

WARNINGS

All the control boxes, as they are steering elements, must be kept in perfect condition at all times to ensure their operation. Furthermore, in the case of mechanical and hybrid control boxes, the cables and their smoothness inside the sleeves must be checked regularly. For a correct maintenance, please refer to the user and maintenance manuals supplied with Ultraflex products.

It is recommended to combine with a universal kill switch or a safety system used to ensure the engine switch off in case of accidental movement away from the driving position.

Engine Control Cable Part Numbers

For more information on the control cables below, see following page.

C5 Engine Control Cables

The Ultraflex C5 Control Cable is a high quality cable featuring stainless steel ends. For use with inboard, sterndrive and outboard marine engines (ideally Mercury and MerCruiser).

- High efficiency for smooth operation, and high flexibility for reduced bend radius.
- Stainless steel cable end fittings, with high-resistance black outer jacket.
- Ideal for long complex cable routing.
- Maintenance-free.
- Stroke: 95mm

C8 Engine Control Cables

The Ultraflex C8 Universal Control Cable is the equivalent to Morse-Teleflex 33C and CC332 control cables and ideal for inboard, sterndrive and outboard engines.

- High flexibility for reduced bend radius; ideal for complex cable routing.
- Stainless steel end fittings with high-resistance black outer jacket.
- Maintenance-free.
- Stroke: 87mm
- Suitable for Yamaha, Selva, Suzuki, Force, Tohatsu and Honda.

C16 Engine Control Cables

The Ultraflex C16 Control Cable is a high quality cable with stainless steel ends. Suitable for Mariner engines (up to 40HP).

- High efficiency for smooth operation, and high flexibility for reduced bend radius.
- Stainless steel cable end fittings, with high-resistance black outer jacket.
- Maintenance-free.
- Stroke: 80mm

C14 Engine Control Cables

The Ultraflex C14 Control Cable is a high quality cable with stainless steel ends; suitable for Johnson, Evinrude, OMC and BRP.

- From 1979 to current date.
- High efficiency for smooth operation, and high flexibility for reduced bend radius.
- Stainless steel cable end fittings, with high-resistance black outer jacket.
- Maintenance-free.
- Stroke: 75mm

MACH™ Series Engine Control Cables - High Efficiency and Flexibility

High performance MACH™ Cables utilise an innovative core design to maximise efficiency and minimise lost motion. The exclusive design of the conduit provides extremely high levels of flexibility.

- Suitable for outboard, inboard and sterndrive engines.
- High flexibility for reduced bend radius.
- Ideal for long complex cable routing.
- Maintenance-free.
- Stainless steel cable end fittings.
- Blue outer jacket provides high resistance against abrasion, UV and chemicals.

MACH™ Zero Engine Control Cables

The Mach™ Zero range of universal style cables is the equivalent of the Teleflex CX322 Supreme cable. The Mach™ Zero is ideally used as a high performance cable on long cable runs and complex routing.

- Stroke: 87mm
- Suitable for Yamaha, Selva, Suzuki, Force, Tohatsu and Honda.

MACH™ 5 Engine Control Cables

High performance Mach™ 5 range have a 95mm stroke to suit Mercury and Mercruisers with inboard, sterndrive and outboard engines.

- Stroke: 95mm

MACH™ 14 Engine Control Cables

High performance cables suit OMC, Johnson, Evinrude and BRP style engines with cable runs and complex cable routing.

- 1979 to current date.
- Stroke: 75mm

MACH™ 36 Engine Control Cables

The high performance Mach™ 36 Engine Control Cables suit Mercury and Mercruiser engines (Gen II™ series controls), and are suitable for use with inboard, sterndrive and outboard engines.

- Stroke: 87mm

Ultraflex B501 and B502 Series Top Mount Controls

With a focus on efficiency, these Single or Twin-Engine Controls have been specifically designed to improve the functionality of control systems, making the boat easier to control. Suitable for any type of boat with outboard or inboard engines and available with or without lock-in neutral, and with or without trim switches (single switch will operate both trims).

Features:

- Single lever (or Dual lever) / dual action control to operate both throttle and shift.
- Enables easy and safe shifting by preventing accidental gear engagement unless the engine is idling.
- Push in button disengages shift for warm-up.
- X12 Neutral Safety Switch prevents in-gear starting (optional).
- Exceeds EN ISO 11547 standards when X12 safety switch is installed.
- **Twin Controls with Trim:** operated simultaneously on the lever or independently on the core body.

For use with all Ultraflex control cables except C4:

- C14 and MACH™14 cables require no kit.
- C2, C8 and MACH™Zero cables the connection kit K59 (U40144) is included.
- C5, C16 and MACH™5 cables require K60 (U40145) kit - sold separately.
- C36 and MACH™36 cables require K62 (40157.J) kit - sold separately.

Two finishes available:

- **Chrome Plated Finish:**
High resistance ABS housing with die-cast chrome-plated levers.
- **Gunmetal Finish:**
High resistance ABS housing with die-cast black painted levers.

U34543
X12 Neutral Safety Switch

Ultraflex B301 and B302 “Low Profile” Top Mount Controls

Available in single or dual lever, operates both throttle and shift (twin lever for two engines). Suitable for any type of boats with outboard, inboard or I/O power plants. The compact single lever control offers a unique low profile style compared to other controls available on the market.

- Push-in button disengages shift for warm-up.
- Enables easy and safe shifting by preventing accidental gear engagement unless engine is idling.
- X12 Neutral Safety Switch (optional) prevents in-gear starting (one per engine).
- Exceeds EN ISO 11547 standards when X12 Safety Switch is installed.

For use with all Ultraflex control cables except C4:

- C14 and MACH™14 cables require no kit.
- C2, C8 and MACH™Zero cables the connection kit K59 (U40144) is included.

Ultraflex B103 and B104 Top Mount Controls

Available in single or dual lever, operates both throttle and shift (twin lever for two engines). Suitable for any type of boats with outboard, inboard or I/O power plants. Enables easy and safe shifting by preventing accidental gear engagement unless engine is idling.

- Chrome-plated marine aluminium construction.
- Pull-out handle disengages shift for warm-up.
- X43 Neutral Safety Switch (optional) prevents in-gear starting (one per engine).
- Exceeds EN ISO 11547 standards when X43 Neutral Safety Switch is installed.

For use with Ultraflex control cables C2, C8 and Mach™Zero:

- Require no connection kit.

Ultraflex B665 and B666 Top Mount Controls

Suitable for any type of boat with inboard, outboard and sterndrive motors. Levers control and operate both throttle and shift. Easy and safe shifting preventing accidental gear engagement unless engine is idling.

- Provided with a positive lock-in neutral to prevent accidental gear engagement.
- Pull-out handle disengages shift for warm-up.
- X12 Neutral Safety Switch (optional) prevents in-gear starting.
- Exceeds safety standard EN11547 with X12 Safety Switch installed.

For use with all Ultraflex control cables except C36 and Mach™ 36:

- C33, C8, C14, Mach™ Zero and Mach™ 14 cables require no connection kit.
- C5, C16 Mach™ 5 cables require K35 (U34730) kit - sold separately.

Ultraflex B74 Twin Lever Top Mount Controls

Operates both throttle and shift (twin lever for two engines) and is suitable for any type of boat with outboard, inboard or I/O power plants. The power trim switch is conveniently located in the handle grip enables for easy tilting of the engine.

- Enables easy and safe shifting by preventing accidental gear engagement unless engine is idling.
- Marine aluminium construction with a powder coat finish.
- Pull-out handle disengages shift for warm up.
- X12 Neutral Safety Switch (optional) prevents in-gear starting.
- Exceeds EN ISO 11547 standards when X12 Neutral Safety Switch is installed.

For use with all Ultraflex control cables except C36 and Mach™ 36:

- C8, C14, C33, Mach™ Zero and Mach™ 14 cables require no kit.
- C5, C16 and MACH™ 5 cables require K35 (U34730) kit - sold separately.

Ultraflex B35 Control Box

Single action, flush side mount control, particularly suitable for throttle control and hydraulic shift operation.

- Lever and flange all stainless steel.
- Provided with adjustable brake tension release and detents.

For use with Ultraflex control cables C2, C8 and Mach™ Zero:

- Require no connection kit.

Part No.	Model
JPW18840B	B35

Ultraflex B400 Series Single Lever Side Mount Controls

Featuring a stainless steel lever and bezel, the B400 has a sleek and modern design that's ideal for sailboats. This side-mount control has a universal control mechanism to allow for both 'push' or 'pull' for throttle and shift, push button warm up, and will accept 33C style cables, as well as BRP, Mercury Gen I and Gen II cables with optional adapters. Available in mechanical version or hybrid version (patented) to control the shift by a mechanical cable and the throttle via a 0-5V electric signal.

- AISI 316-grade stainless steel lever and flange for better resistance in the marine environment.
- Enables easy and safe shifting by preventing accidental gear engagement unless engine is idling.
- Can be installed horizontally or vertically, on the starboard or port side of the boat.
- Provided with an easily adjustable brake tension release system.
- Push-in button for throttle operation in Neutral (ENGINE WARM-UP).
- Includes X41 Neutral Safety Switch to prevent in-gear starting.
- Exceeds EN ISO 11547 standards when X41 Neutral Safety Switch is installed.

The B400 ETC (Electronic Throttle Control) version is available on request. The sensor has an analogue output signal that can be single or redundant. The output voltage range is chosen by the user between 0 and 5V. Power supply 5V +/- 10%, linearity +/- 1%. For ETC controls please contact your sales representative for custom configuration.

For use with Ultraflex control cables C2, C8 and Mach™Zero:

- Require no connection kit.

X41 Neutral Safety Switch included

Part No.	Model	Version
JPW18807	B400	Fully Mechanical
JPW18808	B400-ETC	Hybrid

Ultraflex B310 Series Side Mount Controls

Single lever operates both throttle and shift, suitable for any type of boat with outboard, inboard or I/O power plants. Enables easy and safe shifting by preventing accidental gear engagement unless engine is idling and can be installed horizontally or vertically, on the starboard or port side of the boat.

- Provided with a brake tension release system, adjustable from outside.
- Pull-out handle disengages shift for engine warm up.
- Trim switch conveniently located in the handle grip.
- Provided with positive lock-in neutral to prevent accidental gear engagement.
- X12 Neutral Safety Switch prevents in-gear starting (optional).
- Exceeds EN ISO 11547 standards when X12 Safety Switch is installed.

For use with all Ultraflex control cables except C36 and Mach™36:

- C8, C14, C33, Mach™ Zero and Mach™ 14 cables require no kit.
- C5, C16 and MACH™5 cables require K35 (U34730) kit - sold separately.

U34543 X12 Neutral Safety Switch - sold separately

Ultraflex B85, B183 and B184 Single Lever Side Mount Controls

Suitable for any type of boat with outboard, inboard or I/O power plants, these side mount control have single lever/ dual action control to operate both throttle and shift.

- Enables easy and safe shifting by preventing accidental gear engagement unless engine is idling.
- Can be installed horizontally or vertically, on the starboard or port side of the boat.
- Provided with a brake tension release system, adjustable from outside.
- Pull-out handle disengages shift for warm-up.
- Exceeds EN ISO 11547 standards when X12 Neutral Safety Switch is installed, as it prevents in-gear starting.
- All models are provided with positive lock-in neutral to prevent accidental gear engagement.
- B184 model is provided with a power trim switch conveniently located in the handle grip that enables an easy tilting of the engine.

JPW18840

For use with all Ultraflex control cables except C36 and Mach™36:

- C8, C14, C33, Mach™Zero and Mach™14 cables require no kit.
- C5, C16 and MACH™5 cables require K35 (U34730) kit - sold separately.

Ultraflex B89 and B90 Single Lever Side Mount Controls

The single lever operates both throttle and shift and is suitable for boats with outboard, inboard or I/O power plants. Enables easy and safe shifting by preventing accidental gear engagement unless engine is idling.

- Can be installed horizontally or vertically, on the starboard or port side of the boat.
- Pull-out handle disengages shift for warm-up.
- Painted marine aluminium construction.
- X12 Neutral Safety Switch (optional) prevents in-gear starting.
- Exceeds EN ISO 11547 standards when X12 Safety Switch is installed.
- Provided with a positive lock-in neutral to prevent accidental gear engagement.

For use with all Ultraflex control cables except C4, C22, C36 and Mach™36:

- C8 and Mach™Zero cables require no kit.
- C5, C16 and MACH™5 cables require K35 (U34730) kit - sold separately.
- C14 and Mach™14 cables require K51 (U32526) kit - sold separately.

L23 Selector Unit for Dual Station Applications

Selector unit for use with single lever controls in dual station applications.

- Enables independent control over throttle and shift from either the main station or the flying bridge station.
- Only for inboard and sterndrive engines.

NOTE: before changing station, throttle must be on idling position and shift in neutral.

Power A Mark II™

Smooth, effortless, positive control of shift and throttle for up to four stations.

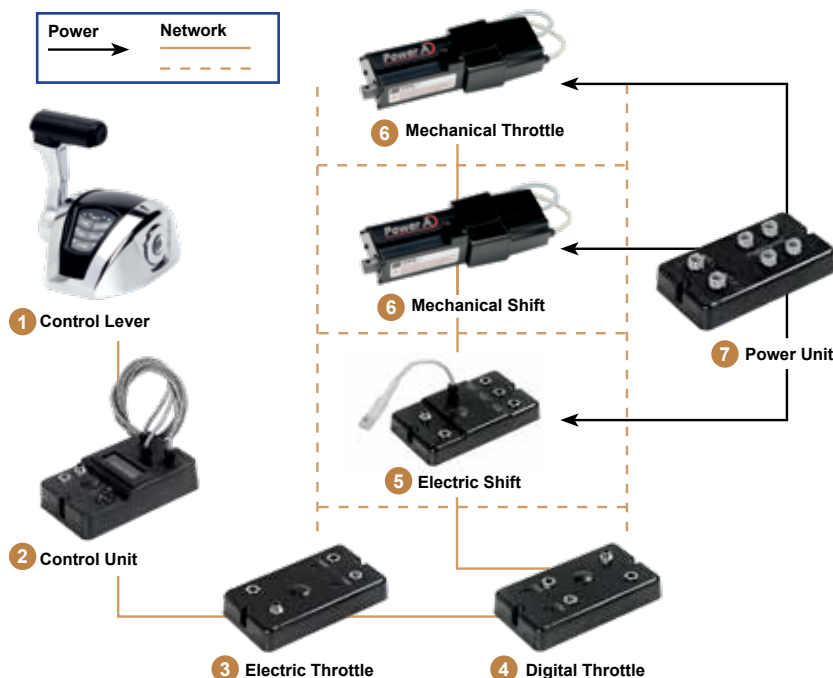

The easy to install **Power A Mark II™** control system provides fingertip operation of throttle and shift levers. Using reliable and precise digital data transmission, this single or dual function control system is specifically designed to work on mechanically controlled as well as electronic and electro-hydraulic gas and diesel inboards, sterndrives, and outboards.

- With the ability to control up to 2 engines from up to 4 different stations, the Power A Mark II™ is a modular and flexible system with simple to install components. The unique Control Unit Display of the Power A Mark II™ provides simple touch pad programming with descriptive information regarding the set up, tuning and diagnostics of the system.
- This unique system can replace mechanical controls either on fully mechanical engines, or on fully electrical engines, or on engines with the combination of both characteristics.

SPECIAL FEATURES

- **Dock Assist** – allows the operator to reduce the sensitivity of the throttle function for easier dock side handling.
- **RPM Synchronisation** – reduces engine vibration and improves fuel economy.
- **High Idle** – increase RPM where higher idle is necessary for cold engine operations. Plus a programmable **Trolling Valve Control** and **Neutral Warm-Up**.
- The stylish and ergonomically designed control makes the Power A Mark II™ suitable for many types of applications ranging from sport boats and yachts to commercial applications.
- Private protocol can bus for data transmission.
- Available with and without trim, the control has audible and visual interfaces that alert the operator to the current status of the control system.
- Connection of multiple stations up to four controls.
- Modular system.
- Direct communication with electronic engines (SAE J 1939 or NMEA 2000).
- Plug 'n' Play connectivity.
- Automatic engines synchronisation.
- Fully programmable shift delays.

Systems will be quoted up on individual requests.

Information required to quote:

- Vessel size.
- Vessel electrical systems voltage.
- Number of engines.
- Brand of engine (size and model).
- Drive unit type, brand and model.
- Number of control stations.

1 Control Stations

- Single Lever/Dual Function and Dual Lever/Dual Function for shift, throttle and trolling.
- **Power supply:** 9v (min) to 32v (max)
- **Working temperature:** -25°C to +75°C
- **Control station functions:**
 - Station Select, Engines Warm Up, High Idle, Docking, Engine Synchronization, Trolling Valve (on request)
- **Electronic throttle outputs:**
 - Voltage (double output 0-5V and 0-2.5V)
 - PWM (0-100%, frequency from 200Hz to 1kHz)
 - Current (4-10mA)
- **Trolling valve output:**
 - Voltage (0-5V)
 - PWM (0-100%, frequency from 100Hz to 1kHz)
 - Current (4-20mA)
- **Electric shift control:**
 - 2 or 3 ON/OFF or proportional solenoids
 - Shift delays fully settable.
- **Digital throttle output:**
 - SAE J 1939
 - NMEA 2000

Part No.	Controls	Trim	Finish

2 Control Unit

User interface for the configuration, settings and diagnostic of all the modules in a system.

Part No.	Model	Dimensions L x W (mm)
JPW15608	PA2-CU	210 x 120

5 Shift Unit

Controls up to 2 shifts with solenoids. Required for use with direct connection to the electrical shift unit on the transmission.

Part No.	Model	Dimensions L x W (mm)
JPW15613	PA2-SU	210 x 120

3 V-Throttle or I-Throttle Unit

Supplies the throttle electronic signal. Required for use with direct connection to the electronic throttle on the engine.

- **JPW15610:** For 0-5v interfaces (voltage).
- **JPW15611:** For 4-20mA (current).

Part No.	Model	Dimensions L x W (mm)
JPW15610	PA2-VT (V-Throttle)	205 x 110
JPW15611	PA2-IT (I-Throttle)	205 x 110

6 Mechanical Throttle / Shift

The electromechanical actuators can control any mechanical interface (throttle shift or custom made trolling valve) through Mach™ Zero and C8 mechanical cables.

Part No.	Model	Length (mm)
JPW15626	PA2-MA	320

4 PWMT-Throttle Unit

Supplies the electrical signals to PWM interfaces.

Part No.	Model	Dimensions L x W (mm)
JPW15612	PA2-PWMT	205 x 110

Network Terminators

Each system requires two terminators. For cable ends - choose terminator according to your needs.

Part No.	Model
JPW15628	PA2-NT

Throttle Units

Part No.	Model	Interface	Features	No. of Engines	Engine Type
JPW15610	V-Throttle	Analog voltage	Redundant voltage input, IVS.	1 - 2	FPT, Yanmar, Mercruiser, Lombardini
JPW15611	I-Throttle	Current analog	Current out puts.	1 - 2	4 - 20 mA throttle engines
JPW15612	PWM Throttle	PWM	PWM outputs	1 - 2	Perkins, Caterpillar

Main System Cables

Note: Should the engine inverter need the neutral solenoid, the proper shift cable must be used. Custom cabling can be done, upon request.

Main Power Supply Cables

- Main power supply of the system.
- Connectors: One each battery.

HOW TRIM TABS WORK

When the tabs are deployed downward, the water force on the trim tab surface creates upward pressure, raising the stern and lowering the bow. The port trim tab lowers the starboard bow, and the starboard trim tab lowers the port bow. The control is intuitively wired so that all you have to do is press the button in the direction you want the bow to move.

Properly sized trim tabs improve the performance of your boat by adjusting the running angle of your vessel. Bennett Marine trim tabs help you get on plane faster, correct listing to one side, improve visibility and increase your fuel efficiency.

- Get you up on plane quickly.
- Increase performance and fuel efficiency.
- Increase visibility.
- Adjust the boat's attitude for changes in speed, sea conditions and shifting weight.
- Correct listing on either side of the boat.

When the port tab is lowered independently, an upward force at the port stern of the boat is created. The inverse applies when lowering the starboard tab independently.

Self-Leveling Trim Tabs (SLT)

A simple, durable and affordable trimming solution for smaller boats. Quick and easy installation with nothing to do inside the boat – just mount the actuators and trim tabs on the transom and enjoy the benefits.

- Actuator length: 290mm
- Tabs with Bennett's exclusive interlocking hinge.
- Three mounting options to easily change lift.
- Plane at lower speeds & improve fuel efficiency.
- Eliminate porpoising and chine walking.
- Reduce engine laboring and improve fuel efficiency.

KIT CONTAINS:

- 2 x 14 gauge stainless steel tabs.
- 2 x Strong, durable spring loaded actuators.
- All stainless steel hardware.

Part No.	Bennett Code	Span/Chord mm (inch)	Boat Size* (m)

BOLT ELECTRIC TRIM TABS

BOLT Electric Trim Tab Kits (12V)

Balance loads, plane faster, increase efficiency and performance with Bennett BOLT Electric Trim Tab Systems, built to outlast any electric trim tab system on the market.

- Completely sealed upper hinge with no exposed wires.

KIT CONTAINS:

- 2 x 12-volt adjustable upper hinge actuators with 6ft. wire harnesses and waterproof connectors.
- 2 x 304-grade stainless steel trim planes (tabs) and mounting plates.
- 2 x 20ft. wire harnesses with waterproof connectors.

NOTE: Controls are sold separately.

Note: Kits comes with Standard actuators (350mm) but can be supplied with Short (290mm) upon request.

*Boat size is recommended only

BOLT Electric – Edge Mount Limited Space Trim Tab Kits (12V)

Designed with an adjustable upper hinge for transoms with limited vertical space. Tabs turn up for added strength and feature piano-hinged backing plates.

- Requires less than 6.5" (165mm) of vertical transom space to install.

KIT CONTAINS:

- 2 x 12-volt adjustable upper hinge actuators with 6ft. wire harnesses and waterproof connectors.
- 2 x Stainless steel trim planes (tabs) and mounting plates.
- 2 x 20ft. wire harnesses with waterproof connectors.

NOTE: Controls are sold separately.

Note: Kits comes with Standard actuators (350mm) but can be supplied with Short (290mm) upon request.

Trim Tab Styles

Helm Control Options (sold separately)

Lenco-to-BOLT Upgrade Conversion Kit (12V)

This kit includes everything necessary for a cost-effective, quick and easy upgrade from Lenco actuators to Bennett's exceptionally durable and dependable actuators. Bennett electric actuators are built to last, backed by a lifetime limited warranty.

- Works with Lenco "Standard Mount", "Standard Performance", and "Edge Mount" systems.
- Plug-and-play connection to your existing standard Lenco controls.
- Simply replace the Lenco actuators with Bennett BOLT actuators using the existing drill holes.
- Easy installation with no new holes to drill.
- Keep your existing trim tabs.

NOTE: Controls and tabs are sold separately.

Installation Guide

- 1 Remove existing Lenco actuators, retaining your Lenco tabs
- 2 Swap your Bennett BOLT actuators onto the Lenco tabs
- 3 Connect "Plug n Play" connectors to your Lenco Controls

Part No.	Bennett Code	Description
JPW16330	BOLTLKCON	Lenco-to-Bolt Upgrade Kit

Bennett Hydraulic-to-BOLT Electric Conversion Kit (12V)

All you need for a quick and easy conversion from Bennett hydraulic actuators to Bennett BOLT electric actuators. BOLT actuators are exceptionally durable and dependable, backed by a lifetime limited warranty on the actuator.

- Quick and easy conversion from standard Bennett hydraulic single actuator systems (A1101A and A1101ARC) using your existing wiring, rocker switch and trim tabs.
- Plug-and-play connection to existing standard Bennett Rocker Switch.
- No rewiring or drilling of new holes required.
- Equipped with auto tab retraction and diagnostics relay module.

NOTE: Controls and tabs are sold separately.

Installation Guide

- 1 Remove the existing Bennett actuator and swap in BOLT on existing tabs
- 2 Remove the hydraulic pump and connect the "Plug n play" relay module
- 3 Connect "Plug n play" BOLT electric actuators to the relay module

Part No.	Bennett Code	Description
JPW16328	HYDBOLTCON	Hydraulic-to-Bolt Conversion Kit
JPW16331	BOLTBLT	BOLT Kit Without Plane Assembly

Determining compatibility with your existing Lenco actuators

- Bennett Lenco-to-BOLT Upgrade Conversion Kit is compatible with Lenco "Standard Mount", "Standard Performance", and "Edge Mount" systems.

To determine whether your Lenco actuators meet the compatibility requirements, locate the identification stamp (available since approximately May 2008).

The actuator type is indicated by the second number in the 5-digit code. Lenco actuators with either "A", "B" or "G" indicated as the second digit in the 5-digit code sequence are compatible with the Bennett Lenco-to-BOLT Upgrade Kit.

Short stroke Lenco actuators (11-3/8" and 10-7/8" actuator length), or long stroke Lenco actuators (14" and 13" actuator length) are NOT compatible.

HYDRAULIC TRIM TABS

Standard (Classic) and Sport Hydraulic Trim Tab Kits

Hydraulic trim tabs are known for power, precision and durability. Get the most from your boat, no matter what the load, speed or sea conditions. Using the helm control, you can adjust the tabs individually or in unison to create the perfect cruising attitude. Increase speed and fuel economy, smooth a rough ride and get on plane faster.

KIT CONTAINS:

- 2 x Trim plane assemblies
- 2 or 4 x Hydraulic actuators (A1200S)
- 1 x Hydraulic Power Unit (V351HPU1)
- 1 x Helm Control (see below options)
- Hydraulic tubing and hardware

Features:

- Get on plane fast, and stay on plane at intermediate speeds.
- Correct listing and uneven loads.
- Improve visibility and safety.
- Reduce pounding and eliminate porpoising.
- Increase speed and fuel efficiency.
- Low maintenance, long-term value, and easy to service.
- Exclusive transom mount inter-locking tab design.

Note: Kits comes with Standard actuators (340mm) but can be supplied with Short (290mm) or Extra Short (270mm) upon request.

Rocker Switch Controls

This control is ergonomically designed, water resistant and provides a distinctive “click” when the trim tabs are engaged.

- Distinctive click action for precise trim tab adjustment.
- Economical and easy installation.

BASIC

Part No.	Bennett Code	Power
JPW16170	ES2000	Hydraulic Systems ●
JPW16320	BRC4000	Electric Systems ●

Integrated Helm Controls

An attractive and user-friendly, stand-alone helm control without the need for an external control unit. The functionality and “brains” of the control unit are engineered directly into a single, space-saving, and simple-to-install keypad.

- Convenient “All Up” and “All Down” buttons.
- Trim tab position LEDs always show you where your tabs are.
- Auto tab retraction (tabs retract up when the ignition is powered off).
- Easy-to-install single lock nut design.
- Compatible with other trim tab system brands.
- Easily upgrade from hydraulic systems without tab position indication.

KIT CONTAINS:

- 1 x Helm Control with 3ft cable
- 1 x 20’ extension sensor cables (Deutch to Deutch).
- 2 x Upper Hinge Screw-on Sensors (Included with hydraulic only).

JPW16323	OBI9000E	Electric Systems ●

AutoTrim Pro Automatic Controls

AutoTrim Pro is an all-in-one auto trim tab control system designed for boats of all sizes—packing a boatload of essential features into an easy-to-use, space-saving keypad. Reduce bow rise, improve visibility, correct listing—automatically.

- Compatible with Bennett and most other trim tab systems.
- Auto trim tab control with favourite buttons.
- Take manual control of your trim tabs at any time.
- Trim tab position indication with adjustable LED's.
- Auto tab retraction when ignition is powered off.

KIT CONTAINS:

- 1 x ATP helm display with 3ft cable (ATPDISP).
- 1 x ATP control unit with 3ft cable (ATPHYDCTRL or ATPBOLTCTRL).
- 1 x 25’ extension cable (BHW4025).
- Required hardware.

Mente Marine ACS Auto Trim Tab Controller

Attitude control system for controlling boats roll (healing) and pitch (angle), suits lengths from 6m to 18m.

- Wires of actuators or hydraulic pump are connected directly to the back of the control panel.
- Compatible with all popular trim tabs (Lectrotab, Lenco, Bennett, Instatrim)
- Tab position is estimated and displayed for all kinds of trim tabs.
- Automatic control is suspended while turning.
- Adapts to varying sea conditions.
- Off the plane sleep; suspended while off the plane.
- Voltage: 10-30V DC.
- Max output current: 18A (when tabs activated).

Part No.	Power
JPW16150	Electric and Hydraulic Systems ● ●

Actuators

Strong but flexible nylon/fiberglass hydraulic cylinders. Fluid flows through a concealed hole in the upper hinge at the top of the actuator, thus eliminating external hoses subject to damage.

- The piston-like arms push tabs into position.
- All models provide a 63.5mm (2.5") stroke.

Rivet Clear Hinge
Used when mounting bracket is located back from tab end eg: M80/M120 Tabs

Assembly Components

Trim Plane Assemblies (TPA) consist of 3 main components which can all be ordered separately. When ordering separately, simply swap "TPA" with the below acronyms.

Eg: BP12 is a 12" Backing Plate Only.

- BP - Backing Plate Only
- HP - Hinge Plate Only
- TPO - Trim Plane Only
- TPA - Complete Assembly

Quick Thruster BTQ 110 - Complete Kit with Bow Tunnel

An electric DC motor with single propeller delivering 1.3kW motor power, this complete kit includes a bow tunnel with a diameter of 110mm.

KIT CONTAINS:

- BTQ 110 Thruster with single propeller.
- Bow thruster tunnel (110mm diameter).
- Thruster control cable extension lead (6m).
- TCD 2022 Touch Button Thruster Controller.
- Thruster fuse-holder.
- Thruster fuse.

Propulsion System: Single propeller
Tunnel Diameter: 110mm
Tunnel Length: 750mm

Available with IP67 rated protection case (BTQ 110-25 C)

Part No.	Voltage (V)	Motor Power (Kw)	Thrust (kgf)	Boat Size (m)	Weight (kg)	Dimensions (mm)		
						A	B	C
QFGBT11025120K01	12	1.3	25	5 - 7.5	9.8	258	110	84

Quick Thruster BTQ 125 - Complete Kit with Bow Tunnel

Electric DC thrusters with single propeller, available in two different motor power options, both of which include a bow tunnel with a diameter of 125mm.

KIT CONTAINS:

- BTQ 125 Thruster with single propeller.
- Bow thruster tunnel (125mm diameter).
- Thruster control cable extension lead (6m).
- TCD 2022 Touch Button Thruster Controller.
- Thruster fuse-holder.
- Thruster fuse.

Propulsion System: Single propeller
Tunnel Diameter: 125mm
Tunnel Length: 750mm

Available with IP67 rated protection case (BTQ 125-30 C) (BTQ 125-40 C)

Part No.	Voltage (V)	Motor Power (Kw)	Thrust (kgf)	Boat Size (m)	Weight (kg)	Dimensions (mm)

Quick Thruster BTQ 140

Electric DC thrusters with single propeller, available in two different motor power options, both of which require a tunnel diameter of 140mm.

Propulsion System: Single propeller
Tunnel Diameter: 140mm

Available with IP67 rated protection case (BTQ 140-30 C) (BTQ 140-40 C)

Part No.	Volt.	Motor Power (Kw)	Fuse Size (A)	Thrust (kgf)	Boat Size (m)	Weight (kg)	Dimensions (mm)

Quick Wireless Hand-Held Radio Remote Controls - RRC

Pocket transmitter used to control your thrusters from anywhere on your vessel, giving you the flexibility to step away from the confines of the helm for a better view when docking or have someone else in control.

- To be used in conjunction with radio receivers (see below).
- Possibility to control more receivers with one transmitter.
- Two functions can be activated at the same time.
- Watertight and floats.
- Power supply: 3x AAA alkaline rechargeable batteries (included).
- Operating temperatures: -15°C to +70°C.
- FSK modulation and carrier frequency: 434.420MHz.

Part No.	Model	Channels
QFRRRCHT40000A00	HT4	4
QFRRRCHT80000A00	HT8	8

Wireless Pocket Transmitters

- Handy pocket-sized hand held transmitter remote control.
- Power supply: CR2450 3V Lithium Batteries (included).

Part No.	Model	Channels
QFRRRCPT40000A00	PT4	4
QFRRRCPW40000A00	PW4	4

Quick RRC Radio Remote Control Receivers

Can be programmed to receive signals from multiple transmitters allowing for multiple applications per unit. Features an indication of the system operating status, errors and problems by means of LED and seven-segment display. Use the translation mode to activate more receivers, installed to different locations, by means of one transmitter.

- Full supply range (from 10.5 to 31VDC).
- Micro-controller operated functions.
- Protection against the discharge of the battery.
- Two functions can be activated at the same time.
- Possible connection to an external antenna.
- Replay contact rating: 15A.
- Quiescent current: 25mA.
- Operating temperatures from -15°C to +70°C.
- Protection against polarity inversion.
- Can store 50 transmitters.
- Programmable digital filter.

Part No.	Model	Channels
QFRRRCR040000B00	R04	4
QFRRRCR080000B00	R08	8

Quick Thruster Control Panels

The TDC series control panels have been designed to control the Quick thrusters and feature a special scratch resistant glossy lexan panel. These controls are easy to install by means of 2-wire connector (extensions optional) and a 3m VHB double sided gasket (requires no screws).

- Protection against reverse polarity, short circuit output, prolonged activity of motor and interruption of thruster controls wiring.
- Simple and intuitive user interface.
- Universal power supply: 12/24VDC.
- Can work in a wide range of temperatures.
- Possibility of connecting several TDC controls in parallel.
- Automatic priority system and disablement.
- Acoustic signals - that can be deactivated.
- Current capacity: 4A (max).
- Operating temperature: -20°C to +70°C.

*These controls will only operate Quick branded thrusters.

Part No.	Model	Type	Dimensions L x W x H (mm)

Quick Hand-Held Remote Controls - HRC

Hand-held remotes with different button configurations for a multitude of solenoid activated applications such as anchor winches, thrusters, cranes and davits. Constructed with rubber inserts to ensure high strength, long durability, perfect water-tightness, and a secure grip.

- Built-in LED torch option make anchoring at night a safe and easy task.
- Cable extends up to 4.2m.
- Includes a watertight deck plug and socket.
- Supplied with support bracket for stowing after use.

Star brite Ultimate Fibreglass Stain Remover

New Gel formula “sticks” where applied for maximum cling time and cleaning power. Removes ‘yellowing’ and tough waterline stains.

- Completely covers stains to penetrate and dissolve.
- Specifically formulated to remove the toughest stains, including rust, dried fish blood and leaf stains.
- Works on all fiberglass and painted surfaces; ideal for vertical surfaces.

Part No.	Capacity
JPW7875	946ml

Star brite Ultimate Xtreme Clean All Surface Cleaner/Degreaser

Removes tough dirt and greasy stains, even on tough-to-clean porous surfaces. Special chelating agents break the bond that holds dirt or stains to surface without heavy scrubbing.

- Phosphate-free, safe for use on or near the water; runoff won't harm sea-life or cause algae blooms.
- Cleans fiberglass, vinyl, plastic, metal and even inflatable boats.

Part No.	Capacity
JPW7873	946ml

Star brite Ultimate Aluminium Cleaner and Restorer

Formulated to clean and restore stained or dull aluminium pontoon boats, dinghies and canoes.

- Convenient size with sprayer for easy application.

Note: Use Ultimate Aluminium Polish as Step 2 when removing stains and restoring older boats.

Part No.	Capacity
JPW7895	1.89L

Star brite Ultimate Xtreme Multi-Surface UV Protectant

Creates a barrier against UV exposure and weather that cause fading and drying. Anti-static finish dries clear and tack-free, enhances shine, and helps repel dust.

- Protects fiberglass, gel-coat, carbon fiber, vinyl, plastic, rubber, and finished leather from fading and cracking.
- Contains UV inhibitors that act as a sunblock.

Part No.	Capacity
JPW7876	946ml

Star brite Ultimate Aluminium Polish with PTEF

Formulated to preserve the finish of aluminium pontoon boats, canoes etc.

- PTEF polymers provide UV protection and help repel dirt and stains.
- Use after Aluminium Cleaner/Restorer to enhance the look of older boats.

Part No.	Capacity
JPW7893	473ml

Star brite Ultimate Boat Guard Speed Detailer and Protectant with PTEF

Gently removes dirt and grime. A fast, easy way to add shine and enhance colour on fiberglass, vinyl, painted surfaces, polished metal and rub-rails.

- PTEF Polymers Provide UV Protection.
- Provides protection against fading by UV rays.
- Ideal for auto and RV use.
- Extends time between full waxing or polishings.

Part No.	Capacity
JPW7877	650ml

Star brite Ultimate Aluminum Protectant

Instantly adds a shine to towers, outriggers and other hardware. Cleans and protects stainless steel, brass, aluminium, chrome, bronze, anodized and other metal surfaces.

- High-tech polymers create a durable shine.
- Guards against pitting and corrosion.
- Polymers bond to surface for long-lasting protection.

Part No.	Capacity
JPW7879	650ml

Star brite Ultimate View Guard Clear Plastic Treatment

Repels and removes rain, spray, salt and grime to dramatically enhance wet weather visibility through clear plastic enclosures. Specifically formulated for use on Strataglass, EZ2CY, Eisinglass and other clear plastic surfaces.

- Gently cleans and provides UV protection for all clear plastic surfaces.

Part No.	Capacity
JPW7870	650ml

Star brite Ultimate Carpet Clean with PTEF

Formulated to dissolve oily stains, grease, fish blood, dirt and eliminate foul odours. The foaming action lifts dirt so that it can be rinsed away.

- PTEF polymers bond to treated carpet to repel stains and damaging UV rays.
- Use to clean all indoor and exterior marine carpets - spot cleaning or large areas.
- Ideal for car, home and RV use.

Part No.	Capacity
JPW7886	650ml

Star brite Ultimate Vinyl Clean

Powerful formula removes tough stains, greasy smears and grime. Engineered for use on vinyl, plastic, rubber and leather surfaces.

- Contains no harsh acids or caustic cleaners.

Part No.	Capacity
JPW7880	946ml

Star brite Ultimate Vinyl Guard

Enhances appearance and UV protection to all vinyl, rubber, plastic and leather surfaces. Will restore suppleness to vinyl that has been exposed to the harsh marine environment.

- PTEF polymers bond to treated surface to form a barrier that helps repel stains and damaging UV rays; acts like a sunblock for vinyl surfaces.
- Used as often as needed.

Part No.	Capacity
JPW7883	946ml

Star brite Premium RV Awning Cleaner

Economical to use, this powerful formula removes tough stains from fabric and vinyl awnings and creates a durable barrier against staining and UV rays.

- Ideal for use on leaf stains, bird droppings, dirt, bug deposits and more.
- Safe for all exterior fabrics – won't discolour or stain.

Part No.	Capacity
JPW8033	946ml

Star brite Premium Marine Polish with PTEF

Ultimate protection for fiberglass, metal, plexiglass and painted surfaces and can be applied over old wax or polish. Increases hull speed as it repels water and oil based stains and deposits, making future clean-up quick and easy.

- UV inhibitors reduces fading and oxidation.

Note: For medium to heavy oxidation, use the Premium Cleaner Wax below.

Part No.	Capacity
JPW7856	397g
JPW7857	473ml
JPW7858	946ml

Star brite Premium Cleaner Wax with PTEF

Cleans, shines and protects in one quick and easy step. Specially formulated for fiberglass, metals and painted surfaces. UV inhibitors help prevent fading and oxidation.

- Removes oxidation and chalk while leaving a durable coat of PTEF polymers.

Part No.	Capacity
JPW7927	473ml
JPW7929	946ml

Star brite Premium Restorer Wax

A one-step formula that easily removes medium to heavy chalk and oxidation while leaving a durable, protective coating.

- No hard rubbing or buffing required.
- Enhances shine.
- Ideal for use on coloured fiberglass hulls.

Part No.	Capacity
JPW7853	473ml

Star brite Premium RV Wash and Wax

Concentrated formula removes road grime, grease, bug deposits, dust and mud from all exterior areas while adding a deep shine.

- Contains UV inhibitors to help protect against fading.
- Non-toxic, biodegradable formula.
- Power to loosen and remove tough dirt without removing protective coatings, wax or polish.

Part No.	Capacity
JPW8035	473ml

Star brite Liquid Rubbing Compound for Medium or Heavy Oxidation

Convenient liquid formula removes stains, heavy oxidation and scratches from fiberglass, metal and painted surfaces.

- Hand or buffer application - doesn't set up like most rubbing compounds so removal is quick and easy.

Note: Use Premium Marine Polish with PTEF as follow up to maintain the restored finish.

Part No.	Oxidation	Capacity
JPW7835	Medium	473ml
JPW7836	Heavy	473ml

Star brite Easy Scrub

Cleans ground-in dirt and stains from fiberglass, metal, plastic, mica, tile and painted surfaces.

- Excellent for cleaning stainless steel sinks.
- Combines superfine abrasives and chelating agents to lift and remove stains, grime and oxidation without scratching.
- Not to be used on plastic surfaces.

Part No.	Capacity
JPW7859	473ml

Star brite Fiberglass Colour Restorer with PTEF

Brings back original colour and lustre. Removes oxidation, chalking and fading. Excellent for coloured hulls.

- Seals surface to protect against future fading due to weathering.
- Easy to use - will not scratch or harm gelcoat.

Part No.	Capacity
JPW7889	473ml

Star brite Bilge Cleaner

Biodegradable and won't harm fiberglass, rubber hoses, wiring, metal or plastic.

- Easy to use; just pour in, run boat, pump out.
- Dissolves and eliminates oil, grease, fuel, scum and sludge.

Part No.	Capacity
JPW7941	946ml
JPW7942	3.78L
JPW7943	19L Drum

Star brite Pre-Softened Boat Paste Wax

Provides a deep, rich shine and long lasting protection against fading, chalking, oxidation and UV rays.

- Cleans, shines and protects in one easy step.
- Use on fiberglass, aluminium, chrome, and on painted surfaces.
- May be applied in direct sunlight.

Part No.	Capacity
JPW7852	397g

Star brite Boat Bottom Cleaner

Removes deposits on boat bottoms, scum line and rust stains quickly and easily. Water based, environmentally friendly, biodegradable formula.

- Safe for use on fiberglass, metal, wood and stainless steel surfaces.
- Begins working on contact.
- Ideal for removing marine deposits from inflatable boats and RIBs.

Part No.	Capacity
JPW8022	946ml
JPW8023	3.78L

Star brite Chrome and Stainless Polish

Quickly removes surface corrosion, cleans and leaves a dazzling shine on chrome and stainless steel surfaces. Also suitable for copper, tin and brass. No hard buffing needed.

- Bonds to metal and provides a barrier for long lasting protection against future stains and corrosion.
- Resists salt and water spray.
- Removes dirt, grime, salt deposits, surface rust.

Part No.	Capacity
JPW7891	250ml

Star brite Instant Hull Cleaner

Quickly and effortlessly removes stains from water line, marine growth, rust, scum line, fish blood etc. Does not contain harmful acids - safe and easy to use on fiberglass, metal and painted surfaces

- No rubbing or scrubbing.

Part No.	Capacity
JPW7934	946ml
JPW7937	3.78L

Star brite EZ-On-EZ Off Hull and Bottom Cleaner

Removes deposits on boat bottoms, scum line and rust stains quickly and easily.

- Water-based, environmentally friendly formula.
- Safer to use than other acid based bottom cleaners.

Part No.	Capacity
JPW7931	946ml
JPW7932	3.78L
JPW7933	19L Drum

Star brite Instant Black Streak Remover

Eliminates black streaks and grime from fiberglass, metal, plastic, rubber, vinyl or painted surfaces.

- A great all-around cleaner for around the house.
- Will not remove wax or polish.
- No hard scrubbing needed.

Part No.	Capacity
JPW7956	650ml
JPW7955	3.78L

Star brite Non Skid Deck Cleaner with PTEF

All-surface cleaner for fiberglass, vinyl, plastic, metal and painted surfaces. Removes ground-in dirt and stains - safe to use, contains no harsh chemicals.

- No hard scrubbing or rubbing, will not remove wax or polish.

Part No.	Capacity
JPW7947	650ml
JPW7949	946ml
JPW7951	3.78L

Star brite Rust Stain Remover

Easy to use spray on formula - no rubbing or scrubbing required. Removes corrosion stains caused by metal hardware, nuts, bolts and other marine fittings, rust drip stains and sprinkler rust deposits. Safe for use on fiberglass, metal and painted surfaces.

- Contains no harsh acids.

Part No.	Capacity
JPW7977	650ml
JPW7979	3.78L

Star brite Non-Skid Deck Wax

Provides a non-slippery barrier against stains and UV exposure and keep decks clean and stain-free.

- Helps restore luster to fiberglass decks.
- Protects painted surfaces.
- Ideal for use after Star brite Non-Skid Deck Cleaner.

Part No.	Capacity
JPW7847	473ml

Star brite Boat Wash In a Bottle

Biodegradable, heavy-duty and safe for use on all marine surfaces. Leaves hulls, decks, chrome and fittings sparkling. Remove dirt, fish blood, salt deposits, road grime, exhaust smudges, waterline stains etc.

- Non-streaking, does not leave residue.
- Will not remove wax or polish.
- Concentrated - use only 3 capfuls to clean a 7m boat.

Part No.	Capacity
JPW7921	473ml

Star brite Mildew Stain Remover

Removes mildew stains on contact without heavy scrubbing. Simple to use; spray on, scrub lightly and rinse off stains.

- Safe for use on fiberglass, painted surfaces, rubber, plastic and vinyl headliners, bolsters and vinyl upholstery / stitching.
- Formulated specifically for use on marine upholstery but also ideal for home or RV use.
- Does not weaken fabric or thread.

Part No.	Capacity
JPW7953	650ml

Star brite Boat Wash and Wax

Ideal for cleaning all marine surfaces - shines and protects in one easy step.

- Concentrated formula for economical use.
- Durable polymer protection resists weathering and stains.
- Fresh blueberry scent.

Part No.	Capacity
JPW7923	473ml

Star brite Salt Remover

Quickly and effectively removes salt deposits from metal, fiberglass, plastic or painted surfaces and helps prevent the formation of future deposits.

- Protect cars or trailers from exposure to road salt damage.
- Will not etch, stain or damage surfaces.

Part No.	Type	Capacity
JPW7902	Spray	650ml
JPW7899	Concentrate	1L
JPW7900	Concentrate	3.78L

Star brite Salt Remover 1L with Applicator

Flush salt deposits from outboard and inboard engine cooling systems to help ensure maximum performance and service life.

- Complete kit with Salt Remover 1L, applicator and fittings.

Part No.	Capacity
JPW7898	1L

Star brite Salt Remover Applicator

Flush salt deposits from outboard and inboard engine cooling systems to help ensure maximum performance and service life.

- Works with a garden hose and either an engine flusher unit or a spray nozzle.

Part No.
JPW7901

Star brite Rub Rail Restorer

Rejuvenates dull, weathered rub rails/gunwale and covers up scuff marks. Features PTEF polymers that bond to treated surfaces to help repel stains and damaging UV rays.

- Formulated to keep all black and coloured rub rails looking great, restores long-lasting shine and beauty in seconds.
- Ideal for use on all rubber, plastic trim and car or trailer tires.

Part No.	Capacity
JPW7860	473ml

Star brite Inflatable Boat Cleaner

Heavy duty formula removes dirt, grime, scuff marks and oxidation stains. Leaves a tough protective coating and safe for use on rubber and vinyl surfaces including all types of inflatable boats and boat fenders.

- No hard rubbing or buffing required.
- Restores colour and protects against salt and UV exposure.
- Works on all PVC, Hypalon, neoprene etc.

Part No.	Capacity
JPW7966	473ml

Star brite Rib and Inflatable Boat Cleaner and Protector With PTEF

Use on Hypalon, PVC and all other inflatable boat fabrics, plus fiberglass, rubber and plastic. Dissolve stains, then rinse or wipe clean.

- PTEF polymers bond to treated surface to help repel stains and damaging UV rays.
- Removes grime - salt, bird droppings etc.
- Suitable for RIBS, inflatable boats, inflatable tow toys, kayaks and standup paddleboards.

Part No.	Capacity
JPW7969	946ml

Star brite Marine Polish

Cleans, shines and protects fiberglass and aluminium boats. Removes scratches, swirl marks, chalk and oxidation from fiberglass and painted surfaces.

- No hard rubbing required; can be applied by hand or with a buffer.
- Lasts up to 4 times longer than other polishes or waxes. Provides long-lasting protection against stains and UV rays.

Part No.	Capacity
JPW7849	473ml

Star brite Vinyl Polish and Restorer

One-step method for keeping both new and older vinyl looking its best. Simply wipe it on, allow it to dry and buff off to leave behind a high-quality waterproof protective coating. Defends against UV rays and keep the vinyl soft and supple, all with an attractive long-lasting shine.

- Shines and protects all kinds and colours of vinyl.

Part No.	Capacity
JPW7957	473ml

Star brite Sail and Canvas Cleaner

Biodegradable, concentrated formula that cleans and brightens whites and colours.

- Safe and easy to use.
- Removes dirt, grease and mildew stains from sails, canvas and fabrics.
- Great for boat covers, bimini tops and sails.
- Does not weaken fabric or thread.
- Also cleans nylon or dacron sails.

Part No.	Capacity
JPW7964	473ml

Star brite Clear Plastic Restorer - Step 1

Restores hazy or yellowed clear plastic enclosures. Removes fine scratches from acrylic, polycarbonate and most other types of plastic surfaces.

- Cleans off stains, salt deposits and surface discolouration.
- Use as the first step in the restoration of deteriorated plastic - Step 2 below.

Part No.	Capacity
JPW7866	237ml

Star brite Waterproofing with PTEF

Restores water repellent qualities to virtually all marine fabrics from boat covers to bimini tops. Waterproofs car covers, tents, tarps, foul weather gear, convertible tops and more.

- Does not change the material's feel or appearance.

Part No.	Capacity
JPW7972	650ml

Star brite Clear Plastic Polish - Step 2

Restores shine and clarity to acrylic, polycarbonate and most other types of plastic surfaces.

- Adds UV protection to all clear plastic surfaces.
- Use as the second step in the restoration of deteriorated plastic - Step 1 above.

Part No.	Capacity
JPW7868	237ml

Starbrite Boat Care Bucket Kit

Great starter kit for the new boater, everything fits into bucket for convenient storage.

Kit contains:

- 1x Premium Marine Polish 473ml
- 1x Non-Skid Deck Cleaner 946ml
- 1x Boat Wash In A Bottle 473ml
- 1x Instant Hull Cleaner 946ml
- 1x Vinyl Brite 473ml
- 1x Reggae Wash Mitt

Part No.
JPW8203

Star brite Screen Cleaner and Protectant with PTEF

Formulated for use on all marine electronics and all plastics. Spray on, wipe up excess to remove fingerprints, smudges, salt deposits.

- PTEF polymers help protect against UV damage.
- Ideal for use on watertight phone cases.
- Won't affect touchscreen performance.

Part No.	Capacity
JPW7863	237ml

Star brite Rain View

Improves wet weather visibility through windshield and windows.

- For use on glass surfaces.
- Works with or without windshield wipers.
- Makes surface so slick that rain and wet weather deposits literally slide off.
- High-tech formula.

Part No.	Capacity
JPW7861	237ml

Star brite Toilet Bowl Cleaner

Cleans, brightens and removes stains from plastic and porcelain bowls quickly and easily, and kills any odours, leaving the bowl fresh and clean.

- Will not damage seals or valves, or interfere with the action of most holding tank treatments.
- Does not contains any harsh chemicals.
- No hard rubbing or scrubbing required.
- Lubricates while it cleans.

Part No.	Capacity
JPW8057	473ml

Starbrite Tea Tree Oil Spray

Tea tree oil spray offering a natural solution to unpleasant odours on boats, RVs or in homes and offices.

- Genuine Australian tea tree oil eliminates musty odours naturally.
- Ideal for winterised boats & year-round use.
- Keeps air clean & fresh.
- Spray can be used anywhere in boat or RV.

Part No.	Capacity
JPW8089	473ml

Starbrite Instant Fresh Toilet Treatment Pine Scent

This efficient, biodegradable formula quickly breaks down waste to remove potential odours, while leaving a light, pleasant scent behind.

- Special lubricants prevent drain valves from sticking.
- One ounce treats five gallons.
- Fresh pine scent controls holding tank odours
- Can be used in black or grey water, and in recirculation or portable toilets.

Part No.	Capacity
JPW8069	946ml

Starbrite NosGuard Odor Eliminator Fast Release Scent Bomb

Eliminate foul odours from enclosed areas caused by mould, mildew, pets, food, smoke and garbage. Each pouch treats an area up to 1,000 cubic feet.

- Leaves behind a crisp, clean scent.
- Deep penetrating vapour begins working immediately.
- Eliminates tough odours within 4-6 hours.
- Ideal for use in stored boats and RVs.

Part No.
JPW8094

Starbrite Aqua Water Shock Concentrate

Instantly removes bad taste or smells from boat or RV's potable water. Ideal for use after seasonal storage to "freshen" water tanks.

- Removes chlorine, sulphur, plastic or metal odour and taste.
- Provides long-lasting effect, even in extreme temperatures.
- 1 fluid ounce treats 10 gallons of water.

Part No.	Capacity
JPW8050	475ml

Starbrite NosGuard Odor Control Slow Release Bags

The most effective way to eliminate and prevent mould and mildew odour and other foul smells from forming year round.

- Each pouch treats an area up to 1,000 cubic feet.
- Keeps enclosed areas odour-free, crisp and clean smelling.
- Extended release system remains effective for up to 3 months

Part No.
JPW8096

Starbrite Aqua Water Treatment & Freshener

Maintains perfect drinking water quality in boats and RVs. Can be used as often as needed to ensure quality of bathing and drinking water and ice.

- Prevents foul tasting or smelling potable water.
- 1 fluid ounce treats 20 gallons of water.

Part No.	Capacity
JPW8053	237ml

Star brite Snap and Zipper Lubricant with PTFE

Keeps boat snaps and zippers working properly on enclosures, vinyl cushions, boat covers and more. Apply to metal or plastic zippers and snaps to protect against corrosion, reduce wear and friction, prevent binding and repel salt spray deposits.

- Non-toxic, non-staining.
- Will not wash off.

Part No.	Capacity
JPW8042	50g

Star brite Teak Oil

Seals and protects teak and other fine woods. Long lasting, fast-drying, formula high to bring out the natural wood grain and colour.

- Contains UV absorbers to resist weathering.
- Oil penetrates deep into wood for maximum protection against sun, salt, alkalis, acids, staining etc.

Part No.	Capacity
JPW8000	473ml
JPW8001	946ml

Star brite Premium Golden Teak Oil

Extra-long lasting protection for teak, giving it a natural warm golden colour.

- Easy to use, fast drying.
- Contains ultraviolet absorbers to resist weathering.
- Lasts 4 to 6 times longer than standard teak oils.

Part No.	Capacity
JPW8005	473ml
JPW8006	946ml

Star brite Premium Teak Care Kit

Formulated using the best, most high-tech ingredients available for long-lasting protection and beauty. Ideal for use on all fine woods and wood furniture.

- Easy-to-follow three-step process produces professional-grade results even for first-time users.
- Kit includes Premium Teak Cleaner, Premium Teak Brightener and Premium Golden Teak Oil.

Part No.	Capacity
JPW8011	3x 473ml

Star brite Trailer Wheel Bearing Grease

Protects bearings from water washout, rust, corrosion and wear. Ideal for use on trailer wheel bearings but also excellent for winches, hatch hinges, water pumps, pins, anchor chain reels and more.

- Superior rust and corrosion protection.
- Recommended for corrosive marine applications.
- Special water-insoluble formula is highly resistant to wash-out.

JPW8212
Pack of 2

JPW8214

Part No.	Capacity	Type
JPW8212	85gm	2x Cartridges
JPW8214	454g	1x Tub

Star brite Pistol Grease Gun with 85gm Cartridge

The gun provides convenient, one handed application of marine grease that protects bearings from water washout, rust, corrosion and wear.

- Contains lube gun and 85g cartridge of marine wheel bearing grease.
- Heavy duty design for years of trouble-free use.

Part No.	Capacity
JPW8218	85gm

Star brite Lever Action Grease Gun suits 397g Cartridges

Grease gun with standard duty lever action for maximum pressure per stroke, ideal for all marine, auto and home lubrication tasks.

- Accepts 397g (14 oz) re-fill cartridges.
- Corrosion-resistant finish.
- Fits standard zerk fittings.
- Quality construction.

Part No.	Capacity
JPW8219	397gm

Septone Boat Wash

Concentrated heavy duty liquid cleaner that removes oil, grime, soot and industrial fallout.

- Safe to use on paint, steel, aluminium, glass, rubber, chrome, vinyl, canvas and tarpaulins, bilges, decks, upholstery, canvas covers and windows.
- Non-toxic, non-caustic, biodegradable and free rinsing.

Part No.	Capacity
JPW7783	5L

Septone Ali Brite Aluminium Cleaner

Etching type acid cleaner for cleaning aluminium parts such as trailer bodies, tanks, bull bars and dinghies.

- Ideal for cleaning stainless steel with minimal attack on the substrate and reduced localised pitting.
- Final rinsing for a streak-free finish.

Part No.	Capacity
JPW7721	1L
JPW7722	20L

Septone Boat Wash and Wax

Concentrated heavy duty liquid cleaner to effectively clean all washable surfaces of oil, grime, soot and industrial fallout.

- Non-toxic, non-caustic, biodegradable and free rinsing.
- Safe to use on paint, steel, aluminium, glass, rubber, chrome, vinyl, canvas and tarpaulins.

Part No.	Capacity
JPW7775	1L
JPW7776	5L

Septone Acetone Cleaning Solvent

Extremely versatile solvent for resins, gums, fats, oils, waxes, rubber, plastics, nitrocellulose, paints, lacquers, varnishes, adhesives and rubber cements.

Part No.	Capacity
JPW7711	1L
JPW7712	4L

Septone Hull Cleaner and Stain Remover

An acid based cleaner designed for removing waterline, hull and rust stains from fibreglass gelcoat, painted timber surfaces and steelwork.

- De-yellow gelcoat and 2-pack painted surfaces.

Part No.	Capacity
JPW7785	1L
JPW7786	5L
JPW7787	20L

Septone Gelcoat Repair Filler

Repair chips, scratches and cracks in polyester gelcoats with Septone's Gelcoat Repair Filler. Easy to apply with no sag even at high build levels

- Cures to a white finish when used with the included hardener.
- Not for use below water line unless surface is sealed with appropriate top coat.
- Includes 1x Septone Hardener (Gelcoat) White - can be purchased separately if more is required.

JPW7799

Part No.	Capacity
JPW7799	400g

JPW7748
Spare Septone Hardener (Gelcoat) White

Septone Bilge and Engine Cleaner

Concentrated, biodegradable, non-caustic and non-toxic. Helps to neutralise the offensive odours often found in bilges.

- Works equally as efficiently in salt or fresh water.

Part No.	Capacity
JPW7780	1L
JPW7781	5L

Septone MEKP Catalyst

For use with polyester resins for repairs to fibreglass.

- Sets in approximately 20 minutes, depending on the temperature and catalyst level.

Part No.	Capacity
JPW7801	20ml

Septone Fibreglass Polish Step 1 'Cut and Prepare' Paste

Restores and rejuvenates weathered fibreglass gelcoats and painted surfaces.

- Remove marks, surface scratches and imperfections to secure a smooth finish.
- Can be hand or machine finished.

Note: For final stage of restoration, use Septone Fibreglass Polish Step 2 'Polish and Protect' Paste.

Part No.	Capacity
JPW7793	500ml

Septone Contact Adhesive

Permanently contact bond a wide range of surfaces including leather, vinyl, canvas, rubber, glass, timber, MDF and particle board, cork, laminates, ceramic, vinyl flooring and urethane foam etc.

- Water and heat-resistant.

Part No.	Capacity
JPW7807	350g

Septone Fibreglass Polish Step 2 'Polish and Protect' Paste

Use on surfaces in good to slightly faded condition to restore a showroom finish with wax protection.

- Provides a long-lasting shine and protective barrier.
- Can be hand or machine finished.

Note: For weathered/chalky surfaces use Septone Fibreglass Polish Step 1 'Cut & Prepare' first.

Part No.	Capacity
JPW7797	500ml

Icon Plastics Universal Plastic Cleaner

A general cleaner for all surfaces, particularly plastics.

- Also suitable for household plastic surfaces, dried and cured painted surfaces, enamels, glass, ceramics and all surfaces requiring painting.

Part No.	Capacity
JPW7004	1L

Septone FibreTough Glass Fibre Filler

For boats, motor vehicles, caravans, trailers and guttering this fibre-reinforced polyester putty bridge holes up to 50mm diameter.

- Exhibits maximum adhesion to metal with excellent resistance to shrinkage.
- Waterproof when fully cured.

Part No.	Capacity
JPW7742	500g

Icon Plastics Gunwale Cleaner

A general cleaner for all surfaces, particularly gunwale and plastics.

- Also suitable for dried and cured painted surfaces, enamels, glass, ceramics and all surfaces requiring painting.

Part No.	Capacity
JPW7003	1L

3M Perfect-It Boat Wash

Cleans grime, algae, dirt, and other common marine contaminants from stem to stern.

- Allows for superior refinishing results and cleans without stripping wax.
- Important first step in cleaning and refinishing your surfaces.
- Concentrated formula requires only 10mL per litre.

Part No.	Capacity
M09034	473ml
M09035	946ml

3M Perfect-It Boat Wax

For use on gelcoat, paint, fiberglass, and metals and has a pleasant tropical scent. The pure wax finish protects against the elements.

- Important final step in refinishing your surfaces.

Part No.	Capacity
M36112	473ml
M36113	946ml

3M Gelcoat Heavy Cut Compound

Removes P800 and finer scratches as well as heavy oxidation and other defects. Improved formula has longer wet times for easier clean up and less dust and works better in warm climates.

- Great for marine, RV, and industrial gelcoat surfaces.
- Ideal for three-step processes. Protect with Perfect-It Boat Wax after compounding for an easy two-step finish.

Part No.	Capacity
M36101	473ml
M36102	946ml
M36103	3.7L

3M Gelcoat Light Cut Polish and Wax

Combines fast cutting power for any P1500 and finer scratches with a high gloss finish, and durable wax protection for gelcoat surfaces.

- One step compound and wax combines light cutting power with a glossy finish and durable wax.
- Great for marine, RV, and industrial gelcoat surfaces.
- Stays wet longer enabling less wastage / easier cleanup and less dust, even in warm climates.

Part No.	Capacity
M36109	473ml
M36110	946ml
M36111	3.7L

3M Gelcoat Medium Cut Compound

Combines fast cutting power for any P1000 and finer scratches with a high gloss finish, and durable wax protection.

- One step compound and wax.
- Combines medium cutting power with a glossy finish and durable wax.
- Great for marine, RV, and industrial gelcoat surfaces.
- Stays wet longer you can use less product.

Part No.	Capacity
M36105	473ml
M36106	946ml
M36107	3.7L

3M High Gloss Gelcoat Compound

Paste compound designed to quickly remove P600 dry or 1000 wet sanding scratches from production gel-coat.

- Contains no wax or silicone.
- Leaves a high gloss finish without swirls or wheel marks.
- Unique formulation which reduces slinging while buffing.

Part No.	Weight
M06025	4.53kg

3M Fibreglass Restorer and Wax **3M**

Designed to remove heavy oxidation, chalking, fading, minor scratches, rust and exhaust stains. The unique formulation combines a rubbing compound with a special blend of waxes that restore, shine and protect in one application.

- Provides protection on fibreglass, gel-coat and marine topside paints.
- Produces a high gloss, lustrous, durable wet look finish.

Part No.	Capacity
M9007	3.78L

Inox MX3 Lubricant **inox**

Anti-Corrosion formula for heavy industrial use in extreme climate conditions. Doesn't contain silicone, acid or acid forming ingredients, petroleum distillate or kerosene.

- Won't harm metal points, surfaces, plastics, paints, enamels / finishes, fibreglass, formica, neoprene seals.
- Non-conductive, non-static, non-corrosive, non-staining and non-toxic.

Part No.	Capacity
JPW4501	300g Aerosol
JPW4502	5L with spray bottle

3M Vinyl Cleaner and Restorer **3M**

Deep cleans dirt and grime, shines, conditions and protects vinyl, rubber and plastic surfaces.

- Fresh lemon scent.

Part No.	Capacity
M9029	500ml

INOX MX4 Lanox Lanolin Lubricant **inox**

A heavy duty, anti-moisture, anti-corrosion lubricant made with a high grade oil and lanolin base, with specialised chemical compounds.

- Designed to stop electrolysis between different metals.
- Prevents oxidation and rust from forming on the surface.
- Natural anti-corrosion compound, not soluble in water.

Part No.	Capacity
JPW4504	300g Aerosol

3M Marine Grade Silicone **3M**

Silicone rubber sealant for use on painted metal, fibreglass, glass, non-oily woods and many plastics.

- Mildew resistant/moisture curing.
- Remains flexible with excellent resistance to the marine environment.

Part No.	Colour	Capacity
M8027	White	304.6ml

INOX MX5 Plus Lubricant **inox**

For applications where a superior extreme pressure, anti-corrosion, anti-moisture, liquid lubricant or an industrial-quality machine cutting oil is required.

- Will not harm metal points or surfaces, fibreglass, formica, painted or enamel finishes, plastics or neoprene seals.
- Does not become tacky, alter surface tolerances, dry out or wash off with water.
- Non-toxic, non-conductive, non-corrosive and non-staining.

Part No.	Capacity
JPW4505	300g Aerosol

3M Marine Adhesive Sealant 5200 **3M**

Fast or slow curing polyurethane sealant that chemically reacts with moisture to deliver strong, flexible bond with wood and fibreglass.

- Watertight seals above and below the waterline.
- Non shrinking permanent bond.
- Tack-free in 24-48 hours.

Part No.	Type	Colour	Capacity
M6504	Slow Cure	Black	296ml
M6520	Fast Cure	White	296ml

M6504 M6520

INOX MX8 PTFE Extreme Pressure Grease **inox**

Extreme pressure and anti-wear properties gives long service life under high / shock loading conditions from very low to very high temperature environments.

- Prevents scuffing and reduces wear.
- Excellent resistance to water and water wash out, even at elevated temperatures.
- Shear resistant, will not thin out.
- Resists oxidation, will not thicken.

Part No.	Capacity
JPW4507	300g Aerosol
JPW4508	450g Cartridge

Peter G's Engine and Bilge Cleaner

Non-toxic, non-flammable and safe to use on most surfaces.

- Non-toxicity to marine environment.

Part No.	Capacity
JPW7020	1L
JPW7021	2.5L
JPW7022	5L
JPW7023	20L

Peter G's Kleen-A-Hull

Removes discolouration, water stains, scuff marks and rust from fibreglass, aluminium, stainless chrome and steel.

- Does not affect the cleaned surface.

Part No.	Capacity
JPW7051	1L
JPW7052	2.5L
JPW7053	5L
JPW7054	20L

Peter G's Scuff Off

For the removal of unsightly buoy or tyre marks, shoe scuffs and exhaust deposits.

- Can also be used on sails, fenders, rigging and hulls.

Part No.	Capacity
JPW7045	750ml
JPW7046	5L
JPW7047	20L

Peter G's Night 'N' Day Shampoo

For salt or brackish water. High quality shampoo suitable for all hair types/water conditions including fresh or sea water.

- Balanced PH assists in preventing dandruff and itchy scalp.

Part No.	Capacity
JPW7080	250ml

Peter G's Night 'N' Day Liquid Soap

Very effective in preventing skin irritations and itch, dermatitis and other skin conditions.

- Lathers in all water conditions, making it a must-have for all travellers.

Part No.	Capacity
JPW7090	250ml
JPW7091	1L

Peter G's Toilchem Blue Toilet Cleaner

Liquefies solid waste and is readily accepted on all campsites throughout Australia.

- Best chemical for the control of effluent and odours.
- Active constituent: 8.5% w/w Formaldehyde.

Part No.	Capacity
JPW7071	1L

Peter G's Toilchem Green Toilet Cleaner

Liquefies solid waste and is readily accepted on all campsites throughout Australia.

- Best chemical for the control of effluent and odours.
- Active constituent: 5% w/w Glutaraldehyde.
- Does not contain Formaldehyde.
- Biodegradable.

Part No.	Capacity
JPW7075	1L

Penetrol Paint Conditioner and Primer

Primes, seals, bonds and restores lustre to faded fibreglass.

- Use alone or as a paint additive for oil-based paints, metal or wood primers, varnishes and stains to make paint stick.
- Low odour, non-toxic when dry and colourless.

Part No.	Capacity
JPW4405	1L
JPW4406	20L

RAIN-X Original Water Repellent

Dramatically improves visibility on the exterior glass of your boat by repelling water.

- Apply to exterior glass and watch the raindrops and seawater fly off the glass while the boat is in motion.

Part No.	Capacity
JPW7690	207ml

Fibreglass Repair Kit

Everything you need to repair cracks and holes in fibreglass, wood, steel, iron, masonry and other inflexible material. Uses include binding split or damaged booms, spars, spinnaker poles, oars and repairs to transom edges.

- Waterproof and unaffected by marine growth, bores and worms.

Kit contains:

- 250ml Polyester Resin
- 20ml Catalyst (hardener)
- Fibreglass Matting (250mm x 1000mm)
- 260ml Measuring Cup
- 2 x Stirring Sticks
- 1 x Set of Gloves
- 1x Paint Brush.

Part No.
JPW7744

Tef-Gel Corrosion Eliminator

Derived from a specially formulated Teflon paste for use in highly corrosive environments for rust prevention, corrosion elimination, galling of stainless steel and as an anti-seize lubricant.

- Outstanding dielectric properties to protect electrical connections.
- Won't break down in salt water, fresh water, detergents or UV.

Part No.	Capacity
JPW7134	10g Tube
JPW7135	30g Tube
JPW7136	60g Tub
JPW7137	120g Tube
JPW7138	320g Caulking Gun Cartridge

3M Auto Masking Tape

A performance masking tape for marine and automotive spray painting applications.

- Sharper edges and superior durability.
- Easy removal.

Part No.	Width (mm)	Length (m)	Carton Qty
M6545	18	55	48
M6546	24	55	36
M6547	36	55	24
M6548	48	55	24

3M Masking Tape - Premium Grade

Provides outstanding paint lines, excellent conformability and transfer resistance.

- Better UV resistance than traditional masking tapes.
- Resistant to bleed through.
- Goes on quickly and easily.
- Sticks at a touch and stays put.

Part No.	Width (mm)	Length (m)
M23318MM	18	50
M23324MM	24	50
M23336MM	36	50
M23348MM	48	50

3M Safety-Walk Slip Resistant Tape

To reduce the likelihood of costly mishaps and to design, enhance and maintain your buildings.

- Black premium high adhesive anti-slip tape.
- Ideal for marine and commercial applications.

Part No.	Width (mm)	Length (m)
M379057	50	18

3M Buffing Pad Wool

For a DIY professional standard high gloss finish. 25mm wool pile on both sides of pad.

- In-built lightweight pad eliminates need for heavy rubber backup pads.
- Fits any standard drill with 1/4" arbor and hex-head nut.

Part No.	Diameter (mm)
M5753	203

M5752 Quick Release Adaptor

3M Double-Sided Wool Compound Buffing Pad

Double-sided 100% wool buffing pad with a unique flexing action. Reduces swirl marks and minimises the risk of burn on working surfaces.

- A performance tier blended wool double sided compounding pad.
- Removes finishing abrasive sand scratches and other paint surface defects.
- Screw-on attachment.

Part No.	Diameter (mm)
M5703	228

Star brite Bilge Oil Pads - Pack of 5

Protect your bilges, floor and work surfaces and the most effective way to clean up or avoid an oil or fuel spill. Quickly absorbs 25x its weight in oil or fuel, but will not absorb water.

- Made of high-quality, virgin materials; will not unravel.
- Can be wrung out and re-used.
- Ideal for wrapping fuel nozzle to prevent refueling spills.

Part No.	Size (mm)
JPW8061	430 x 480

Star brite Maxi Boom Bilge Oil Absorber

Star Brite Maxi-Boom allows oil-free water to be pumped overboard by absorbing oil, transmission fluid and fuel from engine pan, so it can't get into the bilge.

- Convenient tie downs keep booms in place.
- Special design allows maximum absorption.
- Absorbs 2 quarts of hydrocarbons.

Part No.	JPW8060
----------	---------

3M Oil Absorbent Pads

This high capacity, low profile absorbent pad, picks up petroleum based fluids, will not absorb water.

- For routine use, cleaning up small spills and wiping contaminated areas.
- Can be used on a work surface in anticipation of a spill or as a wipe.

Part No.	Dimensions L x W (mm)
MHP156S	48 x 43

3M Oil and Fuel Bilge Pillow Pad

Designed to be placed in the bilge of boats to absorb oil and fuel leaks. It will contain up to two litres of oil and fuel from the bilge, or drip tray.

- Floats on water and will not disintegrate even if left for months.

Part No.	Dimensions L x W (mm)
M29026	400 x 180

Starbrite Microfiber Cloths 2 pack

These microfiber cloths have millions of tiny hooks that attract and lift dirt, dust, and grime with ease.

- Use dry to clean and polish, or damp to clean off stubborn marks, leaving a streak-free finish.
- Super absorbent & extra soft.
- Use dry or damp, lint-free.
- Machine washable.

Part No.	JPW8200
----------	---------

Starbrite Ultimate Water Absorber Drying Towel Blue

This towel is lint-free, resistant to chemicals, mould, and mildew (when cared for properly), and can easily last years.

- Safe to use on any gelcoat, fiberglass, auto finish, eisenglass and plastic.
- Conveniently stores in its own packaging.
- Machine washable.

Part No.	Size (mm)
JPW8205	660 x 430

Starbrite Bone Shaped Sponge

Easy grip dog-bone shaped sponge, excellent for all washing tasks.

Part No.	Size L x W x H (mm)
JPW8206	228 x 127 x 82

Starbrite Cellulose Boat Bail Sponge

Super absorbent cellulose construction, great for soaking up any liquid.

- Absorbs more than 1 qt. of liquid.

Part No.	Size L x W x H (mm)
JPW8210	228 x 45 x 12

Starbrite Premium Chamois Mop

Super absorbent synthetic chamois makes cleaning decks and floors easy.

- Ultra-wide synthetic chamois strips provide maximum speed-drying performance.
- Includes storage bag to keep mop clean and pliable between uses.
- Attaches to Starbrite Extend-A-Brush handles.

Part No.	JPW8168
----------	---------

Starbrite Reggae Microfiber Mop

Wide microfiber strips made of super-absorbent material to absorb water without scratching fiberglass or polished metal surfaces.

- Ideal for traditional mopping and boat wash chores.
- Attaches to all Starbrite Extend-A-Brush handles.

NEW 2023

Part No.
JPW8169

Starbrite Reggae Microfiber Wet/Dry Pad

Thick absorbent microfiber material that absorbs water without scratching glass, fiberglass, polished metal surfaces or even delicate clear plastic enclosures.

- Can also be used dry for dusting.
- Attaches to all Starbrite Extend-A-Brush handles.

NEW 2023

Part No.
JPW8170

Starbrite Reggae Microfiber Wash Sponge

Thick absorbent microfiber material that absorbs water without scratching glass, fiberglass, polished metal surfaces or even delicate clear plastic enclosures.

- Special scrubbing side quickly and easily removes tough dirt, stains, scum line on hull.
- Can also be used dry for dusting.
- Machine washable.

NEW 2023

Part No.
JPW8171

Starbrite Reggae Microfiber Wash Mitt

Thick absorbent microfiber material that absorbs water without scratching glass, fiberglass, polished metal surfaces or even delicate clear plastic enclosures.

- Can also be used dry for dusting.
- Machine washable.

NEW 2023

Part No.
JPW8172

Starbrite Premium Brushes

These lightweight synthetic block brushes with bumper are impervious to exposure to UV rays, cleaning agents and weather.

- Attaches to Starbrite Extend-A-Brush handles.
- Bumper edges help prevent scuff marks.
- Floats if dropped over board.
- Head size (LxWxH): 240 x 127 x 100mm

NEW 2023

Part No.	Bristle Hardness	Colour
JPW8174	Soft	Yellow
JPW8175	Medium	Blue
JPW8176	Hard	White

Starbrite Premium Wood Block Brush

Impervious to exposure to UV rays, cleaning agents and weather.

- Medium fibers that quickly break down heavy dirt and stains.
- Attaches to Starbrite Extend-A-Brush handles.
- Bumper edges help prevent scuff marks.
- Floats if dropped over board.
- Head size (LxWxH): 240 x 120 x 127mm

NEW 2023

Part No.	Bristle Hardness	Colour
JPW8178	Medium	Blue

Starbrite Scrub Brushes

Made with high density, stiff corrugated star prene lightweight polymer fibers that don't stain, discolour or become brittle. It resists most cleaning chemicals and withstands heat up to 200F.

- Attaches to Starbrite Extend-A-Brush handles.
- Space-age material will not rot, mildew or absorb odours.
- Great for non-skid and textured surfaces.

NEW 2023

Part No.	Bristle Hardness	Colour
JPW8180	Soft	Yellow
JPW8181	Medium	Blue
JPW8182	Hard	White

Brush Heads with Polyester Bristles

Made with a durable polypropylene frame and features a rubber shock-proof rim, these brush heads are built to last.

- Mounted on an extendable pole via a lightweight alloy snap coupling.
- High quality polyester bristles.
- Head size (LxW): 200 x 90mm

Part No.	Bristle Hardness	Colour
JPW14225	Soft	Yellow
JPW14226	Medium	Blue
JPW14227	Hard	White

Telescopic Cleaning Poles

Extendable lightweight and durable aluminium cleaning poles.

- Compatible with a number of different brush heads.

Part No.	Tube Dia (mm)	Adjustable Length (m)
JPW14220	22	1 - 1.75
JPW14221	22	1.5 - 2.75

Deck Brush Cleaning Kit

Versatile deck cleaning kit with two attachments.

- Connects to hose for constant water flow while cleaning.
- 1x Screw on brush head with squeegee end.
- 1x Screw on boat hook head.

Part No.	Adjustable Length (mm)
JPW1770	640 - 1030

Starbrite Extend-A-Brush Telescopic Handle

High quality marine grade handle constructed of aircraft grade, triple anodized aluminium, designed to float if dropped overboard.

- Two non-slip hand grips with positive twist lock.
- Stainless steel push button quick connect/disconnect.

Part No.	Fitting Dia (mm)	Tube Dia (mm)	Adj. Length (m)
JPW8155	19	22	0.91 - 1.8

Starbrite Extend-A-Brush Standard Handle

High quality marine grade handle constructed of aircraft grade, triple anodized aluminium.

- Fixed length with two non-slip hand grips.
- Stainless steel push button quick connect/disconnect.

Part No.	Fitting Dia (mm)	Tube Dia (mm)	Length (m)
JPW8158	18	25	1.5

Starbrite Extend-A-Brush Economy Handle

A durable, very attractive one-piece handle that accepts screw-on accessories.

- Outlasts traditional wooden economy handles.

Part No.	Length (m)
JPW8161	1.2

Shurhold Brush Adapter for Star brite Handle

Made from triple anodized aluminium, these adapter connects any Shurhold (or equivalent) brush to the Star Brite handles.

Part No.
JPW8196

Starbrite Brush Head Adapter for Shurhold Handle

Made from triple anodized aluminium, this adapter connects any Shurhold (or equivalent) pole handle to a Star Brite brush head.

Part No.
JPW8197

JPW6616	25	3.5	75

Ski Ropes - Single or Deluxe Handle

Quality-made with strong multi-coloured floating rope, with cushioned aluminium core easy grip handle.

- Fully assembled ski lines.

JPW11703

JPW11702

Part No.	Handle Type	Dia (mm)	Length (m)
JPW11702	Single	8	22
JPW11703	Deluxe	8	22

Deluxe Outboard Ski Bridle

This deluxe tow harness is perfect for pulling skiers, wake boarders and up to three-rider towables. Simply clip it onto your boat and attach your ski or tube rope to the heavy-duty Kwik-Connect.

- Long bridle rope and float keeps the Kwik-Connect on top of the water, away from your propeller.

Part No.	Rope Length (m)	Float Size (mm)
JPW11731	3.6	150

Ski Rope Floats

White/red moulded plastic floats with rope hole through the centre.

- Use for ski line floats, marker buoys, etc.

Part No.	Rope Hole Dia (mm)	Length (mm)
JPW11721	70	127
JPW11722	70	95

Ski Hook - Transom Mount

Chrome cast bronze base.

- Stainless steel hook and mount bolt.
- Keeper retains ski rope when slack.
- Comes complete with washer and nyloc nut.

Part No.	Length (mm)	Thread (mm)	Diameter (mm)
JPW11710	125	55	10

Heavy Duty Ski Tow Ring

316 marine-grade polished stainless steel, can be mounted to the transom or pole, and easily hook on/off different ski ropes and equipment.

- 2 x 12mm nuts and washers required (not supplied).
- Anti-snag ring.
- Protrusion from transom: 30mm.

Part No.	Ring Dia (mm)	Hull Thickness (mm)
JPW11712	85	10 - 105

Chrome Ski Mirror

Shatter-proof highly chromed alloy with polished convex lens.

- Universal adjustable dash and windscreen mounting brackets included.
- Adjustable multi-position locking mechanism.

Part No.	Dimensions L x W (mm)
JPW11740	186 x 83

Ski Mirror - Wide View

Wide panoramic view with minimal distortion, mount to dash or windshield up to 25mm (1") thick.

- Moulded plastic textured frame with wide angle convex glass lens.
- Universal adjustable multi position locking dash mechanism.
- Tinted mirror with textured mould backing.
- Required space for mounting bracket: 70 x 24mm

Part No.	Dimensions L x W (mm)
JPW11741	300 x 100
